I have spent many weeks searching for a Bible that would have all the desired features for teachers, students and the home—and yet be priced within the reach of all. And this is the result! You will find it unusually complete in contents, easy to read and handle, and long wearing. King James Version. Contains Old and New Testament; 23 full page illustrations in brown tint, many others in black and white; 118-page Bible Dictionary; 243 pages devoted to concordance; 12 full page maps of Bible lands in colors; 8 pages of Index to Bible Atlas; dictionary of proper names; artistic presentation page and marginal references. All of which offer every assistance to teachers and students. Name stamped in gold on the cover gives it a personal appeal as a gift.

Clearly printed on fine thin Bible paper in choice of easy-to-read Minion or large, Long Primer type.

Bibles are bound in a seal grain leather-like fabrikoid which wears much better than ordinary leather. Overlapping covers. Inlay panel of gold borders title cover. Pages have red under gold edges and round corners. Full name stamped in gold on Bible free. Both Bibles are complete, the variation in number of pages being due to size of type.

We make a special offer in quantities to individuals, Sunday schools or societies.

Print plainly name wanted stamped in gold (do not write).

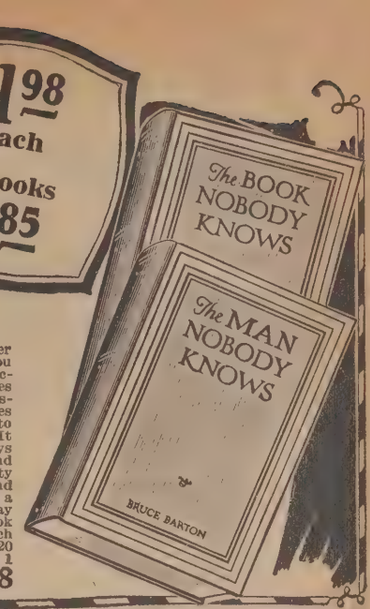
Instructive! Interesting! Helpful!

Two Bruce Barton Books You Will Enjoy Sold Only at Ward's for This Low Price

Bruce Barton
Son of William E. Barton, minister and author. Graduated from Amherst. Editor of several periodicals. A frequent contributor to American Magazine. Author of several works, the best known being "The Man Nobody Knows," which has led the non-fiction best seller list for the past nine months. The companion volume, "The Book Nobody Knows," is his latest.



Letters of appreciation have poured in by the thousands to the author and publishers, thanking them for writing and publishing books such as these two that help people to understand and take a greater interest in the Bible. Believing that our customers also would like to have these books, so favorably received the world over, I have purchased a large quantity, thereby getting for Ward's the exclusive right to offer them to you at these reduced prices.

DUKE HILL, Manager
Book and Stationery Department

The Book Nobody Knows

Bishop Stires of Brooklyn, New York, says of it, "The book is an amazing combination of intellect and emotion. It is an argument supported by documentary evidence and presented in a most convincing form. And yet, all through one feels the throbbing of a vast human tragedy. It should be widely read and wherever read, will, I think, carry conviction. Don't miss this opportunity to get the book of the day."

After writing "The Man Nobody Knows," Bruce Barton turned his energies toward a clarification of the entire Bible. How successfully he has accomplished his task is shown by the instant popularity this book has gained. A straightforward review of the Bible, so simplified that every one will gain a new appreciation of it and be able to understand more clearly many age-old questions. He shows why it is worth knowing, explains how it came to us, reveals its importance to us, portrays its great men and women in the vivid colors of today. Cloth bound. Size, 5½ by 8¼ inches; 306 pages. Regular retail price $2.50. Shipping weight, 1 pound 4 ounces.
57 G 2350 ..... $1.98

The Man Nobody Knows

The most popular non-fiction book of today—a best seller everywhere. It is a portrayal of the real Jesus, a Christ you can accept regardless of creed or sect. Enthusiastically recommended by the clergy and many notable laymen. It gives a new and acceptable conception of Christ and His undisputed leadership. It presents Him as a real companion, gives Him a human and personal touch. Shows Him as a man to look up to, because of His humanity and great wisdom. "It brings Him within the range of a reasonable faith," says J. A. Rondthaler, Moosehcart, Illinois. Written in a clear and simple manner. Yet it is full of vigorous thought, originality and point. Has an especial appeal to business men, and executives, as it teaches that religion is principally not a matter of forms or ceremonies, but life itself—the everyday business of daily work. You will want to read this fine book and recommend it to your friends. As a gift it will be much appreciated. Cloth bound. Size, 5½ by 8¼ inches. 220 pages. Regular retail price $2.50. Shipping weight, 1 pound 4 ounces.
57 G 2351 ..... $1.98

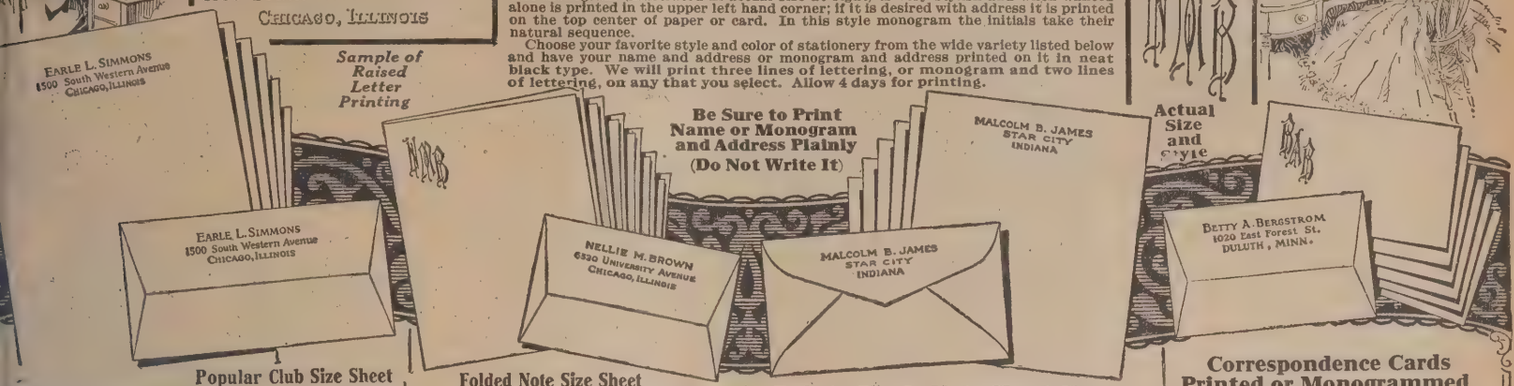
Your Address With Name or Monogram Printed or in Raised Letters

EARLE L. SIMMONS
1500 South Western Avenue
CHICAGO, ILLINOIS

Printed personal Stationery is convenient, economical, smart looking and correct. We are offering it now in either plain printing or the new method glossy finish raised letter printing known as Process Embossing which gives the much desired engraved effect, but costs much less. It has become very popular, and is being used extensively. The monogram (illustrated in actual size at right) is very stylish and when wanted alone is printed in the upper left hand corner; if it is desired with address it is printed on the top center of paper or card. In this style monogram the initials take their natural sequence.

Choose your favorite style and color of stationery from the wide variety listed below and have your name and address or monogram and address printed on it in neat black type. We will print three lines of lettering, or monogram and two lines of lettering, on any that you select. Allow 4 days for printing.



Popular Club Size Sheet

Box of 100 single sheets, size, 7 by 10½ inches, and 100 wallet flap envelopes. Shipping weight, 2 pounds 2 ounces. Be sure to state color wanted.

Undisputed Leadership in Sales—Speed—Value

1. Nearly three million in use. Leads others in sales. Choice of all experts a most beginners.
2. Winner of nine International speed writing conte Holder of highest honors for fast, easy performan
3. Absolute Mechanical Accuracy. Easy, Responsive Action. Fe wearing parts—AND NO LOST MOTION.

2 Year UNCONDITIONAL GUARANTEE

We guarantee these genuine Underwood typewriters to be the latest, most up-to-date model —to be perfect in every way—to do the same fine work—and be the same as a brand new machine in appearance, workmanship and finish. We also guarantee these machines to be free from defects in workmanship and materials for *two years*.

10 Days' Free Trial

Now Less Than ½ Regular Price

Reduced again! This astounding typewriter offer is bringing such a tremendous flood of orders that we have been able to reduce the price—now it is exactly $58.75 less than Underwood's regular new machine price.

Mechanical experts can hardly tell them apart when this typewriter is placed side by side with a brand new machine. And every one carries a TWO YEAR GUARANTEE—twice as long as a brand new typewriter.

Factory experts with thirty years' Underwood factory experience have taken it apart, minutely inspected each part; then with genuine, original Underwood parts, they have replaced every item that revealed the slightest degree of wear. Nickeled and enameled, every one is just like new, and naturally will give longer life and greater satisfaction than ordinary rebuilt, used or exchanged typewriters that have not gone through the exacting hands of factory experts, or on which genuine new factory parts are not used.

Remember, too, you are not getting a discontinued style, but the latest model Underwood, c taining every improvement found brand new machines.

For your business and social writing need the greater neatness, quicker time, d licate copies and the permanent reco that only a typewriter can give.

You have 10-days' free trial of the machine. Our simple, easy-understand instructions will enable you type accurately within a very few da Operation is particularly easy—all writ is visible, all the keys are plainly mar and right before your eyes. The fewer wo ing parts and the certain, quick action of Underwood have made it the unvary choice of the men and women who h established the world's records for sp and accuracy. And these speed records w made, in every case, with Underwoods f or five years old. Ship. wt., 45 lbs.

Genuine UNDERWOOD Portable Typewriter

Standard 4-Row Keyboard

Brand New

$60.00 Cash Price

Ten Days Free Trial

"I find it is much easier to operate than the larger typewriters. And because of its light weight and ease with which it is removed from the case, it is truly a pleasure to use whenever I find it necessary to carry it from place to place. I am very well satisfied with my purchase, and can recommend the Underwood Portable Typewriter to anyone." So writes Willard E. Henry of Uhrichsville, Ohio.

Offers all the advantages of the world famous Underwood Standard Office Typewriter. It has the four-row Keyboard which is so popular with all typewriter users, and many other features which make it the best portable machine you can buy. You can learn to operate one with sufficient speed to take care of all correspondence. This machine is so light and compact that it may be carried as easily as a small traveling bag, and set up and used anywhere. Universally used by students, teachers and travelers. Business men, everywhere, appreciate the character and dignity that typewritten form gives to letters.

Our Easy Payment Plan makes it possible for you to have one of these machines, and use it while you pay. Every portable Typewriter is brand new, coming direct from the factory to us. They have never before been used. They are made and guaranteed by the manufacturers of the world famous, Underwood Standard Office Typewriter and fully guaranteed by Montgomery Ward & Co.

The new Underwood Portable has the same arrangement of keys as the Standard Office Typewriter, typing eighty-four characters with a single shift. It takes a sheet of paper, 8½ inches wide and a 9½-inch envelope. Length of writing line is seventy-two spaces, or 7½ inches. Has ribbon wind, stencil cutter, marginal stop, release; back spacer, line spacer attachments, key shift lock, paper releases, cylinder control for writing on ruled lines, and many other important features. Type cleaning brush, typewriter oil, oil can and book of instructions included. Solid black ribbon on machine.

Very compact in size, carrying case measuring only 5⅜ inches high, 12¼ inches long and 12 inches wide. Covered with neat black imitation leather. Entire weight of case and machine is only 12¾ pounds. The machine itself weighs only 10¼ pounds.

Order this machine, enclosing remittance, and try it out in your home for ten days. If you are not entirely satisfied, return the typewriter and we will refund all your money, including transportation charges both ways. Shipping weight, 22 pounds.

Standard Three-Row Keyboard Brand New UNDERWOOD Portable

Ten Days Free Trial

$50.00 Cash Price

Compact, light in weight, easy and quiet in operation. Satisfaction guaranteed, and you use it while you pay. A highly desirable Typewriter for personal use in the home, office or when traveling.

"The best typewriter I have ever tried," writes Wm. J. Romanouski of Peru, Ill.

Weighs only 9¾ pounds with the case; the machine itself weighing but 6¾ pounds and measuring 4 inches high, 11 inches long and 8¼ inches deep.

Equipped with standard three-row keyboard of 28 keys—will write 84 characters, using two shift keys, one for capitals and one for numerals. In all other features it is the same as the four-row key board above. Fitted with solid black ribbon. Takes regular 8½-inch paper and 9½-inch envelope. No experience needed to operate. Full instructions, bottle of typewriter oil, oil can and type cleaning brush included.

Try it in your home for 10 days. If you are not entirely satisfied return the machine and we will refund your money including transportation charges. Shipping weight, 16 pounds.

The Star Desk Adding Machine

Adds—Subtracts Multiplies

$22.50

Does Quick Accurate Work

Operation is so simple that a few careful readings of the instructions will enable you to add, subtract or multiply with surprising speed. The answer appears on the "Total" line before you. Capacity, 999,999,999.

The machine is of metal and equipped with 9-row operating key board, divided in horizontal rows with figures at the side. Nickeled carrying handle. Metal cover, with lock; swings over keys keeping the machine clean and safe from accidental change of figures when work is left unfinished. Size of machine: base, 6½ by 6⅜ inches; height, 5¼ inches. Olive green finish. Weighs only 8½ pounds. Regular retail price $40. Shipping weight, 13 pounds. $22.50

57 G 8501

Todds Protectograph Check Writer

A Safeguard Against Fraud

$19.50

Writes the amount in acid-proof, indelible red ink, which perforates the paper at the same time, making changes impossible. Of light-weight metal with automatic check feed with thumb release. Adjustable gauge for writing checks of any size and nickel-plated ink reservoir, with supply of special protectograph ink. Writes amounts in figures 5/16 inch high. Finished in rich satin green with nickel trimmings. Size 3½ by 5½ by 4 inches. Shipping weight, 4 pounds 8 ounces. $19.50

57 G 7610

57 G 7609—Same as above, with hand feed and without the ink reservoir. Writes amounts in letters ⅛ inch high. Black metal finish with nickel-plated fittings $5.89

Neat Metal Cover

Practical Typewriter for Children

Not an imitation—it's a real Typewriter. Writes clearly. Feed paper in machine behind hard rubber roller just as you would when using a large machine. Carriage slides backward and forward as desired. Has automatic ribbon wind. Alphabet arranged exactly like standard 4-row key board; 70 characters. Shift on each side of keyboard for capital letters and all necessary punctuation marks. Nickel-plated lever at side raises carriage so you can see what has been written. Space key in front of keyboard. Typewriter mounted on rubber cushion feet and permanently attached to black enameled steel base, 11½ inches square. Entire length of carriage roller, 9½ inches. Takes paper 7 inches wide and writes a line 6½ inches long. Aluminum faced keys with sunken black letters. Black enameled metal carrying case locks in place with a push spring. Typewriter brush included. Shipping weight, 17 pounds. $16.25

C. J. Manning

It is my honest belief that in QUALITY, Airline stands second to none. Airline Radio Sets feature simplicity, tone reality and mechanical perfection. They are as trouble-proof and trouble-free as today's engineering ability can make them.

Over half a million "listeners in" testify to Airline performance. With the Government Commission in charge of radio, reception will be better than ever.

C. J. Manning,
Manager Radio Department

Airline Radio Is Trouble-Proof! Eliminates Servicing Costs!

Save This Added Cost

AIRLINE prices do not include the cost of personal servicing, *because* Airline Radio Sets are so expertly built that repairs, adjustments and replacements are seldom necessary. *Anyone* can keep any Airline in perfect operating condition. Thousands of Airline customers are getting perfect results—*without the aid of a service man.*

We have spared no expense to make every Airline *trouble-proof* and *trouble-free.* No longer is it necessary to take chances with unknown, unproved sets when you can buy a *guaranteed* Airline Radio at these low prices. Any set so poorly built that it requires frequent servicing means an added cost. You don't have to pay this extra cost; *convince yourself*—try an Airline.

Airline Leads the World in Direct Radio Sales

1st Reason QUALITY

Try Any Airline in Your Own Home

A big advantage to Airline ownership, is ir **guarantee** and **trial offer.** You are osolutely protected against risk. If Airline adios were not **built right** we could not ake such a broad offer. But, we have so uch confidence in their ability to perform tisfactorily, that we want you to try one r thirty days.

If you decide to keep your radio, we are ways glad to help you, through our radio xperts, to keep your Airline in perfect perating condition. If you have any uestions, of any nature, about radio, write us—**as often as you like.** You don't ave to be an Airline owner to take advange of this service—it's FREE to all!

Our Trial Offer

Our Trial Offer is simply this: Select the Airline model that pleases you most and order it in the regular way. Set it up in your own home and make your own comparisons. You alone are the judge. If within thirty days you feel that the set does not operate properly, you are privileged to return it. We will refund all you have paid, including transportation chargesboth ways.

Our Radio Set Guarantee

We guarantee every Airline Radio Set to give excellent tone quality; to cover distances as great and to give as much volume, clearness and selectivity as any other similar set. Each set is guaranteed to reach you in perfect condition, and is also guaranteed against defects in materials and workmanship.

Thousands of Dollars Spent for Tone Quality

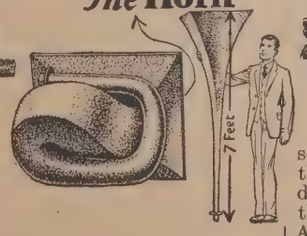
The **Set** + *The* **Batteries** + *The* **Tube**

Careful testing and matching every single part that goes into Airline Set insures perfect rmony in operation. This is ne at great expense but is the ly way that efficient operation d **tonal beauty** can be atined. Not only is each part ithin the set **matched,** but all irline accessories are specially signed to work best with irline Radio Sets.

Super Airline "A" and "B" batteries add new enjoyment to radio reception. They give you longer life and clearer, better reception. The Glass Case "A" battery with its automatic charge-discharge indicator, eliminates the messy hydrometer and saves your battery by telling you when it is time to recharge. See Page 466 for a complete description of the Airline **Super** batteries.

Airline cuts replacement costs with this new **Super** Airline Tube—it's **guaranteed** for **one year.** New manufacturing methods enable us to make this definite life guarantee—Read about this great Airline Achievement on Page 465.

The **Unit** + *The* **Horn** = Airline **Tone Quality**



To match the other ne Airline Accessories, e chose the best loud peaker unit. Extensive boratory tests conce us that the Genue Nathaniel Baldwin oncert Unit has no suerior. Although its regar retail price is $10 it included even on the st expensive Airline odels.

Acoustical engineers agree that long horns give best results. By new methods we are enabled to get greater horn length in all Airline Furniture models. The AIRLINE GRAND tone chamber, shown above, is supplied with many of our sets and represents the greatest efficiency yet achieved in Tone Reproduction. Read about this wonderful loud speaker on Page 464.

It is the combination of the set, the batteries, the tubes, the Unit and the horn that produces Airline Tone Quality. In the perfection of tone reality Airline has no superior. No matter what you pay, Airline Tone Quality cannot be surpassed. So confident are we that this is true, that we invite your personal comparison. Order any Airline and try it beside your favorite radio set. Read our trial offer above.

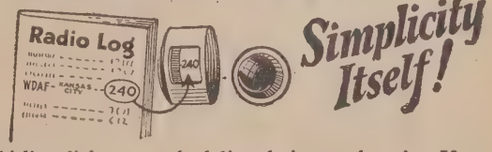
2nd Reason SIMPLICITY

Easy to Install

9:00 A.M. Erect Antenna — 9:30 A.M. Connect Batteries — 10:00 A.M. Tune In

This shows the few simple steps to the installation of an Airline Radio Set. One hour after you receive the set you can be "listening in." Our complete instruction book shows you how. See Page 462.

Easy to Operate



Simplicity Itself!

All Airline dials are marked directly in wavelengths. If you know the wave of the station you wish to hear, simply turn dials until that wavelength appears opposite indicating arrows. Nothing could be more simple.

Nothing to Get Out of Order

This shows the rear view of one of our new Radio Sets. Note its simplicity—there are no exposed wires or loose parts—everything is thoroughly protected against electrical and mechanical injury. Note the battery cable which is attached to every Airline Set. Every wire is a different color and plainly marked. This makes battery connections easy.

3rd Reason The PRICE

With so much quality, you would naturally expect to pay high prices for Airline Sets. But they actually cost you **less.** For example, our new 7-tube set, in the highboy cabinet and with the **Airline Grand** reproducer costs less than $175—**complete—ready to use.** If it were sold elsewhere, you would be asked to pay at least $350. And turn to Page 464—never before and probably never again will there be a radio bargain like the 6-tube, 2-dial control set shown there. We know you absolutely **cannot** equal our values elsewhere and we invite your comparison. Remember, Airline leads the world in direct radio sales.

Simplicity
As easy as turning a door knob! And by turning this one dial you open the door to adventure, entertainment and education.

Pilot Light
Dial readings are illuminated from behind only when set is turned on. This warns you to turn set off when you have finished "listening in."

1. Turns on set and controls volume
2. Turn this to find stations on the air
3. Read wavelengths here
4. Selectivity control

Featuring Powerful Simplicity, Absolute Naturalness of Tone and Exquisite Cabinet Beauty

SINGLE DIAL CONTROL means **simplicity**—the one word that thoroughly describes this new 6-tube Airline Radio Set. We are proud of this set, for in it are embodied many new principles and several **Exclusive** Airline features. In every respect it is the equal of sets selling for $250 and more. To convince you of this we want you to try it in your own home for thirty days. Just send for the model you like best and make your own comparisons—compare it for operating simplicity, for tone, for the beauty of its cabinet—compare it for volume and distance—and finally for price. If it is not equal to, or better than, any similar set, or if it is not a better value, you may return it at our expense. Read Page 459 for our liberal trial offer.

Only One Dial

As easy as turning a door knob—sounds almost too simple, doesn't it? Yet that's how easy it really is to select the program you wish with this new 6-tube Airline Set. There's nothing complicated about it—there can't be, as there are only three controls on the entire set: one, to turn the set on and control the volume, another to select your station; the third is never used except to cut out an interfering station.

To illustrate how easy it really is, let us suppose you wish to tune in a program given by WGN, Chicago at 8 o'clock. Your newspaper tells you that WGN is on 303 meters. At 8 o'clock turn the station selector until 303 appears opposite the indicating arrow—turn on the set, and there's your program. Could anything be more simple? You can do it with your eyes closed.

For real, honest, one-dial operation, this set has no superior. With an increase in efficiency, we have eliminated all secondary tuning devices. There are no compensators, balancers, verniers, or other extras.

The Selectivity Control

This control is one of the few successful selectivity controls—it differs from many others in that it does not have to be touched unless you are bothered with interference, and once adjusted does not require readjustment each time a new station is tuned in. It is a product of our own laboratory and is used exclusively on this set. If you are bothered with interference from some unwanted station, merely turn the selectivity control until it disappears.

Natural Tone Most Important

We consider **Tone Quality** the most important feature of any set, no matter what you pay. You'll agree that the finest set that money can buy, mounted in the most elaborate cabinet, is a poor investment if you cannot understand what comes out of the loud speaker. In co-operation with the finest acoustical laboratories in this country, we have developed for each Airline Model, a scientifically, specially designed horn. New processes enable us to accommodate a very long horn in a limited space; our finest cabinets are designed to take a horn 7-feet in length. The drum speaker shown on the set above is a coiled horn 52 inches long. Far better than any cone we have ever tested.

For full, clear, mellow reproduction—for tone values you now miss—low notes, overtones—all the delicate shadings of an orchestra, chorus or band, buy an Airline Radio. The manager of Ward's Radio Department tells why a long horn is best, on Page 467. Read carefully what he has to say and then you'll know why Airline leads in tone value.

All Parts Matched

All parts used are electrically and mechanically designed to work in perfect harmony with each other. Only in this manner is it possible to get the utmost from any radio set. Tubes, batteries, loud speaker unit and horn, must also be MATCHED to the set. Exceptional care must be taken in matching the set to the speaker unit. This necessitates extremely careful design of the amplifying apparatus, and it is here that we take the greatest pains. The transformers that amplify or give volume to the received program are carefully checked against a Standard, to see that they respond to all notes—high and low. Actual tests prove that Airline Sets will respond to a far greater range of notes than most others now on the market. Much of this is due to the $10 Nathaniel Baldwin Concert unit, which is carefully matched to the amplifying transformers. It is used on all Airline loud speakers.

Very Easy to Install

Airline Radios are the easiest of all sets to install—we have simplified that operation so that anyone, without the slightest knowledge of radio, can install any Airline set in about ONE HOUR. Our complete instruction book is described on Page 462. Once installed our sets require no servicing.

Low Operating Cost

Improved construction now enables us to cut operating costs. Airline sets take much less "B" battery current than most others and with the new SUPER Airline long life "B" batteries supplied your replacement costs are reduced to a minimum.

Technical Description

Has one untuned and two tuned stages of radio frequency amplification, detector, and two stages of low ratio audio frequency amplification. Responds to notes as low as 22 cycles. Selectivity control tunes untuned stage. Single shaft type condenser unit—each unit being separately adjustable and having compensator and bearing adjustment. Gear drive ratio 8-1. Condenser unit enclosed in a copper shield for electrical and mechanical shielding. Browning Drake type radio frequency coils with oscillations controlled by grid suppressors. Sockets all double spring, positive contact type with full floating detector. Front panel of special non-rusting metal decorated in walnut, trimmed in gold, with burl walnut overlay. Control knobs of genuine bakelite. Maximum plate current about 19 milliamperes. Equipped with battery cable with extra leads for power tubes. Entire radio frequency unit, audio transformers, and all wires enclosed in steel housing which acts as an electrical shield, at same time protecting set from mechanical injury.

Complete Equipment Make This Comparison

The following table shows why the equipment supplied with all complete Airline Radio Sets is so superior to the equipment supplied with other sets. Airline accessories are the finest money can buy and yet Airline cost LESS.

Equipment	With Superior Airline Sets	With Other Sets Sold at Much Higher Prices
"A" Battery One Included	Glass Case Battery with Automatic Charge-Discharge indicator. Guaranteed for two years. Full 125-Ampere Hour Capacity. See Page 466.	Molded composition or wood case battery. No guarantee. 80–100-ampere hour capacity.
B" Battery Two Included	SUPER Airline Extra long-life 32-cell construction. Double size cells. See Page 466.	Small size 30-cell battery. Short-life.
Tubes Six Included	SUPER Airline improved long-life tube guaranteed for one year. See Page 465.	Standard tubes. No life guarantee.
Loud Speaker and Unit One Included	Scientifically designed Horn with Genuine $10 Baldwin Concert Unit. See Page 467.	Cone or horn with ordinary low priced unit.

In addition to the above, we also furnish an Airline "C" battery and complete antenna equipment.

Price of Model Shown Above

The model shown at the top of this page is one of the most attractive designs of the season. The cabinet is of carefully selected hardwood, finished in dark walnut and hand rubbed to a high polish. Has neat panels at each end. Very graceful size—30 inches long, 14½ inches deep and 10¾ inches high. The Airline Drum speaker shown is included only when set No. 662 G 633 is ordered. It is equipped with the $10 Baldwin Concert Unit—see Page 467 for full description. See "Estimated Freight Charges" on Page 463. Use Easy Payment Order Blank on Page 725.

Proof of Airline TRADE MARK Results!

New York to California
"I am more than satisfied with my Airline. It is not only an ideal set, but a lovely piece of furniture. We have heard stations from New York to California and from Florida to Canada. I would not sell it for twice the price, if I could not purchase another like it."
William Hoover,
Wiconisco, Pa.

Running in One Hour
"Received our Airline Radio Set in fine shape. It was very easy to set up. Our 16-year old boy had it in running order one hour after it was brought home. It has never given us one minute of trouble."
Mr. and Mrs. J. D. Hardman,
Danbury, Iowa.

Saved at Least $40
"I saved at least $40 on my Airline in comparing it to what they want for a 5-tube set here. At that I got a loud speaker that is twice as good as those offered with the radios sold here."
Jos. Loscheider,
Golden Valley, N. Dak.

Beautiful Furniture
"Some time ago we sent for a Tudor Console 6-tube set, and it certainly is all it is advertised. We get the finest results when so many people around us claim they cannot get anything. I always have to have the catalogue handy to convince them that all I paid for it was $144.50. Aside from being a radio, it is a beautiful piece of furniture."
Mr. and Mrs. C. Adamson,
Ellsworth, Pa.

Child Could Tune It
"I have given my Airline a good many tests and I am frank to state that for all around performance, it is perfect. It is easily operated, a child could tune in a station, and this I find is not true of many other makes. The simplicity of operation and its appearance is wonderful."
O. G. Snyder,
Decatur, Ill.

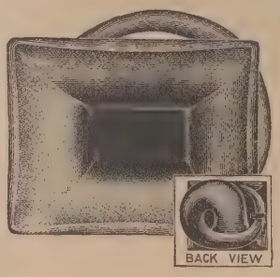
Our Lowest Priced Model Containing the Airline GRAND Reproducer



Floor Console Model 6-Tube Radio Set
With Airline GRAND Reproducer and Baldwin $10 Unit

This Radio Set was designed for those who insist on supreme tone quality and operating simplicity at the lowest possible cost. It is equipped with the new Airline GRAND 7-foot tone chamber and brings to you, at an astonishingly low price, the finest tone quality possible today.

The cabinet is well made and equals in appearance many far more expensive models. It is genuine five-ply walnut, and is rubbed to a beautifully highlighted **Walnut** finish. There is sufficient room in bottom compartment for all batteries and charger, or battery eliminators. All connections are made within the cabinet, thereby doing away with exposed wires.

The tone chamber is concealed behind an artistic organ grill and is backed by a dull gold colored cloth. Size: 40½ inches high, 25 inches wide, and 17½ inches deep. **See "Estimated Freight Charges" on Page 463.**

Without Equipment

Includes 6-tube Radio Set in cabinet shown above, with Airline GRAND 7-foot horn and genuine Baldwin $10 concert unit. Tubes, batteries and antenna equipment not included. Shipping weight, 100 pounds.

Highboy Model 6-Tube Radio Set
With Airline GRAND Reproducer and Baldwin $10 Unit

An exquisite piece of furniture which will add a real touch of refinement to any home. The design is entirely new and will appeal to those who want a real Radio Set in an out-of-the-ordinary type of Cabinet. Five-ply Walnut veneer and finished in a rich dark **Walnut.** Two large doors when closed, conceal both the set and the tone chamber. The housewife will readily appreciate this because it prevents dust and lint from gathering on the controls and grill work. The overlay on the two doors is light burl Maple, thereby breaking up the monotony of a plain finish. The tone chamber contains the Airline GRAND horn, and the famous Baldwin $10 concert unit. Ample space behind the tone chamber compartment has been allowed for batteries and charger, or battery eliminators, so that connecting wires cannot be seen. Size: 44 inches high, 28 inches wide and 18 inches deep. **See "Estimated Freight Charges" on Page 463.**

Without Equipment

Includes 6-tube Radio Set described on Page 460, in cabinet shown above with Airline GRAND 7-foot horn and genuine Baldwin $10 concert unit. Tubes, batteries and antenna equipment not included. Shipping weight, 135 pounds.

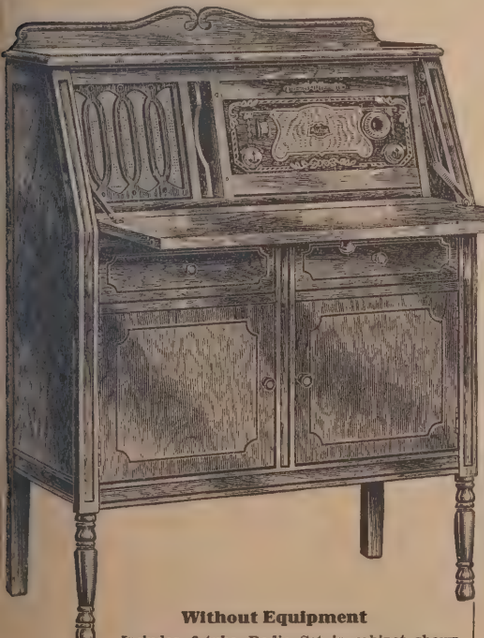
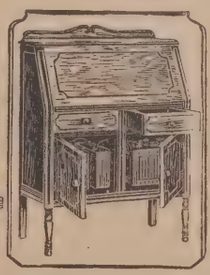
Full Size Writing Desk and 6-Tube Set
With Built-In Loud Speaker and Baldwin $10 Unit

$101.75
Cash Price As Shown





For those who want the convenience of a Desk and the pleasure of a Radio Set, the model shown above cannot be surpassed. A full size writing desk with ample space for books, records, writing materials, headphones, etc. Space below for batteries and charger or battery eliminators. The drop front makes a convenient arm rest and the sloping panel has a pleasing appearance. The loud speaker horn is especially designed for fine tone and extends down into the bottom of the cabinet. This gives it the necessary length for best results. Speaker is equipped with genuine Nathaniel Baldwin $10 Concert Unit—the finest unit made. Beautiful speaker grill is backed by a dull gold colored cloth. The Cabinet embodies both beauty and utility and is five-ply **Walnut** veneer, finished in a beautiful shade of walnut. Size 44¾ inches high, 34 inches wide and 18 inches deep. See "Estimated Freight Charges" on Page 463.

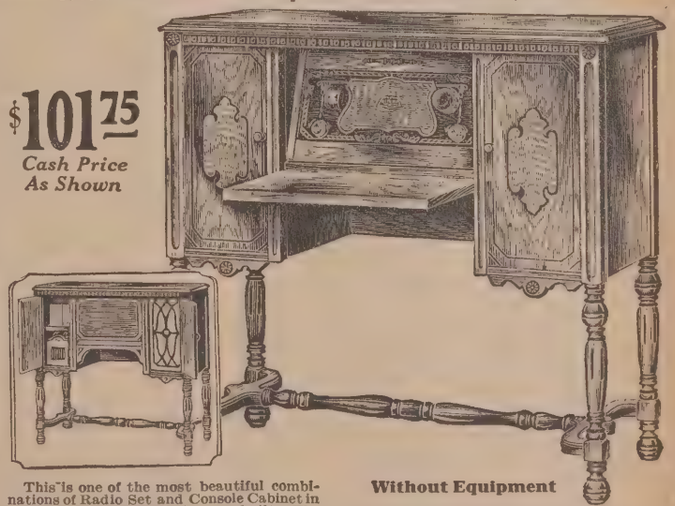
Beautiful Tudor Model 6-Tube Set
With Built-In Loud Speaker and Baldwin $10 Unit

$101.75
Cash Price As Shown



This is one of the most beautiful combinations of Radio Set and Console Cabinet in English Tudor period design ever built. The top, front and sides are of **walnut** veneer. End door panels are five-ply **walnut** veneer with beautiful **burl walnut** overlay, and center door panel is a beautiful shade of **dark walnut.** This gives a pleasing two-tone effect. The gracefully turned fluted legs and the artistically designed stretcher fully carry out the period design. Compartment at left for batteries and charger, or battery eliminators, while right hand compartment conceals loud speaker. Special molded base horn with exceptionally large tone chamber—55 inches long—is equipped with genuine Nathaniel Baldwin $10 concert unit. This Unit faithfully reproduces all notes in the entire musical scale. Speaker is concealed behind an artistic grill which is backed by a dull gold colored cloth. Size, 39½ inches high, 42 inches wide, and 16½ inches deep. See "Estimated Freight Charges" on Page 463.

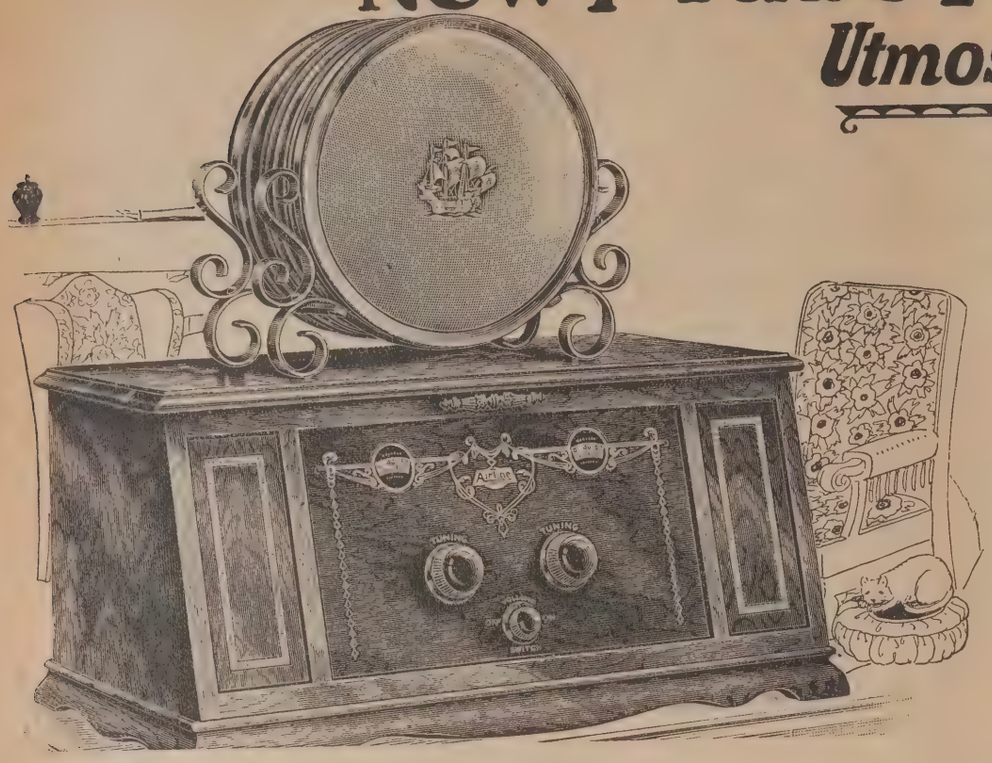
Trouble-Proof Airline Radio—Page 459 Tells Why

New 7-Tube 2-Dial Airline

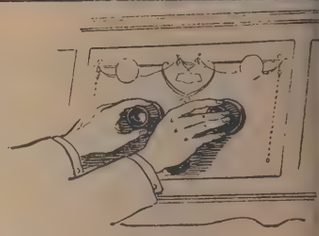
TRADE MARK

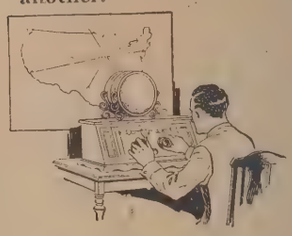
Utmost Selectivity With



Selectivity

Specially designed for present day broadcasting conditions. It is ultra selective and easily separates one station from another.



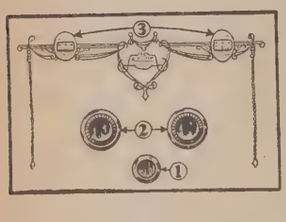


Distance

The 7-tube Airline is a long distance receiver. Unlike many others, it retains its tonal beauty when receiving distant stations.

$71.50 Cash Price
Radio Set Only In Cabinet Shown

$20 DOWN
8 Months to Pay



1. **Turn this to turn set on and control volume.**
2. **Turn both together to find your station.**
3. **Read wavelengths here. Lighted from behind.**

No Finer Radio Set Is Built at Any Price

Seven tubes for distance, selectivity and realistic tone. **Two controls** for operating simplicity. It is i districts where several stations operate at once, on wavelengths only a few meters apart, that this new Radi Set best demonstrates its selectivity. At no sacrifice of **tone reality** and without complicated control, i separates one station from another, clearly and distinctly.

Close adherence to latest approved radio principles—careful **matching** of parts—complete electrical shield ing—scientifically correct sound, or acoustic design—**all these,** together with quantity production in one o America's finest radio factories, enable us to offer you a set which we believe is the equal of the finest now on th market. In few sets at $300 do you get as much value! To convince you of its wonderful performance, we invit your personal comparison—**try it in your own home** for thirty days. Read our liberal offer on Page 459.

The Advantage of Shielding

Shielding is science's latest contribution to radio. It permits a degree of selectivity never before possible by preventing what is known as "coil pick-up"—a common fault with all sets not shielded, since nearby high-powered stations are picked up by the wiring and coils. THIS PREVENTS SELECTIVITY. In this new Airline Set the coils and wiring are so thoroughly shielded that the nearby stations do not break through. It is the elimination of this "coil pick-up" which enables this new Airline set to clearly separate one station from another.

In addition to the above, shielding makes the set more powerful—more sensitive to distant stations—adds volume and eliminates many noises common to most other sets.

Distance—If You Want It

In this new Airline Seven you are offered, for the first time, a set that maintains its realism in reproduction when receiving from extreme distance. If you are situated where many programs must come from distant points, you will appreciate the advantage of this feature.

Clear, Deep, Mellow Tones

Beauty of tone, ranks with selectivity and distance in importance—in any high grade radio set. By a careful study of sound, or acoustic engineering we have learned just what makes good tone quality. All that the radio and musical world knows about pure, mellow tone is embodied in this set. So true—so *humanistic*—so faithful is its interpretation of the received programs, one scarcely realizes the absence of the artist in person.

The Importance of Matching

To produce good tone, all parts must be scientifically designed to work together—**matched**. It is very important that each part of an automobile, for instance, be specially designed for its particular job and carefully constructed to work in harmony with all other parts. The same is true of radio. But, in addition to mechanical harmony, electrical **matching** is also necessary. In Airline sets, each part within the set, as well as the tubes, batteries, loud speaker unit and horn are accurately **matched**. By designing Airline sets for use with the $10 Baldwin Concert Unit, and by the use of finest **horns** in all models, we are able to achieve tonal beauty equaled only in sets selling for $300 and more.

Unusual Ease of Operation

Unlike most other sets offering extreme selectivity and great distance, the Airline Seven is exceptionally easy to operate. There are but **three controls** to the entire set. The one in the center turns on the set and controls the volume—the other two are the station finders. The indicating dials, that revolve behind the illuminated windows when these two controls are turned, are marked directly in wavelengths. Suppose you live near Kansas City, and wish to listen to WDAF broadcasting a program at 7 p.m. Your daily paper tells you that WDAF broadcasts on 365 meters. At 7 o'clock turn both station finder knobs until 365 is opposite the indicating arrow on each dial. Then turn on the set and your station will be there.

Low Operating Costs

Although this set employs seven tubes, it consumes very little "B" battery current. It actually takes less than the ordinary 5-tube set. And as we furnish our SUPER Airline long-life "B" batteries, your operating costs are cut to a minimum.

Walnut Finished Control Panel

The control panel on all models slopes at a convenient angle and is finished in walnut to match the cabinets. All decorations are in gold color. The control knobs are of genuine polished black bakelite. Dial readings are illuminated from the rear and light up only when set is turned on and warns you to turn set off when not in use.

Technical Description

Has one compensator stage and three tuned stages of radio f quency amplification, detector and two stages low ratio audio frequer amplification. Radio frequency stages are completely shielded. Co are latest solenoid type, enclosed in coppered zinc metal shiel Compensator radio frequency stage automatically adjusts set to a antenna length. Volume control inserts resistance in plate circuit radio frequency stages, thereby cutting battery consumption. Ma mum drain, 22 milliamperes. Condensers of heavy brass and aluminu straightline, low loss type with adjustable bearings. Enclosed in se shield by means of coppered zinc hood. Audio transformers respo to all notes of musical scale with **equal volume.** Set is equipped w standard battery cable with extra wires for power tubes.

Make This Comparison of Equipment

The following information tells why the equipment supplied with all complete Airline sets is so superior to the equipmen supplied with other sets. Airline accessories are the finest mone can buy—and yet Airline prices ARE LOWER.

Equipment	With Superior Airline Sets	With Other Sets Sold at Much Higher Prices
"A" Battery One Included	Glass Case Battery with Automatic Charge-Discharge indicator. Guaranteed for two years. Full 125-Ampere Hour Capacity. See Page 466.	Molded composi tion or wood cas battery. No guaran tee. 80-100-amper hour capacity.
"B" Battery Two Included	SUPER Airline Extra long-life. See Page 466. 32-cell construction. Double size cells.	Small size 30-ce battery. Short-life
7 Tubes Included	SUPER Airline improved long-life tube guaranteed for one year. See Page 465.	Standard tube No life guarantee.
Loud Speaker and Unit One Included	Scientifically designed Horn with Genuine $10 Baldwin Concert Unit. See Page 467.	Cone or horn wit ordinary low-price unit.

In addition to the above, we also furnish an Airline "C" batter and complete antenna equipment.

Prices of Model at Top of This Pag

The model shown at the top of this page is mounted in a cabine real artistic proportion. It is of solid mahogany in a beautiful Ad Brown finish. The two end panels are enhanced by an inlay of colored woods. End panels are of 3-ply wood. The Airline Drum Spe shown is furnished only when set is purchased complete. It is fully scribed on Page 467, and is equipped with the original $10 Baldwin cert Unit. Cabinet dimensions, 30 by 14½ by 13½ inches h See "Estimated Freight Charges" on opposite page.

Unpack-Set Up and Listen In -in ONE HOUR

"Within one hour's time after opening the crate we were listening to KOA in Denver," says G. B. Todd of Rocky Ford, Colo.

"The set arrived about 4 o'clock and at 6 o'clock I had it installed and ready for business," says M. A. Oman of Garnett, Kan.

"Set it up in thirty minutes," says Roy Rush of St. Lawrence, S. Dak.

And none of these people have had any previous radio experience—what they have done you, too, can do. Absolutely no experience or special tools are required to install any Airline set.

Instruction Book With Every Set

There is no chance to go wrong in connecting up an Airline Radio Set. The instruction book which is furnished with every set explains, step by step, just how to make the installation. Knowing from years of experience, just where most people make mistakes we have designed Airline sets so that it is almost impossible to connect them improperly.

Our Airline instruction books are well illustrated with pictures and explanatory diagrams. To make sure the instructions are perfectly clear, we have had inexperienced people install our Airline sets in accordance with these directions. In this way we make the instructions so clear that even a child can easily understand them. Remember—in just one hour after you receive your Airline set, you can tune in all stations within range.

Highboy Model 7-Tube Set

With Airline GRAND Reproducer and $10 Baldwin Unit

This is one of our finest Radio Cabinets. Walnut and hardwood construction, in beautiful, hand-rubbed, Dark Walnut finish. Five-ply top and doors, three-ply sides. Two long doors have a light maple burl overlay, in attractive contrast to the remainder of the cabinet. Neatly designed grill over tone chamber has dull, gold colored cloth on back. Doors protect set from dust and damage when not in use. Equipped with Airline GRAND Tone Chamber, with $10 Baldwin Unit and our 7-tube set—a combination of radio and loud speaker unexcelled for easy selection of stations and natural reproduction of programs. Large compartment on sides of tone chamber holds all batteries, light socket equipment, etc. Size over all, 28 inches long, 18 inches wide and 44 inches high. Similar models sell elsewhere for $250 to $350. See "Estimated Freight Charges" on Page 463.

Without Equipment

Includes new 7-tube radio set in cabinet shown above, with Airline GRAND Tone Chamber and $10 Genuine Nathaniel Baldwin Concert Unit. Guaranteed tubes, batteries, and antenna equipment not included. Shipping weight, 135 lbs.

Trouble-Proof Airline Radio – Page 459 Tells Why

We Bought 17 Carloads to Make This Low Price

6-Tube 2-Dial Control

$32.00 Cash Price

Radio Set Only

Seventeen full carloads—nine thousand, one hundred and eighty-four sets! One of the largest purchases in radio history, and a great triumph for Airline.

Before you read further, let us warn you not to be misled by price. This extraordinary low price is absolutely no indication of the value—if bought elsewhere you would pay at least $85 for this set—it is Airline quality throughout—at a saving of about $50.

How We Did It

Absolutely the greatest value in radio history. A sensational demonstration of Ward's tremendous purchasing power—and the savings it means to our customers. If this set were made in the ordinary way, in small quantities, the cost of manufacture alone would be more than our selling price. By contracting for the entire summer output of one of the country's largest manufacturers we are able to offer this truly astonishing value.

Every part used in the manufacture and assembling of this set—every coil, condenser and transformer—is of finest quality. The attractive cabinet is Solid Walnut—the kind you see on $100 sets. The workmanship is first class in every detail. We are proud to offer this set under the Airline label. See our trial offer on Page 459.

All the Latest Features

This set utilizes simple two dial control and is extremely easy to operate. The dials are marked in wavelength—all you have to do is set both dials to wavelength of station you wish to hear. The third control turns the set on and adjusts the volume. A child can operate it.

Can be installed in an hour—Page 462 tells how easy it is. Don't wait longer when you can purchase this fine 6-tube set for so little money.

The sloping cabinet is of Solid Walnut in a beautiful polished finish. Control panel finished Walnut to match, with decorations in gold color. When purchased complete we furnish either the Airline Drum Speaker or horn speaker and all equipment supplied with our One Dial Control Six Tube set described on Page 460.

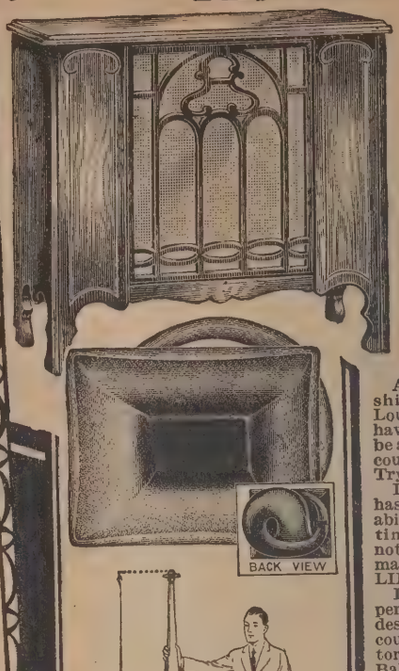
$5 DOWN EIGHT MONTHS TO PAY

New "All Tone Reproducer" The Airline GRAND

$5 DOWN FIVE DOLLARS A MONTH

Enclosed in a Beautiful Cabinet

$39.75 Cash Price



The Picture Shows Length of Tone Chamber

The foremost Acoustical or Sound Engineers unanimously agree that in order to faithfully reproduce all audible sounds emitted from musical instruments a long air-column horn is necessary. The richness and fullness of tone is lost in any kind of speaker not utilizing the long air-column principle. Because Airline is always a leader in the field of radio improvements, we have developed for our customers this astonishing new reproducer with an air column of 84 inches—7 FEET.

Another proof of Airline leadership!—a new and startlingly different Loud Speaker. No reproducer you have ever heard can equal it—you will be absolutely astonished to know that could possibly be so much different. Try it for thirty days—see Page 4

In our laboratory tests, this has demonstrated, time and again, ability to reproduce Clearly, distinctly and with Full Volume, notes of the musical scale—no other make tested compared with the AIRLINE GRAND.

It is the result of countless periments with many materials designs—the product of one of country's largest acoustical laboratories. Equipped with the genuine Baldwin $10 Concert Unit; combining beauty of appearance with its ciency, the Grand will greatly prove the volume and tone quality any radio. Table model sets may used on the AIRLINE GRAND may be used by those who already have a console radio, but desire splendid tone quality of this speaker. The 84-inch horn is concealed behind a beautiful cathedral grill which backed by a dull gold colored cloth. Cabinet made of selected hardwood with Walnut finish. Side panels of high lighted Walnut finish, producing a two-tone effect. The speaker compartment which is open at the back contains ample space for batteries and charger or battery eliminators. Unsightly accessories as well as connecting wires are thus concealed. The two-dial control 6-tube set shown at the left and the GRAND speaker table are ideally suited to each other. The speaker is also adaptable to any table model set. We are offering you this speaker at the price of an ordinary good horn. Size, 34 inches high, 36 inches wide and 16 inches deep. Ship. wt., 75 lbs.

Airline Enchanter

Three-Dial Control—Very Selective

For excellent performance at low cost, buy this 5-tube Airline Enchanter. Designed especially for those who want the full benefits of radio for the least money. Built from matched Airline parts—strict first quality—and mounted in your choice of three substantial, well finished cabinets. We guarantee it to give results in tone quality, volume, selectivity and distance, equal to other sets selling for $15 to $25 more. See Page 459 for our liberal thirty-day trial offer.

The Enchanter is very easy to operate. Although there are three dials to adjust, the actual tuning has been made very simple. All dials are marked directly in wavelengths; to tune in a station, simply turn the three dials to the wavelength of the station wanted. Your local newspaper gives the programs and stations from which they are sent every day. Simply note the numbers at which the dials are set when a certain station is coming in; then, whenever you wish to receive that station again, just set your three dials the same as they were before. If the station is "on the air" you will hear it. Very simple—isn't it?

The two models with built-in speakers are equipped with special horns and genuine Baldwin $10 Concert Units—this assures you of faithful musical reproduction.

Technical Description. Two stages of radio and two stages of audio frequency amplification. Floating detector socket. Semi-straight line frequency condensers. Special spider web inductances. Large 3½–1 audio frequency transformers.

Equipment Includ With Complete S

Built-In Speaker Model $39.50

For those who desire the convenience of a table model Radio Set with built-in speaker, we recommend the above type highly. Many thousands of satisfied customers praise the results of this set, and you will too, once it is in your home. Its appearance in any room is pleasing and because of its beautiful cabinet design, will blend with any type of furniture finish. Tone quality is exceptionally fine because of the Baldwin $10 Concert Unit and its special horn. Mounted in a beautiful mahogany finished cabinet 30 by 11½ by 10 inches high. For a suitable and convenient radio table, see Page 465.

Improved Long-Life Airline Tubes

Standard Airline Tubes Longer Life-Lower Prices

All carefully tested and made of long life high-grade materials. Plain black base and silvered glass.

We have spent thousands of dollars in testing tubes of all makes and we consider these tubes, next to the SUPER Airline, the finest that have ever entered our laboratory. They are in all respects the equal of standard tubes selling elsewhere at double the price. We know from tests that they will give a useful life far greater than many tubes at higher prices. See "How to Order" below. Ship. weight, each, 1 pound.

62 G 5299—AX-201A. 6-volt. For use in any storage battery set. Can be used in combination with other makes of same type. Interchangeable with UX, UV-201A, C, CX-301A, AX-201A, etc. ..... **98¢**

62 G 5308—AX-199. 4½-volt dry cell type. Base diameter, 1¼ inches; ½-inch prongs. Interchangeable with CX-299, UX-199, etc. **$1.29**

62 G 5307—AV-199. 4½-volt dry cell type. Old style. Base diameter, 1 inch; ⅛-inch prongs. Interchangeable with C-299 or UV-199. .. **$1.29**

62 G 5301—Specia Detector. AX-200A. 6-volt ¼-ampere. Replace old C, CX-300; UV, UX-200; interchangeable with CX-300A and UX-200A. Specially sensitive to weak signals. Use one only in a set **$1.95**

Special Power Tubes

Give slightly clearer reception and slight added volume, provided voltage recommendations given below are followed. If your set is not equipped to take these tubes, see adapter No. 62 G 5209 below at left. Instructions included.

62 G 5306—AX-112. 6-volt. Uses 135 volts "B" battery and 9 volts "C" battery **$2.25**

62 G 5302—AX-120. 4½-volt dry cell type. Uses 135 volts "B" battery and 22½ volts "C" battery **$1.59**

How to Order Tubes

When ordering Tubes for replacement, state all the numbers on the base of your old tubes. We can then be sure of sending you tubes to fit your present sockets, especially if tube you are now using is no longer made. If you are building your own set, order tubes to fit sockets used. If you are ordering tubes for a new set, follow manufacturers' specifications.

Our Radio Tube Guarantee

We will replace any Radio Tube which does not reach you in perfect condition. Tubes ordinarily last a long time, but they usually wear out before they burn out. For this reason we do not guarantee any definite life, except on the SUPER Airline tubes at the right. We cannot be expected to replace tubes damaged or burned out through mistakes or accidents due to no fault of ours.

Genuine Cunninghams

Postage Prepaid

For those who prefer this well known brand, we offer them Postage Prepaid. Simply send us catalogue price of tubes you want and they will be sent you at no further cost. Shipping weight, each, 1 pound.

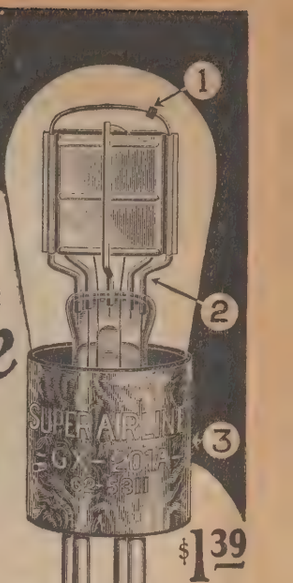
At Last! A Radio Tube We Can Guarantee for 1 Year



The SUPER Airline

1. **Flasher Arch and Support.** Allows tube to be heated to far greater temperature in manufacture, permitting absolutely gas free tube, which means much longer life and quieter operation.
2. **Extra Strong Element Supports.** Two and one-half times as strong as others. Prevents short circuits and noise.
3. **Mottled Green Base.** The best looking tube made—glass is sparkling golden amber color.

Special Guarantee

We will replace within one year, Free of Charge, any SUPER Airline Tube that is not in Working Order, provided the tube is not burned out or short circuited. See regular guarantee at top of page.

This is absolutely the first time a definite life guarantee has been given on a Radio Tube. New and advanced methods of construction plus the most careful factory supervision enable us to make this astounding offer. The SUPER Airline has a much longer life than any produced heretofore. Tremendous quantity buying allows us to offer this Guaranteed tube at a price lower than you are asked elsewhere for ordinary tubes. Use with any set using 6-volt, "A" battery. Replaces UX, UV-201A, CX, 301A, etc. Ship. weight, each, 1 pound.

Biggest Radio Bargain for Set Builders

Price Includes Cabinet, Panel, Sub-Panel, Sockets, Binding Posts and Mounting Brackets

$8.95

Those who "build their own" will at once recognize this offering as a real, genuine bargain. Never before has anyone made an offer like this. This is what you get—a genuine 8 by 22-inch highly polished solid Walnut Cabinet, 8 by 21-inch genuine bakelite front panel, bakelite sub-panel with 5 standard sockets and 5 binding posts already mounted and two aluminum mounting brackets. Just what you need to build a five-tube Radio Frequency or five-tube Neutrodyne set. The only extra apparatus necessary are the coils, variable condensers, and audio frequency transformers. Just think—you can build a complete five-tube set using these parts with others from this catalogue, for about $20! A truly remarkable value. Retail value of cabinet alone is $10. Cabinet, 12 inches deep. Shipping weight, complete as shown, 17 pounds.

62 G 221—Special Price **$8.95**

15,000 Satisfied Customers

$12.95

Fifteen thousand—sixty carloads—of these Tables have already been sold to satisfied customers, and you too will be satisfied, as the low price we ask is not an indication of its real, honest value. Made of hardwood and finished in a beautiful dark Walnut with attractive panels of lighter color at each end. The table has ample room inside for all batteries and accessories. You have easy access to the battery compartment through the rear, which is open. Unlike other similar tables sold at about this price, this one has the added advantage of having a drawer for a radio log, magazines, battery testers, etc. Bowed-in front provides plenty of knee room. Size of table top, 36 by 16 inches. Height, 30½ inches. Top of bench, 18¾ by 10½ inches. Height, 18½ inches. Table is not mailable.

162 G 832—Table only. Shipping weight, 50 pounds **$12.95**

462 G 826—Bench only. Shipping weight, 20 pounds **$3.95**

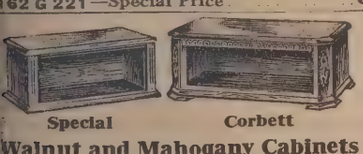
Built-In Loud Speaker

$17.95

Our Finest, Most Beautiful Table

Serves a double purpose—provides a suitable mounting for the finest of radio sets and conceals an acoustically correct, true-toned loud speaker. Of carefully selected, well seasoned hardwood, and is expertly finished in dark Walnut. The floral design in each of the end panels adds much to its attractive appearance. The loud speaker is of a special wood composition which reproduces with natural mellowness all notes of the musical scale. Sold without loud speaker unit—see Page 467 for units. Size, 38 by 16 by 21¼ inches high. Bowed-in front provides plenty of knee room and compartment at rear is large enough for all batteries, chargers or eliminators. Shipping weight, 50 pounds. Not mailable.

462 G 823—Radio Table **$17.95**



Special Corbett

Walnut and Mahogany Cabinets

Table model Radio Cabinets of exceptional quality and value. You should have your set in a cabinet to protect it from moisture, dust and damage. It will also greatly improve the appearance.

CORBETT: The genuine Corbett line, type C, is well advertised. It is a superb cabinet of finely finished, genuine solid Walnut. Very beautiful in appearance with its octagonal corners and piano hinge cover.

SPECIAL: For those who desire a lower priced cabinet than the Corbett we offer Our Special Cabinet. It is of genuine quartered gum and is finished to closely resemble mahogany. You will find this cabinet far better than those usually offered at this low price.

Both cabinets are 10 inches deep inside and are slotted for ⅜6-inch panel. No screws necessary to mount panel. All Corbett cabinets and three largest Special sizes not mailable.

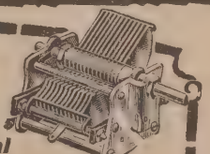
$6.95

Tuned Radio Frequency Kit

Very easy to build. Consists of three low-loss Straight Line condensers of high efficiency, and three "baby" solenoid coils of the latest design and exceptional efficiency. Made for us by a manufacturer of nationally advertised coils. Need no neutralizing, and location of coils is not critical. An excellent combination for use with the cabinet and panel outfit at the left above. Mount coils on condensers, or sub-panel. Can be mounted on 7 by 18-inch panel. Ship. wts.: 6 and 3 oz.

62 G 5164—Kit with wiring diagram **$6.95**

62 G 5165—3 coils (for .00035 condensers) **2.59**



$1.12

Variable Condensers

An Exceptional Value

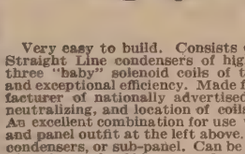
A Low Loss Straight Line Frequency Condenser, recommended by radio magazines for the most popular sets. Distributes stations evenly over dials. Has heavy non-warping plates, cadmium plated to prevent corroding. Small insulating strips. Single hole mounting. Use "zero at right" dial. Shipping weight, 1 pound 8 ounces.

62 G 5335—.00025 mfd. Each .. **$1.12**

62 G 5336—.00035 mfd. Each ... **1.14**

62 G 5337—.0005 mfd. Each **1.19**

62 G 5338—Special coupling to join two or more condensers to operate off one single dial. Ship. weight, 2 oz. Each .. **29¢**



Browning-Drake Coils

Wound on threaded bakelite forms, turns properly spaced with neutralizing tap. A very high-grade coil which ordinarily sells at a much higher price. Designed to be used with one .00035 and one .0005 condenser. Diagram for Browning-Drake hook-up included. Diameter, 3 inches. Ship. wt., 3 lbs.

62 G 5551—Per set **$3.98**

Laboratory Type Condensers

Single hole mounting; approved rubber low-loss insulation; shaft and frame grounded; noiseless, brass strip pigtail; sturdy plates.

62 G 5133 — .00025 mfd. Ship. wt., 2 pounds **$2.25**

62 G 5134 — .00035 mfd. Shipping weight, 2 lbs. .. **$2.35**

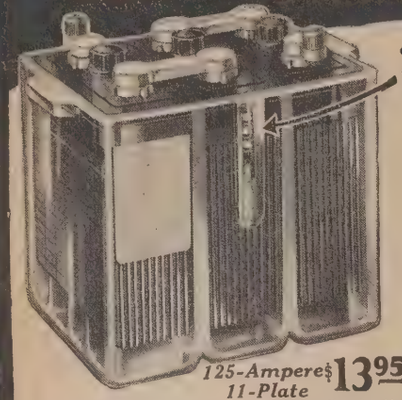
SUPER Airline — Glass Case VISIBLE "see the Quality" Radio "A" Battery — Guaranteed 2 Years



Automatic Charge-Discharge Indicator

And now we present the SUPER Airline "A" —the greatest Battery improvement in years. For the first time battery quality and construction are visible. You take no risk for you can see at a glance just what you are buying.

The sturdy glass case is neater in appearance, easier to keep clean than old types, and it shows you the facts about your purchase. You don't have to take anyone's word for the internal construction—it's right before your eyes.

In addition to the glass case the SUPER Airline offers many other desirable features.

Charge-Discharge Indicator. Tells at a glance whether your battery is charged or dead. Warns you when it is time to recharge your battery and thereby assures uninterrupted radio reception. No more messy hydrometers. Easy to tell when to add water as liquid level is always visible. Connecting Terminals: special non-corrosive rubber. Plates: extra heavy—specially designed for radio use, 11 plates per cell—full 125 ampere-hour capacity. Spacers. Finest select cedar. Guaranteed for 2 years. Shipped fully charged from Factory in Baltimore. Not mailable.

262 G 433—SUPER "A" battery. 125-ampere hour. 11-plate. Ship. wt., 56 lbs. **$13.95**
262 G 434—SUPER "A" battery. 65-ampere hour. 7-plate. Ship. wt., 42 lbs. **10.25**

125-Ampere 11-Plate **$13.95**

My policy, as manager of Ward's Radio Department, has always been to offer our Airline customers the finest in radio equipment. I consider this new SUPER Battery one of the finest values we have ever offered our customer friends. It is the battery we supply with our finest Airline radio sets. Just another example of Ward's constant effort to furnish only the best in radio equipment. C. J. MANNING.

SUPER Airline — 32-Cell Construction "B" Batteries — They Last Longer—

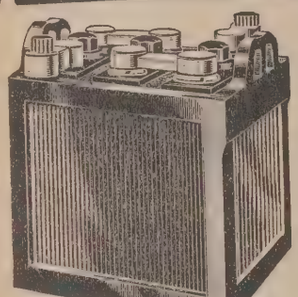
Two Extra Cells — Longer Life — $2.95

Extra Heavy Duty

Airline Leads Again!—with a longer "B" battery life. This new SUPER "B" Battery with 32 cells in place of the usual 30 will last considerably longer than any ordinary 30-cell battery regardless of price. Think what this means to you—months of clear reception and radio enjoyment. Although the original price is slightly higher, in the end it actually costs you less. Made of the highest quality raw materials in one of the country's foremost factories.

We have achieved this remarkable improvement without increasing the size of the battery and without decreasing the size of the cells. The Jumbo size is recommended for real economy. In the long run it costs less per month. The Regular size is recommended only where space is limited.

562 G 5701—Jumbo. Size 8¼ by 4½ by 7½ inches. Tapped at 22½ volts. This is the battery that is supplied with all complete Airline battery operated radio sets. Shipping weight, 18 pounds. Two required. Each..... **$3.89**
562 G 5702—Regular. Size, 3¼ by 7 by 8 inches. Tapped at 22½ volts. Shipping weight, 12 pounds. Two required. Each..... **2.95**



$8.15 100-Ampere Size — **Standard Airline Storage "A" Battery**

For those who desire a quality Storage "A" Battery at the lowest possible cost, we recommend the Standard Airline. Similar to above battery, but built in a sturdy leak-proof composition case. Airline quality throughout—not to be confused with other batteries selling at near this price. Built on a quality basis to a set standard—then produced in huge quantities to get the price down. Has extra heavy plates and the finest cedar spacers. Quiet in operation. Shipped fully charged from Factory in Baltimore. Not mailable.

262 G 566— 7-plate 75-ampere hour. Ship. wt., 37 lbs.. **$ 7.95**
262 G 567— 9-plate 100-ampere hour. Ship. wt., 45 lbs.... **9.25**
262 G 568—11-plate 125-ampere hour. Ship. wt., 51 lbs.... **10.75**
262 G 569—13-plate 150-ampere hour. Ship. wt., 57 lbs.... **12.75**

If you want a good low priced battery, we offer you this special battery which contains 11 plates per cell and is of full 100-ampere hour capacity. Like our other Airline batteries, it is guaranteed for two years. Shipping weight, 48 pounds.
262 G 440 ..... **$8.15**

Hydrometer

For testing radio and auto batteries and storage "B" batteries. Heavy glass tube with accurately graduated glass float. Length, about 10½ inches. Shipping weight, 12 ounces.
62 G 5558 ..... **36¢**

Battery Clips

Acid-resisting Connecting Clips for storage batteries. Length, 2½ inches. Shipping weight, 4 ounces.
62 G 5561— 2 for..... **19¢**
62 G 5539—"B" battery clips. Length, 1¾ inches. 2 for.... **11¢**

"B" Eliminator Voltmeter

An ordinary "B" battery voltmeter is not accurate on "B" eliminators and is sometimes 50 per cent or more off. This meter is especially made for "B" eliminators and will read up to 300 volt accurately. Resistance, 50,000 ohms. A great help in a djusting "B" eliminator voltage on detector and amplifying tubes. Ship. wt., 1 lb.
62 G 5560 ..... **$4.45**

"B" Battery Meter

High-grade quality in every way. Will give an accurate reading of voltage on any "B" battery, as it has a high resistance of 875 ohms. Reads 0 to 50 volts. Diameter, 2 inches. Shipping weight, 6 ounces.
62 G 6587 ..... **59¢**

Automatic Switch — **$2.59**

Turns on "B" eliminator and turns off trickle charger when set is turned on. Installed in a minute. Requires no change in wiring and no additional power. May be used with trickle charger only, "B" eliminator only, or both. Mounted in a neat crackle finish case; 3 by 2½ inches. Shipping weight, 2 pounds.
62 G 5899..... **$2.59**

Battery Eliminators

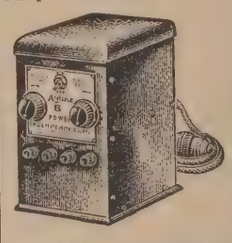
Operate Your Set from Light Socket — Light Socket Power Units

This is the Equipment supplied with all complete Airline Light Socket Operated Radio Sets. It represents the latest improvement in battery elimination—no liquids or chemicals of any kind—not a combination charger and battery—absolutely noiseless in operation—Free from Hum. When used together, these two units are entirely automatic—pushing switch on "A" unit controls both units automatically. Our prices save you one-third.

"A" Eliminator **$27.95**

AT LAST—a true "A" Battery Eliminator. Unlike other so-called "A"eliminators, it has no batteries, bulbs or liquids. Costs far less to operate than a storage battery and charger.

Connect it to your light socket and your battery troubles are over. Can be installed on any set in five minutes, and once connected, requires absolutely no further attention. Delivers enough current for any set up to 10 tubes. Neat and compact—only 8½ by 6½ by 9½ inches. Takes no more space than storage battery. In neat crackle finish. Contains automatic switch to turn on "B" eliminator if one is used. To replace 6-volt batteries only. For 105 to 120-volt 60-cycle alternating current only. Shipping weight, 22 pounds.
562 G 5894 ... **$27.95**

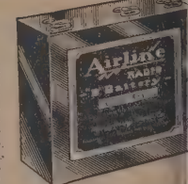


"B" Eliminator **$26.95**

Takes the place of All "B" Batteries and supplies full voltage and power Always. Costs only 1¢ for 10 hours—cheaper than "B" batteries. Uses the well known Raytheon tube—the tube without a filament. Once adjusted requires no further attention. Gives sufficient current for an 8-tube set and enough voltage for power tubes. Easily adjusted to any set. The 45 and 90-volt taps are separately adjustable. Finished in neat crackle finish. See Automatic Switch at left. For 105 to 120-volt 60-cycle alternating current. Shipping weight, 24 pounds.
562 G 5897 ....**$26.95**

Same as above, with two "C" voltage taps adjustable 0 to 50 volts. Use with "A" Eliminator at left to make set completely electrically operated.
562 G 5898....**$29.95**

Standard Airline "B" Batteries



These Batteries are standard Airline quality and are made of high-grade raw materials. Thorough tests have proved them equal to the best and far better than many advertised brands. Only because we buy in enormous quantities are we able to make such low prices—and because we sell thousands of batteries each week our stock is always fresh. Every battery is of uniform high quality. There is a size for every set.

Storage "B" Batteries

Full voltage efficient nationally advertised brand. Recharge off 32-volt farm plant or other direct current supply, using only an ordinary light bulb. No charger needed. Battery condition indicated by colored balls. Consists of 24 cells (48 volts) Capacity, 3000 milliampere-hours. Size, 11 by 7½ by 6 inches. Not mailable.
662 G 5598—One 48-volt battery. Shipping weight, 30 pounds..... **$11.**
662 G 5595—Single 40-cell unit. Voltage equal to average voltage of two 45-volt dry "B" batteries. Shipping weight, 50 pounds..... **$16.**

Trickle Chargers—Noiseless

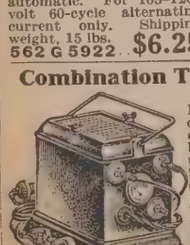
$6.25 *Chemical Type*

$7.95 *Bulb Type*

Charges any 6-volt battery at about 7/10-ampere which is higher than most Trickle Chargers. The liquid in this charger is not acid, will not damage rugs or clothes if spilled. Also has a ½-ampere tap. Noiseless in operation, requires only the addition of water occasionally. We suggest the use of switch 62 G 5899 shown above. Makes your set practically automatic. For 105–120-volt 60-cycle alternating current only. Shipping weight, 15 lbs.
562 G 5922 ... **$6.25**

Bulb type Trickle Charger and an excellent value. Uses genuine Tungar bulb. Charges at 5/10 ampere, but also has another tap at 7/10 ampere. Silent in operation. Only 6½ by 4¼ by 2 inches. We suggest use of switch 62 G 5899 shown above. For 105–120-volt 60-cycle alternating current only, and for 6-volt battery only. Ship. weight, 9 lbs.
62 G 5905.. **$7.95**

Combination Trickle and 2-Amp.



Requires no adjusting. Noiseless in operation. Indicating meter on front of charger. Charges 6-volt battery at either 5/10 ampere used as trickle charger, or at 2 amperes as a regular charger. When used as a trickle charger, we recommend the use of automatic switch 62 G 5899, shown above. This charger usually sells for $18. Size 8 by 6¾ by 5¾ inches. Complete with bulb and battery leads.
562 G 5904—For 105–120-volt 60-cycle alternating current only. Ship. wt., 17 lbs..... **$11.95**

The RIGHT Charger

Be sure to order correct Charger for your current. Look at the nameplate on your electric meter, which shows whether you have direct current (D.C.) or alternating current (A.C.). If A.C., give number of cycles.

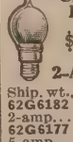
Trickle Charger. For any set. Charges at a small rate, and should always be left on, except when using your set. Battery must be fully charged before trickle charger is attached.

Two-Ampere Size. Charge battery about two nights a week.

Five-Ampere Size. Charge battery about one night a week.

The above information is only approximate as the amount of charging necessary depends of course upon how much you use your set, the size of your battery and the number of tubes the set contains. With all our chargers (except the direct current type) it is not necessary to disconnect battery from set when charging. All our chargers are noiseless except the Airline De Luxe which is the vibrating type. If you have no electricity, but have a gasoline engine, see generator 463G294, page 351.

Charger Bulbs



$3.25 2-Ampere

Ward's Famous Exclusive Feature

The $10.00 Original Nathaniel Baldwin Concert Unit

Furnished With All Airline Sets and Loud Speakers

About Cone Speakers

Many claims have been made as to the superiority of Cones over Horns. The best cones are better than some horns. But so far we have not found a cone that compares in any way with a horn equipped with the Baldwin Concert Unit. When we find such a cone we will offer it in our catalogue. For those who prefer the appearance of the cone, we offer the Airline Drum Speaker at the right.

13.95

Long Air Column

Airline Gooseneck Speakers

IT GIVES ME PLEASURE TO EXTEND TO MONTGOMERY WARD & CO. FOR ANOTHER SEASON THE EXCLUSIVE NATIONAL MAIL ORDER RIGHTS TO SELL MY TEN DOLLAR CONCERT UNIT
NATHANIEL BALDWIN
420P

Retail Price $10

Our Price $8.95

Still We Lead—read the telegram above—no other national retail mail order House can offer the Baldwin Concert Unit—it's an exclusive Ward feature. Made by Nathaniel Baldwin, recognized the world over as the manufacturer of the highest grade radio reproducing apparatus. In our opinion and in the opinion of thousands of radio set owners the Concert Unit is the best unit made today. It is the result of years of intensive research and development, constructed with laboratory precision, from the highest grade materials.

Its large aluminum diaphragm reproduces the entire tonal scale. Each unit is **hand-made**, carefully adjusted and tested many times in the process of construction—not turned out in immense quantities like other units. Costs a little more but it's well worth it!

Nathaniel Baldwin has many imitators; other manufacturers claim to reach the perfection achieved by the Baldwin principle—but in our laboratory, where we test all makes, we have not found a unit which equaled the Concert for faithful, consistent reproduction.

Only the best is good enough for Airline Radio Sets, and that is why they're all equipped with this fine unit. You may purchase it separately for your loud speaker or phonograph. About 5-foot connecting cord and rubber adapter. Nipple ⅜ inch long and ⅞ inch diameter, has eighteen threads per inch. Shipping weight, 1 pound 12 ounces.

62 G 778—Baldwin Concert Unit $8.95

Read What the Manager of Ward's Radio Department Says About Loud Speakers

"You know, of course, that the lowest notes of an orchestra or band are produced by the largest instruments—the bass horn and bass viol—that the lowest notes of an organ require the largest pipes. A large tone-chamber and a long air column are necessary to produce low tones.

Radio reception, as you know it now, misses the full value of these low notes—you hear some of them, but they do not sound natural—they are not full strength, or of true tone. The remedy is a long, correctly designed horn.

To convince you of the vast importance of length, I wish you might be present in our laboratory when we test several horns, from 1 to 7 feet in length, at the same time. You would quickly note how the reception improved as the length increased. When the 7-foot horn was switched in, you would almost believe that a different instrument or orchestra was playing for you. That is why we have adopted long tone-chamber speakers. See the 7-foot Airline GRAND on Page 464. By a new patented process we are now able to get greater length in the same amount of space. Remember these facts when purchasing your loud speaker."

C. J. MANNING, Manager Radio Department.

Airline Drum Speaker

A REVELATION IN TONE!

Regular retail value, $29. At last—a Horn type Speaker built to resemble a cone—of unusual beauty—but retaining all the mellowness and purity of the larger horns. By a new process and with a special acoustic material, we are now able to offer in this compact horn a 52-inch air column. We recommend it as superior to any cone speaker we have tested, regardless of price. It is equipped with the $10 Nathaniel Baldwin Concert Unit described at the left. Finished in antique bronze with beautiful wrought iron standard and pleasing Spanish ship design in center of grill. Diameter, 13¼ in. Ship. wt., 37 lbs. Mailable.

562 G 580 ..... $18.95

Air Column 52 Inches

Not a Cone

$18.95

See Page 464 for the Airline GRAND

Genuine Brandes Headphones

$2.45 *Regular $5 Value*

A wonderful bargain that only Ward's is able to offer you. These are the genuine well known BRANDES Headsets that usually retail for $5.00. Light in weight and exceptionally sensitive. Polished aluminum shells and composition ear-pieces. Connecting cord about 5 feet long. Shipping weight, 2 pounds.

62 G 5380—Superior type $2.45

62 G 5381—Navy type. Slightly more sensitive. A great saving in price. These phones usually retail for $6.00 ..... $2.79

$1.98 *Retail Value $6*

Genuine Holtzer-Cabot

A tremendous purchase of 12,000 pairs of these Holtzer-Cabot Headphones has made possible this low price. Every pair is adjusted for good tone without distortion. Receiver cases are of polished aluminum with hard rubber ear-pieces. Connecting cord about 5 feet long. Shipping weight, 1 lb. 8 ounces.

62 G 5204 ..... $1.98

Baldwin Rival Unit

For those who want a less expensive loud speaker unit, we offer the Nathaniel Baldwin Rival. Although not made with the same precision and painstaking care as the Concert unit, it surpasses in tone quality and volume most units selling at twice its price. Nipple is ⅜ in. long, ⅞ in. diam. and has 18 threads per in. Ship. wt., 1 lb.

62 G 785 .. $4.95

Output Unit

Prevents your loud speaker from burning out when using one of the new power tubes. It will also improve tone quality considerably, especially with cheaper speakers. Instructions included. Ship. wt., 4 lbs.

62 G 5147...$3.98

62 G 5148 — Similar to above, but genuine Amsco "Orthophone"... $4.95

Headphone and Speaker Plugs

29¢

Type A

Very fine quality phone and speaker plugs of genuine molded bakelite. Type A—for one pair of headphones or one speaker. Regular retail price 50c. Type B—for 1, 2, 3, or 4 headsets or speakers, usually selling elsewhere for $1.00. Ship. weight, 4 ounces.

62 G 5121— Type A ..... 29¢

62 G 6885— Type B..... 69¢

Improved Airline Audio Transformers

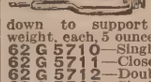
Laboratory tests prove they are equal to any $5 transformer. Thoroughly shielded. Shipping weight, 1 pound 8 oz.

62 G 5275—Ratio 5–1..... $1.96

62 G 5276—Ratio 3½–1..... 1.96

62 G 5277—A new all stage audio transformer with extra large iron core. Will compare with any transformer at any price. Size 3½ by 3 by 2½ inches. Actual wt., 3 lbs. Ship. wt., 4 lbs..... $3.97

Phone Jacks



Nickel-plated. May be mounted upside down to support sub-panel. Shipping weight, each, 5 ounces.

P. A. McCaskey
Manager
Furniture Department

THIS is truly an Awakened Furniture Age! From the thousands of letters I have received, it apparent that women are seeking the newer finer styles and are telling everyone of their deli with the splendid furniture they have bought from us.

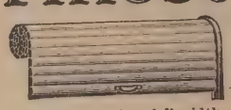
But after all, an investment in furniture should give permanent satisfaction. I have always maintain that while style, finish and low price are important, the real test of good furniture is trustworthy servi which only good construction can give. I believe it is because of the unusual attention we pay to hidd qualities that our business has grown so tremendously in the last few years. Therefore, we have contin to embody every betterment in construction and finish of each piece for every room in the home. I kn that those who are delighted now because of the money they have saved, will still be customers of the F niture Department in years to come, when our better construction has proved its real merit.

As a Part of Our Program of Improved Construction

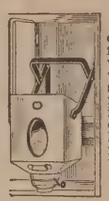
—I Determined to Design and Build America's Finest Kitchen Cabine

and here it is"—

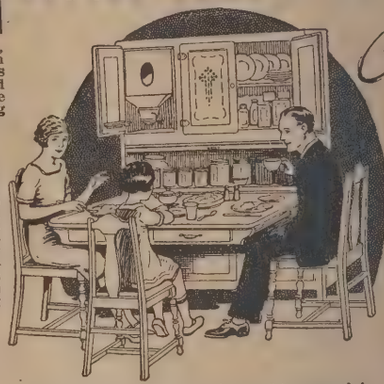
Manager
Furniture Dept.



Easy running, full width, dust-proof curtain slides in steel tracked grooves, rolls up compactly giving added space for storage. Notice the clear-front working surface.



25-pound capacity flour bin, with glass window and sifter, lowers for easy filling. Plenty of room below to set receptacles when sifting flour.



Notice the great convenience of the porcelain enameled steel top, which pulls out extra far to form luncheon table for four people. (Pictured in our 42-inch size). Guides and lock keep top steady in any position.

Exclusive, framed-in, cross ed and corner blocked b reinforcement—dust and proof. Adds immensely t rugged strength of the cabine struction. Notice ample underneath for sweeping mopping without moving ca

An important a clusive feature. above heavy steel c make cabinet ant when filled with Your foods are e these Ward-Bilt nets.

Easy Payments: $5 Down and Five Dollars a Month

A Craftsman Made It

Designed and built especially for Ward's in the modern expression of the old and beautiful Tudor period design. You will find its value far better than its moderate expenditure would indicate. All broad surfaces are of genuine Walnut veneers—five-ply on all tops and three-ply on all fronts and ends. The rounded posts and framework are of select hardwood, finished to match the Walnut. This type of construction is used in the best furniture built today. All drawers have three-ply bottoms and are dovetailed both front and back. Dust-proof partitions under bottom drawers of all pieces and extra dust-proof partitions under top drawers of 48-inch Dresser and Bow End Dresser. All Mirrors are genuine plate glass. The charming antique Shaded finish, hand-rubbed, brings out the beautiful lights and shadows of the walnut grain. The quaintly beautiful flowers on oval stippled backgrounds lend a pleasing finishing touch. If you prefer, you may select the ever-popular American Walnut finish with the same decorations. Massive turned legs; molded mirror frames, and tops "Faultless" pivot bearing metal casters on all large pieces; metal floor glides under chair and bench. Antique metal pulls.

Ward-Bilt Construction, Quality and Finish

The latest style Bow End Dresser. Stationary mirror, end compartments with shelves.

All Pieces Shipped from Our Baltimore Store.

BOW END BED. Width, 54 inches (full size) only. Equipped with Witliff Brace for extra strength and rigidity. Wood side rails. Height, head end, 50 inches; foot end, 33 inches. Mattress and spring sold separately; read top of Page 494—how they may now be included on Easy Payments.

I Have Included Every Feature Women Desire

"I know that the Kitchen Cabinet is a real necessity to the American woman—that she should have in her cabinet every feature and quality that will lighten her work, make her kitchen more beautiful and that it must be made to give long service. With an exhaustive list before me of the conveniences a woman wants, I studied every cabinet that is made. And I found a real opportunity to design and build a kitchen cabinet that would fulfill every requirement placed on it. Even the most exacting housewife will be proud to own this new cabinet. And the most wonderful discovery that I made was that such a cabinet could be built at a price within the reach of all, and that it could also be offered for $5 with your order and $5 a month.

"Compare the features and construction n listed below with any other cabinet. Whe receive your cabinet you will discover many details that will delight every housewife. I you will agree that this is America's Finest K Cabinet.

"Order one of these cabinets on my pe recommendation. See for yourself how every has been carefully considered. If it is not a better cabinet in every respect and at a lowe than you would have to pay elsewhere for equal quality, I want you to return it at onc will be refunded all that you have paid w transportation charges."

P. A. McCASKE
Manager Furniture Departm

Notice These Outstanding Features

1. Approved by Good Housekeeping Institute.
2. Drawers below porcelain enamel steel top move out with top for easy access when top is extended.
3. Porcelain enameled lower shelf of steel in upper section gives sanitary working surface. 48 by 36 inches; easily kept clean clear to the back.
4. Dust-proof lips on drawers and doors; edges throughout are rounded. Easy to keep clean.
5. Lock corner drawer construction; all drawers finished inside; one drawer under top partitioned and has velveteen removable bottom for silver; lower drawer metal lined for bread and cake.
6. New Puritan design eleven-piece glassware set, highly chip-proof: Two sugar bowls, two coffee jars, one tea jar, one butter or salt container, one measuring cup, two spice jars and two shaker jars with perforated lids.
7. Complete set of want-cards and trays on all upper doors.
8. Food chopper block, removable when not in use.
9. Pull-out bottom and shelf in lower cabinet.
10. Lid racks on lower doors.
11. Cabinet section as wide as porcelain top.
12. Three-ply, laminated hardwood one-piece ends, drawer and case bottoms.
13. Non-absorbent, banded edge, hard Maple board.
14. Every joint mortise and tenon construction.
15. Special hinges swing doors clear of cabinet.

The Very Latest—by a Master Designer!

One of the pleasures of entertaining is the knowledge that your home is beautifully furnished. This handsome Dining Suite will give you that assurance and lend your dining room richness and dignity. It will make your hospitality more gracious and your meals more pleasant.

From the days of Henry VIII comes the Tudor design for the suite. Typical of this Early English period are the turned and fluted legs, the strapwork grills and drop moldings, the interesting low stretchers with the center rise and the shield-shaped overlays of rich genuine Burl Walnut.

Beautifully grained American Walnut veneer is used on the large surfaces. Five-ply tops and doors, three-ply fronts and ends assure strength and beauty that solid wood cannot give. Antique Shaded Huguenot (rich brown) finish hand rubbed to a satin sheen displays all the rich grain of the walnut. Chair backs have beautiful shaped walnut veneer panels and two-tone shield to match the other pieces. Dainty vein lines of dull apple green contrast with the rich brown walnut and give the accent of color so desired in the home today.

The construction is thorough and dependable. Frames, posts, turned legs, rails, and stretchers are select hardwood finished to match the walnut. Drawers are dovetailed both front and back and have three-ply Genuine Mahogany veneer bottoms and are beautifully finished inside. Dust-proof bottoms under buffet and server keep your linen fresh. You will like the full length top linen drawer and the silver tray in the second drawer of the buffet. Old English style metal pulls; polished metal floor glides under all pieces.

Order the whole beautiful suite today—on Easy Payments if you like. It is priced to save you money, and it will give your dining room that unity, that harmony which makes your home more pleasant and makes life more worth living for the whole family.

BUFFET. Choice of two sizes: With top, 66 by 22 inches or with top 60 by 20 inches. Entire height of either size, 41½ inches.

TABLE. Choice of two extensions—6 feet or 8 feet. Size of top closed, 45 by 58 inches. Well braced center legs add strength and beauty.

CHINA CABINET. Top, 40 by 16 inches; entire height, 65 inches. Two shelves; wide lower drawer; fancy walnut grill in glass door.

SERVER. Top, 36 by 18 inches; height, 34 inches. Also ideal as a cabinet for radio set—radio on the top and batteries inside.

CHAIR. Removable slip seat, 17½ by 15½ inches covered in Jacquard velour (as pictured); floral tapestry, or blue genuine leather. Back, 20½ inches high from seat. Genuine Walnut veneered back panel.

ARM CHAIR. Same as chair except seat, 19 by 17 inches; height of back from seat, 21 inches. Its graceful style will please you.

Easy Payment Terms below. See "Estimated Freight Charges" on Page 486.

Our Finest, Most Beautiful Suite

You will be proud to have friends in your home when this big, luxuriously comfortable Living Room Suite is there to help make them welcome. Your children will find their pleasures at home when comfort as well as refinement invites them. Foster the home spirit through the creation of home beauty and comfort. The finest type of construction assures lasting comfort, style and long service.

Deep coil springs in the seats are supported by interwoven Genuine Belgian webbing, and hand-tied eight ways across the top with best Italian hemp twine to hold them securely in place. Big coil springs in the backs are securely mounted and hand-tied. All springs are of Premier wire, the best. Spring edges on fronts are double stuffed and closely stitched. The handsome frame is strongly made of hardwood; has four Queen Anne legs on its shapely serpentine front; carved top rail, carved arm panels and bottom rail with drop carvings in the latest style. Finished Brown Mahogany. Upholstered with springy flax fiber, best moss and new felted cotton all clean and sanitary. Removable Nachman spring filled cushions are reversible with lustrous, harmonizing cotton, damask for the Steel Cut and Jacquard Velour sets and long wearing Colorful Tapestry (as shown) for the Mohair sets. All seams finished with fashionable contrasting black welts.

REGULAR DAVENPORT. 56 springs in center cushion; 49 in side cushions. 27 large, deep coil springs in seat; 27 in back. Seat, 63 by 22 inches; 17½ inches from seat to top of back. Overall length, 81 inches; depth, 30 inches; height, 35 inches. Does not convert into a bed. Mohair davenport has outside back in matching Velour; Velour davenports covered the same all over.

CHAIR AND ROCKER. 42 springs in cushion. 9 large coil springs in seat and 9 in back. Seat, 21 by 19 inches; 17½ inches from seat to top of back. Width, 35½ inches; depth, 30 inches; height, 33½ inches. Covered all over in same material.

WING CHAIR. Same as Chair or Rocker except height, 38½ inches; depth, 31 inches; 22 inches from seat to top of back.

Easy Payment Terms above. Upholstery Extras at bottom of page. "Estimated Freight Charges" on Page 475.

Fiber Reed—Beauty, Style and Comfort

You are sure to like this Ward-Bilt Masterpiece. Its beauty will appeal to your eye, its built-in comfort will always be restfully inviting and the artistry of its design will permit you to secure charming decorative effects. The price offers a tremendous saving. While every effort has been made to illustrate these loom-woven pieces as true to life as pictures can make them, no picture can bring out the attractive blending of the colors, nor the comfort and durability of construction.

A Masterpiece from One of America's Greatest Factories

Worthwhile savings in cost of manufacture, together with Ward's great purchasing power make possible the attractive prices quoted below. Skilled workmen have produced its lasting strength and enduring beauty. Two beautiful finishes; the antique Buff (shaded as shown on opposite page) with blended Red and Dark diamond decorations; or deep blue (as pictured in the insert) with blended Red and Yellow diamond decorations. Finishes are high-grade waterproof enamels. The loom-woven fiber seat is built on frames of select kiln-dried hardwood, steel braced at all points of strain. Each contains nine deep, resilient Premier wire coil springs mounted on steel stretchers. Smartly upholstered with attractive, long-wearing high-grade rayon in rainbow striping which blends and harmonizes with the high-grade finishes as shown in the picture.

Each piece is carefully crated to reach you in perfect condition.

DAVENPORT. Three comfortable auto-type, spring cushions. Seat, 60 by 22 inches. Entire length, 71 inches. Entire height, 34 inches. Height from seat to top of back, 23 inches.

CHAIR AND ROCKER. Seat, 19½ by 19 inches; height from seat to top of back, 22 inches. Entire height, 35 inches.

TABLE. Oval shaped top, 28 by 19 inches. Height, 28½ inches.

FERNERY. Oval shaped, 31 by 13 inches; height, 26½ inches. Strong cross stretchers. Rust-resisting galvanized pan. Ferns shown not included.

Easy Payments for three-piece set: Only $5 with order and $5 a month; five-piece set, only $7 with order and $7 a month. For Easy Payments Use Order Blank on Page 725. See "Estimated Freight Charges" on Page 479.

Compare the broad arms, the deep seated comfort, the style of this charming Set with any you may see elsewhere. Only then will you be convinced of its great value. And remember Ward's guarantee of satisfaction or your money back. Read "How Is It Made Inside?" at right above. The outside backs and arms may be covered the same as the fronts, if you may have tassels and reversible cushions at a slight additional cost.

We believe this to be the greatest value in a Living Room Set that we have ever offered our customers in 55 years. Considering its beauty, durability and comfort, you will hardly find its equal at anywhere near our price. Fillings of germ cured flax fiber and thick, felted cotton. Beautifully carved solid Birch frames finished Brown Mahogany. Outside arms and backs of all pieces covered in plain velour to match other coverings. All seams finished with fashionable contrasting black welts.

REGULAR DAVENPORT. 36 fine coil springs in each removable cushion; 27 large coil springs in seat; 18 in back. Seat, 59 by 20½ inches; 14 inches from seat to top of back. Entire width, 80 inches; depth, 31½ inches; height, 32½ inches. Does not convert into a bed.

CHAIR OR ROCKER. 30 fine coil springs in removable cushion. 9 large coil springs in seat; 6 in back. Seat, 20½ by 19 inches; 14 inches from seat to top of back. Width, 39 inches; depth, 32 inches; height, 32½ inches.

WING CHAIR. Same as arm chair except width 36 inches; height, 37 inches; 19 inches from seat to top of back.

How Is It Made *Inside?*

It's the Hidden Qualities That Guarantee Longer Life and Greater Comfort

The most important parts in the structure of Upholstered Furniture are hidden. They cannot be seen. Pieces of identical design and coverings may vary widely in price and value because of variations in the unseen workmanship and materials. We want all of our customers to know how our Ward-Bilt sets are made—inside. Then you will know why our furniture will remain comfortable through a long period of service. We present in this catalogue the most beautiful and comfortable selection of fashionable designs that we have offered in 55 years. Their construction is of the durable quality that has made Ward's upholstered furniture nationally famous. Read below of the important construction features which make our furniture the finest, we believe, in design, comfort and durability, obtainable anywhere today—at prices you are satisfied to pay.

WARD BILT

Hidden Quality Features

1 Coverings used must stand rigid laboratory tests to prove their wearing qualities, and are selected only after being thoroughly inspected under strong lights, by experts, for flaws or defects in texture. They are not selected for beauty alone. We do not use "cheap" extract or embossed velours, but insist on high-grade genuine Steel Cut Velours, durable Jacquards, and long-wearing Genuine Angora Mohairs. All seams in fashionable contrasting black welts. Samples of all coverings listed can be obtained by writing us stating kind and colors wanted.

Arms built with particular care so that they will retain their shape through long service. They are strong and firm.

2 Filling Materials are germ cured and sanitary. Only sanitized flax fiber, high-grade moss and new, clean, felted cotton are used.

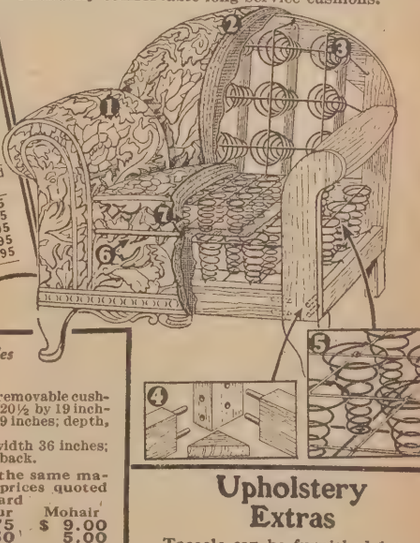
3 Backs filled with many large size, high tempered steel wire coil springs. These rest on and interlock with crossbars securely attached to the hardwood frame. Tops of springs are securely hand-tied with hemp twine.

4 Frames are thoroughly seasoned and kiln-dried hardwood: double doweled, corner blocked, and glued at every joint—not merely nailed. Unusually sturdy frame foundation is assured.

5 Seat Springs, under cushions, are large size coil springs of heavy, high tempered Premier steel spring wire. These rest on and interlock at bottom with steel crossbars securely attached to top edges of hardwood frame. (266 G 1246 set has web bottom construction as explained in its description.) The tops of springs are flexibly interlocked with steel tie wires, thereby giving individual hinge action to each spring. The tops of the outside rows of springs are held with heavy border wire just as is used on the most comfortable box springs.

6 Spring Edges, double stuffed and closely stitched with heavy sheeting over springs, used on all pieces that have removable cushions.

7 Removable Cushions are filled with closely assembled fine steel springs of great strength and resiliency. Tops, bottoms and all sides softly padded with thick layers of new, clean, sanitary felted cotton. Unusually comfortable long service cushions.



Upholstery Extras

Tassels can be furnished for any of our sets at $1 per pair extra. Reverse cushions of fancy lustrous cotton damask in harmonizing colors, can be furnished at $1.50 extra per cushion; colorful tapestry at $2.25 extra per cushion. Outside backs of regular davenports can be covered in same material at $2 extra for Steel Cut Velour, $2.25 extra for Jacquard Velour and $8 extra for Plain or Figured Mohair. Outside backs of davenport beds at $4.50 extra for Steel Cut Velour, $4.75 extra for Jacquard Velour and $10 extra for Mohairs.

These extras may be added to either cash or our easy payment prices.

"The Davenport Makes a Perfect Bed"

Mr. Chas. D. Adams, Route No. 1, Yarmouth, Tenn.

$29.95 Cash Price

Coil Spring Davenport Bed Closed

Coil Spring—Davenport Bed Open

Adds the convenience of an extra bedroom to your home. The handsome coil spring Davenport Bed, easily opened, makes a comfortable bed for two. A real box type spring, conforming to every curve of the body, affords ample restful support. A downy felted cotton mattress adds comfort and warmth.

The 88-coil spring is in two sections. Each contains 44 coil springs. When closed, the back half lowers, the front half making the comfortable seat under the removable spring-filled cushions. Both sections are denim-covered to add warmth and to keep dust from the bedding and mattress folded between them. Mattress included with coil spring davenport beds only. Fabric spring davenport bed pictured on Page 474. Mattresses for these are shown on Page 474.

The Davenport Bed

WARD BILT

$66.50 Cash Price

Your Guests See Your Living Room First

The impression of hospitality and refinement you are so anxious to make depends largely on your furniture. Comfort, style, and quality—the essentials for correct impression—are built into this handsome Suite by craftsmen experienced in building up the interior features so the exterior will retain its beautiful appearance for years. And you will be pleasantly surprised to find that a davenport so dignified can also be so comfortable. Big springs and well padded cushions give you the truly restful comfort necessary for complete relaxation. Rich fabrics with all seams finished with fashionable contrasting black welts and the beautiful brown mahogany finish of the finely carved Birch frame provide the pleasing appearance to be found in all fine furniture. This suite will give your living room a charm and inviting comfort that will delight your guests and make your family enjoy staying at home.

There is elegance in the serpentine front of the davenport frame, the swelled fronts of chairs and rocker, the finely carved top rails and front arm panels—all finished in Antique Brown Mahogany. See details of hidden quality construction on Page 471.

The Coxwell For Comfort

Think of the many long enjoyable evenings you can spend beside the fireplace this coming winter. You can make this cozy spot in your home even more cheerful and comfortable by adding this roomy, low-priced Coxwell. Just the chair to stretch out on and rest—put your feet up on the stool—forget worries and refresh yourself. Ward-Bilt construction throughout, offered in a wide choice of color combinations to harmonize with our overstuffed suites, outside back covered with plain Velour to match. Or you may choose a colorful tapestry (as pictured), in blue, rose, brown and tan combination.

COXWELL. Seat, 22 by 21 inches; built over 9 deep, heavy wire coil springs, comfortably padded with all new and sanitary flax fiber filling, overlaid with thick layers of soft, felted cotton. Edges finished in fashionable contrasting black welts. Back is yielding and restful with its 9 coil springs, which respond gently to the curves of the body. Arms carefully and heavily padded and finished with a decorative fringe which further emphasizes the handsome and pleasing appearance of the chair. Width over all, 29 inches. Height of back from seat, 19 inches. Entire height, 35½ inches.

STOOL in the same choice of coverings to match Coxwell. Top measures 21 by 15 inches. Height, 11 inches. Padded with sanitary flax fiber, select moss and fine, felted cotton. Black welted edge.

See "Estimated Freight Charges" on Page 475. Shipped from Factory near Syracuse, N.Y. Allow two weeks for upholstering.

$5 DOWN and FIVE DOLLARS a Month

Removable Spring Seat

Choice of Chair or Rocker

After you have placed this Rocker in your home, the end of each day will mean relaxation—rest—comfort, for it will always welcome you into its soft cushioned depths. A charming, distinctive rocker. You would ordinarily expect to pay at least twice our price for equal quality and appearance. Wonderfully soft, removable seat contains 63 Marshall coil springs—the superior spring unit—enclosed in heavy muslin and padded with soft felted cotton. Nine large coil springs, securely tied, support the removable seat cushion, imparting additional springiness.

The gracefully shaped high back is filled with resilient coil springs, covered with soft, thick new padding. Inviting arms are softly padded. Frame and rockers are seasoned hardwood, finished Mahogany. Seat cushion is 20 by 19½ inches. Height of back from seat, 23 inches. Shipped set up and crated. See Special Note at bottom of page.

Shipping weight, 105 pounds. See "Estimated Freight Charges" below. Shipped from Stock or Factory near Syracuse, N. Y. When shipped from Factory, allow two weeks for upholstering. For Easy Payments Use Order Blank on Page 725.

I Bought a Rocker from Ward's 35 Years Ago—Still Good

"I bought a Rocker from Ward's in 1892 for $2.98. After thirty-five years the frame is still as good as ever, although we have worn out four rocker seats. Some rocker!"

M. Beyer,
Cuba, Mo.

This letter gives you testimony to Ward's sturdy chairs. Bolted, corner-blocked and glued; the strongest possible construction. Mr. Beyer has enjoyed the comfort of his rocker for about 8 cents a year.

WARD BILT

Rich Cafe au Lait Enamel Finish

Colorful Set for All Year Comfort

Extra Large Size—Loom Woven—Comfortable Flare Arms

Coax sunshine indoors with colorful Fiber Reed. Interior Decorators pronounce it correct in living rooms the year round, for its gay warmth and cheery brightness keep summer in your home all winter long. And you'll find it wonderfully comfortable.

Order this attractive set today. Examine it in your own home. Notice its warm colors, its luxurious comfort, its sturdy construction. If you are not more than pleased, send it back, and we will refund all you have paid, including all freight charges.

One continuous strand of tough fiber is woven over a steel-braced hardwood frame to make a resilient fabric that yields surprising comfort and amazingly long service. Rich Cafe au Lait (coffee cream color) finish, with attractive blue diamond decorations. Spring-filled removable auto-type cushion seats upholstered with high-grade floral art cretonne in harmonizing blue, tan, and cream brown. Its design and construction make this set look better and last longer than many higher priced sets. Large quantity production by one of the world's largest manufacturers brings the lowest price possible for such quality.

DAVENPORT. Three removable auto-type seat cushions, each containing 9 large oil-tempered Premier wire coil springs. Comfortably padded and covered with good quality art cretonne. Entire length, 71 inches; seat, 58 by 22 inches; back 18 inches high from seat.

ARM CHAIR AND ROCKER. Comfortable sloping back 20 inches high from seat. Removable auto-type seat cushion 21 by 21 inches contains 9 large coil springs.

ROUND TOP TABLE. For flowers and books, or for serving refreshments. Well braced 25-inch round top; 28 inches high.

FERNERY. Adds a touch of color to your home. Water-tight galvanized pan. Length, 28 inches; 11 inches wide; 31 inches high. Ferns shown not included.

Each piece crated separately to reach you in perfect condition. See "Estimated Freight Charges" on Page 479. Easy Payment Terms at left.

Any of these pieces may be bought separately. For Easy Payments Use Order Blank on Page 725. Separate pieces sold for cash only.

Cedar Chests Are Treasure Chests

Why Ward-Bilt Cedar Chests Are Better

1 We use only Genuine Tennessee, (or Juniper Flat Leaf) Red Cedar, full of the natural oils, in the building of our chests. The U. S. Department of Agriculture says that this wood contains the only oil that will positively kill the moth larvae which destroys woolens, silks and furs.

2 Our Chests are built by master workmen, who are expert cabinet-makers. The corners are interlocked (as shown above) and glued, guaranteeing permanency of construction.

3 Dust-proof strips on lids protect the contents from dust and dirt.

4 Attractive finishes, either natural red cedar or beautiful walnut with neat overlays. High-grade varnishes and lacquers insure lasting and beautiful surfaces. Tops, dull hand-rubbed.

5 Solid brass hardware used throughout. Heavy, genuine copper trimming on some of the natural finished chests.

6 Only genuine Corbin or Yale locks are used.

7 Each chest designed to harmonize with your furnishings. Will look attractive in any room; the bedroom, dining room, living room or hall as a console, server or seat.

8 A bag of cedar shavings to sprinkle between the clothes, for added protection, is included with every chest.

9 Each is designed for maximum storage space.

10 Durability and beauty but above all, protection at an exceedingly low price. We offer the best Cedar Chest possible at the price.

$26.65

Oversize for Extra Convenience

Many of our customers have asked us for a large size chest with an abundance of storage space. But we have gone a step farther, we offer this extra roomy chest in a design unusually neat and attractive. Has plenty of room to keep bulky objects, such as blankets and comforters protected from the harmful moth larvae. Substantially built of solid genuine Tennessee Red Cedar in pleasing Colonial design, as you will notice from the characteristic oval overlays, rounded lid and scroll feet. Finished natural red cedar with a dull rubbed top. Dust-proof felt strip around inside of lid. Equipped with the well known Corbin lock and key. Easy rolling casters. May be purchased either with or without half length sliding tray.

"Such a Small Sum for So Beautiful a Set"—Writes Mrs. Carl G. Graha of Hillsboro, Ill.

Enduring beauty of a recognized period style and dependable Ward-Bilt construction, combine in this handsome Dining Suite to give you an unusual value.

Rich American Walnut veneers—five-ply table top, also tops and doors of buffet and china cabinet; three-ply fronts and ends; all beautifully hand-rubbed to give that satin luster so desired and so easy to keep looking new. Legs and frames are select hardwood finished to match the walnut.

The overlays of darker walnut, the dark veining, the carved grill in the china cabinet door, and the antiqued silver drawer pulls give this suite a rich elegance. Truly handsome furniture that will make your hospitality more charming and your meals more enjoyable.

BUFFET. Two sizes—48 by 20-inch top with 42 by 6-inch plate mirror, or 60 by 20-inch top with 54 by 6-inch plate mirror. Drawer bottoms three-ply genuine Mahogany veneer. Top drawer full length for linens. One drawer felt lined for silver. Dust-proof bottom keeps your linen fresh and clean. "Faultless" steel casters.

TABLE. Two styles—round and oblong. Both have genuine 5-ply Walnut veneer top; seasoned hardwood legs finished to match; double leg supports in center. Round table 48-inch diameter; oblong table 60 by 45 inches. Noiseless steel floor glides. Shipped taken apart; easily set up. See Asbestos Pads on Page 486.

CHINA CABINET. Glass door. Walnut veneer 3-ply paneled front and sides. Three shelves. Top 40 by 17 inches; 60 inches high. Roomy enough for all your china. "Faultless" steel casters.

CHAIR. Top rail solid Walnut. Back panel genuine Walnut veneer. Post and frame solid hardwood finished to match. Removable slip seat 17 by 14¾ inches. Back 22½ inches high from seat. Upholstered in genuine brown Spanish grain or blue Leather. State leather wanted.

ARM CHAIR. Same as chair except seat 18 by 15½ inch

Many popular modern sets include two comfortable arm chai

You Will Save Many Dollars

Beautiful Overlays and Graceful Turnings

$5.65 Cash Price

The massiveness of this fine old Italian Renaissance design seems to suggest dignified hospitality—friendliness—as well as strength and sturdiness. Truly delightful in effect, and surprisingly inexpensive!

Finished in a rich deep brown, characteristic of American Walnut. Made of kiln-dried, selected hardwood throughout. All door panels, end panels, back panels and drawer bottoms are three-ply construction for added strength; except ends of serving table are solid. Fronts of all pieces are decorated with very effective imitation Burl Walnut overlays. Old English design drawer and door pulls. Casters.

BUFFET. Top, 60 by 20 inches. Height, 40 inches. Two large cupboards; two roomy drawers. Felt lined divided silver tray.

TABLE. Top, 54 by 40 inches. Offered in 6-foot and 8-foot extensions. Shipped taken apart; easily set up.

CHINA CABINET. (Not pictured.) Top 40½ by 15 inches. Height over all, 63 inches. Size of glass in door, 30 by 16 inches. Fitted with two shelves and large drawer at bottom.

SERVING OR RADIO CABINET. (Not illustrated). Top, 36 by 18 inches. Height 35 inches. Cupboard space, 13¾ by 13 by 32 inches. Also makes a handsome radio cabinet, with set on the top and batteries enclosed in the lower part.

CHAIR. Full box seat construction with removable slip seat, 17½ by 15 inches. Height of back from seat, 20½ inches. Upholstered in your choice of Genuine Blue Leather or Figured Tapestry. State upholstery wanted.

ARM CHAIR. Same as chair except seat, 19 by 16 inches.

See "Estimated Freight Charges" on Page 485. Easy Payment Terms on Page 485. For Easy Payments Use Order Blank on Page 725.

Our Finest

A Dignified and Stately Design
Genuine American Walnut in Antique Shaded Finish

Fortunate is the proud hostess who can display this sumptuous ning Room Suite to her guests! Although truly American in design, shows the influence of Old English craftsmanship. Built to high rd-Bilt standards and offered at a tremendous saving of many llars! Five-ply Walnut veneer tops and fronts; three-ply walnut neer ends; balance of seasoned hardwood. This is standard con-uction for high-grade furniture. The fronts are decorated with rdseye Maple overlays, artistic moldings and antique design drawer d door pulls. (See detailed view of buffet door section above.) All ers equipped with metal floor glides. Finished American Walnut in e beautiful antique shaded effect, dull hand rubbed. Notice the tractive heavy double tops on buffet and table. Massive, distinctively rned legs add a handsome finishing touch. The well appointed in-riors are finely finished. Mahogany three-ply veneer drawer bot-ms, fully dovetailed drawer sides, easy running and dust-proof roughout. These details are found only in better grade sets. You ll enjoy the unusually large and attractive chairs.

Easy Payment Terms below. For Easy Payments Use Order ank on Page 725. See "Estimated Freight Charges" on Page 486. ipped from Stock in our Baltimore Store, saving you freight.

BUFFET. Conveniently roomy. Extra deep center drawers; top drawer has divided silver tray with felt lined bottom. Two spacious cupboards. Dust-proof construction throughout. Top, 66 by 22 inches. Height over all, 45 ins.

EXTENSION TABLE. Oblong, generously large, with cut-off corners. Massive legs joined by ornamental stretchers for additional strength. Size of top, 60 by 45 inches. Made in two sizes—extending to 6 or 8 feet. Protective Asbestos Table Pads listed on Page 487.

CHINA CABINET. Beautiful ornamental wood grill in Solid Walnut door. Two shelves adjustable to any height. Large full width dust-proof linen drawer. Top, 42 by 17 inches; 65 inches high.

SERVING OR RADIO CABINET. Convenient for serving and for extra linen, china, and silver; double doors for easy access. Handy also as radio cabinet, the set on top, batteries below. Top, 38 by 18 inches; 38 inches high.

Very Attractive and Serviceable

Your dining room can be charming, hospitable and attractively furnished, at low cost—Ward's shows you how. This well designed set offers a substantial saving while its sturdy construction assures you a worthwhile investment for years! Genuine Walnut veneers are enhanced by Maple overlays, finished in semi-gloss American Walnut—a velvet-smooth, rich-appearing finish.

Five-ply Walnut veneer tops and doors, three-ply fronts and ends. Posts, frames and rails are solid hardwood finished to match. Drawers are dovetailed front and back; have three-ply bottoms and are well finished inside. The new style chairs are well made of hardwood, with turned spindles, fluted back posts, and ornamented back rails. Handsome upholstery in your choice of Blue Genuine Leather or attractive Tapestry on the removable slip seats. Chairs have metal glides. All other pieces equipped with "Faultless" steel casters.

66-INCH BUFFET. Top, 66 by 22 inches; 43 inches high. Two drawers for silver and linen; two side cupboards.

60-INCH BUFFET. Same as 66-inch, except top 60 by 20 inches.

EXTENSION TABLE. Top 54 by 45 inches. Choice of 6 or 8-foot extension. Notice the six sturdy legs.

CHINA CABINET. Top 38 by 16 inches; 63 inches high. Roomy cupboard with 2 shelves. Glass door, with attractive wood grill.

Asbestos Pads to Protect Your Handsome New Table Top Shown on Page 487

SERVER OR RADIO CABINET. Useful for extra linen and silver; or, as a radio cabinet, holds your radio on top, batteries in cupboard below. Top 34 by 18 inches; 38 inches high.

CHAIR AND ARM CHAIR. Hardwood finished to match walnut. Removable slip seat covered in blue Genuine Leather or Tapestry. State covering wanted. Chair seat, 17½ by 15 inches; arm chair, 19 by 17 inches. Backs 17¾ inches high from seats.

Low Priced Genuine Walnut Veneer Tudor Set

Superior to many sets selling for much more than our low price. One of the most popular designs we have ever offered. Will give long service and add handsomely to the appearance of your dining room. Tops and buffet doors are beautiful 5-ply Walnut veneer. Drawer fronts, panels and ends are three-ply Walnut veneer. Balance, hardwood finished to match. Buffet drawers dovetailed construction with three-ply bottoms. Straw colored vein lines and oxidized metal pulls on buffet. Upper drawer fitted with compartments for silverware. Table is made in two sizes, extending to either 6 or 8 feet. China cabinet has large glass door with attractive wood grill and two adjustable wood shelves, grooved at the back so that plates may be set on edge. The sturdy hardwood chairs, finished Walnut, have removable slip seats covered in either genuine blue leather or tapestry with neat small figures—both highly desirable coverings.

BUFFET. Has finished interior. Dust-proof bottoms. Top, 60 by 20 inches. Two drawers for silverware and linens. Two side cupboards. Casters.

TABLE. Top, 54 by 42 inches. Fancy corners. Six sturdy legs. Shipped taken apart; easily set up. Casters.

CHINA CABINET. Top, 36 by 15 inches; entire height, 62 inches.

CHAIRS. Have rounded tops and attractively shaped back panel; back posts securely bolted to seat. Removable slip seats, 16½ by 14½ inches. Height of back from seat, 21 inches. Choice of Blue Genuine Leather or colorful Tapestry. State upholstery wanted.

ARM CHAIR. Same as above chairs, except seat is 18 by 15 inches and height of back from seat is 21½ inches.

Attractive Solid Oak Dinette or Breakfast Set

Extremely popular because it combines the style and utility of a larger set with a light compactness that makes it a perfect choice for the smaller room; beautifully designed to create an atmosphere of spaciousness. Gaily decorated in enamels—ever so attractive—yet priced lower than most breakfast sets.

Extended, the table will seat 6 people comfortably, yet when closed, it occupies very little space. Made of solid Oak, with five-ply tops on table and buffet for extra strength. Steel braces on the corners of table and chairs. Genuine leather removable slip seats on chairs, in attractive colors, add to the appearance. Finished with famous "Glidden" lacquer, insuring a lasting finish, heat-proof and water-proof. Table top, closed, 32 by 44 inches; extended, 32 by 64 inches. Shaped edges and turned legs. Two 10-inch leaves concealed beneath the top. Equipped with patented easy sliding extension and close fitting lock. Buffet, with 48 by 18-inch top, has cupboards and two drawers, one equippped with sliding silver tray. Chair seats, 15¼ by 14 inches. Height of back from seat, 18½ inches. Finished in either Silver Gray with ivory vines and red decorations or Nut Brown with red vein lines and gray decorations. Silver gray chairs have blue leather seats, Nut brown have red leather seats.

See "Estimated Freight Charges" at right. A Stock in our Baltimore Store Insures Prompt Shipment.

Protect Your Dining Table Top

Asbestos Pads—Every One Guaranteed

You can always be proud of your table if the top is protected at meal time from heat, liquids, and marring. The two excellent pads, below, we offer at prices decidedly attractive. If size of pad or leaves wanted is not listed use price of next larger size.

All pads and leaves are made up to your specifications—allow about one week for shipment after order reaches us. We positively guarantee every table pad in every way and will cheerfully refund your money if you are not entirely satisfied.

How to Order Asbestos Table Pads

For oblong or square table top (without cut or round corners) or perfectly round tops it is only necessary to give us the size of top with leaves removed. For oblong or square table tops having rounded or cut corners a one-piece paper pattern should be sent (with your name and address written thereon), showing exact shape and size of top with all leaves removed. If more than one piece of paper is used, please glue (do not pin or sew) together before cutting pattern. If your table top has beveled, shaped or sloped edges, make measurements or patterns from upper edges of bevel.

Our Finest Quality Double Duty Pad

266 G 3392—Our best pad is made with two layers of heavy insulating wool felt and one layer of asbestos felt. Edges are turned in and stitched making a nice smooth surface. Hinged so that sections fold compactly. One side is covered with a special, white rubberized cloth, water-proof and washable, easily kept clean and sanitary; the other side covered with good grade green flannel—an excellent protector for your table top when used for sewing, games or cards. No more marring or scratching your fine table top.

Special Service Pad

266 G 3390—Our lowest priced pad, made with two layers of heavy insulating wool felt and one layer of asbestos felt with white flannel covering on top and bottom. Hinged so that sections fold compactly. Pads of this price usually have a taped edge; but our Special Service Pad has a turned in and stitched edge the same as found on the highest grade pads made. All Leaves and Pads shipped from Factory near Chicago.

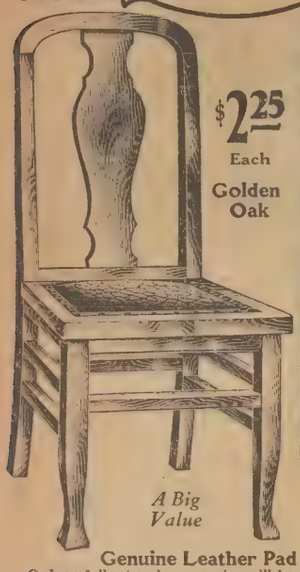
WARD BILT Quality — Thrifty Buyers Come to Ward's for Sturdy Chair



$2.25 Each
Golden Oak

A Big Value

One-Third Stronger

Intensive tests and experiments have proved that fact about Ward-Bilt Chairs! Side by side with chairs of ordinary construction they were placed under the Riehle Tensile Strength Machine, the most accurate tester of its kind. Pressure was exerted on the back (as pictured) until the chair broke under the intense strain. It took 342 pounds of pressure to crack a Ward-Bilt chair, while chairs of ordinary construction broke at 244 pounds. Much more severe than the conditions to which a chair would be subjected in ordinary use, it showed the greater value of the following features which Ward-Bilt Chairs possess:

1. Back posts securely bolted to seat frames, giving maximum strength where needed. (See picture below at left.)

2. Front and back posts double doweled. Frame cannot become loose and shaky. (See picture below at right.)

3. Double side stretchers, wherever the design permits.

4. Steam bent back posts, full box seats, make them more durable and insure long strenuous service.

5. Corner blocks, glued and screwed into corners of seat frames for greater rigidity.

Picture at left shows how strong steel bolts securely hold back posts to the box seat frame.

At right you see double doweling which joins front and back posts to the full box seats.

Beautiful Burl Walnut Fronts

Our Finest—Newest Style Bedroom Suite

Handsome Huguenot Finish

What an air of quiet répose, what a welcome to refreshing sleep, greets you in a bedroom furnished with this charming Suite! The rich lines, the harmony of good design, and the lustrous finish are impressively handsome. The Genuine Walnut veneers maintain their beauty for the whole long life of the suite. And the cost is surprisingly low for this truly fine furniture.

The latest style is shown in the straight returns instead of bow ends on the bed, and the extra drawers on top of the chest. Tudor influence is clearly shown in the legs, and the scrolled maple ornaments and overlays are a rich heritage from later English designers. There is elegance, too, in the quartered Sycamore molded fronts on top drawers; the molded bottom rails; the five-ply burl walnut fronts on all pieces and bed ends; and the handsome **Huguenot** (rich brown) shaded and carefully hand-rubbed finish.

Beautifully grained five-ply **Walnut veneer** tops; three-ply ends. Hardwood cores in tops, framed in by end binders for strength. Select hardwood posts, frames, and rails finished to match. The drawers are dovetailed both front and back and have three-ply **Genuine Mahogany** bottoms. Dust-proof partitions under top and bottom drawers. Genuine plate glass mirrors used throughout. Back legs are turned and fluted as nicely as front legs—a mark of high-grade furniture. Old English pulls give a finishing touch. "Faultless" pivot bearing steel casters on all large pieces.

Order the suite today—on Easy Payments if you like—for trial in your own home. You will admire its beauty, its splendid workmanship, and you will be pleased with the saving you will make.

Queen Anne Period Suite—Walnut Veneer

All the grace of the charming early Eighteenth Century appears in this Queen Anne Period Suite with its cabriole legs, strong and well proportioned; sweeping curves of the mirror moldings and top of bed ends; scrolled overlays of shaded maple; and the rosebud and leaf decoration cut into the mirrors.

Tops and bed ends are five-ply Genuine Walnut veneer, fronts and ends of other pieces are three-ply. Veneer is made in layers, or "plies," with the grain running at right angles in laminated (alternating) plies. This construction means greater strength and prevents warping or splitting. Veneers are made from logs selected for beauty of grain—a beauty not possible in solid wood.

American Walnut finish—hand rubbed to a soft lustre to bring out all the dark beauty of the walnut grain. Rails, posts, and frames are Hardwood finished to match the walnut. Drawers are dovetailed front and back and well finished inside. Dust-proof bottoms in dressers, vanity, and chifforobe keep your finery dainty. Strong three-ply fronts. Metal pulls. Sparkling mirrors of Genuine Plate Glass are extra large. Large pieces have "ballbearingless" pivot-bearing metal casters. Small pieces have metal glides. An elegant suite, yet moderately in good taste; graceful, yet sturdily built. Priced very low, it represents a substantial saving from usual prices for such fine furniture!

BOW END BED. Head end, 48½ inches high; foot end, 31½ inches. Wood side rails. 54-inch (full size) only. Witliff bed brace. Spring and mattress not included but may be bought on Easy Payments with suites. See top of Page 494.

48-INCH DRESSER. Top, 48 by 22 inches. Extra large adjustable plate mirror, 36 by 28 inches. Five roomy drawers.

42-INCH DRESSER. Top, 42 by 20 inches. Mirror, 30 by 26 inches. Two full length and two smaller top drawers.

VANITY DRESSER. Base, 48 by 18 inches. Its convenient mirrors help you look your best. Long center plate mirror, 44 by 18 inches, gives full length view. Swinging side mirrors each 28 by 10 inches have 3-ply wood backs.

All pieces sold separately if desired. Chair, Rocker, Bench and Night Table sold separately for cash only. Not considered extra pieces when figuring easy payment terms. See "Estimated Freight Charges" on Page 494. Now shipped from our Baltimore Store. See Easy Payment Terms on Page 493. Use Easy Payment Order Blank on Page 725.

CHIFFOROBE. Top, 38 by 20 inches; 59 inches high. Divided at center into two compartments: One full length wardrobe section with sliding metal hanger bar and three hangers; other with hat box at top, three trays and shoe bin at bottom. Very convenient anywhere; a necessity where there are no closets.

CHAIR AND ROCKER. Back, 20 inches high from slip seat, 18 by 15 inches, covered with dainty black and gold tapestry.

BENCH. Seat, 20 by 15 inches. Upholstered with black and gold tapestry. Height of seat from floor, 18 inches. Used with vanity.

NIGHT TABLE. Top, 17 by 14 inches; 28 inches high. Has handy drawer and shelf. Used at bedside or to hold lamp

Quaint Four-Poster

Traditional Early American Design

Huguenot Finish—Attractive Floral Decorations

Here's a suggestion of the Puritan simplicity of the Pilgrim fathers in this dignified Early American set. The traditional four-poster and the pleasing lines of the other pieces create a quaint charm that is restful and inviting. Your bedroom can be harmoniously furnished with the whole set at little expense!

Genuine Walnut veneer five-ply tops and bed ends, three-ply fronts and ends of other pieces—finished Huguenot, a rich brown, with two-tone shading and attractive floral decorations. Frames, posts, and rails selected Hardwood finished to match. Drawers well made. Artistically molded edges, rails, and mirror frames. Wood knobs in the Early American style. Casters. A happy choice for the young couple furnishing their first home.

FOUR-POSTER BED. Head posts, 60 inches high; foot, 51 inches with casters. Witliff brace keeps bed rigid. Width, 54-inch (full size) only.

Bow End Bed. Head end, 51 inches high; foot end, 33 inches, with casters. Wood side rails. Witliff bed brace. Width, 54-inch (full size) only. Spring and mattress not included with either bed but may be bought on easy payments with suites. See top of Page 494.

48-INCH DRESSER. Top, 48 by 20 inches. Adjustable plate mirror, 32 by 26 inches. Roomy drawers.

45-INCH DRESSER. Top, 45 by 20 inches; mirror, 30 by 24 inches. Convenient guest room size.

VANITY DRESSER. Base, 46 by 18 inches. Long center plate mirror, 46 by 16 inches, gives full length view. Swinging side plate mirrors, each 28 by 10 inches, give side and back views.

CHEST OF DRAWERS. Top, 32 by 19 inches; 53 inches high. Five roomy convenient drawers.

CHIFFOROBE. (Not shown.) Top, 38x20 inches; 50 inches high. Divided into two compartments: One full length wardrobe section has pull-out hanger bar and two hangers; other section has hat box, three sliding trays, and shoe bin at bottom.

For Chair, Rocker, and Bench see top of Page 490. Any piece sold separately for cash or easy payments. See "Estimated Freight Charges" on Page 494. Shipped from Stock at Our Baltimore Store.

40-Inch Dresser Vanity Dresser Chest of Drawers and Bed

Wins Widespread Popularity

With Its Distinctive Design and Sturdy Construction

The simple charm of Early American furniture lies in the graceful lines of this handsome Suite. There's a suggestion of quiet dignity in the lustrous dark finish, enhanced by the delicately shaded maple overlays and the fine vein lines. A truly beautiful suite, and one which offers you a substantial saving at no sacrifice of quality.

Genuine Walnut veneer is used for strength and beauty: five-ply tops on dressers, vanity, chest, chifforobe, and head and foot of bed: seven-ply bed bows; three-ply fronts and ends on all pieces. Dresser and chest top drawers are full width to display the beauty of their striped Walnut fronts, and have three-ply Genuine Mahogany veneer bottoms. A dividing partition gives them the convenience of two drawers. Other drawer bottoms are three-ply hardwood. Dust-proof bottoms on chest, vanity, and chifforobe keep your clothing clean.

Ward-Bilt construction guarantees long service. Frames, rails, and posts are solid Hardwood finished to match walnut. Genuine plate glass mirrors. Casters on all pieces except chairs and bench which are equipped with metal glides. Antiqued hardware.

Roomier, Stronger Chifforobes

Chifforobes should have the following construction features to give complete satisfaction. Before buying, compare Ward's superior chifforobes with others—better quality cannot be made at these low prices.

1 Wardrobe space, full 55 inches high, inside. Overcoats and dresses do not touch the bottom. Others do not usually have this extra inside height.

2 Drawers, larger and deeper—13⅛ inches wide, 15¼ inches long and 5⅞ inches deep.

3 Two drawer guides under every drawer, mortised, glued and solidly nailed.

4 Full framed, rigid base, grooved, mortised and glued, with frame extra wide at each end to fully support legs. Most others are much weaker having only a thin, nailed-on molding.

5 Solid, molded edge tops well finished with varnish, the same as dresser tops. Most others have thin three-ply panel tops with nailed-on molding edges.

6 Finished the same as all high-grade furniture—sanded smooth, stained, filled, shellacked, then two coats of high-grade varnish are applied.

Cedar Linings Offered in Wardrobes

Cedar lining may be had in Dressorobe 166 G 6865 and 166 G 6866 pictured at right at a slight additional charge. We recommend these linings as protection for your clothes from moths.

Extra High and Deep

Better Day Beds — A Distinctive Addition to Any Home

$31.95 Cash Price Complete

110 Coils Give Added Comfort

Our Best Automatic Coil Spring Day Bed

Most attractive and wonderfully convenient in any home! You need one for unexpected overnight guests; makes your living room an extra bedroom without disarranging your furniture. Finished in hand grained American Walnut, with floral decorated ends. Easily opens into a full size bed; one motion opens it to the full width—no rumpled rugs or marred floors. Has adjustable head rest and storage space for bedding. The extra heavy 35-pound all cotton mattress is button tufted and has firm roll edges; hinged for opening.

The 110 deep, resilient, oil-tempered Premier wire coil springs, securely mounted on a strong steel frame, make a full size bed 74 by 52 inches, when open. Size closed, 74 by 27 inches. Continuous round pillars of 1⅛-inch steel tubing. Filling rods ⅜-inch round; bottom cross rods, ⅝ inch round. Solid steel panel, 9 inches wide with two 4-inch steel cane panels on each side. Length over all, 78 inches. Height of ends, 29 inches. Mattress covering and valance of long wearing, dainty art denim. See picture and description of coil springs at right. Shipping weight, 145 pounds.

$5 Down and Five Dollars a Month
Puts Either Automatic Coil Spring Day Bed Into Your Home

The Latest in Day Beds

110 Deep Resilient Coil Springs

THESE two Day Beds will fulfill your every requirement. They will stand the test of long service. Day and night usefulness—style for any room in the home—value such as Ward's always gives and last, but most important of all, solid comfort day and night on 110 coil springs—comfort that no other type of spring can give. There is room inside for bedding when closed, too. And it is easily spread to a full width bed—a child can do it. Because one section raises over the other (see small picture above) your floors are not marred nor your rugs rumpled. For real comfort I recommend either of these two coil spring day beds. Our Easy Payment Terms of only $5 with your order and $5 a month is further inducement to buy the best."

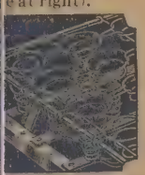
Vast Bed Sales Make These Low Prices Possible

Money Back Guarantee Assures Satisfaction

Quality and Comfort at Low Cost

You will find Metal Beds in some of America's finest homes. They are attractive, sanitary, convenient and comfortable. You can have beds in charming designs with either hand grained finishes that match accurately Genuine Walnut or Golden Oak or in Ivory enamel which matches almost any color scheme or style of interior decorating. Will not mar or chip. Sanitary, easily washed as a china plate; light in weight, easily moved about for cleaning or when making up; made throughout of seamless steel tubing, all joints electrically spot welded to insure strength and durability. They are made without separate side rails; the sturdy side rails of the springs forming the side rails for the beds.

You may choose either the coil spring (see picture at left), or the link fabric spring (see picture at right).

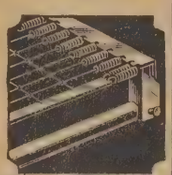


The Coil Spring

Ninety deep coils of real comfort. Well made and supported at bottom by angle steel side rails that also form rails of bed. Heavy border wire. Made by one of the world's greatest bed manufacturers.

Link Fabric Spring

Fabric sleeping surface made very comfortable by 60 small helical coil springs at ends. Edges reinforced with 1¼-inch steel bands to prevent sagging. Sleeping surface elevated 6 inches above oval side rails.



Decorated Steel Panels

The longer you have this Bed the more you will appreciate its wonderful value. It will give years and years of comfortable service and will always look like new. The beautiful brown enamel finish can be easily washed with soap and water, always remaining clean and sanitary. No need to worry about hard treatment as the finish will neither mar or scratch. Just the bed for the children, for guest room or your own room. Will fit in well with any type of furnishings.

You may have either a Link Fabric or Coil Spring. Read the description of the Springs above. Two-inch continuous seamless steel main posts, 11 inch round filling rods, bottom and top rods, 1⅛ inch in diameter. Attractive, floral decorated solid steel panel in head and foot end, 8¾ inches wide. Height of head end, 50 inches; foot end, 34 inches including casters. Inside length, 76 inches. WIDTH: 54 inches (full size) only.

Why You Should Buy Ward's Quality Steel Beds

All of our Steel Beds are made by one of the world's largest manufacturers, whose high quality products are well known and advertised the country over.

We want you to compare their full standard measurements with others before you buy.

No better beds are offered elsewhere. They will harmonize beautifully with practically any style bedroom furniture. Finishes are baked on in super-heated ovens and will not mar. Light in weight, yet they are very sturdy.

WIDTHS: 39, 48 and 54 inches. State width want Read "How to Order" below.

166 G 5401—For straight end wood or metal beds. Each..... **$13.**
166 G 5402—For bow end wood or metal beds. Each..... **14.**

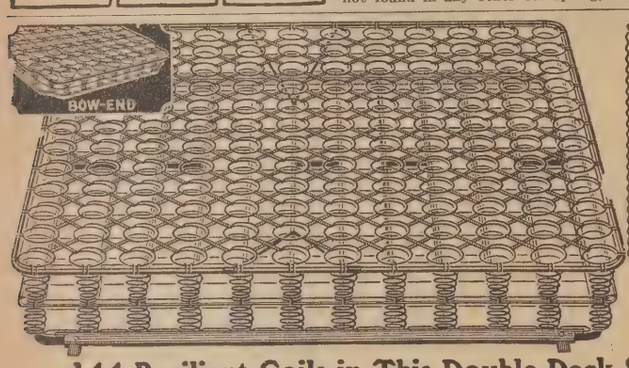
Small helical coil springs with noiseless center plate, hold the large coil springs in position.

Large coil springs firmly held to extra heavy border wire with special metal clips.

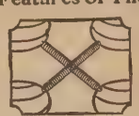
Heavy double trussed side supports absolutely prevent sagging or breaking down.

Designed for Perfect Sleep and Rest

You sleep on 99 triple cone, oil-tempered, Premier wire coil springs, 8 inches deep, held in place by 320 small helical coil springs which evenly distribute the weight of your body. The special metal plate, joining each group of four, eliminates all noise, assuring absolute quiet. Extra heavy ⅜-inch border wire holds large border coils firmly by means of metal clips. A center border wire frame connects every large coil spring crosswise and lengthwise at their centers. Four, new design, vertical stabilizers prevent all sidesway. The double truss steel bottom, an exclusive and desirable feature not found in any other coil spring, forms the most solid foundation known.



Features of These Two Springs



Picture shows the small resilient helical coil springs that hold the top of each large coil spring.

The above Picture shows the fine triple coil type springs used in these double-deck bed springs.

$10.98

144 Resilient Coils in This Double Deck Spring

In the construction of this double deck spring we have used slightly lighter oil-tempered Premier spring wire than that used in our Ward-Bilt spring pictured at the top of this page. In order to get the 45 extra springs in the same space we have also had to make them slightly smaller in diameter. Height of springs about 7½ inches. Angle steel side supports, flat steel bottom supports; crosswise and lengthwise ties through the center keep the springs upright and prevent sagging. Stabilizer rods connecting both sides with the base absolutely prevent sidesway. The 242 interlocking small helical coil springs tie the large coils together across the top and provide a smooth, yielding, sleeping surface. Adjustable sliding devices permit it to be used on either steel or wood beds. Finished in washable Gray Enamel. Shipping weights, 39-inch, 80 pounds; 48-inch, 85 pounds; 54-inch, 95 pounds. Estimated Total Freight Charges for 150 miles, 98¢; 300 miles, $1.28; 500 miles, $1.74.

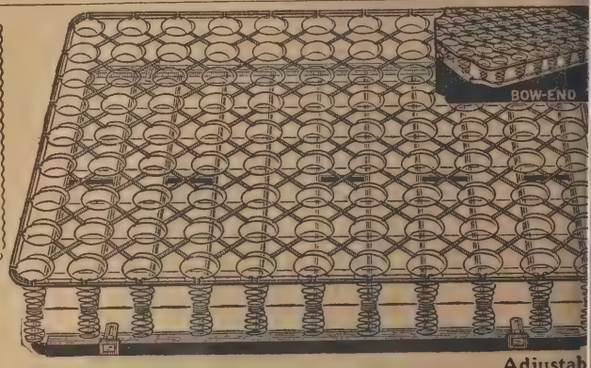
$9.45

Comfortable Helical Coil Spring Top



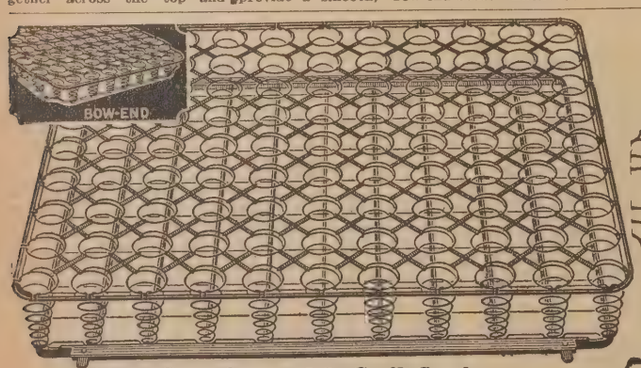
99-Coil Double Deck Spring

Adjustab Side Brack

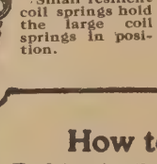
Our lowest priced Double Deck Spring with a yielding helical coil spring top. We recommend this spring over any listed below for added comfort and service. A spring of equal quality usually sells for at least one-third more elsewhere.
Has 99 double cone coil springs, 8 inches deep and made of oil-tempered Premier wire; 160 small helical springs cross tied at the top, and the heavy border wire to which the outer coils are clipped, keep the spring in shape and distribute the weight over the entire surface. The large spiral springs are tied crosswise and lengthwise through the center to keep them upright and securely anchored to steel crossbar base. Has angle steel side ports. Adjustable side brackets permit the s to be used on either wood or metal beds. Fini Gray Enamel. Shipping weights, 39-inch pounds; 48-inch, 67 pounds; 54-inch, 74 pounds

WIDTHS: 39, 48 or 54 inches. State w wanted. Read "How to Order" below.

166 G 5489—For straight end wood or metal beds. Each..... **$9.**
166 G 5490—For bow end wood or metal beds. Each..... **9.**

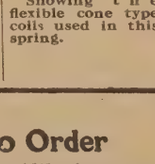


$7.25

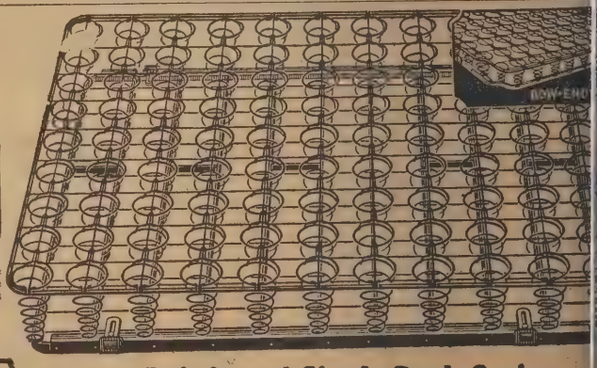


Small resilient coil springs hold the large coil springs in position.

$5.95



Showing the flexible cone type coils used in this spring.



Non-Sagging—99-Coil Spring

This bargain Spring has full flexibility because of the small helical coil springs which hold the top of the large supporting coil springs in position. There are 160 of the small helical coil springs and 99 of the large, oil-tempered, Premier wire coil springs. Strong border wire 3/16-inch in diameter makes a firm, rigid edge. Eleven 1-inch steel crossbars support the bottom of the spring. Angle steel side frame, 1⅜ by ⅞-inch, gives a firm foundation. Adjustable sliding devices permit the spring to be used on either wood or metal beds. Finished in Gray Enamel. Shipping weights: 39-inch, 50 pounds; 48-inch, 57 pounds, 54-inch, 60 pounds.

WIDTHS: 39, 48, or 54 inches. State width wanted. Read "How to Order" at right.

166 G 5451—For straight end wood or metal beds. Each..... **$7.25**
166 G 5452—For bow end wood or metal beds. Each.... **7.75**

How to Order

To determine the width of springs for metal beds, measure from outside edge of one side rail to the outside edge of other side rail. This same measurement applies to wood beds that have metal side rails.
To find the width of springs for wood beds with wood side rails, measure the length of one of the cross slats.
All our springs are standard length to fit beds 76 inches long, inside measurement. Springs can be furnished only in sizes specified.

General Ordering Information on Page 342

Reinforced Single Deck Spring

This low priced Spring has 99 large coils of heavy oil-tempered Premier wire. Supported at bottom with steel trusses; angle steel side supports, every spring securely cross-tied at top. Service—Durability—Comfort

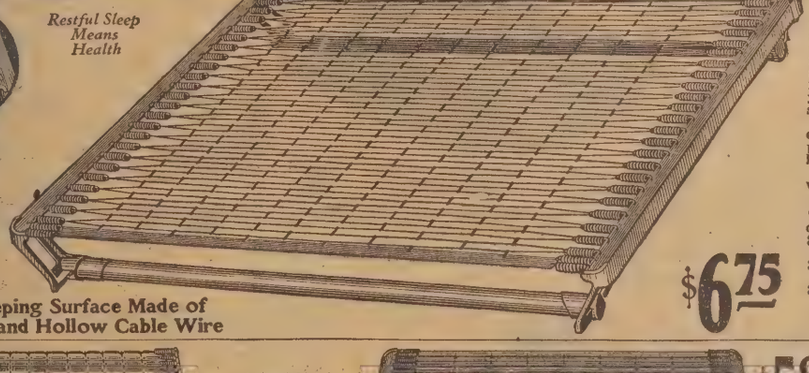
uble Shank Corner Side Rail

Helical End Coils for Comfort

Restful Sleep Means Health

Construction of Bow End Spring for Bow End Beds



Sleeping Surface Made of 7-Strand Hollow Cable Wire

$6.75

The Spring That Will Not Sag

Far superior to the average cable fabric spring offered elsewhere at this price. The sag-proof construction of this Bed Spring insures long and satisfactory service. The 54 small helical coil springs hold the sleeping surface firmly to the steel ends, equalizing the weight. Steel side bands fastened at ends with two helical coil springs prevent sagging. The sleeping surface, elevated 6 inches above oval side rails, is of hollow cable fabric made of seven strands of twisted steel wire, more comfortable and yielding than solid single wires. Cables are clipped together to prevent spreading.

Heavy side rails of 1 5/16-inch oval tubing connected to the angle steel ends by malleable iron corner castings having double shanks (see small picture), make the frame exceptionally strong and rigid, and guarantee long service. All corners rounded to prevent tearing of bedding.

Finished in attractive French Gray Enamel, baked on. Shipping wts.: About 48, 52 and 55 pounds. Read "How to Order" on Page 500.

WIDTHS: 39, 48 and 54 inches. State width wanted.

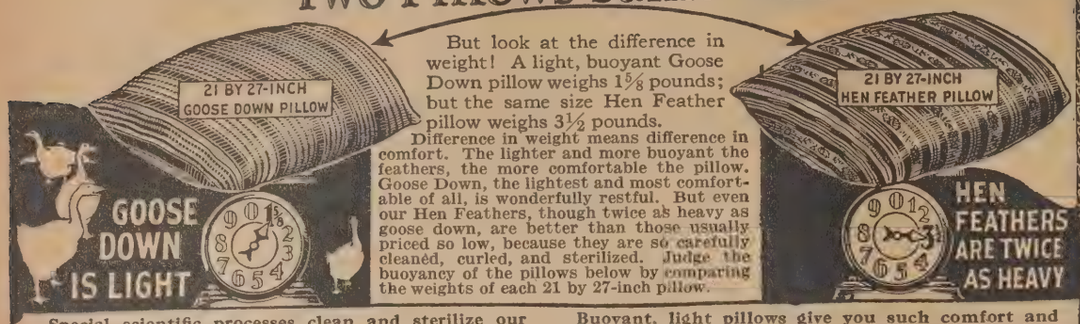
The Pillow That's Right Is Fluffy and Light

Better! And You Save One-Third

Two Pillows Same Size



But look at the difference in weight! A light, buoyant Goose Down pillow weighs 1⅝ pounds; but the same size Hen Feather pillow weighs 3½ pounds. Difference in weight means difference in comfort. The lighter and more buoyant the feathers, the more comfortable the pillow. Goose Down, the lightest and most comfortable of all, is wonderfully restful. But even our Hen Feathers, though twice as heavy as goose down, are better than those usually priced so low, because they are so carefully cleaned, curled, and sterilized. Judge the buoyancy of the pillows below by comparing the weights of each 21 by 27-inch pillow.

Special scientific processes clean and sterilize our feathers. Quick drying by powerful fans curls them. An air blast removes loose quills, pin feathers, and "scales", leaving them light, fluffy, and downy. All feathers used are fresh, dry picked, unscalded. They are thoroughly tested for cleanliness, odor and lightness, then air blown into fine high quality tickings, to assure you the finest possible pillows for your money.

Buoyant, light pillows give you such comfort and healthful rest that it is wise to renew all your pillows occasionally.

Our pillows and bulk feathers comply with sanitary bedding laws of all states. For shipping weights add 2 pounds 8 ounces to actual weights, except when ordered with other goods, when no weight for packing need be added to actual weight.

Pure Down Goose and Duck Mixture

Imported Ticking

Our Finest Pillow

Marvelously comfortable and buoyant—40 per cent choicest fluffy white Goose Down, and 60 per cent prime select Duck Down—lofty, springy, light. Air blown into fine imported blue and white striped linen finish down-proof ticking, tightly woven, carefully sewed, and matched at the seams.

One Pound of Goose Feathers

One Pound of Hen Feathers

Added life and buoyancy come from adding new feathers to your old pillows. As the illustration above shows, goose feathers are by far the lightest, giving more buoyancy, more downy fluffiness. Goose quill are finer with a more downy texture to the feathers. Due to their remarkable lightness it takes only about half the ordinary weight to fill a pillow just as full. This means more comfort.

The difference in weight when buying bulk feathers means that the better grade feathers cost less than the price indicates, because of the fewer pounds required to fill the same size ticking.

Our Down and Feathers, both in bulk and in pillows, are guaranteed 100 per cent new, sterilized, and odorless. They are unmatched in quality at these low prices. Read information about pillows at left above.

Shipping weight for down and feathers, 8 ounces more than actual weight. Weight of Bag not included in weight of feathers.

Down and Feathers in Bulk

Weight of Bag Not Included in Weight of Feathers

Pure All White Down

One-have choice, extra fancy Goose Down and one-half select fluffy white Hen Down. Very finest quality all snow white. Their lightness and fluffiness make them especially desirable for use in pillows. Because of the fluffiness of the down a smaller quantity is needed. We recommend it for those who want an exceptionally high quality mixture.

Heavy Truck Failed to Harm It

What would any other mattress look like after a fac ory truck had passed over it many times each day for a week? This one was as buoyant as new after this severe test. Its special springs have withstood 800,000 compressions without losing their buoyancy.

The Mattress That Will Never Grow Old

Will Not Stretch—Will Not Sag—Buoyancy Always

Ward's offers you a Mattress distinctively new and different, both in appearance and construction. The remarkable resiliency of this mattress is made possible by the specially constructed spring, shaped and rounded, and laid into each separate cushion, formed by the tufts. When compressed and then released, no matter how often, the cushion will spring back to its original fullness and shape. That means buoyancy and comfort for years to come. Read at right the severe test this mattress has been given.

The construction itself is made of tough, durable piano wire and consists of forty separate cantilever type spring units, each 8 inches in diameter. It has elasticity, strength and great lightness. With these springs, the mattress is just as thick as the usual 50-pound all cotton mattress, yet weighs several pounds less.

The springs are covered on top and bottom with heavy muslin. Over this muslin and on all sides are layers of new, fluffy, all-felted cotton, to form a restful, buoyant sleeping surface.

Absolutely will not stretch or sag. Lighter than the usual mattress; more easily handled. Can be rolled up without harm.

The ticking is an extra heavy, durable genuine sateen, with attractive floral art design. Neatly and firmly double-stitched roll edges and uniformly tufted. Exceptionally well tailored. Side handles for easy turning. Packed and wrapped to reach you in clean and sanitary condition. Shipping weight, 5 pounds more than actual weight. Made to fit either straight end or bow end wood or metal beds.

Four Rows Side Stitch

Our Best Japara Kapok Mattres

Inner-Strap Constructio

Extra Thickness Means Greater Com

Those who already know the softly supporting c fort of the usual kapok mattress will find this E Filled Genuine Japara Kapok Mattress even more delig Fully 10 per cent heavier than most other Kapok mattresse is covered with an attractive, good grade floral art sateen t ing. Deep, uniform tufting assures a permanently smooth even surface. Sides are made firm with four rows of side st ing. Heavy, double stitched Imperial roll edges give the touch of fine tailoring. (Read inner-strap construction fea at left.) Kapok is an ideal mattress filling, as it will not ab moisture. For this reason it is recommended for localities a great amount of moisture in the air. Being a vegetable proc it is not attacked by vermin. Its original fluffiness, the s of its great comfort, can always be restored by occasional air in the sun. Four handles sewed on sides make turning Carefully wrapped for sanitary shipment. Shipping weig pounds more than actual weight.

Exclusive Inner-Strap Construction

These Mattresses are made so the filling materials cannot spread, and will therefore give more comfort for a longer period of time. This we successfully accomplished with our exclusive patented Inner-Strap construction—a feature found in no other mattress. Wide reinforcing bands, sewed on inside of ticking at both top and bottom, prevent the mattress from spreading, bulging or widening. We guarantee that these mattresses will not stretch and that they will give more comfort and service than just ordinary mattresses, which usually cost more elsewhere.

Three Ro Side Stitchi

Inner-Straps Increa Its Comfort by Many.

Light Weight Japara Kapok Mattress—Sanitary

Weighs only 30 pounds, but is just as thick as a 50-pound cotton mattress. Kapok, the lightest mattress filling known, gives this added bulk with less weight, a comfort you will appreciate as you feel it gently yielding to every curve of the body.

Only Prime Japara Kapok—the finest imported grade, sometimes called silk floss—is used in this Ward-Bilt Mattress. Vermin-proof and moisture-proof. An occasional airing in the sun will restore its original buoyancy.

The exclusive Inner-Strap construction, combined with Ward-Bilt workmanship, gives you a quality you cannot obtain anywhere else. (See description of our patented construction above at center.) The beautiful floral art drill ticking cover—deeply and evenly tufted—the double stitched Imperial roll edges—the fine tailoring—all these features give you a mattress that is not only more comfortable, but beautiful in appearance as well. Four strap handles sewed on sides make turning easy. Corners are rounded to fit any straight or bow end bed. Carefully packed for shipment. Shipping weight 3 pounds more than actual weight.

Superior Quality Felted Cotton Throughout

One of our best all felted cotton Mattresses. Especially desirable because of Ward's exclusive, patented Inner-Strap construction, which keeps the mattress firm, even and true for many years. (Read of this special construction above at center.) We always recommend our customers to buy the best mattress possible. When you can get as good a mattress as this one—at such low cost—it is not good economy to deprive yourself of the priceless benefits of sound, comfortable sleep. We use only good quality, select materials scientifically cleaned by costly processes, thereby assuring you a thoroughly sanitary mattress.

Made of layer upon layer of clean, new, felted cotton built-in and covered with attractive floral art drill ticking of high quality. Deep, even tufting, three rows of side stitching, and double stitched Imperial roll edges kee mattress even and firm; always giving bed a neat appearance when made up.

Corners are rounded so it will fit any bed. Four strap handles on sides turning easy. Expert workmanship an tailoring give it an appearance you w proud of. Carefully wrapped in paper then burlapped, to reach you in clean, sa condition. Ship. wt. 3 lbs. more than actu

Extra Weight Means Added Comfort

A high-grade, comfortable Mattress of a quality that would cost at least one-third more elsewhere. With its added weight and extra layers of long fiber cotton built-in-where the wear is greatest, you are assured of years of satisfactory service. Every penny you spend in obtaining more comfortable rest will be returned a hundred-fold in increased health, vigor and energy.

Ward-Bilt quality, fine tailoring and 100 per cent pure felted cotton add to its life and comfort. Deep, uniform tufts hold the cotton in place, and the double stitched Imperial roll gives your bed a trim, neat appearance when made up. Four rows of side stitching make a high-grade box edge that will remain firm for years. Strap handles for easy turning. Covered with very attractive, heavy floral art drill ticking. Carefully packed for perfect, sanitary shipment. Shipping weight 3 pounds more than actual weight.

Sliding Dropside

Extra High Sides

$8.45

Ivory Enamel

Equal in quality and appearance, to Cribs priced much higher elsewhere. Extra high sides. Of all steel construction; extra strong for long service. Continuous, seamless steel main posts of ⅞-inch tubing. Twisted galvanized wire link fabric spring held taut by small helical coil springs at each end. One side drops down for added convenience.

Finishes baked-on, either washable Ivory Enamel or a rich Brown Enamel which harmonizes with walnut and mahogany furniture. When ordering a crib, you will find it profitable to choose the larger size; for the slight additional cost you can get a crib that will make a comfortable bed for baby for several years longer than the smaller size. Height of sides from spring, 24 inches; entire height of ends, 47½ inches. Easy rolling steel casters. For mattress see bottom of opposite page.

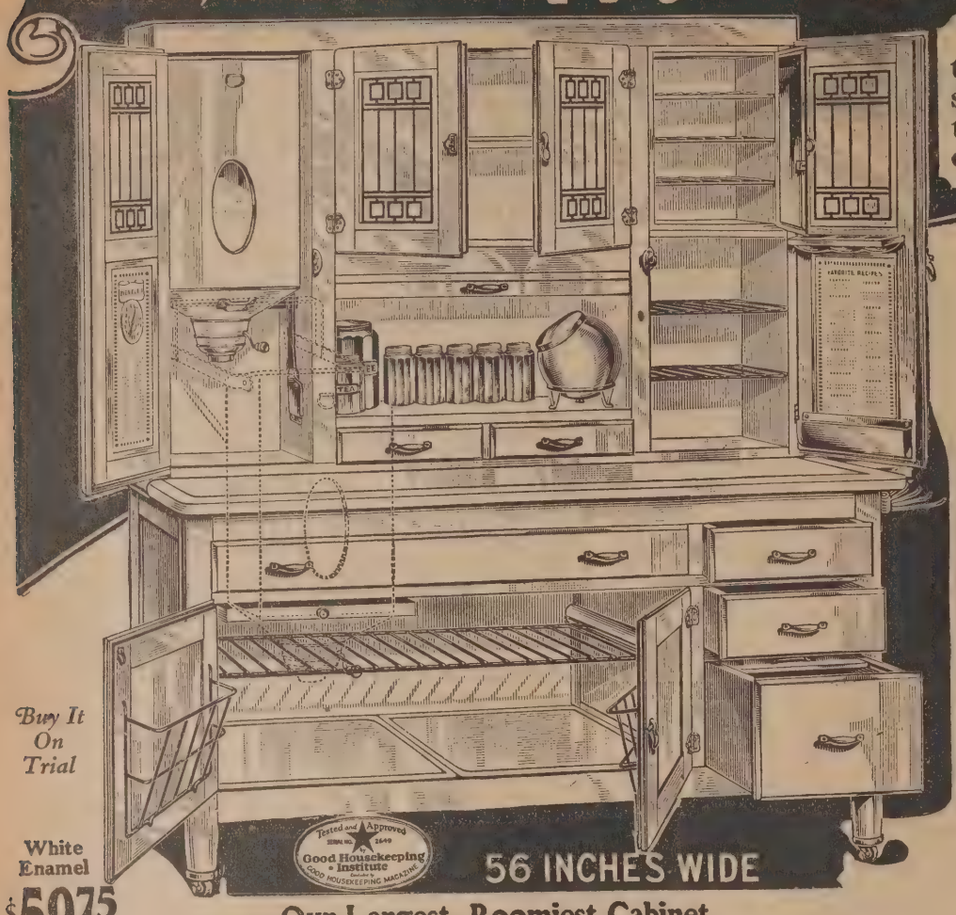
90,000 Happy Housewives Praise

We sell more Kitchen Cabinets direct to the women of America than any other store. Enthusiastic owners brought us this leadership by telling their friends of Ward's extraordinary values.



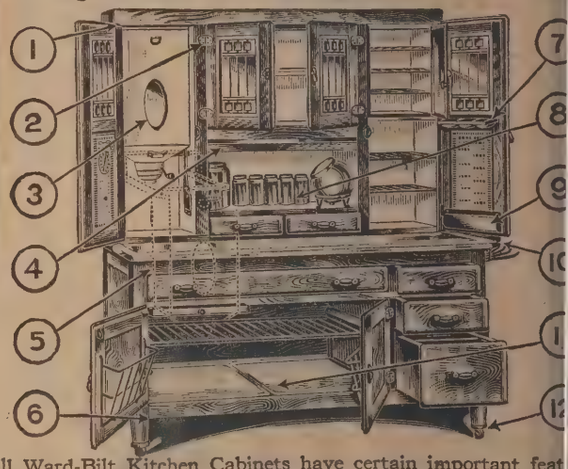
Buy It On Trial

White Enamel

$59.75 Cash Price

$4 Down Four Dollars a Month

Ward-Bilt Kitchen Cabinets have enjoyed the approval of the Good Housekeeping Institute for many years. During these years improvements have been constantly added. Our determination to exceed the requirements of the Institute has gained for us, from coast to coast, the highest reputation for quality among housewives who use them.



All Ward-Bilt Kitchen Cabinets have certain important feat which make for convenience, efficiency and durability. These feat numbered from 1 to 12 to show their location on the cabinet ab are shown enlarged in the small pictures on the opposite page.

Our Largest, Roomiest Cabinet Everything Within Reach—A Kitchen in Itself

Compare this Kitchen Cabinet with any you have ever seen—even those selling for $85 to $95. You will find it superior—bigger, handier, roomier. It is full 56 inches wide—a complete kitchen in itself.

You will find its extra wide working space and conveniently arranged compartments bring complete kitchen ease. If you are not more than pleased, return it and we will refund all you have paid, including transportation charges.

Special features listed at right and pictured on opposite page are all included. The extra wide porcelain enameled steel top, 56 by 27 inches, pulls out to working surface 56 by 36 inches, and is 33 inches from the floor. Large 40-pound capacity flour bin. Two drawers in upper cabinet take care of small articles. The wide top drawer of the base section is partitioned for cutlery. Choice of three finishes: Genuine Oak, finished Golden, with interior of upper section White Enameled; or Hardwood, finished either White or Gray Enamel throughout. Entire height, 70 inches. Shipping weight, 330 pounds. Now shipped from Stock in Baltimore. See "Estimated Freight Charges" at right.

Compact, Efficient Cabinet at a Saving

"I save an hour every day by its use," writes Mrs. Frank A. Bruce of Smoot, Wyoming. We receive hundreds of such letters from housewives whose Ward-Bilt Cabinets give them more leisure, more time to make home pleasant for their families. A Ward-Bilt cabinet does away with needless kitchen drudgery. It brings materials and utensils within arm's reach. It keeps order in your kitchen by giving ample room for everything you need for cooking. Designed and approved by experts in domestic engineering, it makes the preparation of good foods an easy accomplishment. And its glistening beauty, its clean, rounded corners, and its sparkling art glass doors transform your kitchen into a really inviting place to prepare meals.

This 40-inch cabinet has the 12 special features shown at the top of this and opposite page. The construction is the same as the 56-inch width cabinet shown above, except that the larger working surface and greater storage space of the bigger cabinet means even greater efficiency. In smaller kitchens where space is limited; this smaller cabinet is just what is needed and will make your day's work surprisingly short.

You can buy this wonderful cabinet on Easy Payments of only $4 down and $4 a month. Order today and try it in your own home. Your money back if you are not satisfied. Use Order Blank on Page 725.

Select hardwood finished glistening White or Gray Enamel throughout, or Oak finished Golden with interior of upper section white enamel. Sifter bottom 40-pound metal flour bin owers for easy filling. Organize Your Kitchen for Easier Housework With This Big Roomy Ward-Bilt Kitchen Cabinet

Grandmother spent most of her day in the kitchen. When she made pies, dozens of trips were necessary back and forth across the kitchen—to the flour bin, to the pantry for spices, to the cupboard for pie tins—somewhere else for breadboard and rolling pin—endless steps. How different today in the modern kitchen, organized for convenience with headquarters in the big Ward-Bilt Kitchen Cabinet. There, within easy reach, are flour, spices, tins, rolling pin, breadboard, and practically all the other necessities. No wasted steps, no lost motion. And by mid-morning your kitchen work is done.

Three beautiful finishes offer you a wide choice—and, if you wish, you may order on Easy Payments of only $4 down and $4 a month. White enameled window front flour bin holds forty pounds; is easily lowered for filling. Rolling curtain front on center compartment. Glass sugar, tea, coffee, and five spice jars.

The many convenient features shown above at the left are included. Also there are detachable food chopper block; towel bars; coin tray; bill hooks; small drawers for recipe cards and utensils; oven timing card; sparkling art glass doors.

The full width base includes roomy center drawer with partitions, and deep lower drawer metal lined for bread or cake. Metal pan or lid racks on both doors. Metal sliding shelf and sliding tray inside bottom. Cutting board banded at the ends for strength. Casters are made ant-proof by placing borax in cups provided.

Porcelain enameled steel table top 48 by 27 inches slides out to working surface 48 by 36 inches, 33 inches high from floor. Table tops in many other makes of cabinets are shaky, merely resting on the base, but Ward-Bilt cabinet tops run smoothly, given stability by carefully fitted guides. All edges, inside and out, and lips of dust-tight drawers are rounded for fine appearance, to avoid dust and for easy cleaning. This is an exclusive Ward-Bilt feature, possible at such low prices only through Ward kitchen cabinet supremacy. Entire size, 48 inches wide, 27 inches deep, 70 inches high. Shipping weight, 300 pounds. Now shipped rom Eastern Pennsylvania. See "Estimated Freight Charges" on Page 510. Use Easy Payment Order Blank on Page 725.

Save Money on This Beautiful Cabinet

Unusually attractive with its gay decorations and full 48 inches wide, yet priced wonderfully low. In your home it will make kitchen work easier than you ever thought possible.

"It saves me thousands of steps. I could not do without it now," writes Mrs. M. P. Manspils, of Rapp Mills, Va. From thousands of women all over the country come such letters testifying to the step-sparing time-saving convenience of Ward-Bilt Cabinets. Homes with big kitchens and roomy pantries, homes with little kitchens and no pantries—in all these, housewives find Ward-Bilt cabinets indispensable.

Notice the special features of Ward-Bilt cabinets shown at the top of this and opposite page. Furnished in oak, golden finish with interior of upper section white enamel, or hardwood, enameled white or gray throughout. You will like the attractive color schemes of the stenciled decorations on the upper doors; on oak cabinets the design is dark brown on buff; on white enamel, dark green on light green background; on gray enamel, dark green on light gray background. Wide clear front with rolling curtain gives unusual space. Glass sugar, tea, coffee and four spice jars. The 25-pound flour bin is removable for easy filling and cleaning. Deep lower drawer metal lined for bread or cake. Pan racks on lower doors. Removable food chopper block. Casters made ant-proof by placing borax in cups provided. 48 inches wide, 25 inches deep, 67 inches high. Top, 33 inches high from floor. Shipping weight, 260 pounds. Shipped from Stock in Baltimore. See "Estimated Freight Charges" on Page 510. Use Easy Payment Order Blank on Page 725.

F Bigelow Hartford's Wonderful "Servian" Looks and Wears Like an Oriental Rug

When friends of mine and executives of Montgomery Ward & Co. have asked me recently what Rug I would suggest for their living or dining rooms, I almost always recommend this marvelous "Servian." And to you, too, I give it my strongest and most sincere endorsement. Everyone delightedly exclaims over its superbly lovely Oriental design which was copied from a priceless old Sarouk rug. This fabric is woven so that the pattern shows through on the back similar to the hand woven Orientals, and it is also seamless. Walking across its deep pile of finest All Wool yarns gives a luxurious feeling of rest and comfort. And best of all—I can assure you that it will keep its silky sheen and firmness of texture indefinitely. It has fringed ends.

R. J. MERRON,
Manager Rug and Curtain Department.

H Rug of Exquisite Beauty

Bluebirds for happiness—that is their symbolic meaning! And scattered over this Rug, in the same soft blue of the delicately traced pattern they will bring real delight to everyone who sees them. All the pretty, new shades are blended charmingly on the rose taupe ground—soft lavender, smart dashes of yellow and orange in the Chinese lanterns. So skillfully have the intricate details of this pattern been brought together it gives a soft, restful effect. It will wear for years and is a marvelous bargain. Richly lustrous, this rug has a soft sheen, due to the thick firmness of its deep All Wool pile. Seamless.

K Chinese Design of Real Charm

Much of the magic and charm of old Chinese art is reflected in the corner designs and medallions of this Rug with their curves, spirals and key patterns. Another appealing feature is its gray taupe background with a dainty self colored figure in a lighter taupe. A creation of the famous Mohawk Mills—it is a rug that may be depended upon for very good service. Our new low price makes this a real value that you should not overlook. Seamed.

Seamless Velvet Rugs

Shown in Colors on Opposite Page Described Below

I wish you could see our Velvet Rugs, made from selected All Wool yarns, in the process of weaving; for then you would understand why they are such splendid values. I have been able, owing to our tremendous buying power, to make some sharp reductions in prices; and I hope every one of our customers will take advantage of this money-saving opportunity. I have selected the most beautiful patterns produced by the leading manufacturers, and believe there is a design and coloring represented to satisfy every taste. Put one of these rugs in your home; feel its fine texture; see its soft colors; walk upon its luxurious nap. Only then can you fully appreciate its beauty and quality.

R. J. MERRON,
Manager Rug and Drapery Department

A Striking New Oriental Design

Exquisite detail, original treatment of design and just the right combination of colors to give it a wealth of beauty and charm—the newest and prettiest creation in a good Velvet Rug! The soft, rich-looking, taupe background, with its delicate traceries of picturesque Oriental scenes, is a pleasing contrast to the bright floral sprays and wide decorative border. And it is as lasting as it is lovely—after hard service it will still retain its firm pile and soft colorings. Only All Wool yarns are woven into the velvety surface. Well-constructed, serviceable back that lies flat on the floor. Considering quality, its price is very low—you will make a saving of at least $7.50 on the 9 by 12-foot size. Finished with 3-inch linene fringe. Seamless.

Article Number	Size	Ship. Weight	Each
172 G 2545	9 by 12 ft.	36 pounds	$33.95

172 G 2548	8¼ by 10½ ft.	31 pounds	30.95
72 G 425	27 by 54 in.	3 pounds	3.35

B Excellent Quality Thick Luxurious Nap

One of our finest Velvet Rugs! We know you cannot appreciate its beauty until you see it on your floor. High quality workmanship is indicated in every line. Its striking Chinese design of sprays and Oriental flowers, and the unusually harmonious color blends, rival in beauty those of a genuine Wilton. Has a lovely Jaspe (shaded) taupe background; so very fashionable this season. Many stores call a rug of this quality, Wilton Velvet, because of the luxurious, thick nap and the close, even weave. The All Wool face reinforced by a heavy, firmly woven back insures long service. You make a notable saving on this rug at Ward's—floor coverings of this quality usually sell for at least $50 in the 9 by 12-foot size elsewhere. Attractively finished with 3-inch harmonizing linene fringe. Seamless.

Seamless Tapestry Brussels Rug
Beautifully Designed in Warm Rich Colors

It's amazing how much cheer and coziness these charming colors will add to a room. Artists have designed this Rug especially for those who really love flowers and like to see them richly reproduced in all of their natural hues and tints. The blends of tan and brown in this background are soft and rich. Snugly woven from long-wearing worsted wool yarns and priced very low, it is one of our very biggest values. We highly recommend it for any room in your home. Our customers frequently write and tell us how much they admire it and what unusually good service it gives them. Comfortable to walk upon and easily kept clean and fresh looking with a light sweeping. You really must see it to appreciate its beauty and realize the money saving value that we are offering. Seamless.

New Art Rugs Featuring Beauty and Original Designs

Shown in Colors on Opposite Page

Beautiful creations in Hard Surface Rugs that are causing a sensation hroughout the country. Ward's is the only mail order house permitted to ell them and, of course, our prices are by far the lowest. They are printed ith thick paint by a new method which makes the designs remain clear and resh as long as the printed surface lasts. The base is heavy, tough asphalted elt. Both base and surface are water-proof.

It's the striking beauty and originality of their design that make them so xtraordinary. Never before have hard surface floor coverings had patterns or ively figures set at random in the design. Now, since one of the leading anufacturers has discovered this new process of designing, they rival in veliness the finest fabric rugs.

Distinctive Pattern Costs Little

Unusual and attractive! Notice the Japanese floral designs in the corner and on the side—observe the rich looking jaspe (shaded) background. What genuine beauty this lovely New Art Rug will bring to your rooms. Splendid quality that will wear and wear—only the finest materials are used in its construction.

Extra Heavy Ward-o-leum Rugs for Utility

Tough Felt Base—Durable Paint Surface—Shown in Colors on Opposite Page

Ward's, or no other store, we are sure ever before sold first quality Felt Base ugs at such low prices. We can offer them to you now because of a very unusual ontract which our buyers made with the manufacturer. They're famous and have een enormously popular with our customers for many years because they last ng, cost little, and are so good looking.

The thick, extra heavy coat of good quality paint makes them smooth, lustrous, very durable and water-proof. Their felt base is of thoroughly dependable quality—neither steaming hot nor ice cold water can harm them. They will save you much time and effort since stains are quickly and easily wiped away by a light mopping.

Distinctive Floral Border

Besides the beauty of its pattern and colorings this Rug has unusual durability. A marbled tile design in blue and ivory is set off by a border in cheerful harmonizing colors. It costs far less than you would expect for such good quality.

WARD-O-LAC Wear-Resisting Rug

Shown in Colors on Opposite Page

Ward's absolutely guarantees these genuine Ward-o-lac Rugs to outlast two of any other Printed Hard Surface floor coverings sold anywhere at any price. We are the only mail order house that has the privilege of selling rugs with this Lacquer Finish. They are new—wear-resisting—and economical!

Smooth Lasting Lacquer Finish

They are becoming tremendously popular with housekeepers everywhere, because of their fine quality, durability and beauty. Made in the same way as the finest Felt Base floor coverings, and then treated with this new Lacquer finish. Their superiority is due to the lustrous Lacquer which covers them. This patented film—brilliant and sparkling—tough and elastic—is non-peeling, n scarring, permanently beautiful! It protects well as brings out the beauty of the patterns colorings. Since this glossy surface absolutely and seals all pores keeping out dust and grit, can quickly clean these rugs with a dry m They're as easy to wipe off as a plate glass win and may truly be called Dustless Rugs.

Our Ward-o-lac Rugs have been subjected to most severe tests. They will withstand the bit action of lye—of ammonia—of caustic soda gritty cleansers and strong soaps. They have b soaked in hot water and neither the lacquer s face nor the strong felt base was affected in slightest degree since they are water-proof stain-proof.

A One of Our Most Popular Patterns

Ward-o-leum in Two Grades—Specially Priced

Shown in Colors on Opposite Page

All Ward-o-leum and Linoleum sold by the running foot in widths listed below. Read ordering instructions at bottom of page.

Compare Our Low Prices With Those Other Stores Ask

YOU would have to pay much more for the same, or even inferior quality, Felt Base Floor Covering elsewhere. For many years Extra Heavy Ward-o-leum has been exceedingly popular with our customers. Because it costs so little, lasts long and looks so attractive it is the most satisfactory floor covering you can buy at these low prices.

Why We Recommend Extra Heavy Ward-o-leum

1. Because of Its Superior Quality. Only the best lustrous finish paint is used on its durable surface. The body is long fiber rag felt saturated with asphalt, and it is sturdy but flexible.

2. Because It Is Water-Proof. Neither steaming hot nor ice cold water will harm in any way its bright lustrous surface. Water creeping under the seams will never injure its base or body. Stains may be removed quickly with just a few strokes of a damp cloth or mop.

3. Because the Patterns Are Distinctive. Colorful, and rich looking, our Extra Heavy Ward-o-leum has been designed by specialists in interior decorating. Our buyers have selected a fine variety of patterns so that you can surely find just the one you want. The extra heavy paint makes the colors unusually rich and lustrous.

4. Because It's Easy to Lay. Since Ward-o-leum needs no tacking or cementing except at seams and in doorways, it is easy to lay.

5. Because It's Moderately Priced. We are sure no other store in America can offer this high quality floor covering at such a low price. If you send for samples and make your own comparisons we know that you will feel as we do about it.

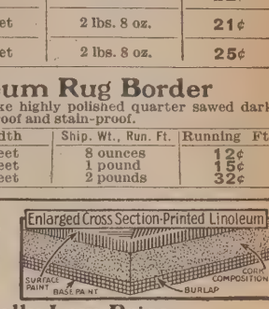
Genuine Printed Linoleum at a Remarkable Saving



Shown in Colors on Opposite Page

We are sure that no Printed Linoleum, regardless of price, will give you longer service than ours—it's the best that you can buy. Built to give years of wear, it is constructed of the finest cork, paint, linseed oil and burlap obtainable. The picture of the enlarged cross section above at the right shows you how they are combined in the smooth firm linoleum surface and base. Powdered cork mixed with linseed oil makes it springy and restful to walk upon, pliable and easy to lay. Thick, heavy paint with rich luster makes the surface durable, smooth, and easy to clean. The tough burlap base prevents tearing and adds greatly to its wear.

Inlaid Linoleum Patterns Extend from Top to Base

Shown in Colors on Opposite Page

Inlaid Linoleum lasts almost indefinitely. That's why it is the most economical floor covering that you can buy. Ours is the finest quality—we do not sell inferior grades. Each design is laid just like an individual tile and extends through to the burlap base. Only the finest cork composition, linseed oil and firm burlap are used in our Inlaid Linoleums. Lay it in every room—it is much less expensive than hardwood floors, is more comfortable to walk upon, and it does not need frequent refinishing. It has no cracks to become filled with dust and germs. If given an occasional waxing it is easily cleaned by a light mopping. It will be most economical for you to order the extra heavy qualities made of better materials, as they long outlast ordinary inlaid linoleum.

Inlaid Linoleum With Molded Patterns

With great skill the various patterns are molded together into the smooth, durable Inlaid Linoleum texture. Each color in a separate mold—perfect to a fraction of an inch—is firmly pressed onto the burlap base. Many people prefer the shaded irregular effect of molded inlaid linoleum designs because it is so artistic.

Straight-Line Inlaid Linoleum

As clean cut as the finest tile floor. Every line is perfectly straight and even. The complete design is cut, laid and pressed into the burlap base by great automatic machines. Only the finest materials are used in its construction.

AA-BB Indented Inlaid Linoleum

Widely advertised. Indentations produced by slightly depressing outlines of tiles.
COLORS: Red or a combination of blue and gray. State color wanted. Width, 6 feet. Shipping weight, running foot, 4 pounds 12 ounces.

ORDER THE EASY WAY~Ward-o-leum and Linoleum~BY THE RUNNING FOOT

SINCE most rooms are usually measured in feet we believe it will be easiest for you to order Ward-o-leum, Linoleum and Ward-o-lac by the running foot. Suppose for example, that you wish to cover a floor 12 by 13 feet. If you wish to use material 12 feet wide, you need 13 running feet. Multiply the price of the material for one running foot by 13 and you have the cost of your floor covering. If, however, you prefer to use the 6 foot width, you should order two strips 13 feet long or 26 feet plus a small amount (in most cases 6 inches additional) to insure perfect matching. If the pattern wanted is not listed in a width that will figure out in even strips for your floor use the table at right.

The tables at the right show the number of running feet required in the widths of Ward-o-leum, Ward-o-lac or Linoleum in which it is most economical to cover an entire floor. These figures include necessary allowances for matching. If the size of your floor space is not listed, state the size in your order and send money for next larger size listed; we will then ship correct yardage and refund the difference.

If your room is extremely large or has irregularities such as bay window or fireplaces, send us a diagram giving extreme length and width of room, also location and size of all offsets. From this we will estimate the amount of floor covering needed. Unless otherwise specified, strips will be shipped in one piece to run either the length or width of the room whichever cuts to the best advantage. Complete instructions on how to lay Linoleum or Ward-o-leum are sent with each shipment. We carry a complete range of widths. Shipping weights are approximate.

How sturdily this Carpet resists wear and how handsome it will look on your stairs! Woven of choice jute fibers in a color combination that is in excellent taste. Lovely figures are printed in pretty blue and brown colors on a fashionable tan ground. Width 27 inches. Shipping weight, per yard, about 1 pound 12 ounces.

72 G 1618—Per yard $1.10

How to Order Carpet

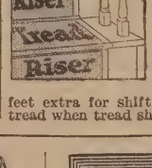
How to Find Amount You Need

If a room has no irregularities in shape, the table below will show you the approximate amount of material needed. You may write us for estimates, giving diagram and measurements of floor. We do all matching and cutting free of charge.

Size of Room	27-Inch Carpet Needed	36-Inch Carpet Needed
9 by 9 feet	13 yards	9½ yards
9 by 12 feet	17 yards	12¾ yards
9 by 15 feet	21 yards	15¾ yards
10 by 10 feet	16¼ yards	12½ yards
10 by 12 feet	19¼ yards	15 yards
11 by 12 feet	21¼ yards	17 yards
11 by 15 feet	23¼ yards	21 yards
12 by 12 feet	23⅓ yards	17 yards
12 by 13 feet	25 yards	18 yards
12 by 15 feet	29 yards	21 yards
13 by 13 feet	27½ yards	20⅔ yards
13 by 14 feet	29¼ yards	22 yards
13 by 15 feet	31¼ yards	23⅔ yards
14 by 15 feet	33¾ yards	26¼ yards
15 by 15 feet	36¾ yards	26¼ yards

We Will Figure It for You

We will gladly estimate your floor covering needs free of charge. When asking for an estimate or sending an order for carpeting, please furnish a diagram of room, giving exact measurements, and showing any bay windows, fireplaces, or other irregularities with exact size of each. When you order, we cut carpet to run the long way of the room unless you specify otherwise. Allow about 1½ yards of carpeting for waste to every twenty-five yards. For sewing carpet add 4¢ a yard extra. Allow three-quarters of a yard extra for mitering and $1 for sewing hall runners.



How to Order Stair Carpet

For straight stairways add the height of the riser and the depth of the tread together and multiply by the number of steps. Order additional carpet for landings. We advise purchasing about 1½ feet extra for shifting the part on the riser to tread when tread shows wear.

Wool Velvet Stair Carp

New and unusually lovely. A very satisfactory economical choice. It will give splendid service sidering its low price. The allover design in blue and red looks distinctive on a tan backgro Comfortable to walk upon as the All Wool p soft and pliable. Width, 27 inches. Ship weight, per yard, about 2 pounds.

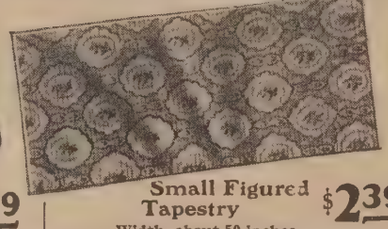
Drapery and Upholstery Fabrics Priced to Save

Verdure Tapestry $1.69 A Yard

Width, about 50 inches

You will find it so easy, and amazingly inexpensive, to upholster your old furniture with this attractive, low-priced material. Also ideal for covering cushions and making table runners. Its flower and leaf design, called "verdure," in rose and gold looks very rich against the deep blue ground. Closely woven of selected cotton yarns. Shipping weight, per yard, 1 lb. 4 oz.

72 G 7024—Per yard..... $1.69

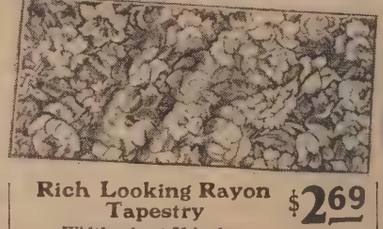


Small Figured Tapestry $2.39 A Yard

Width, about 50 inches

Beautifully blended colors, small attractive figures, and far better quality than you would expect at such a low price. The ground is blue, with a black outline around tan, blue and mulberry figures. Good, serviceable weight for upholstering or pillows. Most pleasing pattern when used to re-cover over-stuffed furniture and chairs. Shipping weight, per yard, 1 pound 2 ounces.

72 G 7038—Per yard..... $2.39



Rich Looking Rayon Tapestry $2.69 A Yard

Width, about 50 inches

Silky, gold colored threads woven into the design give a rich sheen to this especially lovely Tapestry. The finest threads are used in its close, heavy weave. The soft, charming colors in this sunfast, floral design—shades of rose, dull blue and old gold—will blend with any decorating scheme and add much real beauty to a room. Shipping weight, per yard, 1 pound 4 ounces.

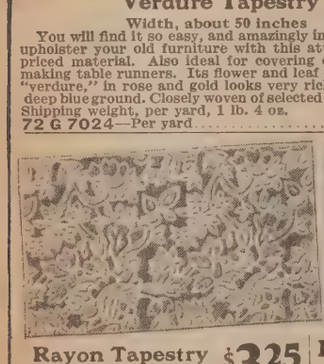
72 G 7023—Per yard..... $2.69

$3.15 A Yard Beautiful Rayon Tapestry

Width, about 50 inches

Unusually stylish pattern in a good quality silky, heavy-weight material, woven of Rayon (artificial silk) and cotton. A rich-looking fabric especially desirable for chairs or table coverings. A striking floral design in blue, rose and tan is woven into the black and gold background. Splendid design for upholstering furniture. Shipping weight, per yard, 1 lb. 12 oz.

72 G 7037—Per yard..... $3.15



Rayon Tapestry $3.25 A Yard

Width, about 50 inches

One of our best items—a splendid heavy texture woven of Rayon and cotton yarns in shades of blue, brown, mauve, gold and black. Suitable for colorful table covers, pillows or upholstering. Such fine quality would sell for about double our price in any other store. Shipping weight, per yard, 1 pound 12 ounces.

At These Low Prices

Three Attractive Styles

Remarkable Values in Oil Opaque Shades

It takes surprisingly little money to refit your windows with thoroughly satisfactory shades. You can see how amazingly low priced they are—at Ward's. Any of these three styles will surely please you and add much to the appearance of your windows. We highly recommend the durability of this oil opaque (non-transparent) fabric manufactured in one of America's greatest window shade factories and we guarantee it to give long service. It withstands the buffeting that window shades are always sure to receive; it keeps out the sun or strong light; and at night gives your home complete privacy.

To make your windows most fashionable, choose the effective lighter colors that make the light seem especially soft and mellow. Dust-proof nickel-trimmed rollers that will help keep their life and respond quickly to the touch. The fringed shades have a good grade cotton bullion fringe 2 inches deep to match. Width, 36 inches. If shades narrower than 36 inches are wanted, be sure to read "How to Order", below at right. State whether cloth or tip to tip measurement and whether inside or outside brackets. Not made wider than 36-inch cloth measure. For shipping weights, see information below at right.

COLORS: White; buff (medium tan with a yellow cast); ecru; light cocoa brown; plaza gray; dark olive green; dark green. State color wanted. Samples free.

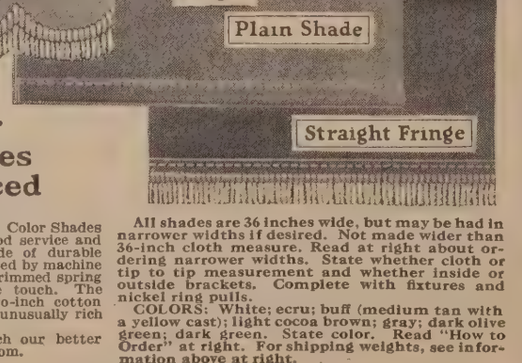
Three Pretty Styles!



Water Color Opaque Shades Specially Priced

Three remarkable Bargains! Water Color Shades in any of these styles will give you good service and always look smooth and firm. Made of durable opaque (non-transparent) cloth, finished by machine process; mechanically perfect, nickel-trimmed spring rollers that respond quickly to the touch. The fringed styles have a good grade two-inch cotton bullion fringe to match, that gives an unusually rich appearance.

These shades will not exactly match our better grade shades when used in the same room.

All shades are 36 inches wide, but may be had in narrower widths if desired. Not made wider than 36-inch cloth measure. Read at right about ordering narrower widths. State whether cloth or tip to tip measurement and whether inside or outside brackets. Complete with fixtures and nickel ring pulls.

COLORS: White; ecru; buff (medium tan with a yellow cast); light cocoa brown; gray; dark olive green; dark green. State color. Read "How to Order" at right. For shipping weights, see information above at right.

Window Shades are important! They can enhance both the exterior and interior charm of your home. If their colors are rich and mellow and the texture fine, they will make your windows lovely. We know that our shades are the best quality made anywhere—they come from factories where only the most reliable materials are used. Most of them are the products of the famous Columbia Mills, known the country over as makers of fine shades. Here are the newest styles and materials, so popular now in all the large cities.

How to Order Window Shades

Shades can be furnished in sizes wider than 36 inches only where stated on opposite page.

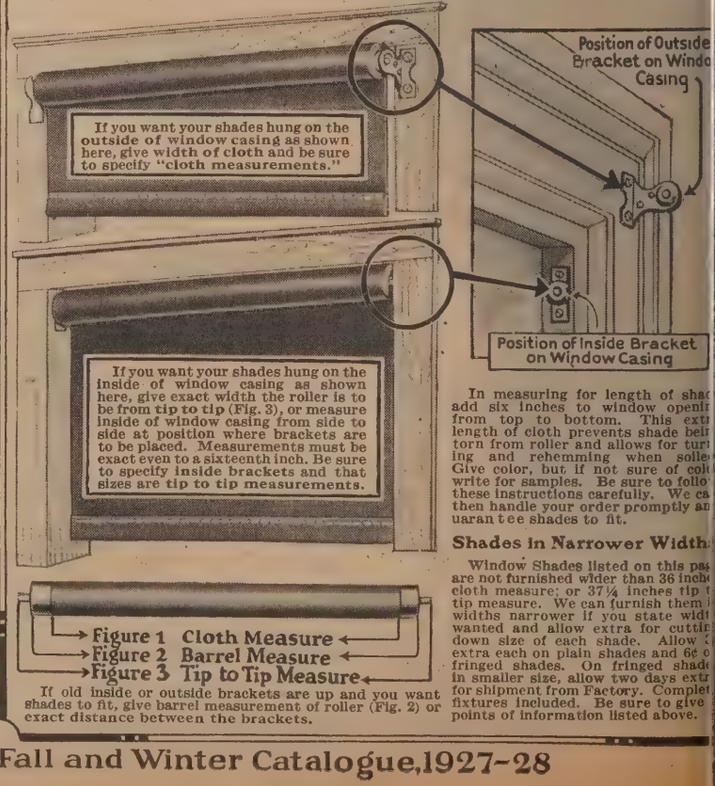
The width of shades given in our price tables is the cloth measure. We can furnish Window Shades to fit either inside or outside your window casings.

The following instructions should be followed when ordering window shades:

Use a yard stick or a ruler to take the exact measurement. Do not use a cloth tape line. Always measure at the top of window casing.

When made-to-measure shades are desire if size you want is not given, state exact si wanted, and allow the price for the next larg size.

Remember always to take measurement illustrated below, and tell us the kind of brac ets (inside or outside) you want and wh measurements were taken—Cloth Measu (Fig. 1), Barrel Measure (Fig. 2) or Tip to T Measure (Fig. 3).



If you want your shades hung on the outside of window casing as shown here, give width of cloth and be sure to specify "cloth measurements."
Position of Outside Bracket on Window Casing
If you want your shades hung on the inside of window casing as shown here, give exact width the roller is to be from tip to tip (Fig. 3), or measure inside of window casing from side to side at position where brackets are to be placed. Measurements must be exact even to a sixteenth inch. Be sure to specify inside brackets and that sizes are tip to tip measurements.
Position of Inside Bracket on Window Casing
Figure 1 Cloth Measure
Figure 2 Barrel Measure
Figure 3 Tip to Tip Measure

If old inside or outside brackets are up and you want shades to fit, give barrel measurement of roller (Fig. 2) or exact distance between the brackets.

In measuring for length of shad add six inches to window openi from top to bottom. This extr length of cloth prevents shade bei torn from roller and allows for turi ing and rehemming when solle Give color, but if not sure of col write for samples. Be sure to follo these instructions carefully. We ca then handle your order promptly an uarantee shades to fit.

Shades in Narrower Width

Window Shades listed on this pa are not furnished wider than 36 inch cloth measure; or 37¼ inches tip t tip measure. We can furnish them widths narrower if you state widt wanted and allow extra for cuttin down size of each shade. Allow extra each on plain shades and 6¢ fringed shades. On fringed shad in smaller size, allow two days extr for shipment from Factory. Complet fixtures included. Be sure to give points of information listed above.

Fast 48-Hour Service on Made-to-Measure Shades

Saves 5 to 10 Days~ Faster Than Any Other Store

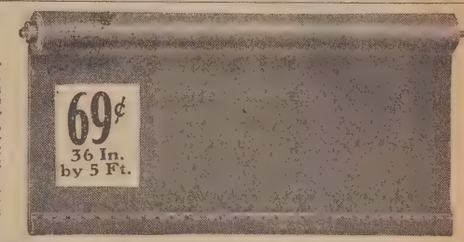
Cambric Holland Shades

Glossy, firm and closely woven in texture—inexpensive Shades that wear well. We strongly recommend that you use them in rooms that seem a little dark, as the light filters richly through the semi-transparent fabric. Prices include fixtures, nickel ring pulls and nickel trimmed rollers. Straight silk bullion fringe extra; fringe sent to match shade unless ordered differently.

The 18 and 36-inch widths in all lengths are shipped at once; allow 48 hours for shipments of other sizes from Factory in Chicago or Baltimore, whichever is nearest you.



COLORS: White; cream; ecru; linen; blue; dark green. State color of shade, and color of fringe if wanted; also width and length. State whether cloth or tip to tip of roller measurement and inside or outside brackets.

Fashionable Shades of Austrian Plisse

Made to Measure

What charm these lovely Shades will lend to your windows! New and exceptionally good looking in the very latest style—in excellent taste for "toning up" the appearance of your home. Ordinarily used as semi-transparent window shades but so highly decorative they are also appropriate for panel curtains with other shades, to be rolled away from the dust when windows are open. Easily washed or dry cleaned—it is never necessary to have them starched or ironed—they will always retain their soft, rich looking crinkled effect. Woven firmly of a durable double-ply carded yarn; mounted on our best rollers. Complete with silk fringe and silk tassel to match. Fixtures included.

All sizes shipped from Factory near Chicago. Allow 48 hours for shipment after order reaches us.

State length and width and whether cloth or tip to tip of roller measurement, and inside or outside brackets.

872 G 8091—Natural cream color only. Read "How to Order" and see shipping weights on Opposite Page.

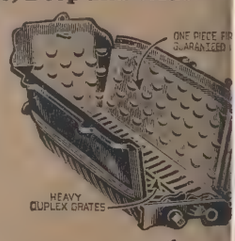
Heavy Firebox—Large, Deep and Wide

The Firebox is the life of any Range. The fire back in our Amazon, Advance, and Admiral Ranges, shown on this and opposite page, is so heavily constructed that we guarantee it for ten years. Even with more firing than usual, this firebox will not warp. The heavy, duplex grates (pictured here) retain the fuel until all the heat value has been extracted. Grates shake easily, and large clinkers are dumped without trouble. This sturdy firebox burns hard and soft coal or wood with equal efficiency.



Our Stove Guarantee

We unreservedly guarantee that any Windsor Stove or Range bought from us will be satisfactory to you in every respect—price, quality and service. They are built of first-class materials by competent workmen, and are guaranteed to be of the highest quality. There are no "seconds," no "culls." We guarantee safe delivery. Should any imperfections, due to faulty materials or construction, develop during the life of any Windsor stove or range, we will correct the fault or return the amount paid, including transportation charges.

Satisfaction Guaranteed or Your Money Back

A Big BARGAIN in a BIG RANGE

All Cast Iron~for Years of Hard Use

Built for a lifetime of service, the New Advance Windsor Cast Iron Range is, we believe, the best plain finished cast iron range on the market today. New design and a real bargain price make it doubly attractive. All parts are oversize and the best materials have been used. It is exactly like the Amazon Windsor shown above, only the nickel trimmings excepting on the towel bar have been removed. The black finished parts are neat appearing and require only occasional blacking to retain their luster and beauty. The white porcelain enameled high closet, oven door panel and splasher back add just enough color to make the stove tidy and clean looking.

Specifications of the New Advance Windsor

The Specifications for the new Advance Windsor are exactly the same as on the Amazon range described above. The only difference being all the expensive nickel trimmings have been removed (except the towel bar). The porcelain enameled splasher back and two high closet and oven door panels are the same as those on the Amazon Windsor, and will give equal service. Both the Advance and the Amazon have the Sanitary Base, the strips being eight inches from the floor, making it easy to sweep, mop, and clean under the stove. Takes 7-inch pipe.

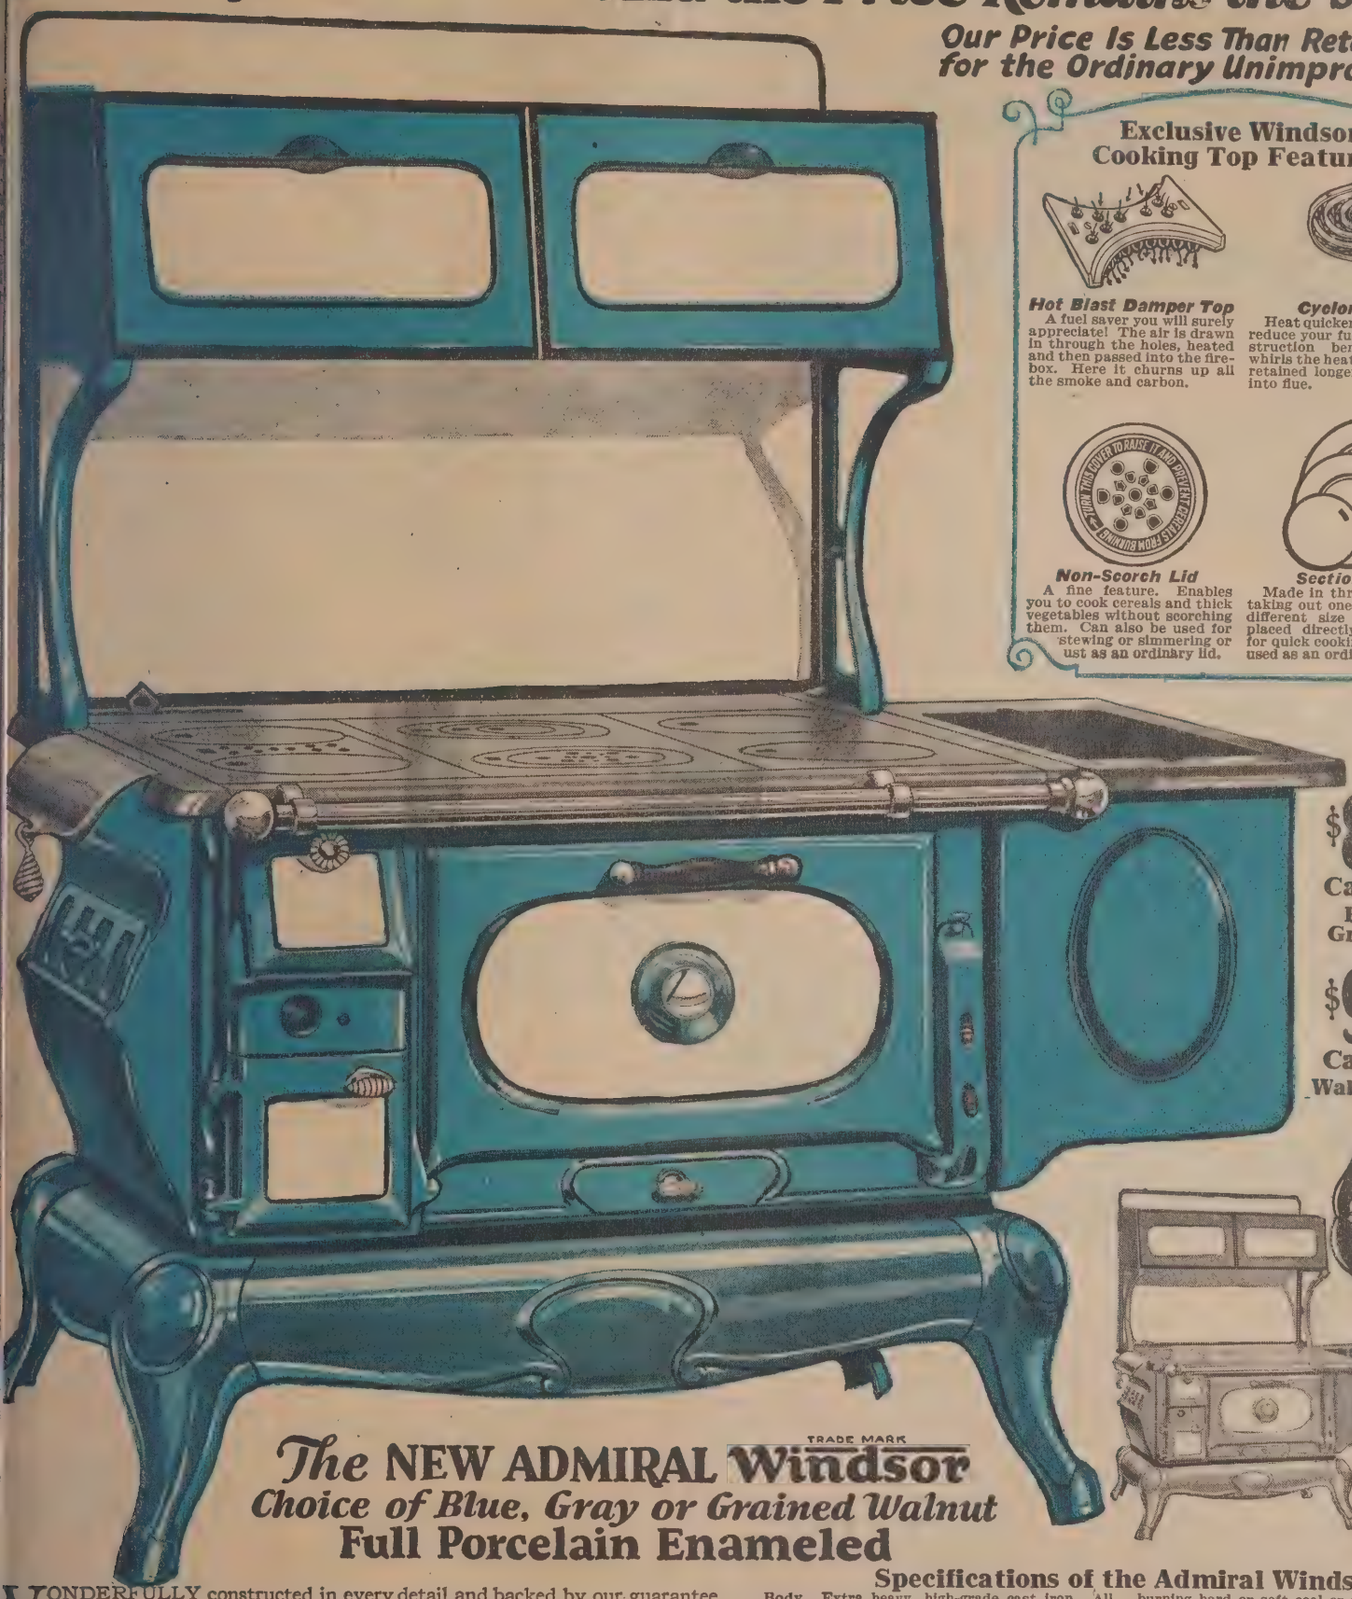
Our LARGEST and FINEST CAST IRON RANGE

Now Full Porcelain Enameled And the *Price Remains the Same!*

Our Price Is Less Than Retail Prices for the Ordinary Unimproved Kind



Exclusive Windsor Cooking Top Features

Hot Blast Damper Top
A fuel saver you will surely appreciate! The air is drawn in through the holes, heated and then passed into the fire-box. Here it churns up all the smoke and carbon.

Cyclonic Lids
Heat quicker, stay hotter and reduce your fuel bill. The construction beneath the lids whirls the heat around and it is retained longer before passing into flue.

Non-Scorch Lid
A fine feature. Enables you to cook cereals and thick vegetables without scorching them. Can also be used for stewing or simmering or just as an ordinary lid.

Sectional Lid
Made in three sections. By taking out one or two sections different size vessels can be placed directly over the fire for quick cooking. Can be used as an ordinary lid.

The NEW ADMIRAL Windsor
TRADE MARK

Choice of Blue, Gray or Grained Walnut
Full Porcelain Enameled

WONDERFULLY constructed in every detail and backed by our guarantee of "Satisfaction or Your Money Back"—yet this Full Porcelain Enameled *Admiral Windsor Range* sells for less than others ask for an ordinary ge. Thousands of customers write us each year that they saved 25 to er cent by buying the Admiral Windsor. Mrs. Charles Henry of Dayton, Ohio, : **"I know we saved $60 on our Range bought from you."** Notice that y outside part is porcelain enamel, which means a more sanitary and handsome ge. It is as easy to clean as a china dish. Just rub over it with a damp cloth it will shine like new. It will retain its luster and beauty because the porcelain mel is fused right on the cast iron and really becomes a part of it.

Make liberal use of your yardstick in comparing the dimensions of the *Admiral ndsor* with other ranges. You will agree that in every detail we have the *largest finest range.* The oven and firebox, the two most important parts of any ge, are generously roomy. Then there is the big pouch on the side of the range. ply tip back the lid while you feed in cobs, wood, or large pieces of coal. The ing top is unusually large—will handle any amount of cooking.

Three Finishes

y of these brilliant finishes will give an air of y and beauty to your kitchen. Every outside is porcelain enamel making an easy-to-clean ace. The porcelain enamel is fused with high- e cast iron at a very high temperature and actually becomes a part of the metal itself. The result is a smooth lustrous surface that will serve for years if properly cared for.

Have Hot Water At All Times

With a Water Front in your Admiral Windsor you are assured of having plenty of hot water if you have a water pressure system in your home. Shipping weight, 20 pounds.

468 G 462—Extra.....$5.50

Specifications of the Admiral Windsor

Body. Extra heavy, high-grade cast iron. All joints fitted to hold heat. Takes 7-inch pipe. **Cooking Top.** Highly polished, turns gunmetal blue when heated. Size, 49 by 26 inches, including reservoir. Two Cyclonic, one Non-Scorch, two regular and one reducing Lids; all combination 8 and 9-inch cooking holes, either size vessel fits opening perfectly. (See description in panel at top of page.) **Hot Blast Damper Top.** Height, 32½ inches. Entire floor space, with reservoir, 51 by 33 inches; without reservoir, 45½ by 33 inches. **Oven.** Unusually large; 20 inches square, 13 inches high. Three Porcelain Enamel Finish

All Very Beautiful—Sanit Easy to Clean

You'll say the Coronet Windsor is the best looking dium size Porcelain Enameled Cast Iron Range you ever seen. You will show it with great pride to your fri and neighbors. There is the handsome Turquoise blue, French gray or the new grained Walnut finish to choose fro all are beautiful.

The porcelain enamel is so easy to keep clean—as sani as a porcelain dish and far more durable. Applied at a very degree of heat the enamel actually becomes part of the metal itself. The result is a smooth lustrous finish that req only an occasional wiping with a damp cloth to keep clean. years to come it will keep its luster, if cared for according t structions furnished with each range.

Sanitary Base is 10 inches from the floor. We hav creased the height of the base strips so that you can easily sweep and clean under the stove. Also ample space is provided for a box of kindling, wood or coal.

New Prices— Lower Than Ever Before

The Largest Stove Store in the World offers here new low prices —the lowest ever—on the Coronet Windsor Range. We want you to compare this range and all its strong features with other ranges selling elsewhere for $25 to $35 more than our price. No other stove on the market has as many practical labor and fuel saving devices. Read everything concerning this range. Pay cash or use our Easy Payment Order Blank on Page 725.

Have Hot Water at All Times

You too can have hot water on tap by simply ordering this water front for your Coronet Windsor—providing you have a water pressure system in your home. Shipping weight, 11 pounds.

468G455—Water Front. Extra $5.50

Be Sure to Read How Well the Coronet Windsor Is Built

Body. Made entirely of high-grade cast iron, medium heavy, carefully selected for its durability and purity. The Porcelain Enamel is fused on the cast iron parts at a very high temperature in an oven. It actually becomes part of the metal itself. Nothing to rust out. Every joint is airtight and carefully fitted. Castings will give reliable service if properly cared for. Takes 7-inch pipe.

Cooking Top. Extra heavy and rigid. Highly polished at no extra cost to you. Size, 42 by 24 inches including reservoir. It is 33¼ inches from the floor. This eliminates bending or stooping while stirring or testing foods. Has two regular non-cracking and non-warping lids; two fuel-saving Cyclonic lids, one sectional lid, and one non-scorch lid—all 8 inches. It is equipped with Hot Blast Damper Top described below. Entire top highly polished and turns gun-metal blue when heated. Stove without reservoir has polished end shelf and enameled end.

Fire Box. Equipped with duplex grates for burning hard or soft coal or wood. These grates shift easily and quickly release the ashes by simply moving the grate handle. Constructed so that it will give maximum heat from very little fuel. Size, for coal, 16 by 7¾ by 6 inches. Takes 20-inch wood with end linings removed.

Oven. Bakes perfectly. Size, 18 by 16½ by 12 inches. Accurate heat indicator tells you just what the temperature is in your oven. The oven is arranged to provide constant circulation on all sides. With the sliding damper and oven thermometer there is no danger of poor results in baking. It will be a pleasure for housewives to use this time-tested oven.

Warming Closet. Convenient and roomy. When doors are down they provide additional shelf space which will prove very convenient many times a day. They are also flush with the frame and have invisible hinges with no bolt heads showing. This makes it much easier to clean and more attractive. Solid cast iron front finished in blue, gray, or walnut grained porcelain enamel with white porcelain enameled door panels, splasher back, and top rail.

Reservoir. Pure sheet copper. Tinned on inside to prevent corrosion and give longer life. Entire reservoir easily removed for cleaning or refilling. Holds 20 quarts and heats by contact. Has beautiful enameled panel front. A shelf is provided in case you do not want the reservoir. Stove without reservoir has enameled end.

Shipped from our Baltimore Store, Chattanooga, Tenn., or Albany, N. Y., whichever is nearest you. Estimated Total Freight Charges: For 150 miles, $2.11; 300 miles, $2.73; 500 miles, $4.31.

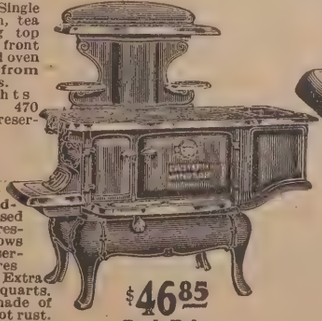
Shipping weights With reservoir, 470 pounds; without reservoir, 420 pounds.

Windsor Features Sectional Lid

Made in two sections. By taking out one section, different size vessels can be placed directly over the fire for quick cooking—a feature every housewife is sure to appreciate.

Hot Blast Damper Top

The air is drawn through the penings in damper, superheated, nd in that condition discharged nto the firebox. There it churns ll the smoke, soot and carbon nd holds it on the fire until every t of heat value is used up. Prodes uniform heat.



Reservoir Model

The Eastern Windsor can be purchased with or without reservoir. Picture shows the range with reservoir. Width, with reservoir, 51½ inches. Extra large holds 20 quarts. The reservoir is made of solid copper. Will not rust. Can also be used as warming shelf.

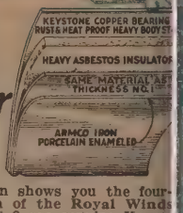
The Royal Windsor

Choice of Blue, Gray or Grained Walnut Porcelain Enamel Finish

Built 4-Ply for Longer Wear



This illustration shows you the four-body construction of the Royal Winds Sheets No. 1 and 3 are genuine Keyst Copper Bearing heavy body steel, r resisting and heat-proof. No. 2 is a ⅛-i insulating asbestos. These are rivet together. No. 4 is a sheet of ARM iron porcelain enameled and bolted on outside. This heat-proof construction p itively gives long life and saves fuel.

Super-Quality and Beauty

The Royal Windsor Range is the final word in stove quality and appearance. It is the product of a factory that has specialized for nearly sixty years in making fine steel ranges. In order to make the Royal Windsor more attractive, particular attention has been given to its design and trimmings. Notice how the panels are gently rounded and smoothed at the corners—how much easier to clean! The Royal Windsor is also asbestos lined. Thrifty housewives will appreciate that this means less fuel, quicker cooking, and a faster heating oven. The saving in fuel will help pay for the range.

Mrs. Lester Boldig of Bowler, Wis., has a Royal Range and says of it: "It is a dandy baker, and so easy to keep clean. It's just like washing a dish. I saved at least $25 by ordering from you."

Three Finishes

You will certainly appreciate the way this beautiful Porcelain Enameled Royal Windsor Range, in either of these three finishes, will brighten up your kitchen. ARMCO Ingot Iron, famous for its extraordinary purity, is the base metal to which the enamel is fused. This iron, because of its even texture, intermixes enduringly with the porcelain enamel and makes a smooth, easy-to-clean surface.

Exclusive Windsor Cooking Top Features

TRADE MARK

Sectional Lids

Made in three sections. By taking out removable sections different size utensils can be placed in contact with the fire—a feature every housewife will appreciate and one you will use many times each day.

Hot Blast Damper Top

The air is drawn through openings in damper, super-heated, and in that condition discharged into the firebox. There it churns up all the smoke, soot and carbon and holds it in the fire until every atom of heat value is extracted. Gives a quicker, hotter fire that burns uniformly and saves fuel.

Cyclonic Lid

Ribbed in such a way that the heat is whirled around and retained before passing into the flue so every atom of heat value is extracted. Heat quicker and stay hot longer, thus saving fuel.

Non-Scorch Lid

A convenient feature for your kitchen as it enables your to cook soups, cereals, thick vegetables, and other foods, without danger of having them burn. Can also be used for simmering and stewing, or may be used like a regular lid.

Mrs. Fisher Writes: "Its Service Is Perfect - My Satisfaction Grows Stronger Each Day"

"I have been using my Windsor Range for more than eight months. It not only gives a distinguished look to my kitchen, but its service is perfect. My satisfaction grows stronger each day. It takes a few minutes to heat it on a very small amount of fuel. I know I could not duplicate it for the price anywhere else, and I would not exchange it for any other." Mrs. G. E. Fisher, Westville, O. Printed by Permission

The Reliance Plain Finished Steel Range—Extra Large

For those who want a Range without fancy trimmings our Reliance Windsor is the best value to be found anywhere. It is the same steel range as the Reliant Windsor Range described on the left, with the same sturdy body construction, but it does not have any nickel trimmings or towel bar. Has black cooking top and black splasher back. Parts shown as nickeled on the Reliant Windsor, described at the left, are dull finished black baked-on japan on The Reliance Windsor. White porcelain enameled ash, fire, oven, clean-out and high closet door panels and reservoir panel make the Reliance very neat looking. Stove without reservoir has black end shelf. Takes 7-inch pipe. Takes same Water Front as Reliant.

Price List of Windsor Stove Repair Parts

With every stove we sell we send a repair chart which gives the name and number of each part, shows what kind of a casting it is and its weight. Be sure to save your chart in case you ever want to replace some broken or wornout part. When you need a new part, simply refer to your chart, find the part you want, note the kind of finish and its weight. Look at the price list in our latest catalogue and find the price. If you do not have a chart send us number of stove and tell us what part is wanted.

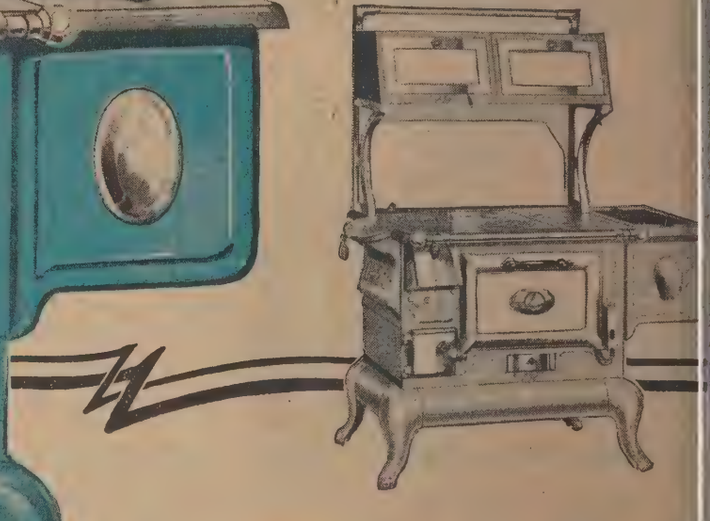
6. Easy-to-Clean Enamel.
7. ARMCO Rust-Resisting Body.
8. Choice of Three Finishes.
9. Pure Copper Reservoir.
10. Fuel-Saving Cyclonic Lids.
11. Hot Blast Damper Top.
12. Non-Scorch Lid.
13. Two-Piece Sectional Lid.

O. R. Pertus
Manager Ward's Stove Store



The Splendid Windsor

All-Cast-Iron Front

TO MEET THE DEMAND of customers who want a stove of this type—with the entire front covered with porcelain enameled cast iron parts that fit right over the regular steel body—we have built the **Splendid Windsor Range.** As the front is the part of the stove which receives the hardest usage, this stove, because of its special cast iron covering, will serve you longer than the ordinary steel range. With its highly nickeled trimmings, this is the best Medium Size Steel Range value in America today, and possible only for the Largest Stove Store in the World to offer at this low price. It is more economical of fuel than the average steel range because all joints are carefully fitted and welded together so no heat is wasted. Customers tell us the saving in fuel is surprising—often as much as one-half. Make a thorough comparison of this range with others selling for $15 to $25 more. You will immediately see that you will save money by ordering from Ward's. You may either pay cash or use our Easy Payment Plan of only $5 down and $5 a month. **For Easy Payments Use Order Blank on Page 725.**

Choice of Blue, Gray or Grained Walnut Porcelain Enamel

Three beautiful finishes—blue, gray or grained walnut—a range of selections in which you will surely find a color to cheer and beautify your kitchen. ARMCO Ingot Iron, famous for its extraordinary purity, is the base metal for the fused on enamel. This highest quality iron, because of its even texture, intermixes enduringly with the porcelain enamel and makes a smooth lasting surface that is easily cleaned.

The stove is so easy to keep clean that satisfied customers write us continually of it. This is what Mrs. Anna J. Fortschinder of Brussels, Ill., says of her Enameled Range: "It is easily kept clean. No more hands getting black. No dust from blacking. It adds beauty as well as comfort to the kitchen. One doesn't know the beauty of it until they have one."

Specifications of the Splendid Windsor

Body. Porcelain enameled parts fit over the steel body. The two porcelain enameled ends are from selected ARMCO Ingot Iron, giving the body extra thickness, weight and durability. This medium size range is the heaviest range of its size that we know of. Entire height is 62 inches. Occupies a floor space of, 36 by 44 by 33 inches. Takes 7-inch pipe.

Stove without reservoir has polished end shelf. **Cooking Top.** Highly polished; turns gunmetal blue when heated. Height, 33 inches. Size, with reservoir, 42 by 25 inches; without reservoir, 35 by 25 inches. Has two fuel saving Cyclonic lids, one Non-Scorch lid, one Sectional lid, two regular lids all non-warping and non-cracking full 8-inch size. **Oven.** Extra large oven—18 inches wide, 20 inches deep and 12½ inches high. Equipped with an accurate heat indicator which tells you exactly what the temperature is in your oven. It is an exceptionally quick baker. Drop door has nickeled frame and hinge box, white porcelain enameled panel. Nickeled oven heat indicator ring. **Firebox.** Equipped with duplex grates for burning hard or soft coal or wood. Size for coal, 17½ by 7 by 5½ inches. Burns 20-inch wood with end linings removed. Nickeled fire and ash... Pouch Feed. Consider These Facts When You Buy a Steel Range

1 Although Steel Ranges are not as heavy and durable as cast iron ranges, many people prefer them because they are less expensive, use less fuel and do not require such heavy firing.

2 Steel Ranges, being also lighter in weight, heat up quicker and stay hot with less fuel.

3 When buying a steel range, consider the weight of the steel, the quality of the materials used, its construction, and above all, the reputation of the store selling it. Compare carefully and you will agree that, point for point, Ward's Steel Ranges offer the best values for your money.

4 Windsor Steel Ranges are very carefully assembled. The parts are fitted tightly and there are no heat leaks to waste your fuel or shorten the life of your range. The ranges shown on this and the opposite page are equally well constructed. No matter which one you buy you can be sure you are getting big value for your money.

5 Steel ranges will not stand the hard firing of a cast iron range and give the same length of service. But, fired according to the directions we send you, your range should serve for a long time, and you will appreciate its quick-heating and fuel-saving advantages.

Exclusive Windsor

Non-Scorch Lid
Enables you to cook cereals and thick vegetables without danger of having them burn. Can also be used for stewing and simmering or as a regular lid. You will find many other uses for this lid.

Sectional Lid
Made in two section... By taking out one or bot... sections, different siz... cooking vessels can b... placed directly over th... fire for quick cooking. Ever... housekeeper will appre... ciate this feature.

We Can Save Enough Fuel in One Year to Pay for Our Range

—and It Is Such a Good Baker and Cooker"

(A Letter from) Mr. and Mrs. Nels L. Nelsen, Eagle Bend, Minn.

The Success Windsor

Each year we receive hundreds of letters from our customers
ling us of the wonderful results obtained from Windsor stoves.
ou, also, will find the **Success Windsor Range** a fine cooking and
king range—one that burns fuel without waste.

The **Success Windsor** has the same specifications as the Splen-
d Windsor shown on opposite page, except it does not have
e blue or gray porcelain enameled parts, and has rust-resisting
lvanized iron instead of copper reservoir tank. The Success
indsor has the famous Windsor Cooking Top which includes
o fuel-saving Cyclonic lids, one Non-Scorch lid, one sectional
, two regular lids (all 8-inch) and a Hot Blast Damper Top, all
lished and which turn gunmetal blue when heated. Described
d pictured below and on the opposite page.

The Success Windsor has an extra large, roomy oven, con-
nient high closet and enough white porcelain enameled parts to
ve it a very fine appearance and to make it easy to keep clean.

Specifications of Success Windsor

White Porcelain Enameled high set door panels, splasher back and
n door panel. Nickeled Parts:
ck guard corners, high closet door
mes, high closet brackets, towel
r, fire and ash doors, front base
ip, two front legs, clean out door,
n door frame, thermometer
me and oven hinge box. Cooking
is highly polished and carefully
ted together to prevent warping
d cracking. Especially large pouch
side of range offers unusual advan-
e in filling the grate with cobs and
ge pieces of coal, wood, etc. Stove without reservoir has polished end shelf and black body end. Takes 7-inch pipe. See "Estimated Total Freight Charges" at bottom of page.

Have Hot Water All the Time

With a pressure system in your home a Water Front may be used with a range boiler to furnish plenty of piping hot water when and where you want it. Ship. wt., 15 pounds.

The Greatest Steel Range Bargain in America!

Retail Prices Are $55 to $75 for This Quality

The Stalwart Windsor

One of the greatest Steel Range bargains the Largest Stove
ore in the World has ever offered. If you want a good steel range
a money saving price the **Stalwart Windsor** is the best buy
u can make. It, too, is the same in construction as the Splendid
indsor shown on opposite page. It has no nickel trimmings and only
ew enameled parts in order to make the price lower. The parts
at need cleaning most frequently are enameled for ease in cleaning.
t it has a rust-resisting galvanized reservoir. For detailed di-
nsions read carefully the description of the Splendid Windsor
own on opposite page.

The Stalwart Will Give Long Service

The Stalwart Windsor is just as
ll made and as large and roomy
any of the ranges listed on this
d the opposite page. Some of the
kel trimmings and enameled parts
ve been left off to save you money.
e cooking top is finished in durable
ck and has all the Special Cook-
Top features of the Splendid
d Success ranges. Stove without reservoir has black end shelf. Takes 7-inch pipe.

Cooking Top Features

Fuel Saving Cyclonic Lid

Constructed underneath with ribbed
ular walls that whirl the heat around
l retain it much longer before passing
o flue. They save fuel and stay hot
ger. Gives greater efficiency.

Hot Blast Damper Top

The air is drawn down through the openings in the damper, super-heated, and in that condition passed into the fire-box. There it churns up the smoke and soot. Makes every pound of fuel count. Gives a quicker and hotter fire.

Even Experts Marvel at This IMMENSE STEEL RANGE VALUE!

Honest Quality—Honestly Priced

Choice of Blue or Gray Porcelain Enamel

Either of these two beautiful finishes—rich blue or soft gray—will make your dreams of an attractive, efficient kitchen come true. The easy-to-clean porcelain enamel is the very best obtainable. ARMCO ingot iron, famous for its extraordinary purity, forms the base for fusing on the enamel at a very high temperature. This process causes the enamel and ARMCO ingot iron to intermix and form a smooth, even-textured surface that will endure for years. The porcelain enamel, if cleaned according to instructions sent with each stove, will keep its luster and last a long time.

The TROJAN

Medium Size—Full Porcelain Enameled in Blue or Gray

"How can you do it? The price amazes me!"—is the surprised expression of every stove expert when he examines the details of this remarkable Steel Range and learns our astonishing low price. Our reply is that the demand for stoves each year from our 8,000,000 customers is enormous. To supply this demand we buy in larger quantities than any other stove store in the world—practically controlling the output of many manufacturers.

Only after many months spent in looking for the most stove value for the money, we are able to offer the new Trojan Steel Range. During our search we interviewed dozens of manufacturers—but we found only one who was able to make a range to meet our exacting requirements. And only by giving him an order that will keep his factory running at full speed for many months has this low price to you been made possible. Dependably constructed throughout. Guaranteed to give perfect cooking and baking satisfaction. A medium size steel range—not our heaviest nor our highest priced, but vastly better than anything you will find offered anywhere else at prices as low as these. Body is of best quality steel plate, and will stand up and give satisfactory service for many years. Surely, at this low price, you will want one of these ranges. You may pay cash or use our Easy Payment Plan of only $5 down and $5 a month.

For Easy Payments Use Order Blank on Page 725

Complete Specifications of the Trojan Range

Body. All parts tightly fitted and closely riveted throughout making a perfect fit so no heat is wasted. Of the best grade steel. (See description of special body construction on Page 544.) Entire outside of stove fully porcelain enameled ARMCO iron, except following parts which are nickeled: Warming closet brackets, door frames, corners and trimmings; all other door frames; left end draft damper; hinge box; body band; legs; towel bar; and reservoir panel frame. Stove without reservoir has polished end shelf. All models have enameled right body ends. The entire range can be cleaned with a damp cloth as easily as you clean a china dish. Occupies floor space 46 or 40½ by 30 inches. Takes 7-inch pipe.

Cooking Top. Flawless gray cast iron, exceptionally heavy and especially selected for its toughness. Highly polished. Turns gunmetal blue when heated. Has six regular 8-inch lids, specially ribbed to hold heat and prevent warping and cracking, also saves fuel. Two removable keyplates. Size, with reservoir, 22¾ by 43 inches; without reservoir, 22¾ by 36 inches. Height to cooking top, 33 inches—just right to prevent stooping.

Oven. Extra large for this size range—18 by 18 by 12 inches high. Door drops down and forms a handy shelf when open. Has accurate heat indicator.

Firebox. Scientifically constructed for best heating. Has duplex grates and iron linings for burning hard and soft coal or wood. Size, 15 by 7½ by 6 inches. Takes 20-inch wood with end linings removed. Handy pouch feed.

Warming Closet. Extra roomy. Convenient for keeping foods warm. Doors are drop type and form a handy shelf.

Sanitary Base. Has four cast iron nickeled legs with heavy porcelain enameled front and side base strips, which are 8½ inches from the floor enabling you to sweep, mop and clean under stove with ease. Also provides a place for box of coal or wood.

Reservoir. Of best grade copper, tinned on inside. Holds 22 quarts and heats by contact.

Size over all. Height, 57 inches. Length with reservoir, 46 inches; without reservoir, 40½ inches. Depth, 30 inches.

Estimated Total Freight Charges for 150 miles, $1.85; 300 miles, $2.39; 500 miles, $3.78.

The Trophy Windsor

Nickel and Enamel Trim Range

The Trophy Windsor Steel Range has all the remarkable features of the Trojan Windsor except it is not full porcelain enameled. We are therefore able to offer this beautiful Trophy steel range at a wonderfully low price. It is full nickel trimmed and the parts that need cleaning most frequently are white porcelain enameled. Read the specifications on the Trojan on the opposite page and you will know all about the splendid quality features of the Trophy Windsor. It is the prize winner of its class. Order today.

Specifications of Trophy Windsor

Specifications. Sizes and all other specifications of the Trophy are the same as the Trojan on the opposite page except finish and weight. Has rust-resisting galvanized reservoir tank. The Trophy has white porcelain enameled high closet door panels, splasher back, oven door panel, fire and ashdoor panels, and reservoir front panel, all easy to clean and carry. Just wipe with a damp cloth. Nickeled Parts: High closet front, brackets, door frames, reservoir front frame, oven, fire and ashdoor frames and cleanout door, towel bar, front base strip and two front legs. Polished Cooking Top—at no extra cost to you—turns gunmetal blue when heated. Takes same water front as Trojan shown on opposite page. Stove without reservoir has polished end shelf. Takes 7-inch pipe. See "Estimated Total Freight Charges" above.

Consider These Facts When Buying a Steel Range

1. Although Steel Ranges are not as heavy as cast iron ranges, many people prefer them for the reason that they are less expensive, use less fuel and do not require much firing.

2. Steel Ranges, being lighter in weight than cast iron ranges, heat up more quickly and stay hot with less fuel.

3. When buying a steel range, consider the quality, material, construction and reputation of the company selling it. Compare carefully and you will agree that, point by point, Ward's Steel Ranges are exceptional values for the money.

4. Windsor Steel Ranges are very carefully assembled. The ranges on this page and on the opposite page are equally well constructed. No matter which one you buy you can be sure you are getting big value for your money.

5. Of course steel ranges cannot stand the hard firing of cast iron ranges and give the same length of service, but fired according to directions supplied with each range, your steel range should give excellent service for years.

A Selling Triumph Repeated
These Prices Challenge All Competition

$42.50 Cash Price

The Triumph Windsor

Plain Finished Range

Last year we announced The Triumph Range at a price that challenged all competition. Our sales on this remarkable steel range made it the selling triumph of America. Again the Largest Stove Store in the World offers this sturdy range at a very low price. This range is exactly the same as the Trojan range shown on the opposite page, except the finish and weight. Has rust-resisting galvanized reservoir tank. Pay cash or use our Easy Payment Plan. For Easy Payments Use Order Blank on Page 725.

Specifications of Triumph Windsor

Most of the expensive nickel and enamel trimmings have been left off of The Triumph in order to make the prices extremely low. This, of course, in no way affects the baking quality or construction. The cooking top is finished in durable black. The high closet door panels, oven door panel, splasher back, reservoir and fire and ashdoor panels are white porcelain enameled. The high closet front bands are high polished nickel. All other parts are black baked-on japan in dull finish. Dimensions and water front are the same as on the Trojan. The water front can be used in connection with this range and a pressure system for giving you hot water. This Water Front must be purchased extra and is listed on the opposite page for a very low price. Stove without reservoir has black end shelf. Takes 7-inch pipe.

Large Capacity Cast Iron Range

The Enduring Windsor
Made Especially for Eastern Users

The Enduring Windsor Range is just what its name implies. It will give years of faithful honest service. Made of best grade cast iron and well constructed throughout. Equipped with solid cast iron two-mantel high shelf, convenient and handy.

The Enduring Windsor is made exceptionally large, with cooking top and oven spacious enough for all the cooking and baking necessary in the average home. May be bought on our Easy Payment Plan of only $5 down and $5 a month. For Easy Payments Use Order Blank on Page 725.

Specifications and Finish of Enduring Windsor

Body. Solid cast iron of good quality. Floor size, 29 inches deep by 55½ inches wide. Takes 6-inch pipe.

Firebox. Equipped with duplex grates for burning soft coal, dock ash grates and brick lugs for hard coal; or special type firebox for wood only. Size for coal, 16 inches long by 7 inches wide by 7 inches deep; for wood, 12 inches long. Is 8 inches wide and 7 inches deep.

Touch Feed. Convenient for feeding coal and coal or cobs.

Hearth. Spacious hearth has large ashpan.

Cooking Top. Black finish. Full 6-hole size. Holes are 8 inches in diameter. One three-piece cushional lid. Size of top with reservoir, 49½ inches wide by 29 inches deep, 32 inches high.

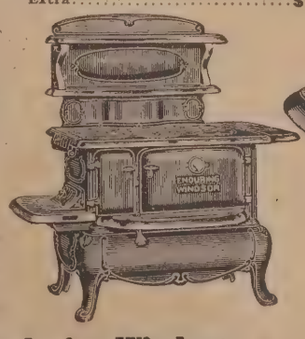
Oven. Size, 20 by 20 by 11½ inches high. Hinging door is fitted with kicker to open it. Outside shelf at bottom of oven is 29½ inches wide and 6 inches deep. Easy control damper.

Double Shelf Mantel. Mantel has two shelves, upper shelf is 35 inches wide, by 12 inches deep. Lower shelf, 35 inches wide, 7½ inches deep. Height of mantel, 23½ inches.

Reservoir. Made of copper. Holds 24 quarts. Built-in damper control. Nickeled Parts. High shelves outside rim, cooking top rim, reservoir front rim, hearth rim, and oven shelf rim. Takes 6-inch pipe.

Shipping weights: With reservoir, 540 pounds; without reservoir, 500 pounds.

268 G 993—Water Front. For heating water in range boiler if you have pressure system in your home. Shipping weight, 15 pounds. Extra $5.50



Range Without Reservoir

The Enduring Windsor can be purchased in two styles—with or without reservoir. It is exactly like the model shown above in design, size, finish, trimmings, etc., except for length. The entire width of the Enduring Windsor without the reservoir but with the end shelf is 35 inches. The end shelf makes a convenient place to set pans and kettles to keep them warm without taking them off the hot fire.

$5 DOWN Five Dollars A Month

Again—the Largest Stove Store in the World Creates the Unusual!

MOST SENSIBLE
CONVENIENT
-and POPULAR
STOVE IMPROVEMENT
IN THIRTY YEARS

Welcomed by Women Who Do Their Own Work

The 20th Century Way — *The Old Way*

Why remain a slave to your kitchen range another day? Why endure the necessity of stooping and kneeling when baking or roasting? This tires you out and makes your work so much harder. Now, with the 20th Century Windsor Cabinet Coal Range, just open the door and see your baking without even bending your head. The oven door drops down, forming a shelf at just the right height—a feature you will find convenient many times each day.

Built Like a Cabinet Gas Range Handy as a Kitchen Cabinet

You women who do your own work have always had in mind a range like this—one that is PERFECT IN EVERY WAY—but you never dreamed it would ever be possible to find one. Yet, here it is—the 20th Century Windsor—as PERFECT as human ingenuity can possibly devise. If you have ever wanted the ideal range you will heartily welcome this amazing 20th Century Windsor to your kitchen. Built for your ease and comfort.

Up to the minute in construction and design, the 20th Century Steel Range with the oven up where you can reach it without kneeling, is as beautiful and as convenient as a Kitchen Cabinet. Where the oven was in the old style range, we have added a roomy compartment in which to keep your foods warm and store kitchen utensils. The heat flows upward in a natural course around the oven instead of being forced downward as in the old type range—a new, scientific improvement you will appreciate because of the quicker and better baking results you'll have.

Steaming hot water on tap, without the aid of a pressure system, a remarkable added feature—fully described below. Running hot water—right from the faucet—at a cost of only a few dollars more.

These new super features are the most vital and sensible stove improvements in thirty years—they prove the leadership of the Largest Stove Store in the World. We are now proud to offer this 20th Century Windsor to our eight millions of customers. For only $5 down and $5 a month you can have this marvelous range in your kitchen immediately.

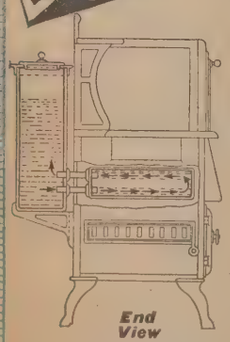
DAY OR NIGHT Hot Water on Tap

With This Same 20th Century Windsor Range
TRADE MARK



End View

The arrows show how the water circulates from tank through the fire-box. Unit and tank are completely installed in stove at factory. Cannot be ordered separately.

20 Gallon Built-In Tank No Plumbing Required

You can now have steaming hot water on tap, day or night, as long as there is fire in the firebox, right from your 20th Century Range—without having a pressure or water system in your home. For only a few dollars more you are assured of the same convenience that city housewives enjoy—hot running water at a turn of the faucet. The 20-gallon built-in all copper tank (tinned inside for strength and non-corrosion) is out of sight. You will enjoy its handiness for cooking and all your other kitchen needs. With this convenience in your kitchen ease and enjoyment in performing kitchen duties will be yours. Eliminates the bother and labor of scooping water out of the reservoir as you have to do with the old style range in which the water is only lukewarm at best. In the 20th Century it is always steaming hot. Shipped from our Baltimore Store or Albany, N. Y., whichever is nearest you. Shipping weight, 460 pounds.

With Hot Water System Installed

Now GASOLINE Burns Like Gas in This Successful New Invention!

Windsor Gasoline Range

TRADE MARK

Mixes Air With Gasoline for Stronger, Hotter Flame—Saves Fuel—Saves Time

GASOLINE gives a hotter cooking heat than any other fuel, even hotter than city gas. Cooking efficiency, cleanliness, economy, safety, ease of operation, are features you surely will appreciate in this new Windsor Cabinet Gasoline Range. Makes and burns its own gas from ordinary gasoline. Simple to light. Burns with a clear, blue flame that leaves no smoke, soot or grease to smear up your pots and pans. Better cooking and baking results are yours with this new invention.

In designing this new line of Windsor Gasoline Ranges, we kept in mind all features which would make them easy to operate. We can therefore now offer you a choice of models which will do your baking and cooking quicker and easier. All models have the connections and special fittings on the outside of stove body so that the operation is simple and easy. Fuel and air gauges are in plain view. Do not confuse these models with the old style gravity feed gasoline stoves. Every one of them is safe, practical and convenient.

$63.95 Cash Price

$5 DOWN Five Dollars A Month

A 48-Page Windsor Cook Book Free With Each Stove Listed on This Page

Quick Cooking Heat With Every Convenience of a City Gas Supply

This New Improved Windsor Gasoline Range burns with a blue, uniform, flame just like a range using city gas for fuel. In fact you would almost believe that city gas is being piped into the Stove. The fuel is only ordinary gasoline which is converted into a gas that burns with a flame even hotter than manufactured gas. Very simple to operate—an alcohol generator bottle with wick and flame spreader holds flame completely around generator, taking about five minutes to start a cooking fire. After one burner is generated any or all the burners may be lighted and regulated instantly from a full, intense heat to a low simmering flame. Complete instructions with each range. Valves and generator may be removed for easy cleaning. Large capacity fuel tank has many features. Read all about it.

e Triplex Heat stributor e Page 552

Full Porcelain Enameled Cabinet Model

The body construction, finish, oven and utensil drawer are exactly the same as our Full Porcelain enameled Windsor Gas range completely illustrated and described on Page 560. The gasoline tank is finished in gray japan baked on. Cooking top, size, 20½ by 22 inches has the famous Windsor Triplex heat collectors and heavy gauge steel key plates. Two burners supply the heat for four cooking holes. The flame heats the hole above it and surplus heat is carried by our patented Triplex flues back to the second cooking holes. Oven and broiler is equipped with Toncon rust-resisting metal lining. Oven size extra large, 16 by 20½ by 13 inches. Will accommodate largest roaster.

Broiler size, 16 by 20½ by 7½ inches high; has white porcelain enameled broiler pan. Fuel tank has all the features described below and holds one gallon of gasoline. Generator and principle of operation is the same on all models shown on this page. Shipping weight, 250 pounds. For Easy Payments Use Order Blank on Page 725. Shipped from our Baltimore Store, in Chattanooga, Tenn., or Albany, N.Y., whichever is nearest you.

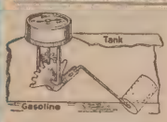
Special Windsor Features—

TRADE MARK

Air Gauge and Shut-Off Valve

Air gauge "C" shows pressure in tank. Shut-off valve "B" enables you to shut off gasoline which flows through pipe "A" to generator tube. Also a convenient safety fixture when filling tank as as all burners are out.

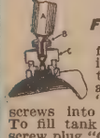


Fuel Gauge

A very convenient new feature. Indicates the amount of fuel in your tank at a glance. The principle is the same as that of the automobile gasoline tank. Watch the gauge—you will never be troubled with your fuel supply giving out when preparing a meal.—A convenience you will readily appreciate.

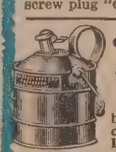
Generator

Has fixed opening at end through which needle point protrudes when generator valve is screwed in all the way. Keeps hole free from dirt and carbon deposits. Fixture easily removed for replacement. Needle point and valve opening may be replaced at very little trouble to you.



Filler Plug

Pump "A" forces air into the tank through air valve "B". This screws into plug "C". To fill tank simply unscrew plug "C".



Safety Gasoline Can

Will Not Explode

Approved by the Underwriters' Laboratories as a safe storage can for gasoline. Indestructible and fire-proof. Has patented spout-opening device. Painted bright red. Holds two gallons. Ship. wt., 5 lbs.

ONLY WARD'S Offers the Latest Improved Triplex

The Largest Stove Store in the World

Every Stove is Certified by the Original INVENTOR

Look for this Tag—IT IS YOUR PROTECTION

Only on Ward's Famous TRIPLEX Oil Stoves will you find the original inventor's stamp of approval. This stove is positively approved by him. It must meet numerous severe tests and be perfect in every way before it is allowed to leave the factory, bearing the inventor's tag of approval shown above. If your Triplex does not have this tag signed by the original inventor, it is not the genuine improved type. Demand this tag—it is your protection.

Only Ward's sells the latest Improved Triplex Range. It is all we claim it to be—a better constructed stove, a greater time saver and more economical. Exact tests made by our laboratory experts have proved the Triplex Windsor superior in heating capacity and economy of fuel to any other single hole oil stove made. These features, with many others, make the Triplex Windsor the finest oil range you can buy. It is the talk of the country. And now, at this low price, it is the climax of our 55 years of bargain giving.

Increased Capacity—A Wonderful Cooker and Baker

On the Triplex Windsor Kerosene Range you can fry meat and keep cooked foods warm, until ready to serve, at the same time with the heat of one burner—because the Super-Flame burner provides heat for two cooking holes at the same time. You can have this fine Windsor Triplex, with more capacity than the ordinary stove, for less than the price similar stoves usually sell for everywhere else.

Sectional Heavy Steel Triplex Cooking Top is 34 inches from the floor so that a woman of average height can cook without stooping. Depth, 20 inches. Length, 8-hole size, 44 inches; 6-hole size, 33½ inches. Floor space, 8-hole, 52 by 20 inches; 6-hole, 42 by 20 inches. Heavy gauge steel makes the cooking top more durable and rigid than common sheet steel tops found on ordinary kerosene stoves. Sectional top plates are sanitary and easy to clean. A smooth cooking surface free from bolt heads, is another easy-to-clean feature.

The Triplex Windsor High Shelf protects walls from grease and splatterings. Finished in combination of blue or gray and black japan.

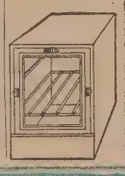
Simple to Light and Operate

One Flame Heats Two Holes

Each Triplex Super-Flame Brass Wick Burner heats two cooking holes with one flame; reducing your fuel cost greatly. The flame heats the hole directly above it, and the surplus heat, usually wasted, is carried by our patented flues back to the second cooking holes. This same principle is used in all coal-wood stoves. Therefore one burner gives you more cooking heat from the same amount of fuel.



Windsor Endoor Oven

Portable, full size, of polished steel which occupies half the width of the ordinary stove. Glass panel in door. Size 20 inches deep, 12½ inches wide and 18 inches high. Fully lined with corrugated tin and asbestos. Removable rust-proof wire shelf. Drop type door forms handy shelf. Test after test shows that this oven bakes perfectly.

End Shelf Folds Up Convenient and Handy

This convenient tank holds 5 quarts. End shelf can be folded up out of the way as shown in illustration, so that you have easy access to the heavy glass tank for refilling. Tank is transparent for easy view of fuel supply. Also has special type valve for allowing easy flow of fuel while stove is being used.

Long Chimney Wick Burner

Gives cooking heat the instant it is lighted. Has an intense heat which is easily regulated. Burner tubes are of seamless brass which are rust-resisting. The other parts are best grade steel. Safe, clean, and economical. No smoke, soot or ashes.

Long Chimney Wicks

Especially for above burner.

Just as Beautiful as a Gas Stove

The biggest Kerosene Range value we have ever offered! Just think of it—only $33.85 for a Five-Burner Cabinet Wick Kerosene range. Of the best materials used in oil stove construction. Only the Largest Stove Store in the World could offer this beautiful range at so low a price. And back of this value is the "Satisfaction or Your Money Back" guarantee of this 55-year-old leading mail order house.

Almost a Gas Range—A Wonderful Cooker

This new Windsor Kerosene Range looks like a gas range and is just as perfect in baking and cooking qualities. The special wick burners (see illustration at left) generate their own gas from common kerosene oil, and burn with an intensely hot blue flame that is entirely free from smoke, soot or smell. The heat generated is the best among oil burning stoves for quick cooking and baking. The large roomy oven, built-in, heats up quickly and is steady and dependable for even the finest kind of baking.

The oven door panel is white porcelain enameled. The burner drums are blue porcelain enameled. All other parts are finished in baked-on jet black japan and blue as shown on illustration. Same finish as used on automobile bodies.

Extra large oven. 16½ inches deep, 16 inches wide and 12 inches high. Has adjustable racks. "Silver-spray" aluminized finish—rust-resisting. Spring type drop door. Size of cooking top, 17¼ inches deep; with end shelf, 37 inches wide; without end shelf, 28½ inches wide; height from floor 30¼ inches. Size of stove over all, 60 inches wide by 22 inches deep by 48½ inches high. Shipping weight, 175 pounds.

168 G 2240—
Cabinet Range as shown.
Cash Price $33.85

Extra Cotton Wicks

Fit above range. Shipping weight, carton, 8 ounces.
68 G 313—Carton of 4 ..... $1.00

Heavy cast iron burner shells, chemically treated to prevent rust are now standard equipment on this Range—and the price is no higher than the old type. Easy to take apart and clean and the wicks will not stick. Will triple or quadruple the life of your stove.

Cooking top is 33 inches from the floor, 34 and 44½ inches wide and 17 inches deep. Stove is constructed of a high grade steel. Finished in a beautiful combination of gray and black japan baked on. Has a top shelf for utensils, also a leg tray for flat irons and pans. The drums are gray porcelain enameled. Takes floor space 42½ and 53 by 17 inches. Entire height, 58 inches. Oven pictured is our 168 G 751 shown on opposite page.

Estimated Total Freight Charges for 150 miles, 70¢; 300 miles, 89¢; 500 miles, $1.38.

PYROPAD Equipped!

No More Overheated Stovepipes Makes Every Pound of Fuel Count Distributes Heat Evenly—Always

NOW AN AMAZING NEW IMPROVEMENT IS ADDED TO AN OLD TIME FAVORITE

The ARMADA Windsor is PYROPAD Equipped

Invented for and Sold Only by Ward's the Largest Stove Store in the World

The Pyropad Heat Deflector is a heavy cast iron plate, semi-circular in shape, which fastens inside the stove just below the flue collar. It deflects the heat causing it to radiate through the sides of the heater instead of escaping up the flue before all the heat value is extracted. The burning gases from the fuel are kept in the heater longer which gives more heat from the same amount of fuel. It also means greater safety from fire, as the stovepipe can not overheat. This great improvement does not interfere with perfect draft.

"The saving in fuel is about one-third with the Pyropad." . . . get better heat throughout the house." . . . "I have tried t Pyropad without a damper, and not once did the pipe overh even with a red hot stove." . . . "It did not check the draft in t least." . . . "No soot gathers in the stove and no smoke comes when the feed door is opened." . . . "Can control heat better w the Pyropad, with only half the attention to the drafts." "Holds fire better over night."

The above statements from letters show the results of actual comparisons made by owners of Armada Windsors with the Pyropad in the stove.

The same remarkable conclusions were arrived at by customer after customer. Many preliminary tests were made under the direct supervision of our own laboratory and heating experts proved to us that the Pyropad is really a remarkable fuel and heat-saving invention. But to be doubly sure, we let the owners of Armada Windsors test the Pyropad in their own homes, under actual heating conditions, as wanted to give it the most thorou practical test possible. The resu proved, without a doubt, the Py pad to be the greatest improvem we could possibly add to the Arm Windsor—for many years a gr favorite among our customers. No with the Pyropad feature, it will more popular and bigger value t ever—because, in addition, the pric lower. No other stove store can it—the Largest Stove Store in World has the exclusive rights to

Will Keep a Large Home Comfortable

The Armada Windsor is unusually large and massive—nearly five and one-half feet in height. Beautiful in design—with its smooth flowing lines, and generously decorated with highly polished nickel trimmings. This heater will keep a large home comfortably warm during the most severe cold weather, yet it is so easily regulated that it will radiate just enough heat to take the chill off during fall and spring. with its larger size, superior quality, and great Pyropad feature, the Armada Wi sor is far less in price than you would pect to pay for a stove with so many vantages. It may be bought on our Payment Plan or for cash. For Easy ments Use Order Blank on Page 725.

Burns Hard or Soft Coal or Wood

Extra Large Firepot—one inch thick. Of cast iron, heavy as a furnace firepot—will last many years. It is 18 inches deep and 18 inches in diameter.

Heavy Cast Iron Base. Sturdy ashpit with airtight door. Large ash pan of unusually heavy galvanized iron. The round shaking grate with duplex grate bars is solid and strong so that any clinkers may be shaken out without injury to the grates. Duplex grates are especially adapted for burning hard or soft coal or wood with equal efficiency. Above the firepot is a wide nickeled cast iron ring forcing the heat to the floor.

Body is of unusually thick special heat and rust-resisting steel. Front is solid cast iron. The feed door is cast iron and has four mica windows. The door is 11 by 15 in —large enough to admit large block wood. All three doors are carefully mach to insure tight fitting. Rings, side w shaker door and urn handsomely nick Height to top of urn, 64 inches. Floor s required, 30 by 30 inches. Takes 7- pipe. Use stoveboard size 36 by 36 Page 545. Ship. wt., 430 lbs. This NEW HEATER IDEA Is Sweeping the Country

The Very Latest in Heater Designs

Heats the Healthful, Modern Way
Circulates Warm Moist Air - Uses Little Fuel

A year ago we offered this New Heater Idea to our customers. It introduced a new principle in heating stove construction—one that circulates the air instead of radiating, as do old type heaters. In this short time it has proved so successful in performance and we have received so many letters of praise from satisfied users that now we offer two more new models. We have made them in two truly distinctive cabinet designs. Close the outside doors and they are fine appearing pieces of furniture for any home. Both heaters have the beautiful walnut porcelain enameled finish, baked on, which is lasting and ornamental. They so closely resemble beautiful grained walnut wood that it is difficult to tell the difference. You, like thousands of our customers, will enthuse over this Heater—for, besides being far more satisfactory than the ordinary kind, it is designed to improve the beauty of your home. Ward's price is remarkably low—our terms are so reasonable you can't afford to resist such an opportunity. Our Easy Payment Plan of only $5 down and $5 a month will put either of these models in your home within a few days. For Easy Payments Use Order Blank on Page 725.

$83.85

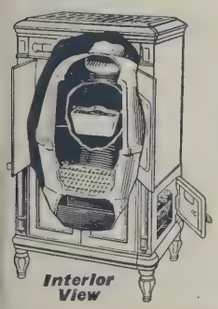
Walnut Enamel Finish

Heats Four or Five Rooms Healthfully

Hot dry air at a temperature of 72 degrees will not bring comfort to your home in winter and you will wonder why, but with the New Heatrophonic Windsor in the same home, only 67 degrees of heat are necessary to make it more pleasant, more healthful—and just as warm. Why? Because the heat is moistened. Your doctor will tell you that dry warm air with its activity destroyed is responsible for many diseases. But, moisten the air and its life is sustained. It will pass out into your house as vigorous and pure as if you were breathing nature's own outdoor air. The Heatrophonic Windsor, built scientifically perfect, circulates only moist healthful heat to every part of your home. It will keep four or five rooms comfortable throughout the entire winter.

Circulates Air Like a Furnace

The principle that makes hot air furnaces so efficient for heating every corner of your home makes the Heatrophonic Windsor do the same thing with less fuel than your old type heating stove used. The fuel capacity is no larger than ordinary heaters but the modern method of circulating the air makes every pound of fuel do added duty. Warm air circulates freely while the cooler air flows downward and back to the heater. Here it is drawn through the openings in the base, heated and moistened and circulated throughout the home. This constant circulation of moist, healthful air keeps the whole house, from ceilings tofloors, warm, and provides a comfortable and natural heat. Holds fire 36 to 48 hours as it is absolutely airtight when closed. The Heatrophonic Windsor circulates while the feed door is open. No other heater, to our knowledge, will do it.



Interior View

Cast Iron Heating Unit

Thick, rugged cast iron inner heating unit. Reversible pipe collar, so pipe can be run straight back or straight up. The firepot is heavy cast iron, 22 inches long, 14 inches wide, and 10 inches deep, fitted with duplex shaking grates for burning coal or wood. Check draft door on side of heater allows access to ashpit. Shaker opening in ashpit door permits easy shaking. Well made ashpan. The entire outer body is made of heavy sheets of ARMCO Iron; walnut porcelain enamel or plain black japan finish. Easily accessible humidifier or water pan at back holds 1½ quarts. Size over all, 30 inches wide by 30 inches deep by 52 inches high. Takes floorboard size 30 by 38 inches listed on Page 545. Takes 6-inch pipe. Shipping weight, 550 pounds. Estimated Total Freight Charges for 150 miles, $2.64; 300 miles, $3.41; 500 miles, $5.39.

Walnut Enamel Finish

All cast iron Heating Stove of a type long a favorite, due to its exceptional heating capacity, in a beautiful walnut porcelain enameled cabinet. Heats more space with the same amount of fuel used before. Circulates moist air just like higher priced circulating air heaters shown above and on other pages, the only difference is in size and capacity, because it, too, has a large water pan in back which moistens the air and makes it healthful. Regardless of its low price it will give real furnace comfort just like the large heaters and will keep three and four rooms pleasant all winter long. Can be purchased for cash or on our Easy Payment Plan of only $5 down and $5 a month. For Easy Payments Use Order Blank on Page 725.

$5 DOWN FIVE DOLLARS A MONTH

Circulates Moist Air—Heats Two or Three Rooms

The Variatola Windsor is a quick and powerful heater that will circulate air to all parts of the home. It draws the cold air off the floor, heats and moistens it, then passes it out through the openings in the top of the cabinet where it circulates gently to all parts of the room and to adjoining rooms as well. Keeps the floor warm and comfortable. Outer cabinet has two swinging doors to be closed when not feeding stove. When closed, the Variatola looke more like a handsome piece of furniture than a heater. Top is flat with open grill. Two sides and front are baked-on porcelain enameled ARMCO Iron. Back is plain finished. Takes floorboard size 30 by 38 inches, shown on Page 545. We recommend the purchase of a fire set and coal hod to make your stove outfit complete. They are shown and described on the back cover of this catalogue.

Circulating Air Means Healthy Air

Health authorities and physicians advocate the use of moistened air for heating to prevent many diseases caused by hot dry air. You could not help this with the old style radiating type heater. But with the Variatola you and your family are assured of healthy, moistened, efficient heat the entire winter long.

Inner Construction Heavy Cast Iron

Inner "cannon type" extra heavy cast iron body heavily ribbed to strengthen the body and prevent warping. In the upper front is a large feed door for coal or wood. The draw grates are of cast iron and the ashpit is extra deep. Large heavy gauge sheet steel ashpan. Reversible pipe collar, so pipe can be run straight back or straight up. Diameter of lower firepot is 18 inches. Diameter of upper dome or radiator is 16 inches. Large feed door opening, 10 by 7 inches. The porcelain enameled cabinet is cast Iron and Genuine Armco Sheet Iron with porcelain enamel fused on. The size over all is 30 inches wide by 30 inches deep by 45 inches high. Takes 6-inch pipe. Shipping weight, 350 pounds. Estimated Total Freight Charges for 150 miles, $1.68; 300 miles, $2.19; 500 miles, $3.43.

Recommended for Heating One or Two Rooms

Looks Like a Fireplace—Heats Like a Stove

A CHEERFUL Open Fireplace and a Circulating Air Heater combined. Remove the doors and you have a fireplace; leave them on and you have a regular heater with nickeled mica feed door; a heater that may be placed in any room. We have taken a genuine, old style Franklin Heater and added all the latest improvements, such as hot blast control; circulating air; open fireplace appearance; porcelain enamel finish; shiny nickel trimmings; large, heavy corrugated fire box with flat dump grate for burning hard or soft coal or wood; reversible pipe collar so that pipe can be connected straight in or up, and a large deep ashpit with roomy ashpan. Besides being a most unique and beautiful heater, the Windsor Fireside Franklin is a modern and up-to-date stove in every way.

Circulates Warm Air Freely

Just like a furnace, this stove heats by the circulating air method (see picture below). Cold air is drawn off the floor into the circulating air chamber and comes in contact with the hot body. Here the air is heated and then circulated through and out into the rooms. You always have perfect control of the fire. A draft slide in the lower feed door allows a slow draft, but by removing this lower door a roaring fire can be started with instant heat as a result. Check draft slides in the main top and upper main front enable you to quickly cool down an exceptionally hot fire.

Specifications of the Fireside Franklin

PORCELAIN ENAMELED PARTS. Blue, Gray or Grained Walnut—Top ornament, main front, side columns, andirons, main hearth, hearth slide, hearth side wings with tile design, hearth front, lower blower door. These parts are black finish on plain heater.

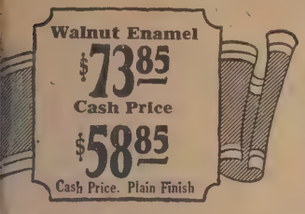
Circulates Warm Moist Air—the Healthful Modern Way



Walnut Enamel
$73.85
Cash Price
$58.85
Cash Price. Plain Finish

DOCTORS agree that the average heated room is too dry for good health. This lack of humidity (invisible moisture) in the air must be supplied by artificial means. To provide the home with the correct amount of humidity when heat is required, we have designed, after exhaustive tests, the ***Colonial Windsor Heater***. It is equipped with a water pan around which the heat passes, causing the water to vaporize into the air creating a healthful degree of humidity. This form of heat is more beneficial to everyone. The only attention required is to keep the pan filled with water.

Medium Size Circulating Air Furnace Heats 3 to 5 Rooms With Very Little Fuel

Even where it is possible to use a furnace, it is often referable to use the Colonial Windsor Heater instead. very woman appreciates the advantage of not hav- g to tend a furnace in the cellar. The Colonial indsor does practically everything that a furnace ould do—yet costs less, is easier to manage, and kes less fuel. It will heat 3 to 5 rooms with ease d will not use any more fuel than the old type stove hich heats only one room.

Better Than Ordinary Stoves

The Colonial Windsor, designed on furnace prin- ples, has a tremendous advantage over other stoves. t is really an "upstairs furnace" which heats on ex- tly the same principles as a pipeless furnace. A tove simply radiates its heat for a short distance, nd it has to be very hot to make its heat reach into ther rooms in cold weather. The Colonial Windsor designed to keep the warm air circulating. old air is drawn off at the bottom, passed through eating chambers, moistened by a humidifier and pelled through the flat grillle top. This causes a gentle, healthful circuation of the air and maintains an even temperature throughout the house. In addition your floor is always warm because the cold air is drawn off—desirable where there are children.

Read About Its Features of Construction

Below we have described in detail the features of construction of the Colonial Windsor. It is equipped in both models with the famous HOT BLAST RING which sprays hot oxygen laden air over the fuel, and is one of the reasons why the Colonial Windsor, burning no more coal than a stove, will heat better than several stoves.

Enameled on Four Sides

No work is required to keep the grained walnut porcelain enamel model always looking its best. Just wipe it off with a cloth. The handsome black finish is also easy to keep clean. Just a coat of blacking at intervals and it shines like new. So beautiful you don't need to take it down in the summer. Will burn any fuel. Holds fire all night easily, and can be easily regulated.

Features of the Colonial Windsor

Firepot. Big and heavy construction. Size 22 inches long, 14 inches wide and inches deep. Any of the parts can be easily replaced. Grates. Extra heavy plex. Easy to shake ashes through panel opening on side of heater. Fire Door. tra large. Measures 15 by 9 inches and permits use of large chunk wood. Large omy ashpit with heavy gauge reinforced ashpan. All doors and openings have refully machine ground tight joints. A swinging iron smoke curtain prevents noke or flame bursts when the fuel door is opened. Check draft in ashpit door. ody. Furnace construction with heavy castings, gas-proof joints, one-piece cast diator, heats quickly and circulates air rapidly. Hot Blast Ring. Saves fuel and events smoke and soot by forcing hot gases to burn. Easily regulated by slide dam- below feed door. Outer Shell. Heavy ARMCO iron, porcelain enameled on all r sides, makes a rust-resisting metal which will not warp or crack. Pipe Collar. versible to permit connecting to high or low flue. Takes 7-inch pipe, but does require special flue. Humidifier. Large, easily accessible water reservoir under lle top provides proper moisture to keep the air healthful. Dimensions. eight, 45 inches. Floor space, 30 by 26 inches.

The MAGNIFICENT Windsor
TRADE MARK

Built Like a Furnace Heats a 5 or 6 Room House

In reality a furnace—a high-grade, improved "upstairs furnace" mounted on a base and enclosed in an ornamental blue or gray enameled or black, all with nickel trimmed cast iron jacket. Like pipeless furnaces, it heats by the circulating air method as follows: First the big, heavy firepot radiates the heat, this heat is deflected to the floor by the outside nickeled deflector ring—thus the floor is heated immediately. Meantime the heat from the inside body and radiator is passing through the top of the casing. Cool air is sucked in through the openings in the enameled casing, comes in contact with the hot inside body and radiator, is heated and moistened and in turn passes out through the top in all directions. The heat is constantly moving—there can be no stagnant, unhealthy air in a home heated by our Magnificent Windsor.

The Magnificent Windsor Will Do This For You, Too

Mrs. N. L. Reed,
Waurika, Okla., writes:
"I installed one of your Magnificent Windsor Heaters in my home, and am well pleased with it. I heated five rooms all winter with about 4½ tons of coal. I prefer it to a furnace. Heats more quickly, is more easily regulated, and consumes less fuel."

Features of the Furnace-Like Construction

Body. Of special heat and rust-resisting copper-bearing steel. Reversible 7-inch pipe collar. Big Feed Opening. Is 11½ inches square. Has cast iron smoke screen. Hot Blast Feature. Air is sucked in from front, brought through tubes (on each side of the body) and is discharged into the fire where it is churned up with the smoke, making a hot fire. Firepot. Weighs 100 pounds and is over an inch thick. Diameter over all, 21 inches; 11 inches deep. Guaranteed to last at least 10 years. Deep wide base. Firepot and ash door airtight. Grates. Round shaking with duplex grate bars to burn hard or soft coal or wood. Ashpan. Extra large. Heavy galvanized iron. Ashpit. Opening 15 by 6½ inches.

Blue or Gray Enamel, or Black Japan Finish

Blue or Gray Porcelain Enameled Parts: Swing top (urn base), main top, left and right sides, main front, base, ash door, front and two side base strips. Exclusive Windsor FEATURES

Cyclonic Lid

These lids are constructed underneath so heat is whirled around and retained longer under the cover before passing into the flue. Gives more and quicker heat than the ordinary stove lid and reduces your fuel bill considerably. An exclusive Windsor stove feature.

Non-Scorch Lid

With it you can cook thick vegetables and cereals without danger of scorching. Can also be used for stewing or simmering or use as ordinary stove lids. They save the labor of having to stir your cereals to prevent scorching.

Sectional Lid

This feature lid is made in three sections. By taking out one or more, different size vessels may be placed directly over the fire for quick cooking. You will often find this lid a great help, especially when you wish to heat your foods in a hurry. All three parts accurately fitted.

Hot Blast Damper Top

One of the best improvements ever made on any range. The air is drawn through openings in damper, superheated, and in that condition discharged into the firebox. There it churns up all the smoke, soot and carbon and holds it on the fire until every bit of heat value is used up. Creates a quicker, hotter fire and is easily regulated.

Combination Range

French Gray Porcelain Enameled

To meet the demand for a Combination Gas-Coal-Wood Range at a popular price we have built this utility model and for those who need a lower priced range, we recommend this model. Serves a double purpose by taking care of all your cooking and baking needs, except broiling. We have left off some of the enamel, used a black japanned cooking top, and omitted the broiler in order to bring down the price to this low level. In place of the broiler we have added a handy warming closet. Pay cash or use our Easy Payment Plan of only $5 down and $5 a month. For Easy Payments Use Order Blank on Page 725.

Unusual Value at a Low Price

High-grade cast iron used for all castings. Steel parts are of ARMCO iron. Takes floor space, 48 by 38 inches and is 60½ inches high. Complete with first joint of 7-inch pipe. Range right end is Black Japanned.

Model "B"—Plain Finish

Without Windsor Oven Heat Regulator

The same Combination Gas Range with built-in Incinerator as the Full Porcelain Enameled Model "A" shown above, except in finish. Furnished only with polished closed top and without oven heat regulator. We have made this model especially for you people who desire a remarkable Gas, Coal and Wood Combination at a very low price. We have taken off most of the enameled parts so as to make this low price. We have left the oven, broiler and firedoor panels, splasher back and side, clean-out and broiler pan white porcelain enameled because they are the parts that need cleaning most frequently. They also add to the appearance giving a striking combination of shiny, black japan and pure, gleaming white. All other specifications are the same as on Model "A."

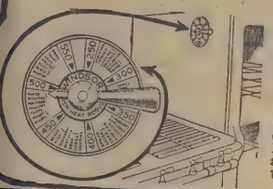
Windsor Oven Heat Regulator

For Gas Ranges Shown on Pages 559, 560, 561

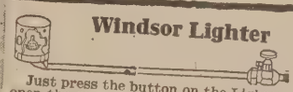


Permits you to do better cooking and baking, saves hours of your time and an immense amount of worry and hard work. It takes the guesswork out of baking and saves gas.

The Windsor Oven Heat Regulator is so simple that even a child can operate it. The necessary degree of heat required to prepare certain foods is marked on the dial. Light the gas, let the oven heat up ten or fifteen minutes—always necessary when oven is cold; then put your food in. Inasmuch as the heat in the oven is automatically controlled to stay at the exact temperature at which you set it, you can leave the kitchen for other duties or rest until it is time to take the food out.

All the Windsor Gas Ranges, (except cookers and models 268 G 1530, 1531, 1580 and 1581) can be equipped with the Windsor Oven Heat Regulator. It must be ordered with the range, as it is built in and concealed in the stove at the factory.

Windsor Lighter



Just press the button on the Lighter, open the gascock and the burner ignites instantly. All gas ranges on this page, except the Cooker, are equipped with this feature. All other Windsor Gas Ranges, except Gas Rangettes shown on Page 560, can be fitted with this lighter. If ordered with range, order 168 G 400. Shipping weight, 1 pound.

168 G 400—With range. Extra..... $1.25

68 G 401—Lighter separately. Mailable..... 1.25

Rust-Resisting Oven Linings

The kind of oven lining used in a range is an important point to look for when considering the purchase of a stove. Moisture tends to collect in any oven and unless special care has been taken in finishing the lining, you may have trouble. The dark speckled enamel, rust-resisting finish, which is highly recommended everywhere, and very easily cleaned, is used in the DeLuxe Gas Ranges. All other Windsor Gas Ranges have ovens lined with the best rust-res st- ing metal.

Model "C"—Semi-Enameled

We have built this model for those who desire the Windsor DeLuxe Gas Range with some of the parts plainly finished. Several of the Porcelain Enameled Parts have been left off. This lowers the price and gives you a pleasing color combination of black, gray and white. This range is exactly like Models "A" and "B" in dimensions, weights and quality. Burns natural or manufactured gas only. State kind wanted. Will not burn gasoline.

White Porcelain Enameled Parts: Top rail, shelf, oven top, splasher back and side, oven and broiler door panels, handles, clean-out pan and broiler pan. Gray Porcelain Enameled Parts: Main front, oven and broiler door frames, end shelf, and front legs. Nickeled Parts: Manifold pipe and fittings. Speckled enameled rust-proof linings in oven and broiler. Black Japanned Parts: Outside body side, shelf bracket, top grates and burners, burner box parts, body band and two back legs. All other specifications are the same as for Model "A."

Model "D"—Plain Finished

For those who desire a plain finished Windsor DeLuxe Gas Range, and yet want every detail of the quality construction which is in our highly trimmed models, this plain black style will prove most satisfactory. Although most of its parts are finished in black japan, the parts that need cleaning the most are white porcelain enameled. Save for the finish, it is exactly the same as Model "A." Burns natural or manufactured gas only. State kind wanted. Will not burn gasoline. It, too, can be ordered on our Easy Payment Plan of only $5 down and $5 a month. For Easy Payments Use Order Blank on Page 725.

White Porcelain Enameled Parts: Backguard, splasher back and side, oven and broiler door panels, handles, clean-out pan and broiler pan. Nickeled Parts: Manifold pipe and fittings. All other parts are shiny baked-on black japan. All other specifications are the same as on Model "A" shown above.

Values That Only Ward's—the Largest Stove Store in the World—Could Achieve

You must actually own and use one of our **Windsor Laundry Stoves** to really appreciate the quality and value we have built into them. Yet the prices are so low that everyone wonders how we do it. This is made possible mostly because we buy them in large quantities during ordinarily slack seasons, to keep foundries busy. The result is a large saving, which, in turn, we pass on to you. You benefit by the extremely low prices typical of other bargains found at Ward's. Various combinations in two and four-hole sizes give you a big selection from which to choose.

$4.55

Four-Hole Laundry Stove

This style of Stove usually sells for about $8.15. Look at our price—almost cut in half. The saving is yours. Will do such fine work for you—both in the laundry and for cooking, that you will always be proud of it. With the drum oven 468 G 906, shown at the left, you will also be able to bake.

It is made entirely of highest quality cast iron with all parts perfectly fitted so the utmost heat value is derived from your fuel. Height to cooking top, 21½ inches. Firepot is extra heavy ribbed and is 12½ inches in diameter. Heavy draw center shaking grate. Cooking top is 20½ by 21 inches. Has four 8-inch lids. Takes 6-inch pipe. Windsor High Oven Type Laundry Stove

Will Do Your Heating, Cooking and Baking Quickly

A Combination Laundry and Cooking Stove endorsed by housewives the country over. While using the four-hole laundry stove for heating purposes, you can take advantage of our high oven for baking purposes. The heat which naturally rises in the stovepipe, circulates in a jacket which surrounds the high oven and makes excellent baking results possible. The housewife can save fuel on laundry day by using this stove, as she can bake and do her washing at the same time.

We sell thousands of this model stove every year. The heavy cast iron parts are carefully machined to insure perfect fitting. The exceptionally sturdy legs will stand a heavy load.

Oven is 15¾ by 12½ by 11 inches wide. Full lined with steel and asbestos. Has glass panels and heat indicator in drop door. Can be used with any laundry stove or tank heater shown on this page. Laundry stove is same as the stove described at left. Made of cast iron and has a 20½ by 21-inch cooking top with four 8-inch lids. Burns any kind of fuel. Floor space only 22 by 22 inches. Takes 6-inch pipe.

Estimated Total Freight Charges for 150 miles, 55¢; 300 miles, 71¢; 500 miles, $1.13.

The Kitchen Queen

Cooker

Heater

Tank Heater

Laundry Stove

$6.95

This is an all round Stove. May be used anywhere—in the laundry—the kitchen as a heater or for extra cooking space—or as a water heater. It can be equipped with a water coil for use in connection with a 30 or 40-gallon range boiler if you have a water pressure system in your home. Another handy feature, not found on the usual stove of this type, is the steel leg tray which forms a convenient place for pots, pans, flat irons, etc. Entire stove body exceptionally well made of heavy cast iron.

Burns any kind of fuel—coal, coke or wood. Firebox is 15 by 7 by 9 inches, and has flat, double dumping grates. Burns 14-inch wood. Black cooking top is 12½ by 19 inches, roomy enough for the largest wash boiler. Height to cooking top, 31 inches. Has 2 regular 8-inch lids. Takes floor space, 15 by 23 inches. Shipped from our Baltimore Store, Albany, N.Y., or Gadsden, Ala., whichever is nearest you. Shipping weight, 90 pounds. **$6.95**

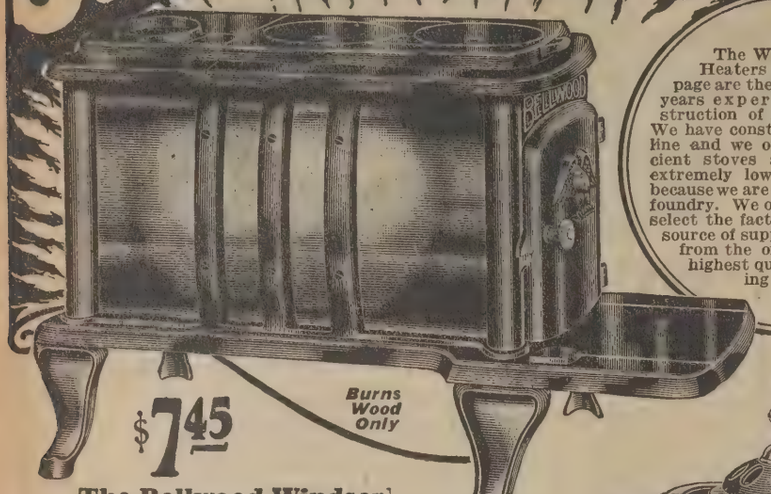
BURN WOOD—the ECONOMY FUEL

The Wood Burning Heaters shown on this page are the product of many years experience in the construction of high-grade stoves. We have constantly improved our line and we offer you highly efficient stoves at prices that are extremely low. We can do this because we are not restricted to one foundry. We own the patterns and select the factories closest to the source of supply, and always buy from the ones that give us highest quality. The saving is yours.



Burns Wood Only

$7.45

The Bellwood Windsor

Heavy all cast iron construction and excellent workmanship make this the best low-priced wood burning Heater we ever produced. Will give faithful service no matter how hard or how rough you use it. Every casting is extra heavy.

Heavy corner columns, as well as top to bottom cast iron braces on the sides, give additional strength. You can fire the Bellwood Windsor red hot without damaging it. A large swing door permits you to feed large chunks of wood without splitting or sawing them. May also be used as cooking stove. The four larger sizes have two handy lift lids on top; the small size has only one. Top is 26 inches from floor on all sizes. Hearth plate pulls out for draft. Takes 6-inch pipe. Burns wood only.

Estimated Total Freight Charges for 150 miles, 70¢; 300 miles, 90¢; 500 miles, $1.42.

Choose the Size to Fit Your Needs

168 G 358—Outside body size, 14½ by 22 by 18 inches. Size of swing-top feed door, 9¾ by 14 inches. Burns 20-inch wood. Shipping weight, 110 pounds..... **$7.45**

168 G 359—Outside body size, 14½ by 26 by 18 inches. Size of swing-top feed door, 9¾ by 18 inches. Burns 24-inch wood. Shipping weight, 130 pounds..... **$8.95**

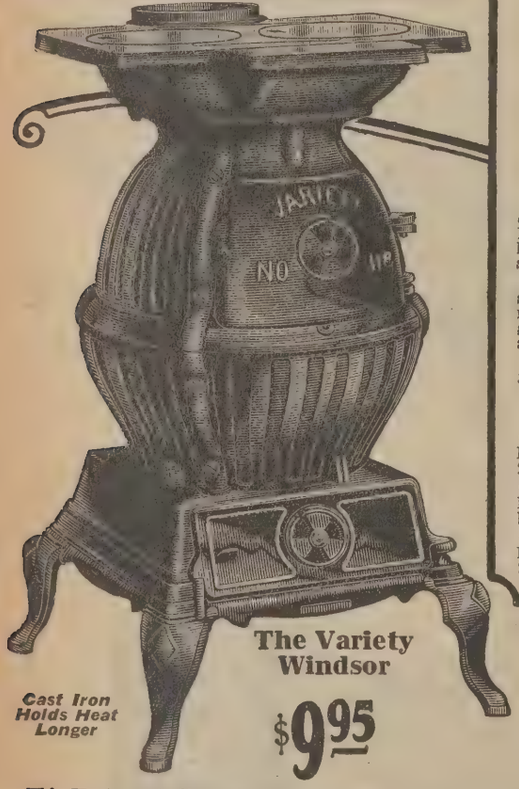
Shipped from our Baltimore Store, Albany, N. Y., or Gadsden, Ala., whichever is nearest you



The Variety Windsor

Cast Iron Holds Heat Longer

$9.95

This Heater gets its name from the fact that it may be used satisfactorily for so many different purposes. It will stand hard firing and rough usage. Because it is such a quick powerful heater, it is suitable for the home, church, school, shop, or garage. It is commonly known as an "egg type" heater.

The Variety Windsor has proved very popular with Ward's customers. For that reason we are making a great many more this year than ever before. This big volume production, together with our ability to select our foundries from near the raw material field, makes possible the extremely low price.

Burns Hard or Soft Coal and Wood

The pouch at the top for feeding coal is especially convenient when the cooking top is in use. In the upper front of the firepot is a large feed door, size 9 by 6¼ inches for coal or wood. The draw grates are of cast iron. The ashpit is made so deep that the ashes will not pile up, cut off the draft or burn out the grates. Stands on a heavy, solid, cast iron base. It is designed to withstand the heaviest service. Every part is carefully machined and joined so that the stove will provide lifelong service. Diameter, lower firepot, 18 inches; upper dome or radiator, 15 inches. Takes 6-inch pipe. Uses floor board size 26 by 26 on Page 545. Shipped from our Baltimore Store, Albany, N.Y., or Gadsden, Ala., whichever is nearest you. Ship. weight, 145 lbs.

Estimated Total Freight Charges for 150 miles, 70¢; 300 miles, 90¢; 500 miles, $1.42.

168 G 530..... **$9.95**

Popular Windsor All Cast Iron Heater

Entire stove is made of heavy cast iron. The body is ribbed, which not only strengthens the body, and prevents warping, but radiates heat much better than a plain surface. The big circular lower firepot deflects heat directly against the floor, which is always hardest to keep warm. Takes floor space 20 by 20 inches. The extra strong legs are securely bolted and joined to give long service.

The two-lid cooking surface is always handy for the busy housewife. It may be used effectively for either kitchen or laundry purposes.

$16.45

The Windsor Franklin

Burns Any Kind of Fuel

All the comforts of an open fireplace with the capacity and convenience of a heating stove are combined in the Windsor Franklin. By removing the doors you have an open fireplace; leave them on, and you have a regular heater. Has handy shelf on which to place doors when they are removed.

Specifications. Built of high-grade cast iron. Body and sides of heavy rust-resisting steel. Urn, door handles and foot rail are heavily nickeled. Heavy, large firebox with flat dump grate. Burns hard or soft coal or wood. Has large convenient ashpan. Takes 6-inch pipe.

Estimated Total Freight Charges for 150 miles, 72¢; 300 miles, 93¢; 500 miles, $1.47.

Three Convenient Sizes

168 G 1167—Size of firebox, 12½ by 10 by 7 inches. Entire height of stove, 36½ inches. Takes floor space 24 by 24 inches. Shipping weight, 135 pounds..... **$16.45**

168 G 1168—Size of firebox, 14 by 11 by 7 inches. Entire height of stove, 37½ inches. Takes floor space 25½ by 25½ inches. Shipping weight, 150 pounds..... **$18.45**

168 G 1169—Size of firebox, 16 by 12 by 7 inches. Entire height of stove, 39 inches. Takes floor space 27 by 27 inches. Shipping weight, 170 pounds..... **$21.45**

Burns Wood Only

$10.85

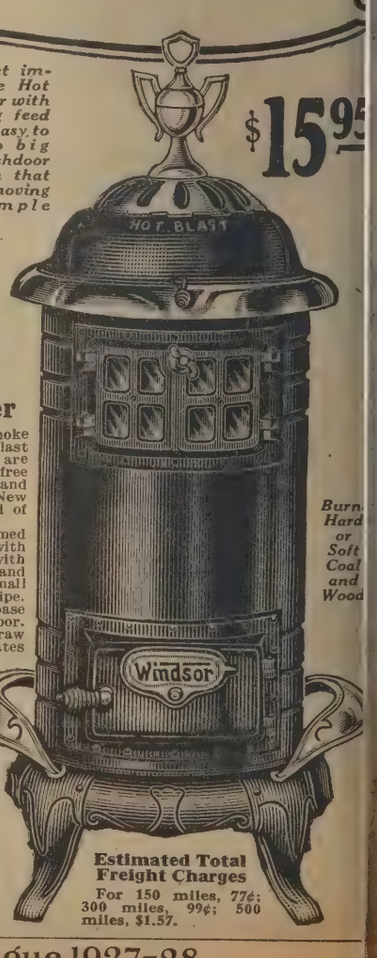
The latest improved type Hot Blast Heater with mica swing feed doors and easy to feed. Also big swing ashdoor and ashpan that make removing ashes a simple task.

$15.95



Burns Hard or Soft Coal and Wood

Windsor Hot Blast Heater

Gives you all the heat from the coal, as the smoke is held in by the air coming in through the hot blast tube in the top of the stove until all the gases are burned out. This feature also produces a fire free from soot, with a very small amount of ashes and clinkers. Burns hard, soft coal or wood. The New Windsor Hot Blast will save about one-third of your coal bill.

Body. Made of extra heavy steel, double seamed to a heavy steel bottom. Body is lined inside with cast iron. Large feed doors, 5½ by 10 inches, with mica openings, have machine-ground joints and latch which holds them securely in place. Small size takes 6-inch and two large sizes 7-inch pipe. Base. Sturdy, substantial cast iron legs and base strips. Nickeled footrails. Big swinging ashdoor. Firepot. Upper and lower of cast iron. Draw grates are cast iron and will not clinker. The grates move easily and are rigidly built to prevent warping. Top. Made of cast iron. Lift feed door in front has nickeled Alaska lifter. Nickeled cast iron swing cover and urn. Nickel pressed steel ring around foot-rests at sides of stove. Uses floor board, size 24 by 24 on Page 545.

168 G 569—Body size: diameter, 14 inches; height to urn, 40 inches. Firepot 12 inches in diameter. Shipping weight, 135 pounds..... **$15.95**

168 G 567—Body size: diameter, 16 inches; height to urn, 42 inches. Firepot 14 inches in diameter. Shipping weight, 160 pounds..... **$18.45**

"For Fifteen Years I Have Studied the Needs of American Housewives"

To me the need of labor-saving devices in the home seems a paramount one. For fifteen years I have studied the needs of American housewives, and during that time my aim has been to bring those articles of true practical worth within the means of all. I believe that is why thousands and thousands of families have made Montgomery Ward & Co. their headquarters for House Furnishings.

Our vacuum cleaners, electric washers, electric sewing machines, and pressure cookers, are all time and labor-saving articles, and permit a few more leisure hours to the average housewife. To give that added touch of beauty to the home, we offer our finest imported china—Haviland and Bavarian—and our finest glassware. Our values merit careful comparisons. Our prices are lower than the usual retail price of same articles bought locally. We assure you satisfaction and service.

T. E. MALEY,
Manager House Furnishings Department

RETAINS ALL OF THE NATURAL FLAVORS!

The WINDSOR Steam Pressure Cooker
$11.85
10-Quart Size
Perforated aluminum pan for steaming and baking.
Two additional pans. Cook several foods at a time.
Rack with legs in two lengths, raises pan over a roast.

Made of Extra Heavy Cast Aluminum It Will Last a Lifetime

A meal cooked in one-third the usual time! A saving of two-thirds the time required by the old fashioned method of cold pack canning! And your fruits, vegetables and meats will keep indefinitely—because jars and food are so thoroughly sterilized by steam that spoilage is impossible.

A gauge automatically registers the amount of steam pressure; a petcock provides for the outlet of steam or air. A safety valve prevents overpressure and makes the cooker absolutely safe. Outer rim of the cover is ground to fit the cooker exactly, making it steam-tight when the clamps are screwed down.

Cross pieces are removable from insert aluminum pans; useful for ordinary cooking and baking.

The Windsor Steam Pressure Cooker is guaranteed to be equal in every way to similar cookers sold elsewhere for nearly double our price. It is practical for everyday cooking and cannot be excelled for preserving and meat canning.

Use Your Pressure Cooker All the Year Cut Your Food Costs

Once you have tried this Windsor for cooking and canning, you will never want to be without one in your kitchen. It is useful for steaming, boiling, roasting, baking and frying. Cuts of meat that are unusually tough are made tender, juicy and appetizing when prepared in the Windsor Pressure Cooker. Your savings in the cost of meat alone will soon pay for your cooker. An instruction book included, contains many helpful menus and recipes.

All except the 25 and 40-quart sizes are mailable.

Approved by Good Housekeeping Institute

Convenient lifters for raising the hot pans. No burnt fingers.

INSTRUCTION AND RECIPE BOOK INCLUDED

A book of recipes and suggested menus and full directions included.

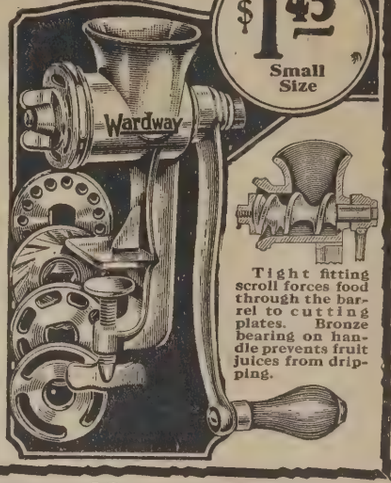
Cuts Any Food Any Size

The savings you make on your grocery bills by converting leftovers into dainty, appetizing dishes will pay for this Chopper in a short time. We invite you to compare the Wardway with any food chopper made. Then you will be thoroughly convinced it is one of the finest you can buy. You will pay almost twice as much for one of this quality elsewhere.

Equal to Finest Chopper Made

The Wardway Food Chopper barrel is cast in one piece, heavily tinned to prevent rusting. Tight fitting scroll forces food against six sharp edged slicing ribs before it reaches cutting plates. Accurately machined bronze bushing allows handle to screw tightly against chopper, preventing juices from dripping at handle. Cuts either fine, medium or coarse without crushing food. Three cutting plates of machined steel, reversible and self-sharpening. One shredder and pulverizer. Cuts all foods easily, such as raw meats, fruits, vegetables, dry bread, crackers and nuts. Large flat table clamp makes chopper set rigid on table. Has long handle with revolving wood grip. Easily taken apart.
86 G 1918—Small size. Size of top hopper opening, 3⅜ by 2⅝ inches. Chops 2 pounds per minute. Shipping weight, 4 pounds 8 ounces.....**$1.45**
86 G 1919—Medium size. Size of top hopper opening 3⅜ by 2¾ inches. Chops 2½ pounds per minute. Ship. wt., 6 pounds..**$1.75**
86 G 1920—Large size. Size of top hopper opening, 4 3/16 by 3⅛ inches. Chops 3 pounds per minute. Shipping weight, 8 pounds..**$2.15**



$1.45 Small Size

Tight fitting scroll forces food through the barrel to cutting plates. Bronze bearing on handle prevents fruit juices from dripping.

Every part of this Press, even the strong iron frame, is heavily tinned—you can appreciate the advantages—it's rust-resisting throughout, easy to clean and sanitary to use. Far superior to low priced painted presses. Disc top screws down and presses the juice out through the perforations. Mailable.
486 G 1953—2-quart size. Shipping weight, 15 pounds.....**$2.85**
486 G 1954—4-quart size. Shipping weight, 26 pounds.....**$4.29**

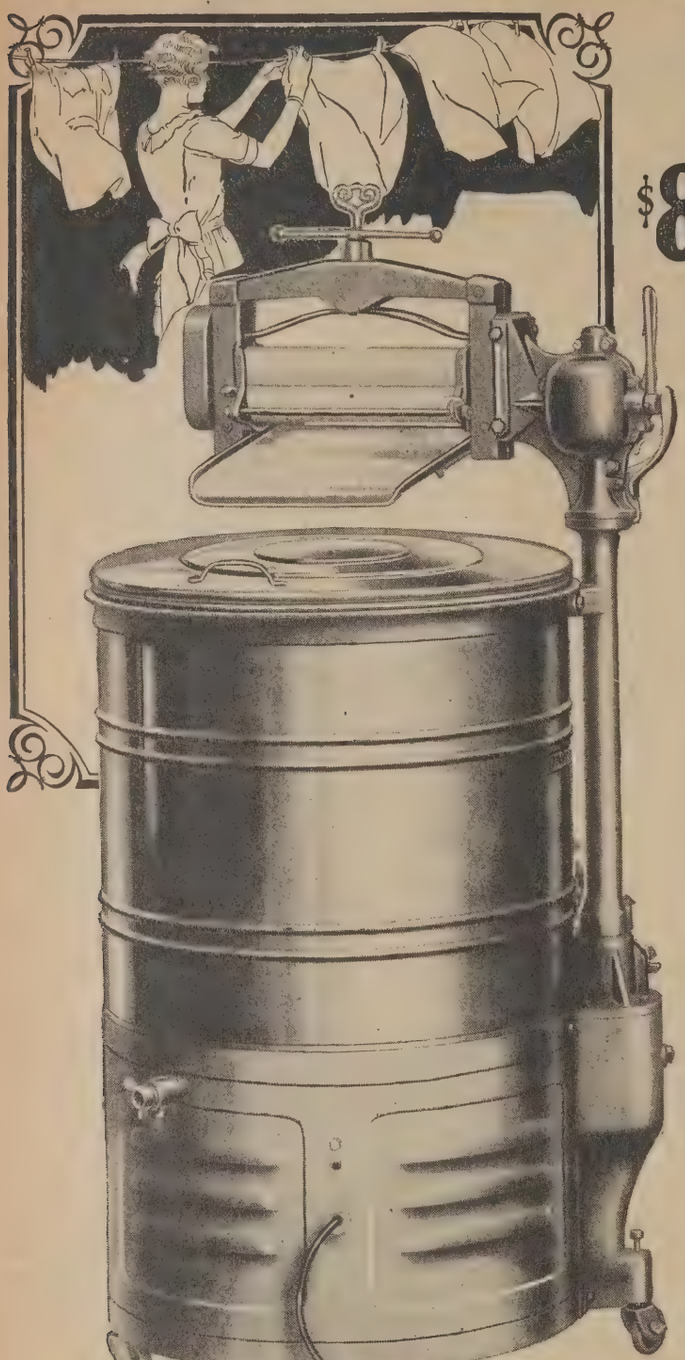
For Quicker, Cleaner, Larger Washings



Capacity, Six to Eight Large Sheets

The Improved Wardway Gyrator Combines the Best Features of All Machines Sold the Country Over

$87.50 CASH PRICE

And we Save You $40 to $60

$5 DOW and Eight Dolla A Month

Two Women Out of Three *Now* Buy This Gyrator Type

ASTOUNDING, BUT TRUE—two-thirds of all the Washing Machin being sold in America are of the gyrating type—convincing eviden of its superiority. Naturally you want to know the reason for th amazing popularity.

Because of its gyrating washing principle—so simple and yet so thc oughly efficient—clothes are washed without injury and in far short time than required by other types of machines. A large tub of clothes—s to eight large sheets or their equivalent—can be washed at one time, from three to seven minutes.

This Type of Washer Usually Sells for $125 to $160

Go into any store and ask the price of washing machines of the gyrating type. Th you will appreciate the saving which Ward's price offers you. Washers constructed the gyrating principle are usually priced at from $125 to $160 elsewhere; yet we guaran that Ward's Gyrator—at our much lower price—is equal in every respect to other machir of this type! These washing machines are manufactured especially for us, according our own design and in large quantities. Without sacrificing any of the careful workma ship and good materials so necessary in a washing machine, we have reduced their c enormously. And as is always our custom, we give you the benefit of our savings.

The Wardway Gyrator has all the convenient features found in fine washing machines extra large washing capacity; simple control; power wringer which can be used wh washing. Absolute safety for you, and children playing beside it; gears enclosed in grea packed housing, do not need any attention for two years.

Swirling the hot suds through the clothes fifty-five times a minute, the Gyrator clea clothes thoroughly; every streak and spot is removed.

Even collars and cuffs of work shirts which ordinarily must be rubbed by hand on board, are completely cleaned by the whirling, cleansing action produced by the gyrati propeller in the hot suds.

And it is extremely easy on very dainty materials as well as heavier garments. F your loveliest sheer lingerie, chiffon hose or filmy lace curtains, "Gyrator" provides ex protection—a strong net bag in which to place these fragile things. By just droppi this bag into the machine, your dainty articles will be laundered as safely and th oughly as if you had gently washed them by hand yourself.

Solid Copper Tub—Steel Cabinet Baked-On Gray Enamel

Beautifully finished in gray baked-on enamel except the tub which is solid copper; lacquered to preserve its polished finish, the Gyrator is wear-resisting and decidedly good looking. The cabinet is heavy sheet steel, not merely riveted, but spot welded to a frame of angle iron. Levers and handles heavily plated to prevent rusting. A hinged door gives easy access to motor and mechanism of the washer. Belt, pulleys and motor are mounted under the tub, out of the way. The inside of the tub is heavily tinned to prevent discoloration of clothes; this also makes it very easy to clean.

The gyrating propeller is of one piece cast aluminum, 13½ inches in diameter, is easily removed when washing out tub. Easy rolling, strong casters; one of them adjustable, allowing you to have a perfectly steady washer on any floor. All-metal reversible gear driven wringer has 11¾-inch rollers of best grade rubber. This wringer has a safety release, is adjustable to three positions, and can be operated when machine is washing. The metal drainboard is reversible.

High-Grade Splash-Proof Motor, Operates Tub and Wringer

The Gyrator is 36 inches high to top of tub. C veniently compact, even though its capacity is large, as it occupies a floor space only 25 inches diameter. The copper tub is 19 inches deep wit top opening 21 inches in diameter.

An exceedingly high-grade ¼ horse-power elect motor operates the tub and wringer, both of wh may be used at the same time if desired. The mo is for use on 105 to 120-volt, 60-cycle alternati current. If the plate of your meter shows th your house current is different, allow $5 extra a suitable motor, and state voltage, whet direct or alternating and if alternating, w cycles. Before Ordering Read "For Quicker S vice" at Left of Page 573.

For Easy Payments use Order Blank on Pa 725. Shipped from Baltimore, Md., or Clevela O., whichever is nearest you. Shipping weig 230 pounds.

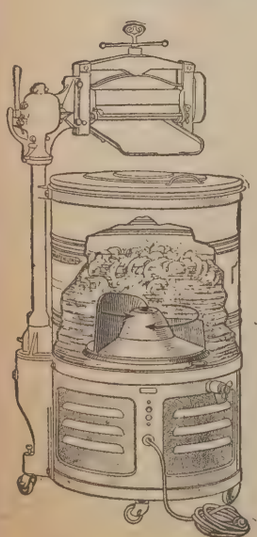
How the Wardway Does Big Washings So Speedily



The two-blade Agitator in this machine produces its rapid, efficient washing action. Whirls the hot suds and water through every fiber of the clothes, removing all trace of dirt and grease.

Even collars and cuffs of work shirts which ordinarily must be rubbed by hand on a board, are completely cleaned by the whirling, cleansing action produced by the gyrating propeller in the hot suds.

Solid Copper Tub

Durably finished inside with heavy tinning, the solid copper tub can be cleaned in just a moment's time. And clothes are absolutely safe from discoloration or injury of any sort.

Swinging Power Wringer

Tiny handkerchiefs or heavy blankets go through the Wringer with perfect ease as it is readily adjusted to any material. This all-metal reversible gear driven Wringer with a safety release swings into three positions. Wringer may be operated whether washer is running or not; a convenience greatly appreciated by the busy housekeeper.

500 Miles	3.86

5-YEAR GUARANTEE

NOT only is this Washer protected by our liberal guarantee that covers every article in this catalogue, but it also has a *special 5-year guarantee.*

We guarantee to make good any defects that may develop, due to faulty materials or workmanship during a period of *five years* from date of purchase.

We guarantee the materials and workmanship to be the finest—we never sacrifice quality to make a low price.

Washes Cleaner and Quicker Than Others

"I tried quite a few Washers, but I find that the Wardway Gyrator washes quicker and cleaner than any of the others. In looks and finish it surpasses others that sell for $155 to $180. I am perfectly satisfied with your washer, and would not exchange it for any other on the market." John Peter, Port Jervis, N.Y.

Mrs. Moran Saved Over $70 on Her Washer

"It is better than a Washer costing $160. I am more than satisfied with it." Elvin Moran, Norton, W. Va.

FREE TRIAL OFFER

Try this Washer in your home for thirty days. If you are not completely satisfied with it, write us for shipping instructions and we will refund all you have paid, including transportation charges both ways.

Wardway Reversing Cylinder ELECTRIC WASHER
Machines of This Type Usually Sell for Double Our Low Price

MANY of the highest priced Washers use this same reversing cylinder principle because of its thorough yet gentle washing action. It will wash out a big tub of clothes in fifteen minutes or less and wash them *clean*, without injury to the most delicate fabrics. Washes anything from handkerchiefs to blankets. The reversing cylinder which slows down before reversing, swirls the clothes rapidly through the soapy water, thoroughly cleansing them.

Sold on thirty days trial. Then if you are not satisfied that it is the best washer, for the money, you ever saw, write us for shipping instructions and we will refund all you have paid, including transportation charges both ways.

Wardway Quality Features Include All Metal Wringer—Splash-Proof Motor

Every convenience and improvement included in the finest washers of this type will be found in the Wardway. Your choice of either copper tub, heavily tinned inside, or galvanized tub. Capacity of tub, 6 sheets, 12 shirts or their equivalent. Tub is 18 inches long by 18 inches in diameter; cylinder is made of heavy zinc with perforations, embossed to prevent wear on clothes. Rust-resisting, galvanized iron ends give added strength. The heavy sheet steel cabinet is spot-welded to reinforced angle iron corners and finished in baked-on, gray enamel. Drain faucet threaded for hose connection. Has easy rolling heavy casters. Occupies floor space 25 by 26 inches. Height of machine, 37 inches; height to top of wringer, 53½ inches. Electric models are belt-driven by high-grade splash-proof motor. High speed gears run in grease in leak-proof housings.

If ordered on our Easy Payment Plan send $5 with your order and $8 a month. For Easy Payments Use Order Blank on Page 725.

The metal, power-driven wringer with large reversible drainboard, swings to five convenient positions and rollers turn in either direction. Has safety release; 11¾-inch extra quality, semi-soft, rubber rollers. Tub and wringer can be operated at same time.

The Electric Washer has high-grade ¼ horse-power 105 to 120-volt 60-cycle alternating current motor that operates both tub and wringer. If the plate of your meter shows your current is different, allow $4 extra for suitable motor. State voltage, whether direct or alternating, and if alternating, what cycles. Before ordering, read "For Quicker Service" below.

The Engine Drive Washer is equipped with 6-inch pulley with 2⅜-inch face for 2-inch belt instead of electric motor. You can run this model with any gasoline engine or from any line shaft at a speed of 350 revolutions per minute. This model has no casters.

Baked-On Gray Enamel Cabinet

The *Thuro* Power ELECTRIC WASHER
Powerful Three-Cup Vacuum Action

The action of the three aluminum vacuum cups forces the suds through the clothes in both directions, meanwhile swirling them back and forth until they are thoroughly cleaned. This gentle motion means longer life to your clothes. Top swings back allowing easy access to tub. We guarantee the Thuro to be equal in performance to any vacuum washer made, regardless of price. Sold on thirty days trial.

Copper Tub—Gear-Driven Wringer

Tub is solid copper, tinned inside, mounted on rigid frame of heavy angle iron and enclosed within a cabinet of sheet steel. Finished in gray baked-on enamel. Simplified construction—when lid is lifted the plunger comes out. Cast aluminum gear-driven wringer is of the reversible type. Swings to four positions. Has safety release. Tub and wringer may be operated at same time. Finest quality 11¾-inch rubber rollers. All working parts completely enclosed in grease or oil leak-proof cases. Height from floor to top of cabinet, 33 inches and to top of wringer, 48 inches. The machine occupies a floor space of 26½ by 26½ inches. Drain faucet is threaded for hose connection. Capacity six sheets, twelve shirts, or their equivalent.

If you wish to buy either machine on our Easy Payment Plan, send only $5 with your order and $8 a month. For Easy Payments Use Order Blank on Page 725.

Wardway Oscillator ELECTRIC WASHER
Copper Tub and Swinging Wringer Equals Machines Costing $125 *to* $160

The Wardway Oscillator operates on a sound, mechanical, cleansing principle. The copper tub, corrugated inside, moves like a cradle with an easy rocking swing that gives a figure 8 movement to the water. This tumbles the clothes over and over, fifty-five times a minute in the swirling hot suds, removing all dirt.

This Washer differs from the reversing cylinder type washer shown above only in the type of cylinder. The principle of the oscillating washing machine has been thoroughly tested and found very efficient. Equipped with a heavy copper tub, tinned inside to prevent discoloration of clothes. Measurements and specifications same as shown for washer above.

Be Sure to State Voltage if Ordering Electric Model

Before ordering read "For Quicker Service" information above at left. See "Estimated Total Freight Charges" on Page 574.

With Electric Motor High-grade ¼-horse-power 105 to 120-volt 60-cycle alternating current motor that operates both tub and wringer. If the plate of your meter shows current is different, allow $4 extra for suitable motor and state voltage, whether direct or alternating, and if alternating, what cycles.

Wood Dolly
Wood Dolly swirls the clothes rapidly through the hot suds. A type of washer that always gives satisfactory service.

The Improved Wash-Klean

If you purchased this type Washing Machine elsewhere, you would have to pay considerably more. It is reliable and efficient—and, considering construction, finish and price, we have never seen its equal.

It washes on the old, reliable dolly principle, which forces the hot suds back and forth through every fiber of the clothing, and quickly removes dirt without injury to the fabric.

Washing your clothes with the Improved Wash Klean Electric is simple and easy. Just drop the clothes into the hot, foamy suds, close the washer, turn on the current, and the washing begins.

Motor will run either the washing machine alone, or wringer and machine at the same time. The tub is water-resisting, selected southern cypress, corrugated on the inside. Six sheets, twelve shirts, or their equivalent may be washed at one time.

Equipped with power-driven, swinging reversible wringer, with special 12-inch rubber rolls. Wringer automatically locks in any desired position. Has quick safety release.

Height of machine to top of wringer, 50½ inches; to top of tub, 34 inches. Diameter top of tub, 19¾ inches; bottom, 22 inches. Tub has plug in side for draining. A good, practical washer at an exceptionally low price.

Electric Model

With high-grade electric motor for use on 105 to 120-volt, 60-cycle alternating current. Motors for other voltages can be furnished for $4 extra.

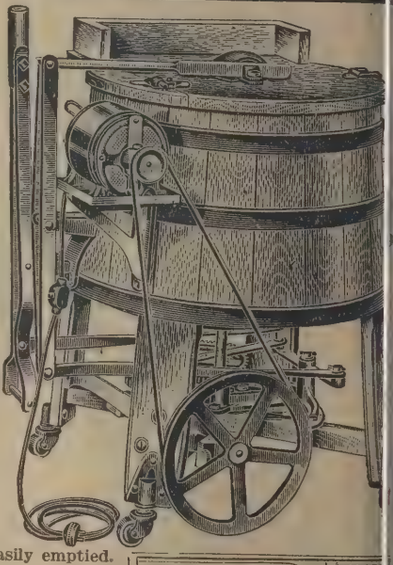
Engine Drive Windsor Washer
$16.98



We price this High Speed Ball-Bearing Electric Washer at about one-third less than usually asked elsewhere. Easy to run—does away with the drudgery of the old time way of washing. It is made of high quality materials and is thoroughly dependable. Its simple construction insures long years of satisfactory service. Operates on the reliable dolly principle—You can wash clothes without the slighest injury to the fabrics.

Tub is of water-resisting wood, which holds the heat. All metal parts are electro-galvanized to prevent rusting. Corrugated inside for better washing action. It holds six sheets, twelve shirts or their equivalent. Heavy reinforced lid may be raised without interfering with the belt. It is easily emptied. Has sturdy wringer board.

Sold for cash only. See "Estimated Total Freight Charges" on Page 572.

Electric Model With Motor
Complete with 105 to 120-volt 60-cycle alternating current motor. Other voltages can be furnished at additional cost of $4. State voltage, cycles, and whether alternating or direct current. Look on your electric meter for this information. Read "For Quicker Service" at left of Page 573.

Extra Large Size Stationary Ironer

For Large Families or Small Laundries

Attachment for Ironing Collars Cuffs and Ruffles

$104.50 Cash Price

Gas or Electrically Heated

Does all plain ironing and in addition has special ruffle and collar attachment for fancy work. The 6-inch rolls, 3½ inches in diameter, are for flat pieces and the electric heated open end attachment for collars, cuffs, ruffles, etc. Measurements of ironer: Height, 39 inches; width, 20 inches; length, 54 inches. Wide maple feed board. The revolving seamless steel cylinder insures even, steady heat at all times. We can furnish artificial or natural gas or electric heated ironers. Heating element is inside of cylinder. The electrical heated model requires a special 220-volt wiring for the heat unit, and draws 3000 watts when main heating element is turned on and requires a special wire to carry this load. Gas heated model does not requires a special wiring. Both gas and electric heated ironers are equipped with 105 to 120-volt, 60-cycle motor to operate rolls.

Estimated Freight Charges for 150 miles, $1.93; 300 miles, $2.38; 500 miles, $3.50.

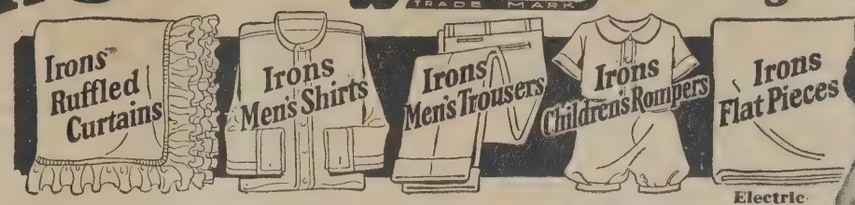
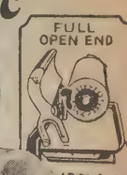
In 3 Hours-a Full Day's Ironing

Wardway Folding Electric

TRADE MARK





IRONS ALL DIFFICULT PIECES EASILY

"I Recommend the Wardway for Family Use"

For fifteen years I have made an intensive study of labor-saving devices for use in the home—especially electric ironers. After many experiments and tests I was thoroughly convinced that our Wardway Electric Ironer combined all those features that should appeal to every housewife. Folds into small space, 18 inches square—small enough to be out of the way in a four room flat—yet large enough to handle the ironing for a twelve room house. Easily put away when not in use. It is convenient and economical to use. Costs no more to operate than an electric iron—yet you can iron comfortably, sitting down, in ⅓ the time. It irons everything—ruffled curtains, men's shirts, children's rompers, and all flat pieces in less than half the time required by the old ironing methods. Because the Wardway Electric has proved its merit I heartily recommend it for home use.

T. E. Maley,
—Manager House Furnishings Department.

Stationary Ironing Shoe—Best Type

The ironing shoe is absolutely rigid—a permanent part of the machine. Place the dampened clothes on the padded roll—a light knee pressure on the control switch gently starts the roll and brings the work in contact with the heated shoe. The nickel plating on the shoe gives a beautiful finish to the work. The full open end irons all difficult pieces with ease. Automatic adjustment permits ironing pieces of any thickness. Folds into small space when not in use.

Folds Into Small Space—Easy Rolling Casters

Folds into space only 18 inches square when not in use. Length of roll, 26 inches, diameter, 7 inches, ironing surface, 150 square inches. Full open end. Heavy cast base entirely finished in gray enamel. All working parts run in grease. Costs little to operate. Electric heating element uses 10 ampere on 110-volt, 60-cycle alternating current. No special wiring required, simply plug into any light socket. Shipping weight, 275 pounds. Cannot be used on 32-volt farm lighting plants. Can supply other voltages and cycles at additional cost of $4. Estimated Freight Charges for 150 miles, $1.52; 300 miles, $1.87; 500 miles, $2.75.

TRADE MARK

Service for 43 Years!

"Enclosed is an order for long cylinder shuttle for a Montgomery Ward & Co. Sewing Machine. My wife has used this machine 20 years, and her mother used it 23 years before her. This is the first repair the machine has needed except for needles."

Rollie Holcomb, Pound, Wis.

Printed by Permission

Here is a message for you direct from one of our customers. It is positive proof that Ward's Sewing Machines are built to outwear their 20-year guarantee. We wish it were possible to show you the hundreds of letters just like this that we have received. Many of them tell about machines bought from us 25, 30 and even 40 years ago, still being in good running order.

1 Oil Can	1 Quilting Gauge
1 Small Hemmer	1 Seam Gauge

Light Running and Quiet

The Rotary is the latest and most efficient principle in Sewing Machines. The development of this type is a great step forward, because it eliminates vibration and noise. The Rotary will sew as slowly as you like, and with as little effort will sew a third faster than a vibrating shuttle machine. Has all latest improvements. Improved positive feed is designed to take care of this increased speed and feeds material straight; will sew the heaviest and thinnest materials equally well. Length of stitch can be regulated by moving a lever without stopping the machine. You can wind bobbins without taking your sewing out or removing belt.

Each machine comes complete with full set of Greis attachments. These enable you to do hemming and fell ing, hemming and sewing on lace, wide hemming, bind ing, tucking, edge stitching, ruffling, piping, shirring puffing, quilting and anything else that fine quality ma chines should do. A complete instruction book with pic tures showing every operation makes it easy to accom plish any of these. All Damascus machines have th latest automatic tension device. Regardless of the threa or materials used, the tension is automatically adjusted

Has Made and KEPT Friends

Sewing Fine and Heavy Garments Since 1895!

"I noticed in one of your catalogues a letter written by Mrs. Frederic Heckmen of Uniontown, Ohio, in which she says her Sewing Machine was bought of you in 1898. Our machine was bought of you in 1895 and has done a heap of sewing on both fine and heavy garments; besides, the men used it to patch their binder canvases and auto curtains. It is still doing good work. We have raised a family of five children and all the sewing has been done on this machine. The only repairs have been new needles. The machine promises to last as long as I shall need one."

Mrs. John Linn,
Manhattan, Kan.

Guarantee

We guarantee that every Sewing Machine bought from Ward's has been accurately adjusted, carefully inspected and thoroughly tested, with both silk and cotton thread. We guarantee the materials and workmanship to be of the finest, and will make good any defects that may develop, due to faulty materials or workmanship during a period of 20 years from date of purchase, absolutely without cost to you.

Equipped With All the Latest Improvements

We guarantee it for 20 years—and our many years experience proves that this Sewing Machine will outlive its guarantee! Our price is much lower than others ask for machines of similar high quality, because we buy at lowest prices and sell tremendous quantities. The cost of the vibrating machine is lower than that of the rotary shuttle type as the mechanism is less expensive to build. The workmanship and materials are the very finest. No vibrating shuttle sewing machine runs easier, sews better or has a finer construction than our Damascus Vibrating Shuttle Machine. It will give years of satisfactory service.

Damascus Vibrating Shuttle machines are equipped with a full set of Greist Attachments, and will do all plain and fancy sewing as well as any machine made; binding, tucking, hemming, and sewing on lace; ruffling, piping, shirring, braiding, quilting, and other sewing. The Damascus Vibrating Machine has latest improved automatic tension, easy stitch regulation, perfect feed, automatic bobbin winder and other features of highest priced machines. Built for us by a manufacturer who has specialized in these machines for over forty-seven years. Thousands of them have been in use for over twenty years, most of them without repairs during that time!

What an Allowance on Your Old Machine Really Means

On first thought an allowance on your old machine may seem desirable; but stop to think how misleading this offer really is. The price is usually padded in order to insure the full profit to the dealer. This is, of course, unfair to the customer who has no machine to turn in. Compare our low price with the net price quoted by others, and you will find that we still offer you the greatest saving, even after deducting the allowance from the dealer's price. Damascus quality is the very best possible—we make no allowances; but we guarantee the saving.

30 Days Trial In Your Own Home

You may use any of these Sewing Machines in your home for 30 days, and make any comparison you like. If you are not satisfied with the results, write us for shipping instructions. We will refund all you have paid, including transportation charges both ways.

Your Choice of Five or Seven Drawer Model

Our customers have found this popular Sewing Machine so highly satisfactory that we now offer it in two low priced models. Both use the same reliable sewing head, shown at the right. Choose the five or seven drawer model, whichever best suits your requirements.

Built of Solid Oak with the table and all panels richly veneered. Finished throughout, a beautiful golden color. The front drawer has special slots for bobbins, needles and other small accessories. Included with the machine is a complete set of nickel-plated Greist Attachments with instructions for their use; also twelve needles, six bobbins, thread cutter, screw-driver, gauge, oil can (filled) and complete illustrated instruction book. Size closed, 18½ by 34 inches. Shipped from Factory in Belvidere, Ill. Shipping weight, 115 lbs. See "Estimated Total Freight Charges" at right. For Easy Payments Use Order Blank on Page 725.

Non-Electric Vacuum Cleaner

$13.95 Gets The Dirt
Costs Nothing to Operate

Usual Retail Price $25.00 to $35.00

Especially designed for homes not equipped for electricity. Powerful suction cleans as thoroughly as many electric machines. Our Wardway Non-Electric Cleaner is the most economical you can buy. Costs nothing to operate; always ready for use. Guaranteed to give you absolute satisfaction through years of service. Cleans thoroughly without raising dust. No wonder thousands are in use today!

Built Like an Electric

It cleans and sweeps at the same time, creating its own continuous suction as it is pushed across the floor. High-speed ball bearing 5-inch suction fan, geared to rubber-tired wheels, creates a powerful suction drawing the dirt and dust upward through nozzle into the dust-proof bag. A stiff revolving brush picks up surface litter. Brush easily removed for cleaning.

Worm Gear Construction

Light in Weight—Easy to Handle

All parts are of best material obtainable. Carefully machined. Rubber-tired wheels. Polished cast aluminum body is 7¼ inches high. Slides under low furniture. Nozzle, 11 inches long. Dust-proof detachable bag. 42-inch wood easy-grip handle. Oilless bearings. Sturdy worm gear construction. Shipping wt., 13 pounds. Mailable.

486 G 525..... **$13.95**

Light as a Broom New Electric Vacuum Cleaner

$15.95

Usual retail price, $25 to $30. Every housekeeper can find a hundred uses for this inexpensive Electric Cleaner! The long light-weight aluminum handle—actually lighter than a broom—permits cleaning walls, draperies, and mouldings, with little effort. The aluminum suction fan, quiet running high-speed motor and dust bag are contained in the polished aluminum case which rests on the floor. Motor operates on 105 to 120-volt direct or alternating current.

Ideal for Cleaning in Difficult Places

Equipment includes 20½-foot electric cord with plug; 5¾-foot flexible hose; 3½-foot aluminum tube handle which slips easily out of small nozzle so you can clean draperies without changing attachments; 10½-inch nozzle with a stationary brush that loosens embedded dirt; small nozzle and suction brush for cleaning upholstery. With 105 to 120-volt D.C. or A.C motor. Ship. wt., 13 lbs. Mailable.

486 G 517—Cash only..... **$15.95**
486 G 518—With 32-volt motor for farm current. Cash only..... 16.95

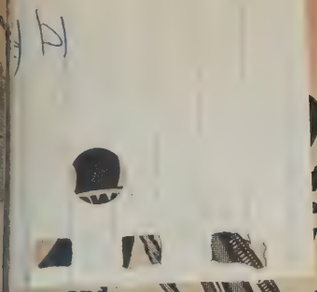
These Attachments Included Without Extra Charge

Before Ordering Read "For Quicker Service" on Page 573

The Ball Bearing Wardway Electric Vacuum Cleaner

Now Guaranteed 5 years

$5.95 Cash Price
Ball Bearing
and Four Dollars a Month



Exceptionally Low Nozzle Reaches Under Furniture Easily
Direct Air Passage From Nozzle to Fan Gives Maximum Power to Suction
Trouble-Proof Wiring—Another Exclusive Feature
Brush Dislodges Embedded Dirt, Hair, Lint, Etc.
Swivel Roller Easily Regulates Movements
Patented Cord Connections Prevent Cord Breakages

Be Sure Your Cleaner Has These Exclusive Features

The Wardway is built lower than other cleaners—its low flat "goose neck" nozzle will clean much farther under furniture than any other vacuum cleaner. Think what that means—Heavy furniture will not have to be moved.

Superior to Old Type Cleaner

The old type cleaner with the revolving brush wears down your rug's pile and destroys its nap. Requires frequent cleaning because hair, lint and thread become tightly tangled around the brush. And the nozzle, to accommodate the revolving type of brush is too large to get into corners and under furniture, and so much suction is lost because of this large nozzle opening.

Trouble-Proof Wiring—Another Exclusive Feature

No extra expense—never an annoying broken wire when you use the Wardway! It has a patented rubber device which fastens the cord into the socket so that there can never be a faulty connection or broken end. Terminals soldered to the ends of the wire prevent them from coming loose or ever giving any sort of trouble. That's why careful investigations by large corporations, have found that this particular cleaner requires the least amount of service attention.

Our Guarantee

THE Wardway Cleaner is so perfectly designed and carefully made, that we are able to guarantee it against defects in material or workmanship for a period of five years. We know of no other cleaner protected by such a strong guarantee.

MONTGOMERY WARD & CO.

You Save $25 to $30 at Our Low Price

"ANYTHING over $30 spent for any Vacuum Cleaner is money thrown away." This letter from Rev. Bryant H. Fulkerson of Cabool, Mo., voices the honest opinion of a great many sensible people who are using the Wardway Ball-Bearing Electric Vacuum Cleaner.

They already know, as you will learn by actual experience, after testing and seeing expensive cleaners which sell for one-third to three times more than our low price, that the Ball-Bearing Wardway is excelled by none—that it fulfills quickly, easily and efficiently, every household requirement.

You will discover, too, that it delivers just the right amount of continuous, even suction to do a thorough job of sweeping and cleaning—and do it without injuring the nap or weave of the finest rugs, draperies or upholsterings.

Women particularly like the easy silent ball-bearing action of the Wardway, and its "just right" light weight and perfect balance. How they praise the long low "gooseneck" nozzle which goes right into those far back, hard-to-reach corners and under low furniture.

Over 12 Years Experience and Half a Million Cleaners Prove Wardway Satisfaction

Half a million homes have paid a far greater price at retail for a cleaner that is identical with the Wardway. Both are made by the same manufacturer who has been specializing in vacuum cleaner building for over twelve years. Placed side by side, you could scarcely tell them apart, but when compared with any other cleaner, regardless of its price, you will select this type for the same two reasons that make Wardway the choice of so many tidy housekeepers: (1) Light in weight—it weighs only eleven pounds—and (2) Patent handle locking device to hold nozzle rigid when desired, making proper cleaning of stairs, which is impossible with many other cleaners, a very easy task.

Easy Running Ball-Bearing Motor

Guaranteed by the manufacturer and by Ward's to be equal to any vacuum cleaner motor made. Ball bearing, light, quiet running, perfectly constructed. Year after year for the 5 years we guarantee it, and probably for a lifetime, it will give satisfactory service without any trouble. The self-adjusting ball bearings will never require oiling. They are perfectly constructed to reduce friction in the motor and give the cleaner more powerful suction.

Stationary Bristle Brush

The loose threads, lint and hair smoothly brushed up by the stationary brush are drawn up into the bag by the powerful suction along with the deeply imbedded dirt. When emptying the bag you'll notice this rug-destroying dirt—huge quantities of it—that was deep in the nap of your rug. But no nap from your rug will be in that dirt for none has been torn loose. That is why the stationary brush is so superior to the revolving brush.

One Wardway Sells Another

"The Vacuum Cleaner we got from you surely does the work; cannot say enough for it. We would not be without it. It cleans and sweeps just splendidly, and makes the rugs look like new. My father-in-law is going to send for one, too."

Wm. Van Brooklin,
906 Lincoln Park Blvd.,
Rockford, Ill.

Another Wardway Wins Additional Friends

"I like my Vacuum Cleaner fine. My sister-in-law was going to get one, so I demonstrated mine for her. She and her mother each have sent their orders to you."

James Snyder,
Canden, Ohio.

Mrs. Culbertson Saved One-Half

"I received my Vacuum Cleaner and am more than satisfied with it. It is equal in every way to any costing twice as much."

Mrs. Thos. Culbertson,
Rockford, Ill.

"The Perfect Cleaner" Say Thousands of American Housewives After 30-Day Trial

Other Famous Features of the Ball-Bearing Wardway

Natural Curved Handle Grips, comfortable and smooth, curved to fit the natural shape of the hand. You can use it for hours without feeling any strain or weariness. The switch is conveniently located on the grip—just a quarter turn to the right starts or stops the motor. Insulated from the grip by fiber casing, the switch will never get out of order.

Convenient Swivel Rear Caster glides in any direction you wish, a feature found on very few other cleaners. When you run the cleaner off a rug onto the floor and then back again, this swivel rear wheel holds the rug in place and makes it unnecessary to lift the cleaner from the floor. This soft rubber wheel runs smoothly and it never curls up the edges of the rug. The other two noiseless rubber wheels will never scratch or mar floors or furniture.

Sturdy Dust-Proof Bag, chemically treated to make it absolutely dust-proof, and of strong, heavy material. On the side of the handle—not over or under it—will never interfere with cleaning under low furniture. Dirt collected in it lies below the exhaust so not to interfere with the entrance of more dirt into the bag.

All in One Solid Piece, nothing to come loose or give trouble. The 13-inch nozzle, the fan case and exhaust are all one piece of durable solid cast aluminum, highly polished. The handle is of hard maple with large hooks for the 20 feet of cord—ample length to reach every corner.

Try It in Your Home for 30 Days

Satisfy yourself as to the efficiency of the New Ball-Bearing Wardway. Order it—use it in your home for 30 days—compare it with any other cleaner at any price. If you are not convinced of its superior value—if you are not fully satisfied with its performance in every way, return it to us and we will gladly refund all you have paid, including transportation charges both ways. The new Wardway ball-bearing motor works from either direct or alternating current, 105 to 120-volt. Can be bought on Easy Payments of only $2 down and $4 a month. For Easy Payments Use Order Blank on Page 725.

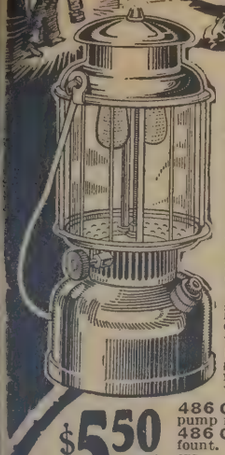
20 Times Brighter Than Ordinary Oil Lamps

Ward's Safety Gasoline SUPERLITES

Quick Lighting—Clean—Economical—Safe



Wind-Proof Safety Lantern

For genuine all round satisfaction, we do not believe you can duplicate this high-grade Lantern anywhere at Ward's low price. Gives a white penetrating light of 250 candle-power and burns steadily. Improved generator makes lighting easy with ordinary matches. Requires no priming—no alcohol or torch needed. No grease, smoke or soot.

Sturdily Made for Outdoor Use

Every farmer, ranchman, planter, dairyman, poultryman and truck gardener will find this lantern ideal for night work. A real convenience for the sportsman when camping, hunting or fishing.

Burns thirteen hours on one quart of gasoline. All brass and metal parts nickel-plated and highly polished. Brass fount holds one quart. Genuine heavy mica globe, reinforced. Height, without handle, 14 inches; base 6 inches wide. Sturdy bail for carrying. Complete with extra generator, tip cleaner, wrench, air pump, two mantles, and complete instructions. Shipping weight, 6 pounds.

Genuine MOTOR WEAVE All Wool Robe

$10.95

English Imported

The "TRAYMORE"

Our very best Motor Robe—a thoroughly good one, you'll agree! Made in England by one of the finest robe and blanket makers of the world from the finest pure Virgin Wool—thick, soft, warm and very durable. Besides being splendid for motoring, you will find it very useful for the home, on couches or on the veranda. Face is of a plaid design with contrasting colors of blue, brown, red and gray overplaid. Size is full 60 by 80 inches including 6-inch fringe—ample to tuck in all around, insuring greatest comfort in the coldest weather. Shipping weight, each, 5 pounds.

95 G 3821—Each $10.95

$8.75

The "BLUEBIRD"

100 Per Cent Wool

This handsome All Wool Motor Robe is one of the best "buys" we have seen anywhere. Most distinctive in its plaid design of a rich blue with white and brown—color notes borrowed from the bluebird itself. May also be used to good advantage as a couch cover, or on lounges, Davenports and day beds. This same high quality is now being sold in large department stores all over the country for about $12.00. It is very large in size, measuring 60 by 80 inches including the 6-inch fringe. Shipping weight, each, 5 pounds.

95 G 3815—Each $8.75

$7.95

$2.45

The "APACHE"

Your opportunity to purchase a medium quality Utility Robe at a small outlay! Never before have we been able to offer this same quality at a price so low. Contains enough wool to make it warm and serviceable. Excellent for open or closed cars. Many folks, too, are finding it practical for covering auto radiators, for use on camping trips and picnics where a robe is required that will not readily show dirt. Gray with overplaid of red and black. Has turned edges. Size, 52 by 72 inches. Shipping weight, each, 4 lbs. 12 oz.

95 G 3817—Each $2.45

"RIVERSIDES LEAD"—This Is Our Answer to All Questions of TIRE QUALITY—

More Riverside Tires Sold Direct to Auto Owners Than Any Other Tire in the World—

The Best Proof of Tire Quality is the Service they give. Riverside Tires HAVE this Service Proof—that's why there are more Riversides in use today than *any* other tire in the world, which is sold direct to the users. More than 13,000,000 Riverside Tires and Tubes have been sold—millions more than any other make sold direct to auto owners.

Want You to Test Riversides Right Out on the Road

"I've compared and tested nearly all the best known tires on the market. I've had them cut apart and analyzed in our big Laboratory. I've read thousands of letters and orders from users telling of Riversides giving Better Service than any other tires they ever used. That's why I want you to try one or two Riversides on *your car*; for I am sure they will greatly reduce your tire bills, just as they are doing for other auto owners.

"It doesn't make any difference what price tires you are using, even though they cost $5 or $25 more; I want you to test and compare Riversides beside them. This is what has put Riversides in the lead. And I know if you will make this test, you will continue to buy Riversides all the time.

Make This Comparison See Why Riversides Are Better

"I am so firmly convinced that Riversides are the Greatest Tire Value you can find anywhere, that I am ready to prove it to you and every other auto owner—and you don't risk a cent by accepting my offer. I know you will realize that Riversides are the equal of high priced tires in materials and construction the minute you compare them and see and feel the fresh, lively rubber we use. That's why I have made, and want you to accept, the FREE COMPARISON OFFER explained on Pages 586, 589, 590.

"The Success of Riverside Tires depends entirely on the Success you have with each one—for we sell only to users. Riversides must prove better than other tires; they must save you money and give you greater mileage, or we know you will not order more of them. That's why we strive to make every one so good that it will give you more miles for your dollars than you ever had from any tires. Your continued satisfaction means more to us than the sale of one or two tires. We want you to be so well pleased you will use Riversides for years to come.

Riversides Are the *Only* Tires With This Wonderful Record

"The record of 13,000,000 Riverside Tires and Tubes sold direct to the users is marvelous—millions more than of *any* other make. It is complete proof that Riversides are the WORLD'S GREATEST TIRE VALUES. Riversides are the only direct-to-the-user tires with a 12,000-Mile Guarantee, that have been on the market 13 years. Riversides are the only direct-to-the-user tires that have a world-wide reputation for giving the same long time and big mileage service found in the very highest priced tires.

Lowest Prices in the World for Tires of Such Proven Quality

"I have compared Riverside prices with those of every well-known, time-proved tire—and find Riversides many dollars less than any other tire with such a Reputation for Quality. This is because we sell Direct to the Users and only add ONE SMALL PROFIT to the manufacturing cost. Never has any tire with an equal reputation for quality been sold for such low prices as shown here. Compare Reputations as well as Prices.

You Helped Us Reduce Prices Now Get Your Share of the Savings

"During the past few months we have sold more Riverside Tires than at any time in our history. Manufacturing facilities have been greatly increased to take care of the thousands of new customers. This has enabled us to further reduce manufacturing costs. You helped us bring down the cost of manufacturing—so we are giving you the benefit by reducing prices. I give you my absolute word that these are the best Riverside Tires ever made even though prices are considerably lower."

H. W. Jordan
Manager Tire Department

RIVERSIDE Quality Wins FIRST PLACE

H. W. Jordan
Manager Tire Department

"I wish to thank you millions of auto owners who are using Riverside Tires, for the great confidence you have shown in Riverside Quality. Your faith is being completely demonstrated by the amazing increase in Riverside sales during the past few months.

"Even though the market has been flooded with 'cheap' tires and experimental tires for which all kinds of unproved claims are being made, Riverside Tire sales are growing bigger and bigger.

We Have Not Reduced Quality

"It is easy for anybody to reduce tire prices by using cheap rubber and cord materials—but we will not do that with Riverside Tires. It is our aim to make Riversides the BEST Tire Value in the world.

"A few cents difference in the cost of materials used in tires, means thousands of miles difference in the service you get on the road—and we prefer that Riverside users get these thousands of miles of extra service.

H. W. Jordan

Eighteen Riversides Satisfy Mr. Yager

"I have used eighteen Riverside Tires on my cars and trucks, and am more than satisfied. I like them fine and think they can't be beat. The 'Greater Safety' Tread sure keeps the car from skidding. I have used Riversides for seven years, and am in the trucking business, traveling over all kinds of roads."

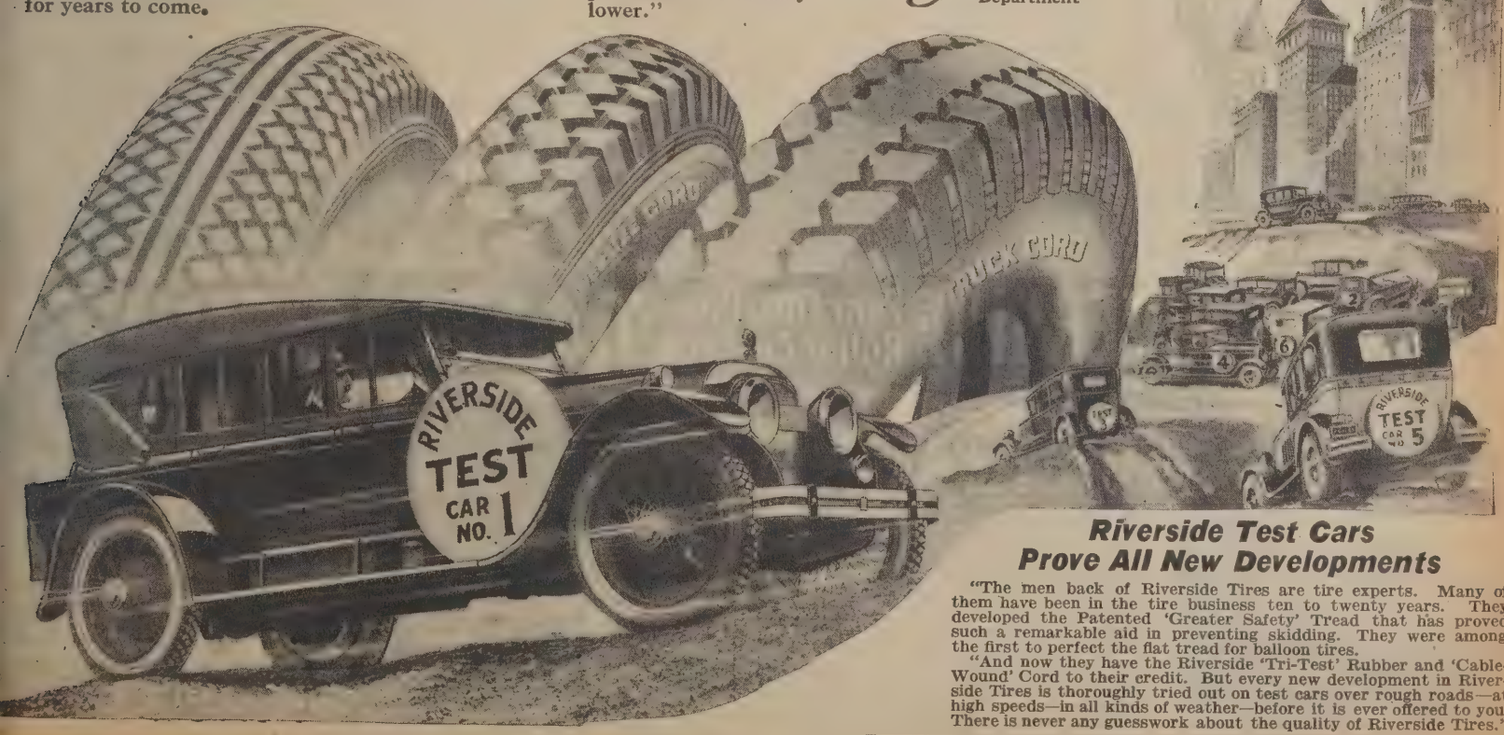
Adam W. Yager, Chowchilla, Calif.
Printed by Permission

More Proof of Riverside Quality

Mr. Hand Has Eight Riversides in Use And He Is Well Pleased

"I just received the two new Riverside Tires and Inner Tubes I ordered, and now I have eight all in use. Two of them are three years old and have gone 17,000 miles, and are still giving service. I certainly value Riversides highly and praise them to all my friends."

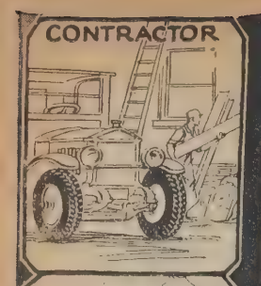
E. L. Hand, South Bend, Ind.
Printed by Permission



Riverside Test Cars Prove All New Developments

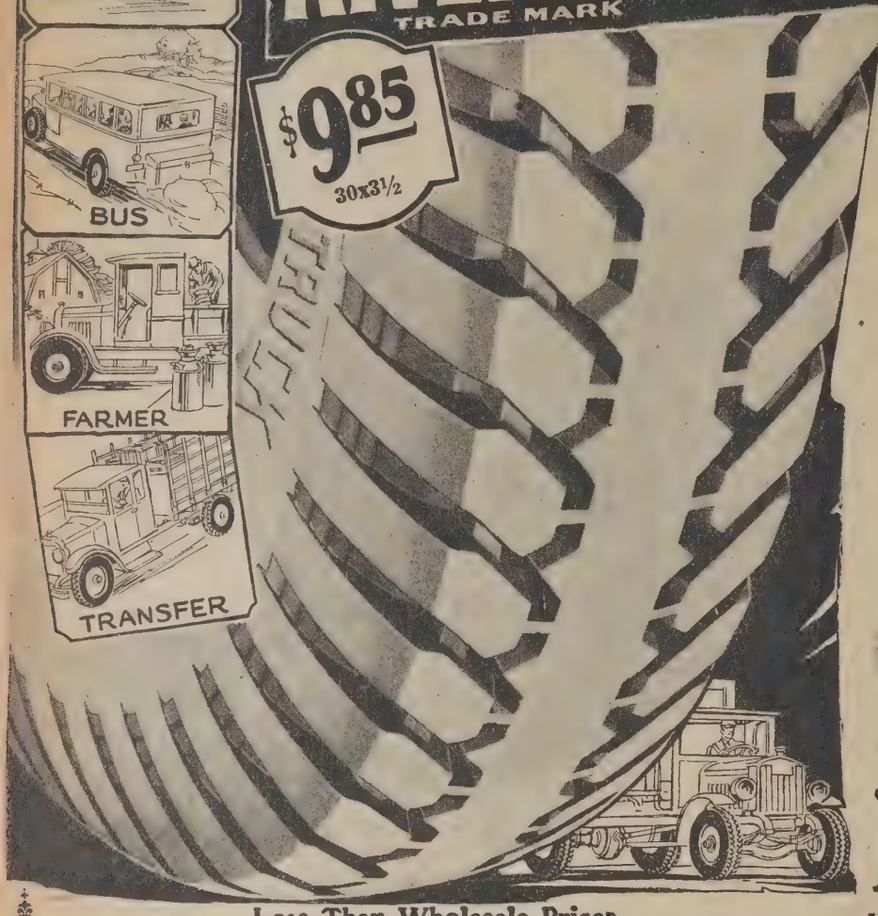
"The men back of Riverside Tires are tire experts. Many of them have been in the tire business ten to twenty years. They developed the Patented 'Greater Safety' Tread that has proved such a remarkable aid in preventing skidding. They were among the first to perfect the flat tread for balloon tires.

"And now they have the Riverside 'Tri-Test' Rubber and 'Cable-Wound' Cord to their credit. But every new development in Riverside Tires is thoroughly tried out on test cars over rough roads—at high speeds—in all kinds of weather—before it is ever offered to you. There is never any guesswork about the quality of Riverside Tires."



New Improved RIVERSIDE Truck and Bus Tires

TRADE MARK



With the Longer Wearing "Greater Safety" Tread

NOW—more than ever before—is the time for you to buy Riverside Heavy Service Tires! Our tremendous increase in sales has enabled us to make improvements and to hold down prices far below any tire having such a record for long time service. Every dollar you save in *first cost* and every *extra mile* you get in *service* means that much *more profit for you.* We have received letters from users in all parts of the United States, telling of Riverside Truck Tires going farther than any others they have ever used.

More Riverside Truck Tires Now in Service Than Any Others Sold Exclusively to Users

The great success of Riverside Truck Tires is due entirely to the satisfactory service they have given truck owners. Many who bought just one at first now use Riversides on all their trucks. Riverside Heavy Service Truck Tires will do everything you could expect from any truck tire—at a great saving in cost to you.

If you could come to our store and see the thousands of orders from big firms—contractors—bus owners—farmers—oil men—folks in all kinds of business—we know you wouldn't think of paying more for any other truck tire. And certainly you wouldn't take chances with experimental or "cheap" truck tires even though they might cost a little less in the beginning.

New Improved Construction

Our Tire Experts are working all the time to make Riversides the best tire values in the world. The famous Riverside "Greater Safety" Tread made such a remarkable improvement in the safety and wear of our regular Cord Tires that we have adapted this design to these big Riverside Heavy Service Tires. Notice that big, thick, wide center rib of Riverside "Tri-Test" Rubber and the massive blocks at the sides that reach far down towards the beads to protect the tire against rut wear on rough country roads.

12,000—Mile Guarantee

You take no chances when you buy Riverside Heavy Service Tires, for yo have the complete protection of Montgomery Ward & Co.'s guarantee. N tire factory—no jobber—in fact no one else—can show a stronger or mor time-tried guarantee. We positively guarantee every Riverside Heavy Servic Tire against all defects in materials or workmanship on a 12,000 mile servic basis. If any defects develop, we will repair the tire *free of charge* or replace it charging you only for the mileage you actually received.

Extra Heavy 30x3½ Truck Tire

A new Heavy Duty 5-Ply, 30x3½ Special Truck Tire of the same fine quality materials as used in our large tires. Especially for use on the front wheels of Ford and Chevrolet trucks or for passenger cars carrying heavy loads. Guarantee 12,000 Miles. Clincher style only. Shipping weight, each, 17 pounds.
564 G 480..... $9.85

Special 29x4.40 Truck Tire

To meet the demands for a Heavy Duty Tire for Fords, Chevrolets and other Trucks using 29x4.40 Tires on the front we have made a Special Riverside Balloon with 6 plies of the strongest cords. It has the same Tread as our Balloons on Page 588. Guarantee 12,000 Miles. Use No. 64 G 527 Inner Tube on Page 592. Ship. wt., each, 18 lbs.
564 G 158..... $11.35

Save $25 to $130

To settle in your mind the question of Riverside Heavy Service tire quality we give you our guarantee that Riversides are full size—every bit as big as others selling for as much as $10 to $40 more than our prices. Furthermore, we guarantee Riversides have as many plies of the strongest cord materials—that they are full weight—and that Riverside "Tri-Test" Rubber is the equal in toughness and wear to that used in high price tires. Figure up your tire expenses for a year and you will undoubtedly find Riversides will save you $25 to $130 on your tire bills for each truck.

Why Our Prices Are Less

The big difference in price is due entirely to our economical—ONE PROFIT—Direct-To-You method of selling.

Your own experience has taught you that the direct route is the most economical and that is just as true in buying tires as it is in hauling or any other business—for every time a tire is handled or resold there is another expense and profit added.

Free Comparison Offer

Riverside Tires have reduced haulin costs for thousands of truck owners—an we are sure they'll do it for you, too. Th big improvement made by using the Rive side "Greater Safety" Tread with its wid surface means thousands of extra miles.

We have made all kinds of comparison of Riversides with high priced tires—on th road and in the laboratory. We know ther is not another tire anywhere near our price with a long time performance record equal t Riversides.

You Don't Risk a Cent

Now we want you to prove to yourself tha Riversides are equal to high priced truc tires in size—in construction—in weigh and in every other important point, b examining them right at your home.

Simply send us your order in the regula way, enclosing remittance for one, two or a many as you need. Make every fair examina tion and comparison you wish. Then, if fo any reason you do not wish to keep them send them back and we will return you money, including all transportation charge

RIVERSIDE Puncture Proof Roller Cushion Truck Tires for Ford and Chevrolet Trucks

TRADE MARK

Save Several Dollars

Our price on this improved type tire with the famous Riverside "Greater Safety" Tread is many dollars less than it has ever sold for—in fact we have reduced the price below that generally asked for just the ordinary tires with openings.

Can Be Put On in Five Minutes

Anyone can change quickly to this money and time saving tire for it is furnished on a rim that takes the place of your regular pneumatic tire rim—and it can't loosen or come off for it is vulcanized on.

564 G 465—Size 30x3½, for all Fords 1920-to-1926 inclusive and Chevrolets 1919-to-1922 inclusive with 4 lugs attached to rims. Shipping weight, 39 pounds. Each..... $15.75

164 G 469—Size 30x5, for Fords only to replace 30x5 pneumatic. Shipping weight, 115 pounds. Each..... $39.50

164 G 470—Size 33x5, for all Fords up to 1925 having 32x4½ rims with lugs attached. Shipping weight, 92 pounds. Each..... $39.75

Improved Patented Construction

We offer you this New Riverside Puncture-Proof Tire as the BEST TIRE of this type ever made. It has all the resiliency of other tires plus the great improvement of the Patented "Roller Cushion"—a heavy rubber roller molded in each opening to prevent injury to the tire when extra heavy loads are carried. This feature alone makes the Riverside last longer—makes them easier riding—reduces friction heat—and enables you to travel over bad roads with heavier loads.

Unconditionally Guaranteed One Year

Put these tires on your truck and you can drive anywhere without worry about delays on account of tires for you will have no punctures—no blowouts—no stone bruises—no flat tires again.

This Riverside Tire is so strongly made and designed, that we give you an unconditional guarantee for one year's service—but it is built strong enough to last for many years.

Quicker Service for Truck Owners

For the benefit of customers living nearer

New York City

than Baltimore, we are now carrying a complete stock of all Riverside and Wardwear Tires, Inner Tubes and Riverside Batteries, at this point.

We are doing this to give you quicker and better service on these necessities, which you generally need in a hurry.

For all sizes of Riverside and Wardwear Tires, Inner Tubes and Batteries, just mail your order addressed to Montgomery Ward & Co., 354 Fourth Avenue, New York City.

Orders for all other goods must be sent to our Baltimore Store.

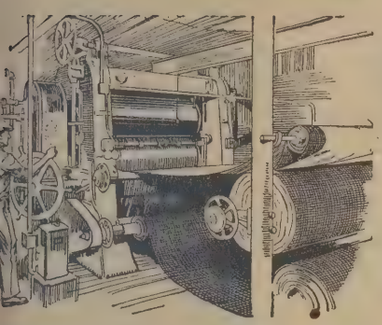
Quality

Made Montgomery Ward & Co. the Biggest Tire Dealer in the World—

13,000,000 Riverside Tires and Tubes Sold Direct to the Users

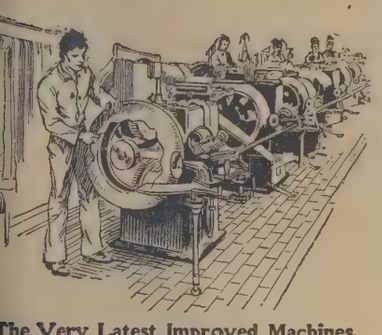


How Riverside "Cable Wound" Cord Is Saturated With Rubber

One of the most important points about making cord tires is to keep the cords from rubbing against each other—for rubbing causes friction heat. This is one of the places where many skimp" to make their tires low priced—where you can't see it.

Riverside Cords are not just "coated" with rubber—they are completely saturated—one of the many reasons why they give such exceptionally good service.

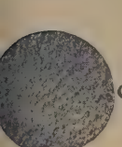
The massive machine shown above is called a Calender." Specially compounded Riverside rubber is placed in this and forced into the very fibers of the cords as they pass between the enormous heated rollers.



The Very Latest Improved Machines Are Used in Building Riversides

Millions of dollars are invested in the machines and plants used for building Riverside tires. Many of the machines are patented—and are the finest for their particular purpose that is possible to make. Some of them seem almost human in their activities. All the economies of volume production are yours when you buy Riversides—for just think—we sell more than 2,000,000 tires a year, direct to the users on a small one-profit basis.

Every step in the manufacture of Riverside tires is watched by men who know our success depends entirely on the service each Riverside gives. Our experts are in constant touch with new developments in tire manufacturing and when proved successful they are sure to be used in building Riversides.



WHY Riversides Go Farther and Last Longer

Riverside Tri-Test" Rubber — *Other Make Ordinary Rubber*

Riverside Rubber is "Tri-Tested" for strength for elasticity—for long life. In the pictures above we show the difference under the microscope, between the tread stock in the Riverside and that used in another tire selling about the same price. Notice the Riverside—it is close grained—it is tougher—more elastic—and will last for years because we use more pure rubber. The other stock is weak, hard, brittle—will chip and wear quickly because there is not enough pure rubber used in the making.

Riverside "Cable-Wound" Cords Are Stronger

Riverside "Cords" are built in the same manner as the big, strong cables used in heavy construction work. That's why we call them "Cable Wound."

The cotton is "long staple" which means that the fibers are specially selected so the cords have greater strength—greater elasticity—and will give greater service than is possible with the "short staple" or second quality cotton often used in tires selling near Riverside Prices.

The Only Real Difference Is in the Price *You* Pay

THE Marvelous Success of Riverside Tires is based entirely on facts. Millions of customers have proved to themselves by actual service the truth of every statement we make.

To prove that Riversides are equal to high priced tires we recently purchased several of the most expensive brands and cut them in two. Though there was a difference of many dollars in the selling price, the Riverside was the equal of all, in every one of the important five points pictured above ① Tread ② Breaker Strip ③ Thickness ④ Number of Plies and ⑤ Cord Material.

Not only do measurements prove Riversides are the equal of high priced tires but so do the records of mileage from our customers in all parts of the world.

There Is No Guesswork About Riverside Quality

The men who direct every operation in the making and selling of Riversides are Tire Experts. They know tires, for they have been in this business 10 to 20 years—and we do not believe anybody has had a more complete tire experience.

These men don't guess about quality—they test—they compare—they get inside facts about everything, for we have one of the most complete laboratories in the country. Rubber and cord materials are put through tests in a week's time that would take years of actual usage to show the same results. That's why we give you facts—and guarantee Riversides are equal to high priced tires.

You Are Protected on Quality by Our 12,000-Mile Guarantee

In our laboratory we have analyzed the construction of nearly every tire made. Powerful microscopes—"Ageing Ovens" that show the effect of time—strength testers that give the exact stretch and breaking point of cord materials and rubber, give us facts that many don't know.

We do know the quality of Riverside Tires is right—that is why we are not afraid to guarantee them on a 12,000 miles service basis. And remember there is not a Stronger Guarantee in the world than Ward's—it has made good for 55 years.

The Final Test of TIRES

Customers' Satisfaction

Used Riversides for Seven Years

"I have used Riverside Tires for seven years and have been well pleased with them. I think the Riverside "Greater Safety" Tread is the best on the market. The first tire I bought was a Riverside Fabric that outlasted a cord tire of standard make. Since then we only use Riversides and we get more mileage than you guarantee. We shall order from Ward's when we need more tires. I appreciate the quick service I get on tires."

Isadore Neuville,
Brussels, Wis.

Printed by Permission

"No Better Tires at Any Price" Says Mr. Lipton

"About two years ago I purchased a Riverside Oversize Cord Tire from your Oakland, Calif. house. I have run this tire over 22,000 miles and it has given wonderful satisfaction. I have used Riversides on other cars, and there are no better tires made at any price."

R. Lipton,
Seattle, Wash.

15,000 Miles and Still Going

"I received two Riverside Oversize Cord Tires from you over two years ago and have used them steady since. They are still in use. I have driven them about 15,000 miles."

Henry Meyers,
La Porte, Ind.

Printed by Permission

Has 6 Riversides Considers Them the Best Value

"I think Riversides are the best tires on the market for the money and better than the majority that sell for more. I will gladly recommend them to anyone. They come up to my expectations, and more. I like the "Greater Safety" Tread—it gives a sure grip. I have bought 6 Riversides for my two cars—and they are 25 to 50 per cent less expensive than other good tires. I do most of my driving on dirt roads. When I need more tires I will get Riversides." W. C. Bangort, Avon, S. Dak.

The Best Proof of All

Riversides Are the Greatest Tire Values

No other Tire in the World has such proof of value—more than 13,000,000 Riverside Tires and Tubes have been bought by mail from Ward's. The men who bought this enormous number of Riversides had Time to Think about Values before buying. They were not forced to buy any tire—anywhere—at any price—because of trouble on the road. They had time to make comparisons and study performance records—and they chose Riversides.

And when these auto owners received their Riversides—if they were not satisfied—they could have returned them and received their money back. But they were Satisfied with both Appearance and Service. That's why today men who think are buying more Riversides than ever before.

Riversides Cut Tire Bills 1/2

Riverside Tires have saved auto owners millions of dollars—not only in first cost but also in cost per mile. We have received letters from men in all parts of the world telling of Riversides going thousands of miles farther than any other tire they ever used. Accurate service records kept by our own customers showing comparisons in first cost and mileage costs have time after time revealed the Facts that Riversides actually cut tire bills in two. Try a pair and see for yourself.

Free Comparison Offer

We are ready to prove to every auto owner in the United States that Riversides are the greatest tire value it is possible to buy. You don't risk a cent by accepting this offer. Simply send us your order for as many as you need in the regular way, enclosing remittance. Take these big, husky Riversides to your home and make every fair examination and comparison you wish. Compare them with the highest priced tires for size—for appearance—for resiliency and flexibility. Then, if for any reason you do not want to keep them, send them back and we will refund your money, including all transportation charges.

Riverside Quality is backed by the Strongest Tire Guarantee in the World—and that is Montgomery Ward & Co's. Guarantee on a 12,000 Mile service basis. No tire manufacturer—no wholesaler—no distributor has such a guarantee with a 55 year record of Honest Dealing to protect you on Quality. If any defect in material or workmanship develops in any Riverside Tire before you have gone 12,000 miles we will repair the tire FREE OF CHARGE or replace it, charging only for the mileage you received. This is the way we protect You on Quality.

We Guarantee Riversides the Best Values in Balloons and Oversize Cords

When you buy tires you can't cut them in two to see what is inside—you must depend on the reliability of the firm that sells them. That's another reason it pays to buy Riversides for you know through a record of over half a century that you can always depend on Ward's Guarantee.

We positively guarantee Riverside Balloons and Oversize Cords are equal in Size—Quality—Weight—Construction—and Safety to higher priced tires. The only real difference is in the Price—and you save this for yourself because you pay only ONE PROFIT on Riversides.

We Are Proud of the Name RIVERSIDE

For thirteen years the name "Riverside" has stood for Quality and Greater Value in Tires. Riverside Leadership has been unquestioned and its position today is UNCHANGED. Compare Quality—compare Prices—compare Mileage Records—compare Reputations—compare the Number of Users—and compare the length of Time the different tires have been on the market. Riversides win by comparison. Riversides have MADE GOOD on the hardest test any tire has ever been put to—the Test of Customers' Satisfaction.

Don't Let a Few Cents in Price Stop You from Getting the Extra Miles Riversides Give

You may see other tires that are low priced—they may be a few cents less than Riverside prices—but there is not a single one of these tires that has the Reputation for Quality and Records for Long Service that Riversides can show. When for a few cents difference you can buy Riverside Quality Tires that for many years have proved that they give Extra Miles and Less Trouble, why should you take chances? Let the PROVED RECORD of Riverside Tires guide your future orders for tires. Consider all the FACTS we have given you about tire construction and the service Riversides have given users for 13 years before you buy any other tire, regardless of price or make.

Read What Users Say About RIVERSIDES

Riversides Cost Less But They Go Farther

"I am certainly pleased with my four Riverside Tires. They are the best on the market. Riversides run from 5,000 to 10,000 miles more than any other tire I have ever used which includes most all other makes. Have had one Riverside on our car three years—it has run 18,000 miles and has never been off the car—has never been flat or never had a puncture. I can buy Riversides for 35 per cent less than any other tire which does not run half as far."

D. S. Lawler,
Keyapaha, S. Dak.
Printed by Permission

Orders 12 Riversides Is Well Pleased

"This is our twelfth Riverside Tire. I have a full set—my brother has a full set and my father has two and neither of us will put any other kind of tires on our cars. The Riversides I am ordering now are for one of our neighbors who does not have your catalogue. When he saw the service we were getting from Riversides he wanted them too."

J. C. Rongstad,
Osseo, Wis.

Riverside Goes 40,000 Miles Over Desert Roads

"I have been using Riverside Tires and Tubes for a long time. I consider them the BEST TIRES ON EARTH AT ANY PRICE. I have one on my car that has been in constant use since July 1922, and to the best of my knowledge it has run about 40,000 miles and looks good for many more. It has been driven on desert roads all the time and I am confident had it been used on pavement it would have run a great deal farther."

W. O. O'Dell,
Victorville, Calif.

8000-Mile Guarantee

All Wardwear Tires are fully guaranteed for 8000 miles service against all defects in material or workmanship. If any defects develop, we will repair it free of charge or replace the tire, charging you only for the mileage you received.

Now Leads in Lowest Priced Cords

Sales Now Exceed Thousands Daily

See This Wonderful Tire
Before You Buy Any Other Extremely Low Priced Brand

We call this tire "Wonderful"—for that is exactly what auto owners say about Wardwears. Study the pictures on the opposite page carefully. Did you ever see a finer looking low priced tire? The Wardwear is just as good as it looks.

Those big sturdy, heavy blocks of toughened rubber not only give exceptionally long mileage but they make Wardwears as fine looking and as safe as many tires selling for double our prices.

The arrangement and spacing of the blocks is scientifically done to give you the utmost wear—yet they give ample protection against skidding.

We Invite Comparisons
To Show You Wardwears Are Better

It is our honest belief that every auto owner who is in the market for a tire in the low priced class, would buy ONLY the Wardwear after making a real careful examination and comparison with others selling near our prices. That's why we are so anxious to have you see Wardwears.

You have everything to gain and nothing to lose by examining Wardwears—so accept our Free Comparison Offer on Page 590.

Greater Sales Brought Down Prices

The phenomenal increase in our tire business has enabled us to effect manufacturing economies which are impossible with tires produced in smaller quantities. We are giving you the benefit in lower prices—the lowest ever shown on full oversize cord tires in our big catalogue.

More Than ¼ Million Wardwears
Sold in Less Than a Year

Just a few months ago we announced the Wardwear as the Biggest Bargain in extremely low priced Cord Tires. More than a quarter million auto owners have already proved we were right. Every sale of Wardwear Tires was made with the strict understanding that if the Wardwear was not the best tire for the money the purchaser had ever seen, we wanted the tires returned at our expense. These customers made all kinds of comparisons—and kept the Wardwears. Now we are selling thousands daily.

Another Great Montgomery Ward & Co. Tire Success

Because of the millions of tires that auto owners buy from Montgomery Ward & Co., you get value in our tires not found in other tires selling at about our prices.

Motorists all over the world have proved the truth of this statement. They know from actual experience that they get "Most for the Money" when they buy Tires from Ward's. The hearty welcome and approval of Wardwears by such a tremendous number of car owners marks them as one of the biggest successes in the tire business. It shows Ward's gives greater values.

WHY Wardwear Prices Are Less

At no time in the history of the tire business has a big, well known firm like Montgomery Ward & Co. regularly offered fine quality, big, full oversize 8000-Mile Cord Tires for such phenomenally low prices. It would be impossible for the average tire seller or factory to stay in business if their prices on such splendid quality tires were this low.

No jobbers' profits—no local distributors' profits—no salesmen's profits—are added to the cost of Wardwear Tires. Then think of all other expenses we eliminate. We do not believe any manufacturer or local distributor in the tire business has such low selling costs. There are only two ways to reduce the prices of tires. One way is to reduce the selling costs—the other way is to reduce the quality. Ward's way is to reduce the selling costs—and that is what we have done on these Wardwear 8000-Mile Cords.

"I've Never Seen a Low Priced Tire Equal to the Wardwear"

H. W. Jordan
Manager Tire Department

"During my fifteen years experience in the tire business, I have never examined or tested a low priced tire that was equal to this Wardwear. I have had Wardwears on our Test Cars for months, traveling the roughest country roads from Wisconsin to Texas, and every one went considerably farther than our guarantee. Wardwears even outlasted other higher priced tires."

Experience Taught Us How to Make Better Tires

We have sold more auto tires direct to users than any tire manufacturer or distributor in the world. With all this experience in the tire business, isn't it reasonable that we should give you the best low priced tires it is possible to produce.

And here is the tire—the wonderful, new full Oversize Wardwear Cord and Balloon, which we guarantee to be the equal to other makes selling for many dollars more than our prices. These low prices are due to our selling direct to users.

8000-Mile Guarantee

Wardwear Balloon TRADE MARK and Oversize Cords

The Wardwear Balloons and Oversize Cords pictured on Page 590 e big, full size, fine looking tires that you can put on your car posite even the highest priced tires—and they will match in size d appearance. The Wardwear Balloon has the improved double oove, flat tread, and the Oversize Cord has a sturdy block tread th an extra heavy center rib where most wear occurs with high essure tires. Look at those treads—they're massive, thick, avy—and exceptionally fine grade for such low priced tires.

Protects Every Wardwear User

Montgomery Ward & Co. gives you greater guarantee protection on all Wardwear Cords and Balloons, than is given on many of the very highest priced tires. We guarantee every Wardwear on an 8000-mile service basis, against all defects in material or workmanship. If any defects develop, we will repair the tire free of charge or replace it on an 8000-mile basis, charging you only for the mileage you actually received.

Don't Pay More Than Wardwear Prices

Ward's prices are considered the "Standard of Comparison" for judging tire values. Our enormous sales of tires gives you all the savings of quantity production. Our plan of selling direct to the users with only one profit added to the manufacturing cost eliminates the high selling costs and expenses generally added. When you buy Wardwears you can be sure you have received the BEST Tire for the price.

Every Wardwear Is Fully Guaranteed to Be Standard Construction

When we give you our guarantee that Wardwear Cords are the equal of other res selling for much higher prices, you now you can depend on it. In fact, the ord construction is exactly the same as many first quality tires.

And the rubber used is an exceptionally ne grade for tires in this class. In size— weight—in the number of plies and in l other measurements you will be amazed t how Wardwears measure up with gh priced tires.

The Safest Place to Buy Your Tires

The only real tire bargain is when you buy Quality Tires for less than usual prices. That is the kind of bargains you get when you buy tires from Montgomery Ward & Co., for our guarantee absolutely protects you on quality on a mileage basis.

Not another guarantee in the world is stronger or more time-tried than Ward's. It has stood the test for 55 years. And today our guarantee is stronger than ever, for it protects more than 8,000,000 customers who know that Ward's word and promise is as good as gold.

Every tire we sell is guaranteed on a Definite Mileage Basis so why should you take chances on Quality when Ward's give you this Sure Protection? Talk to any users of our tires—you'll get first hand information about Ward's Honest Dealings.

Our Wardwear Special Tire and Tube Offer

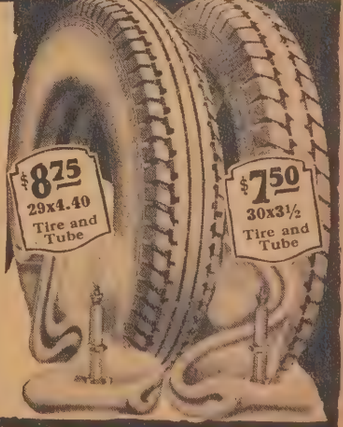
For several years we have advised our auto owner friends to use new inner tubes in new tires. And great numbers of them have thanked us for the suggestion, for it has enabled them to get better service from tires than they ever had before. Your tires depend on the inner tubes for support—and certainly new tubes hold up longer without needing air than old ones.

More Convenient—Reduced Prices

For convenience in ordering and to convince the thousands of Ford and Chevrolet owners who are looking for an exceptionally good low priced tire, that the Wardwear is the tire they should have—we are making a Special Offer of a fully guaranteed Wardwear 8000-Mile Tire and a two-year guaranteed Gray Tube at prices below those asked when you purchase them separately.

564 G 400—Special Offer: A 30x3½ Full Oversize Wardwear Cord and Oversize Gray Tube. Clincher style only. Shipping weight, 17 lbs. 4 oz. **$7.50**

564 G 425—Special Offer: A 29x4.40 Wardwear Balloon and Gray Tube. Straight side only. Shipping weight, 19 pounds **$8.75**



We Guarantee These Great New RIVERSIDE "MOLDED CIRCLE" TUBES

The Very Finest Made

Riverside Leadership in the Inner Tube Business is unapproached. Millions more of Riversides have been sold than any other tubes sold direct to auto owners. Our Brown Inner Tubes for years have had the reputation of being the finest on the market.

But we are now offering you a Still Greater Inner Tube—the New Riverside Brown "Molded Circle" which we guarantee is the Best Inner Tube You Can Buy Anywhere at Any Price.

Another important point for you is the Price—for even though we have made startling improvements our remarkable increase in sales has enabled us to make a further reduction in prices.

Bigger~Stronger Riversides Last Longer

Riverside "Molded Circle" Tubes are a better investment for you in two ways. First, they are of new, live rubber which is the only way to make an inner tube so it will give the fullest measure of service. Next is the fact that we use a super abundance of this pure rubber and mold it to shape. That's why Riversides are bigger and stronger than any other tubes sold near our prices we have ever examined. Using Riverside Tubes is one of the surest ways to get full mileage from tires.

When you consider that we have sold more than 13,000,000 Riverside Tires and Tubes direct to the users, isn't that proof enough to convince you we are in a position to give you the best at the lowest prices? Well we are—and we will prove it to you. Accept our Free Comparison Offer on the next page.

Molded in a True Circle —the Same Shape as a Tire

There is a great difference between Riverside "Molded Circle" and many other round or circle shape tubes. Riversides are molded individually—similar to a tire—in new, improved, patented machines that cost thousands of dollars and took years to perfect. Many other circle or round shape tubes are simply made in the old way of wrapping thin sheets of rubber around a circular shaped core. Riverside individual moulded process is a great improvement.

Guaranteed

You Can Depend on Ward's Guarantee

When you buy our "Molded Circle" Tubes you are sure of SATISFACTION for we guarantee their Quality on a Time Service Basis—and you know we do as we promise.

To prove our confidence in these tubes, we give you a definite guarantee for two years' service against all defects in material or workmanship. This is the minimum service you may expect; for we are sure, with reasonable treatment, these "Molded Circle" Inner Tubes will give you many years' more service than the two year guarantee.

It Pays to Use New Tubes in New Ti

A great many auto owners tell us of their Rive Tires and Inner Tubes going 8,000 to 15,000 miles wit ever being taken off the rims. They know from exper that even the finest pure rubber will deteriorate age; and to put an old tube in a new tire is taking a ch that may shorten the life of the tire many thousan miles. The prices of brand new Riverside Inner Tube so low you shouldn't take chances with old or ordi tubes in a new casing.

Riverside Brown "Molded Circle" Inner Tubes

We positively GUARANTEE these Riverside Brown "Molded Circle" Tubes are the best you can buy at any price. And we also guarantee to save you many dollars on a set of Riversides as compared with any other tubes that have a reputation for similar quality and service. No matter what kind of a car you drive—or what make tires you use, be sure to see these big—full size—full weight—long service—pure rubber Riverside "Molded Circle" Tubes.

More RIVERSIDES Sold Direct to Auto Owners Than *Any* Other Tire

Why Ou

Riverside Rubber Float

There is no grade rubber use any inner tube this Riverside B Tube Rubber. Com rubber generally in inner tubes will sink when pl in water—but Riverside B floats. Riverside Brown T stretch farther—have more spr ness—and last years longer tha average tube. And that's why Riverside Tubes have been direct to the users than any o tube.

The "Purity" Te

Proves Riversides Are Be

In the glass of water we several pieces of rubber cut different inner tubes.

Riverside Brown rubber because it is pure. The others, taining heavy, cheap fillers ins of rubber, go to the bottom bec they are not as pure.

Less Tire Troubl Greater Mileage

We have spent thousands of lars to give our customers the n advantages of these "Molded cle" Tubes—for we have pr they will put an end to lots of troubles and help you to get mileage out of each casing.

This is just another examp how Riverside Leadership ena us to give auto owners Gre Values and Improvements.

Riverside Tubes Outwear Other Makes

"I have been using Riverside Tubes, both balloon and regular, for the last four years and have always received perfect satisfaction. They outwear other makes of tubes I have ever used—and they always hold the air well."

Earl Quinn,
Wenatchee, Wash.

Printed by Permission

Riverside Tubes Can't Be Beat

"Riverside Tubes cannot be beat for wear. I have two on my car that I put on in June 1923 and they are still on today. I have driven 24,000 miles on them and I think they are as good as new yet. I have driven them nine months without adding any air. It pays to buy Riverside Tubes."

John Pickett,
Newaygo, Mich.

FREE COMPARISON OFFER

Our Riverside "Molded Circle" Inner Tubes are such an improvement over any other inner tubes we have ever examined, that we want every auto owner to examine them right in his own home.

It will take you only a few minutes to convince yourself that Riverside "Molded Circle" are the BEST. That's why we are so anxious to have you feel and stretch them, and make comparisons with all others—even with those that cost twice our prices.

Send us an order in the regular way, for as many as you need, enclosing remittance. If after making every comparison you do not want to keep them, send them back and we will return the purchase price and all transportation charges.

Make This Stretch Test

Take a Riverside Brown "Molded Circle" Tube and put it beside any other tube, regardless of price, and see how it compares for Size and Thickness. Then take each tube and stretch it as far as you can.

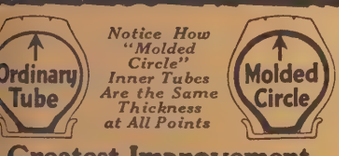
See how the Riverside will stretch farther without having any thin spots. You will notice the exceptional strength and elasticity of the Riverside the minute you feel it. This is the very test that has convinced thousands of Riverside superiority.

Riversides Hold Air Longer

We have received hundreds of letters from customers telling us that Riverside Brown Inner Tubes held full pressure for months and have gone thousands of miles without requiring additional air. This means less trouble for you.

They are so thick the air can't get through as with ordinary tubes. This feature in Riverside Brown Tubes means they require less attention; therefore, you will not have to keep constantly pumping up your tires to prevent rim cutting.

"Molded Circle" Tubes Are the Best



Notice How "Molded Circle" Inner Tubes Are the Same Thickness at All Points

Greatest Improvement in Making Inner Tubes

For 25 years nearly all inner tubes have en made in very much the same way. To ake changes in construction meant invest- hundreds of thousands of dollars in achinery, factory equipment and tools. tt improvements were possible—old yle tubes had trouble with leaky valve ses—they had splices or seams that uld come apart—they wrinkled—they re hard to put in tires—valves were off nter and pulled out.

Years of hard work and the expenditure huge sums of money perfected a machine ich produces an inner tube to correct ese troubles—and the Riverside "Molded rcle" is THE TUBE that does it—and our ices are lower.

No Seams to Pull Apart No Valve Base Leaks

Here are two very important reasons y you should buy our "Molded Circle" bes. Most tubes have outside seams or nts where they are fastened together cementing or vulcanizing. The heat of t driving sometimes loosens these joints. ls can't happen with our tubes for the lding process does away with all outside nts making every part perfectly smooth d equally strong.

Another weak spot in old style tubes was e valve base—valves were inserted after e tube was made. The valve base in our bes is one of the strongest points—for e valve is "molded" right into the rubber d can't loosen or leak.

Molded Circle

Ordinary Tube

Riverside "Molded Circle" Tube

Fits the Tire—Will Not Wrinkle

The PATENTED machines which make Riverside "Molded Circle" Tubes not only give them a true circle shape that fits the tire, but they also mold the tube in a way that prevents wrinkling and cracking.

Ordinary tubes are generally thin near the tread because the outside stretches more. Our "Molded Circle" Tubes are uniform thickness at all points. They do not have thin spots to cause slow leaks or puncture easily.

Easier to Put On Tires No Crooked Valve Stems

You can put tires on the rims with a great deal less trouble when using our "Molded Circle" Inner Tubes for they fit up inside the tire away from the rim and beads. The flap will lay smoothly without wrinkles so you avoid all the usual troubles caused by pinching the tubes.

Then there are the valve stems—you know how much trouble they cause when they get to one side. This nuisance can't happen with these Improved Tubes—for the valve stems are set in place, molded exactly in the center of the tubes so they are always in a straight position.

Don't Buy Any Other Tubes Until You See These New Improved "Molded Circle" Inner Tubes

Wardwear Gray "Molded Circle" Tubes

We have been selling Gray Inner Tubes for 13 years and they have always been leaders in the low priced class. But these new Wardwears are far ahead of any Gray Tubes we have ever sold for they are built by the "Molded Circle" Process in exactly the same manner as our Best Riversides.

Just because our prices are so much less than the prices usually asked for quality inner tubes of other makes we do not want you to confuse Wardwears with many of the "low priced cheap tubes" now on the market.

More Than ONE MILLION

More Riversides
Sold Direct to Auto Owners

Than Any Other Battery in the World

There is not another Battery in the world that has such a wonderful record to back up its QUALITY. ***More than a million*** Riverside Batteries sold—and every one bought by users because they were convinced that Ward's was the Best Place to get Real Quality for the Lowest Prices. We do not sell to auto factories or distributors for resale—we give you every benefit of this Great Volume Production—for you helped us build up this marvelous battery business. Our sales today are greater than ever and we are giving you the benefit in lower prices.

Shipped Fully Charged Ready to Use

You Can't Equal This Riverside *for* Value
In Any Time Proven Quality Battery

Compare Quality—Compare Prices—you will not find another battery in America with such a reputation for quality, selling for such a remarkably low price. Riverside battery sales have grown tremendously. At no time in the history of the battery business have such bargains been seen. Just think—we are now selling full capacity, brand new fresh batteries for less than many ask for the repair cost of an old battery.

18 Months Service Guarantee

Every Riverside Battery is fully guaranteed for a period of 18 months against any defects in material or workmanship. If trouble due to any defect develops within this period, we will repair it Free of Charge or replace it on a service basis.

Quicker Service Direct from New York City

For the benefit of our customers living nearer New York City than our Baltimore Store, we are now carrying a complete stock of Riverside De Luxe Batteries, Riverside and Wardwear Tires and Inner Tubes at this point.

We are doing this to give you QUICKER and BETTER SERVICE on these necessities for your car, which you generally need in a hurry.

Just mail your order addressed to Montgomery Ward & Co., 354 Fourth Ave., New York City, N. Y., for BATTERIES, TIRES and INNER TUBES if you live nearer there.

Orders for all other articles must be sent to our Baltimore Store.

Save $5 to $20

Lowest Prices in the United States
For Any Batteries With a "Million Record" to Back Up Their Quality

Unless otherwise specified all Batteries listed on these pages are 6-volt. Shipped separately from Factory in Baltimore, Md., New York City, or Atlanta, Ga., whichever is nearest to you. Shipping weight, $8.35 and $8.65 sizes, 50 pounds; other sizes, 60 to 70 pounds.

Seven Years Service Orders Another Riverside

"I am ordering a Riverside De Luxe Battery to replace a Riverside that has been in use for over seven years. It has never been in a heated garage, and has stood all of the cold weather until a few days ago. The plates are still in good condition."

E. J. Crowe,
Brewster, Neb.

Printed by Permission

Four Years Continuous Use—Friends Order, Too

"Four years ago I bought one of your Batteries for my car. It has been in continuous use all this time. I was so well pleased with it that I ordered one for a neighbor, and am now enclosing another order for battery to take the place of the one I bought four years ago."

F. M. Sands,
Berwick, Pa.

Sold Direct to Auto Owners

How Ward's Saved Auto Owners Millions of Dollars

Montgomery Ward & Co. was the first firm in the world to offer auto owners an opportunity to Test Batteries in their own cars. This was Proof of Quality that even the highest priced batteries didn't equal. Just figure a saving of $5 to $20 on each battery, and think of the enormous amount Ward's has saved auto owners on a million batteries. Accept our 60-Day Test Offer and see for yourself that Riversides will do everything you could expect of any battery, regardless of price.

WHY Riverside Batteries Last Longer

When you buy a Riverside De Luxe Battery you are getting a brand new battery just as fresh and full of power as if you drove up to the factory and watched the men finish putting it together. The plates are made up fresh—the separators are cut from new strips of carefully seasoned, finest grade cedar—all connectors are molded from new metal. And if you could see the way every part is tested, you would never think of buying any other make.

It is the freshness and newness that makes Riverside Batteries last longer. Many users tell us of their Riverside Batteries lasting three and four years without recharging.

Don't Pay $5 to $20 More Just for a Nameplate

Auto owners all over the United States know Riverside Batteries will do everything higher priced batteries will do. We know Riversides are the equal in construction and service for we have made the most exhaustive tests and comparisons. The only real difference between Riverside Batteries and high priced batteries is the name plate on the outside of the case—why pay $5 to $20 more for this little plate when it does not make the battery any better nor give you any longer service? There is no other name that means more to car owners than the name "Riverside," for it is backed by all the resources of Montgomery Ward & Co., who has made good all promises for 55 years.

60 Days Trial In Your Own Car To Prove RIVERSIDE Batteries are Best

TRADE MARK

There is no question about QUALITY when you buy a Riverside Battery for we let you prove them in your own car. And after you are fully satisfied that a Riverside Battery will do everything any other battery will do—you still have the protection of Montgomery Ward & Co.'s guarantee of continued service for a total of 18 months.

Simply send us your order in the regular way, enclosing remittance. Use the battery for 60 days—and then if for any reason you do not feel it is the equal of high priced batteries write us for shipping instructions. We will refund your money, including shipping charges.

Telegraph Orders are Shipped at Once C. O. D.

If your battery has broken down and you need one in a big hurry, telegraph us your order and we will ship any standard size battery the same day, C.O.D. All orders received by mail will be shipped very quickly. There is no reason to pay more elsewhere, or to take chances on quality when you can get such service from Ward's.

Riverside Batteries Made for All Cars

We can furnish Riverside De Luxe Batteries for all makes and models of cars. If your car is not listed on the opposite page, write us and we will save you many dollars. The saving often amounts to as much as $20 to $25 on a single battery.

Mr. Crisp Says:

"There Can Be No Better Battery at Any Cost"

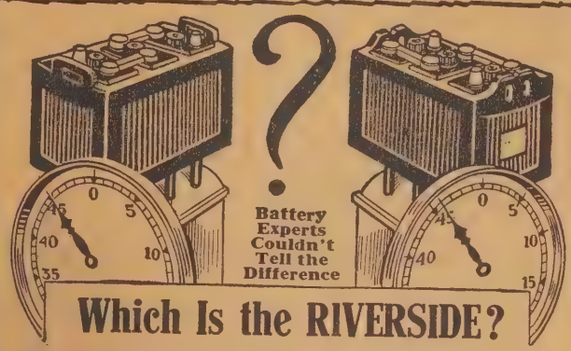
"I operated a garage and had a great deal of experience repairing batteries for all makes of cars. Seeing and learning the weak points of most of the batteries in general use, I decided to try one of your Riverside De Luxe Batteries, and must say there can be no better battery at any cost. With very little attention and hard use the battery lasted two and a half years without repair."

Harley C. Crisp, Lawrenceville, Ga.
Printed by Permission

Ward's Guarantee Protects You on Quality

We positively guarantee that Riverside De Luxe Batteries are FIRST QUALITY in materials and workmanship. We guarantee they are full size—full weight—full capacity—and that they will deliver the full amount of power and current needed by your car. We also guarantee you will save money—and let you be the judge.

The proved quality one-piece Riverside molded box is a wonder for strength and service. It is leak-proof and acid-proof—and is not affected by mud, snow or slush.



Battery Experts Couldn't Tell the Difference

Which Is the RIVERSIDE?

To prove the Quality construction of Riverside Batteries we took three high-priced batteries and one Riverside and cut them apart. We put all the plates—separators—boxes and terminals and other important parts on the table and asked three battery experts to pick out the Riverside parts. They couldn't tell them apart—for the Riverside was equal in every respect to the higher priced batteries. That's why Riversides give a great deal longer service than other batteries selling near our prices. Below we give you a comparison of Riverside with these higher priced batteries.

All Batteries Shipped Fully Charged

Wardwear Standard Battery Guaranteed 12 Months

At no time in the history of the battery business has a big, responsible firm with a record of selling more than a million batteries, ever offered a fine quality brand new freshly made battery for such an amazingly low price. And it's guaranteed for a full 12 months' service. This is just another example of how Ward's big volume sales enables us to reduce prices for if you were to compare this battery part for part with other makes you would really expect it to sell for $10 to $12.

SPECIAL for Ford, Chevrolet, Overland 4, Star and Gray

If you own one of the above cars and want an exceptionally good, low priced battery then buy the Wardwear for it is the leader in this class. Why, our price on this battery is less than often asked for repairs on old batteries, without a guarantee!

It would be impossible to sell such a remarkably good battery for this low price if it were not for our tremendous sales and our direct-to-you method of selling. The plates—separators—terminals—One-Piece Molded Box and all other parts are absolutely the equal of those used in batteries generally priced several dollars higher. Shipping weight, 45 pounds.

Special Power Plus Extra Plates RIVERSIDE Batteries

More Power—Quicker Starting—Last Longer—Cost Less

It is our aim to make Riverside Batteries the BEST you can buy at any price. We want our customers to get longer service—to have less trouble—and to save more money when they buy Riverside Batteries than they have ever experienced with any other batteries.

More than two years ago our battery experts started experimenting with extra plates in batteries used in our Test Cars. They found that the greatly increased plate surface exposed to the acid gave considerably more "Quick Power" so these EXTRA PLATE BATTERIES would spin and start cold, stiff motors much quicker. After thousands of "Starting Tests" they found the EXTRA PLATE BATTERIES lasted longer and proved better in every way. Now we are offering these SUPER POWER Batteries in One-Piece Boxes for 12 cars at prices lower than many ask for ordinary batteries with less plates.

Get More Miles from Your Tires

Improved Suction Grip Reliners Add Mileage

Sold Only by Montgomery Ward & Co.

They are saving auto owners thousands of dollars each month. Don't wait until your tires blow out and then sell them for 15¢ to 50¢, and let somebody else rebuild them with a reliner and get thousands of miles more service. Take care of your own tires in time by putting in these Suction-Grip Reliners and get this extra mileage for yourself.

No Other Reliner Has These No-Slip Tabs

We have worked with the manufacturer and effected great improvements in these suction grip reliners. Besides making the suction cups considerably deeper we have added several No-Slip Tabs of pure rubber, which hold our reliners in place better than is possible with the cups only. No others have these features. Built of several layers of heavy tire fabric that give a new backbone to weak tires. They are made with tapered edges so they fit smoothly and protect the inner tube. The cushion of rubber on top reduce friction.

Extra Heavy for Truck Tires

Shipping weight, 5 lbs. 12 oz. to 6 lbs. 12 oz.

Puncture-Proof Reliners for All Tires

Think of going on a trip without having to worry about punctures and the disagreeable delays they cause. You can do this if your tires are equipped with our Puncture-Proof Reliners. The rubber used in its manufacture strengthens the casing, and cushions the blows on the tire when a hard object is struck. The use of these reliners often secures thousands of extra miles of service from tires, which more than repays the small investment.

Fit snugly and comform to the shape of the casing when tube is inflated. No cement required. They come ready to put in the casing.

Of extra tough elastic rubber with a layer of non-rusting flexible metal plates firmly embedded in the center. Should a nail or other sharp object go through the casing, it would be bent over by the metal plates and deflected from the tube. The long tapered sides with feathered edges prevent the tube from being pinched.

For Balloon Tires

Article No.	Size	Ship. Weight	Each
61 G 1388	29x4.40	4 lbs. 12 oz.	$3.75

For Protection and Beauty Depend on RIVERSIDE Bumpers

TRADE MARK

$7.25

For Ford, Chevrolet, Whippet, Star

2-Year Guarantee Against Breakage/ 1-Year Guarantee on the Finish!

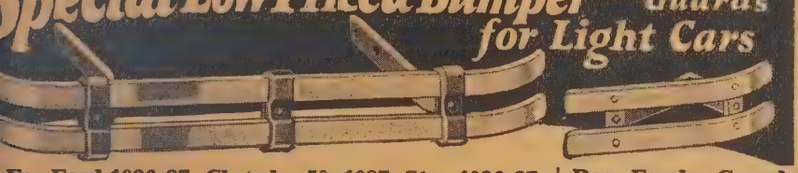
As conclusive proof of the high quality of "Riverside" Bumpers and Fender Guards, we unconditionally guarantee them for two years against breakage. The mirror-like, nickel finish of the front bars is obtained through a special process and is guaranteed for one year against rusting.

The Greatest Bargain We Have Ever Seen in a Truly High-Grade Bumper

You cannot buy better protection than our "Riverside" quality Bumpers and Fender Guards. Identical in design, of first quality materials, and unusual beauty. Built by one of the largest manufacturers, and sold under a nationally advertised name, for more than twice our low prices. Equip your car with both front bumper and rear fender guards for what one bumper usually costs. The extra heavy front bars are full 60 inches long, curved at ends and attached by end bolts and center clamp to a strong, full length back bar. Wide span prevents other bumpers from going under or over them.

Made of high-grade, oil-tempered spring steel about 5/16-inch thick. Heavily coppered and nickeled. Back bars, brackets and fittings finished in baked-on black japan. No drilling necessary. Easy to install with instructions furnished.

Special Low Priced Bumper and Fender Guards for Light Cars



For Ford 1926-27, Chrysler 50, 1927, Star 1926-27 Chevrolet 1926-27, Pontiac 1926-27, Whippet 1926-27

For those who desire protection and good quality at a low cost. Although not covered by the Riverside guarantee it is strong and durable, made of heavy, oil-tempered, heat-treated carbon spring steel. Each bar 1¾ inches wide and about 5/16 inch thick. Clamps finished in black with red bolts, adding an attractive touch of color. Arms made of heavy spring steel. Easily attached without drilling. Bars are heavily coppered and nickeled with highly polished finish. State year, make and model of car. Shipping weights: For Fords, 4 pounds, other cars, 35 pounds.

61 G 550—Front double bar, 1¾ inches..... $5.45

Rear Fender Guards

Designed to match front bumpers shown at the left, for same model cars. Heavily nickel-plated. Easily attached—no drilling. State year, make and model of car. Shipping weights: For Fords, 34 pounds; other cars, 21 pounds.

361 G 555—Double bar, 1¾ inches. Per pair..... $5.45

Riverside Front Double Bar Bumpers

For Large Cars

Late popular models shipped from Baltimore Store, older models from Baltimore Store, or Factory in Central Michigan. When ordering, be sure to state make, model and year of car.

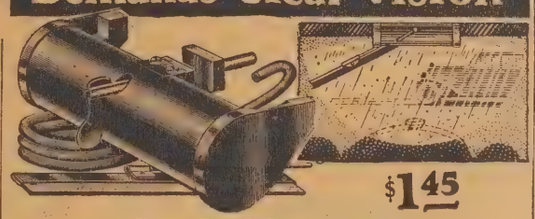
Safe Driving Demands Clear Vision



$1.45

Standard Automatic Windshield Cleaner

Prevents accidents by automatically cleaning the windshield when it is snowing, sleeting or raining, leaving both hands free for driving.

Consists of a sturdy, vacuum motor, driven by suction from the engine or vacuum tank. Always ready. Simply turn the screw control and the wiper cleans a 7-inch sweep. Has a lever for hand operating when only an occasional stroke is needed. Black finish. Equal to many cleaners selling for double our price. State make, year and model of car and whether closed or open. Instructions included. Shipping weight, 1 pound 4 ounces.

61 G 9507—Standard model for inside mounting only..... $1.45
61 G 9508—Special model for 1926–27 Ford closed cars..... 1.45

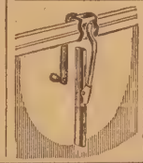
Electric Windshield Cleaner

Powerful, dependable, durable. Operates from storage battery. Prevents ice from gathering on the windshield in sleet and snow storms, as it may be left running while car is parked. May be used under a heavy load without overheating or loss of power.

Uses Less Than One Ampere Hardly as Much as Tail-Light

Cleaners of this type usually sell for $4.50 or more. They require practically no care and are oiled at factory for two years service. Finished in dull black. Standard model fits all cars using 6-volt batteries, and having one or two-piece windshields that open out. Will not fit cars on which motor must be mounted outside windshield. Shipping weight, 2 pounds.

61 G 9515—Standard model for inside mounting only. $3.25
61 G 9516—Special model for all 1926–27 Ford closed cars..... 3.25

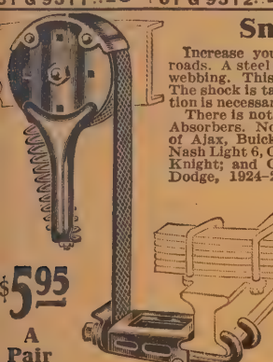


Hand Operated Windshield Cleaner

Operates in a circular movement, cleaning as much space as any automatic or electric wiper. Attached to open cars by clamping over top of windshield, and to closed cars by drilling hole through windshield frame. Has 7-inch squeegee. Black and nickel finish. Shipping weight, 12 ounces.

61 G 9527..... 24¢

Smooth Action Shock Absorbers



$5.95 A Pair

Increase your comfort and reduce jolts and bumps when riding over rough roads. A steel spring holds the heavy web strap against a floating band of friction webbing. This band operates around a fixed brass drum, just like your brakes. The shock is taken up gradually and smoothly. Also checks side sway. No attention is necessary after you once adjust them to your special needs.

There is nothing difficult or complicated about attaching a set of these Shock Absorbers. No drilling required on 90 per cent of cars. Furnished for all models of Ajax, Buick, Chandler, Cleveland, Chrysler 50 and 60, Hupmobile, Moon, Nash Light 6, Oakland, Overland, Whippet 6, Pontiac, Studebaker, Erskine, Willys-Knight; and Chalmers, 1922–23–24; Chevrolet, 1925–26–27; Chrysler 70, 1924; Dodge, 1924–25–26–27; Dort, 1923–24; Durant 6, 1922–23; Elgin, 1922–24; Essex 6, 1924–27; Jewett, 1922–23–24; Jewett New Day 6, 1926–27; Jordan 1920–27; Maxwell, 1918–25; Nash 6, 1920–25, Nash Advanced 6, 1927, and Overland 6, 1925–26. State make, year and model of car. Shipping weight, 14 pounds.

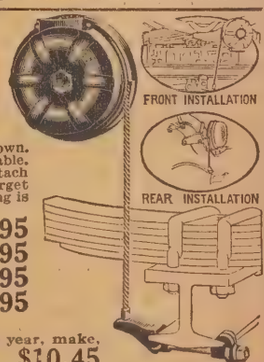
461 G 4050—Front shock absorbers. Per pair..... $5.95
461 G 4051—Rear shock absorbers. Per pair..... 5.95

We Can Furnish Shock Absorbers for All Cars

If your car is not listed above, order number 261 G 5067, stating make, year and model of car, and whether for front or rear. Price, $5.95 a pair. Shipping weight, 13 pounds. Special sets shipped from Factory in Chicago. See Page 614 for Ford Shock Absorbers.

Genuine "Burd" Shock Absorbers

At Greatly Reduced Prices



Absolutely control the springs so that the recoil is taken up gradually and smoothly. Prevent dangerous and uncomfortable jolting. Make car easier to drive and keep it steady on the roughest roads. Will save you money by reducing wear on tires and spring breakage.

Operate on the friction principle—the simplest and smoothest known. Strong and durable in construction. The steel cable is unbreakable. Easy to install and adjust. No drilling necessary on most cars. Attach according to instructions, adjust to suit your special needs, then forget them. Guaranteed for years of service. No oiling needed. Housing is dirt and grease-proof. Shipping weight, 24 pounds.

Play Safe! Reline Your Brakes Now

Simple Instruction Furnished

I consider SAFETY the most important feature in motoring today—that's why I have made a special effort to give our customers the best brake lining it is possible to produce. If you are careless about your brakes, your life—the lives of your passengers—the lives of others on the road are in danger every time you drive. Don't take chances when you can buy this new Riverside Super-Grip Brown Brake Lining and be assured of dependable brakes. We have used this Lining on our test cars for months. It is so much better than any other lining we have ever used, that I invite you to compare it and see the difference for yourself.

Instruction Book Included

It is not difficult to reline brakes. With each order of brake lining an illustrated booklet is included which shows the best and easiest method of applying.

C. W. BENSON,
Manager Auto Supply Department

New! Best Made Today ~ Contains More Asbestos ~ Specially Treated for Longer Life

RIVERSIDE SUPER GRIP BROWN Brake Lining

16¢ A Foot 1 by ⅛

After two years of exhaustive research and testing, this new Riverside Brown Brake Lining is ready for you. Made by one of the oldest manufacturers. The combined knowledge and skill of their experts, engineers and chemists was employed in making this new, improved lining the best possible. Guaranteed to give satisfaction.

Solidly woven from the finest, long fiber Canadian Chrysotile asbestos. Heat-resisting to the highest degree—it cannot burn. The asbestos yarn is twisted hard and firmly for extra strength, then tightly woven into a compact interlocking construction that gives the maximum resistance to wear. Just the right amount of fine brass wire is added to give it strength.

Thoroughly impregnated with a new compound, brown in color, which protects the asbestos from oil, grease, road dirt, water and other foreign substances. This special treatment reaches into every fiber of the lining—it is not a surface coating that will wear off. It does not become gummy under frictional heat.

Riverside Super-Grip Lining wears down so slowly and evenly that in the long run it is unquestionably the lowest priced product on the market. It will pay you to buy the best and avoid frequent replacement. Give make, year and model of your car if you are not sure of the size or amount of lining to order.

Ward-Grip Hydraulic Folded and Stitched Brake Lining

11¢ A Foot 1 by ⅛

The same type of Lining used by many automobile manufacturers as original equipment. It is made of fine quality long fiber asbestos interwoven with brass wire. The several layers of closely woven fabric are impregnated with a rubber and mineral compound, and vulcanized together under hydraulic pressure. This process forms a dense, solid, even surface, with more material per square inch than most woven lining. This even surface is preferable, as every part of it comes in contact with the drum and produces maximum braking action. Suitable for all makes of cars and especially desirable for four-wheel brakes.

Ward-Grip Woven Brake Lining

8¢ A Foot 1 by ⅛

This is the regular commercial grade that we now offer at greatly reduced prices.

Made of good quality, long fiber asbestos yarn, closely interwoven with brass wire. The utmost care is used in treating this lining with compounds that have proved successful in the hardest tests covering a period of several years. This chemical treatment protects the lining against the action of water, grease and oil. It will not char from frictional heat. Give make, year and model of car if you are not sure of the size lining to order.

Case-Hardened Tire Chains Electrically Welded

RIVERSIDE Tire Chains are a necessity no car owner can afford to be without—their use may prevent serious accidents, loss of life or expensive delays on the road. They enable you to drive through snow, ice, mud and sand safely and surely. No effort or expense has been spared in perfecting these chains—we can now say—"There Is No Better Chain Made." Our enormous sales have enabled us to bring the price down to what others ask for ordinary chains.

Electrically Welded and Case-Hardened. Because of the electric welding our cross chains are more uniformly case-hardened than the ordinary fire weld chain. The latest improved method of case-hardening gives each link an extremly hard surface for long wear without destroying the tough center for strength. Frequent laboratory and road tests assure uniform high quality. Cross chains are copper-plated to resist rust.

Cross Section of Ordinary Chains
Cross Section of Ward's Chains. Give 25% More Wearing Surface
Side Chain
Lock Link Type, Extra Heavy. Will Not Cut Tire. Galvanized to Prevent Rusting.
Positive Lock End Fastener
RIVERSIDE Road Grip
Extra Heavy
Cross Chains
Are Uniformly Case-Hardened

Riverside Heavy Duty Road Grip Chains

Extra Heavy—heavier than any other chains in general use. Note special features in illustration at right. This oversize construction Adds 25% to the Wearing Surface. Because of this heavier steel, Road-Grip Chains are more deeply case-hardened, which means they will last a great deal longer. They have a larger tough center core for strength. The heavy galvanized side chains are the smooth lock-link type, that will not cut the tires. The lock end fasteners are positive and reliable. They will not come loose. Easy to put on or take off. These chains are made for us by one of the largest tire chain manufacturers. We recommend Riverside Road-Grip Chains as the best value you can buy at any price and guarantee satisfaction.

Standard Tire Chains

At these bargain prices you cannot afford to be without a set of chains. Ward's Standard chains have case-hardened cross links that increase their wearing properties and give reliable service and satisfaction. They are the same weight and quality as those sold elsewhere at higher prices. Not as heavy as our Riverside Road-Grip Chains but of equally high-grade steel and made with the same care and workmanship. The cross chains are copper-plated. The side chains are galvanized to prevent rusting, and have lock-type links that will not cut the tires. Equipped with the same positive end fasteners as used on our super quality Riverside Road-Grip Chains. A splendid value for the low price we ask.

Ward's High Quality Tire Covers

98¢ 29x4.40 Drum Cover

92¢ 30x3½ All Black

Add to the life of your tires by protecting them against the destructive action of the weather. The effect of light and air on rubber that is not in active use causes it to become hard and brittle. Then, too, Ward's Covers add to the trim appearance of your car. These covers will easily pay for themselves in a short while by saving your spare tires from deterioration.

Furnished for Either Regular Size or Balloon Tires

Ward's Tire Covers are made to fit all high pressure and balloon tires on ordinary rims or disc wheels. The cover extends to rim and is adjustable, assuring a snug fit. Firmly fastened by strong snap buttons.

The all black covers are well made of a good grade, glossy, patent finish drill. The white stripe covers are of high quality glazed finish material and have attractive white beaded stripes. The drum covers are of heavy patent finish drill and are constructed to cover the tire like a drum. Will stand extra hard service in all weather. Priced much lower than you would pay for the same quality elsewhere.

Top, Curtain and Cushion Materials for Autos and Buggies

Many people prefer to make the upholstery for their cars. These materials are easy to work with and are thoroughly satisfactory.

Ward's Double Texture Top Material

Best quality, 38-ounce, long grain double texture. Heavier, stronger and better than generally used in auto factories. Two layers of strong drill cemented together and coated on one side with a heavy facing of rubber. Black long grain finish with tan back. Width, 54 inches. Shipping weight, per yard, 4 pounds.

561 G 766—Per yard..... $1.30

Special Quality Pebble Grain Rubber Drill

Excellent water-proof, leather grained finish material for making new tops, or replacing old tops and side curtains on autos and buggies. Top side is glossy black, flexible pebble grain that will give splendid service and look very neat, particularly on Ford cars. Black back. Width, 54 inches. Shipping weight, per yard, 3 pounds 8 ounces.

561 G 760—Per yard.. 75¢

Ward's Top and Side Curtain Material

Make your car weather-proof. Is similar to our No. 561 G 766 at left, but single texture, 36 ounces. Suitable for re-covering auto tops. Black long grain finish. Width, 54 inches. Shipping weight, per yard, 4 pounds.

561 G 762—Black back. Per yard.... 79¢
561 G 764—Tan back. Per yard.... 79¢

Water-Proof Black Imitation Leather

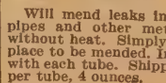
A good quality black drill finished on one side in black water-proof pebble grain imitation leather. Very flexible—will not crack or peel. Especially suitable for auto and buggy cushions. May also be used with excellent results on furniture. Width, 50 inches. Shipping weight, per yard, 4 pounds.

561 G 768—Per yard..... $1.05

Locktite Radiator Cement

A small leak in your radiator may cause serious injury to your automobile. This Cement is guaranteed to stop ordinary radiator leaks. It seals and does not in any way interfere with the circulation of water. May be used with anti-freeze solution. Shipping weight, per can, 1 pound.

61 G 9818—11-ounce can ..... 58¢



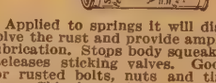
18¢ 2-Oz. Tube

Magic Solderine

Will mend leaks in radiators, pipes and other metal articles without heat. Simply cover over place to be mended. Instructions with each tube. Shipping weight, per tube, 4 ounces.

61 G 9193—2-ounce tube ..... 18¢

Penetrating Oil



Applied to springs it will dissolve the rust and provide ample lubrication. Stops body squeaks. Releases sticking valves. Good for rusted bolts, nuts and tire rims. Shipping weight, per can, 12 ounces.

61 G 9569—8-ounce can. 32¢

79¢

Auto Fountain Brush

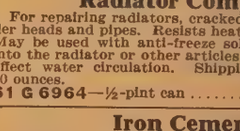
Get at those places hard to reach. Quickly attached to any coupling on ordinary garden hose. Clean the car in half the usual time. Spray part is seamless brass. Best China bristles. Length, 10 inches; width, 4½ inches. Shipping weight, 12 ounces.

61 G 9605 ..... 79¢

Sponge and Chamois Outfit

A necessity for washing and polishing your automobile. Contains sponge about 7½ inches diameter when wet, and a chamois skin about 18 by 24 inches. Both are very high quality. At this low price you will find it a bargain. Ship. weight, 6 ounces.

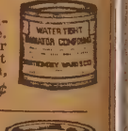
61G 9606—Outfit.. $1.69



Radiator Compound

For repairing radiators, cracked water jackets, cylinder heads and pipes. Resists heat, water, oil or grease. May be used with anti-freeze solutions. Simply pour into the radiator or other articles to be fixed. Will not affect water circulation. Shipping weight, per can, 10 ounces.

61 G 6964—½-pint can ..... 42¢



Iron Cement

Scientific compound of iron and other chemicals. Invaluable for making repairs around automobiles, and stopping leaks in gas, water or steam pipes. Directions for using on each can.

61 G 9890—½-pound can. Ship. wt., 1 lb.. 18¢
61 G 9891—1-pound can. Shipping weight, 1 pound 8 ounces ..... 33¢

Oil Spray Gun

Enables you to spray oil on springs and other places hard to reach. May also be used for spraying any other light liquids. Three pumps of the gun will throw spray six to eight feet long for about two or three minutes. Made of high-grade light-gauge steel, with strong handle. Has standard 1-inch fitting for attaching to any 1-inch threaded opening. Spray can be stopped instantly by upturning the gun. Shipping weight, 12 ounces.

61 G 9822—Gun only..... 98¢

Oil for Above Gun

Contains fine penetrating graphite. Will not settle and seeps into tightest places. Laboratory tests have shown this oil to be of the best grade. Shipping weight, per can, 1 pound 2 ounces.

61 G 9823—1-pint can..... 67¢

33¢

Mitten Duster

It takes up the dust and will not scratch. Soft yarn chemically treated to absorb dust. Easily washed. Shipping weight, 8 ounces.

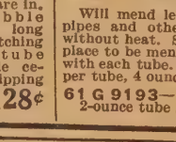
See Page 651 for a Complete Line of Automobile Lacquers



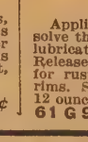
Simoniz Kleener and Wax

48¢ Each

Two wonderful aids for keeping your car looking like new. Recommended for all body finishes, including Duco. On new lacquer finishes "Simoniz" Kleener and Wax impart a beautiful lustrous varnish appearance. Removes grease stains and road grime, without injuring the surface. Renews the finish on dull, stained or spotted cars.

The Kleener prepares the surface for the wax which gives the protection. These are nationally known products that sell for much more elsewhere. You always save money buying from Ward's.

61 G 9571—Simoniz Wax. Ship. weight, 12 ounces ..... 48¢
61 G 9572—Simoniz Kleener. Ship. weight, 1 lb. 4 oz..... 48¢

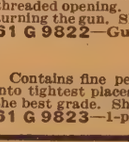


Duco Polish

A splendid Polish developed by the makers of Duco finish. When applied to your car with a soft cloth you will notice the ease with which the "traffic film" is removed and the natural beauty and luster of the original finish is brought out.

It gives a hard, dry polish leaving no oily film to catch and hold the dust. Gives the same fine results to cars not finished in Duco. Will not injure the finish on any car. Put up in convenient size quart and pint cans.

561 G 9556—One quart. Shipping weight, 3 pounds... $1.27
61 G 6555—One pint. Shipping weight, 1 lb. 8 oz... .85

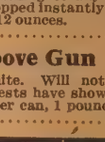


42¢ A Can

Sunray Metal Polish

Cleans and gives a bright finish at the same time. Will not scratch, mar or injure metal in any way. Polishes gold, silver, brass or nickel easily and quickly. Shipping weight, per can, 6 ounces.

61 G 9558—Per can.. 42¢



Cover the Rusty Spots With Touch-Up Enamel

For bumpers, fenders and radiators. Dries in fifteen minutes. Handy to carry in the car. Consists of ½ pint of quick drying black enamel. Brush for applying attached to inside of lid. Shipping weight, per can, 10 ounces.

75 G 7899—Per can..... 42¢

Auto Body Polish

Restores original luster to all varnished, enameled, and Duco finishes. Contains no wax, soap, or gummy substances. Free from acid. Cleans and polishes with little effort. Makes a hard, dry, water-proof surface.

561 G 9553—1-quart can. Shipping weight, 2 pounds 12 ounces..... $ .47
561 G 9554—1-gallon can. Shipping weight, 11 pounds..... 1.15

Beautify, Protect, Save - With Ward's Perfect-Fit Seat Covers

Protect your clothing, improve the appearance of your car, and at the same time increase its resale value. You will find these the greatest bargains to be found in quality Seat Covers.

The patterns are colorful, well designed and harmonize with the upholstery of your car. They give a fresh, new appearance to old cars and preserve the luxurious upholstery of new cars. Each set is carefully designed and cut to fit perfectly—easily put on or removed. All necessary fasteners and instructions are included.

Spanish Leatherette Trimmings

Spanish Leatherette Trimming adds richness to the already fine appearance of these sets.

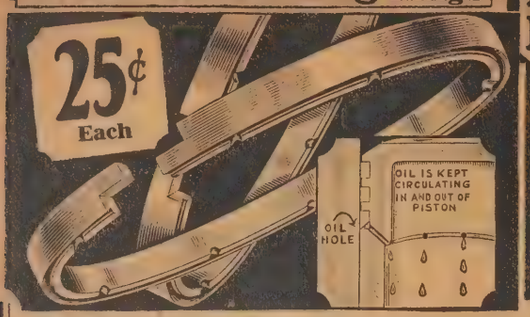
Installed on cowl in front of windshield. Regular List Price $3.50. Furnished with 6-8-volt S.C. bulb and 30-inch wire for attaching. Shipping weight, 1 lb. 4 oz.
61 G 3615.... **$2.89**

Genuine Boyce Moto-Meters

Most all late model cars are equipped with Moto-Meters, because manufacturers now recognize the need of the wonderful service they give. Placed on the radiator cap it acts as a faithful guard over your engine. The red liquid in the indicator tube warns the driver if the fan belt is broken or slipping, if radiator is leaking and water is low; or if oil in crankcase is too low. It warns before it is too late, thereby saving you trouble and expense. Easily attached to any car. The price comparisons below show what you save at Ward's. All models beveled plate glass, with engraved wreath design on rim.

61 G 3613—**Large Model.** List Price $10. Height, 3¾ inches. Width, 3⅜ inches. Ship. wt., 1 lb. 8 oz. **$7.40**
61 G 3623—**Universal Model.** List Price $7.50. Height, 3¾ inches. Width, 2¾ inches. Ship. wt., 1 lb. 2 oz. **5.40**
61 G 3609—**Junior Model.** List Price $5.00. Height, 3 inches. Width, 2⅜ inches. Ship. wt., 14 ounces. **4.15**
61 G 3608—**Midget Model.** List Price $3.50. Height, 2⅝ inches. Width, 2⅛ inches. Ship. wt., 12 ounces. **2.55**

Ward's Oil-Saving Piston Rings



More Power More Speed Piston Rings for All Cars Save Oil Save Gas

We absolutely guarantee these Piston Rings to save oil and gasoline, stop oil pumping and fouling of spark plugs in any motor except those in which the cylinders are badly scored or worn.

But one ring needed for each piston. You drill only a few holes through the pistons, at the lower grooves, according to directions included. The knife edge of the oil grooves collects the surplus oil from the cylinder walls and drains it back into the crankcase by way of the special circulating slots in the rings and small holes. These rings are accurately tested as to size and thickness. Easily and quickly installed. Read "How to Order" and see chart below at right for sizes.

Shipping weight, each, 4 ounces.

61 G 8930—Standard size. State size rings wanted. Each..... **25¢**

61 G 8931—.0025 Oversize. State size rings wanted. Each..... **25¢**

61 G 8932—.005 Oversize. State size rings wanted. Each..... **25¢**

Oil Groove Quick Seating Piston Rings — 15¢ Each

The groove is cut on an angle and holds a quantity of oil, forming a film that prevents the excess working up past the pistons. On the down stroke it pushes surplus back toward the crankcase. Quick seating feature gives extra power. Easy to install. Read "How to Order" and see chart below for sizes. Shipping weight, each, 4 ounces.

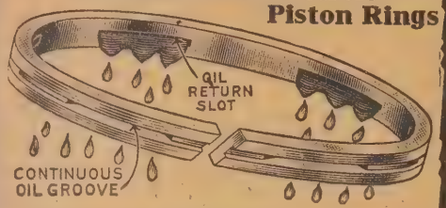
61 G 8938—.005 Oversize. Each..... **12¢**

Guaranteed Piston Innerings — Set of 12 — 86¢

Place under any make of one-piece rings. They expand the piston rings outward against the cylinder walls and afford increased power and a saving in gas and oil. Fine imported steel. Use one Innering under each piston ring. Order same size as piston rings now used in your motor. No oversize needed as each will handle oversize rings up to 3/64 inch. Easy to install. Read "How to Order" and see chart at left for sizes. State size wanted. Shipping weight, per set, 4 ounces.

61 G 8940—Set of 12..... **86¢**

Genuine Perfect Circle Piston Rings



Operate on a proven principle. A gallon of oil will last several hundred miles longer. The groove on the face always carries the right amount of oil to produce a positive and uniform lubrication over the entire cylinder wall. These Perfect Circle Piston Rings are known the country over and are in use in millions of cars. Shipping weight, each, 6 ounces. Read "How to Order" and see chart at right for sizes.

61 G 8943—.005 Oversize. State size wanted. Each..... **48¢**

How to Order Piston Rings

If your car has been driven not more than 5000 miles, order standard size rings. From 5000 to 20,000 miles, get .0025 oversize. Over 20,000 miles, get .005 oversize. If oversize rings are desired, be sure to state which. Rings too large may be reduced by filing ends slightly. If you do not know the size of your piston rings, tell us the name, year and model of your car. Sizes are given below.

Piston Ring Sizes for All Cars

2 1/16 by 1/8	3 1/8 by 3/16	3 5/8 by 3/16

Aluminum Alloy Pistons — $1.65 — Latest Split Skirt Type

Give the motor speed, greater flexibility, and quicker pick-up than is possible with the old heavy cast iron pistons. Many car owners make the change to the aluminum type just to get these additional advantages, even though their old cast iron ones are in good shape. Heat treated. Brinell tested, die cast aluminum alloy of the same design, material and weight as those used as standard equipment on cars fitted with aluminum pistons. Completely finished and supplied with high quality wrist pins, but without rings. Can be furnished in standard and following oversizes: .0025, .005, .010, .015. Table below gives size and number of rings required. Rings not included.

Be sure to state make of car, year, model, and piston oversize, if any. Shipped from Factory in Northern Illinois. Shipping weight, each, 2 pounds 8 ounces.

Little Sioux Quick Action Valve Grinder — For All Cars

Handle turns in one direction, continuously and grinding tool alternates forward and back. This advances the valve and makes a smooth and exact contact. End thrust bearing makes it run easily and evenly. Has perfect balance and stroke. Complete with four fittings with six ends for valves on all cars. 5-inch extension stem and small can grinding compound. Shipping weight, 2 pounds 12 ounces.

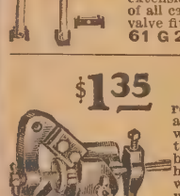
61 G 9333..... **$2.65**

Hand Valve Grinder

Of cast iron and steel with enclosed gears running in grease and shaft running on ball bearings. Handle turns in one direction and grinding tool alternates right and left, furnishing the correct motion for satisfactory grinding. Tool is heavy enough so that little force is needed in bearing down when operating handle. Double extension shank allows for adjustment to grind valves of all cars. Comes complete with extension and three valve fittings. Ship. wt., 2 lbs. 12 oz.

61 G 2653..... **$1.29**

Valve Refacing Lathe — $1.35



Give the valves in your car the attention they require and notice the difference in the performance of your motor. This sturdy cast iron Lathe will quickly give a new face to worn valves, and trim them to fit exactly the angle on the motor block formed by the reseating tool. Blade is of high-speed, tool steel, accurately machined and will last a lifetime. Can be easily attached to work bench. Will take valves from all Fords, other popular cars and Fordson tractors. Shipping weight, 3 pounds 4 ounces.

61 G 2551..... **$1.35**

Valve Reseating Tool — For All Cars — $1.45

Made by one of the largest manufacturers of valve tools in the country. Only because of our enormous purchases are we able to offer you this low price. This high-grade Reseating Tool is designed to fit any size valve seat from 3/4 to 2 1/4 inches. It has removable blades which means inexpensive upkeep. Blades are of high speed tool steel. You do not have to be a master mechanic to get a perfect job if you will use this reseater with valve refacer 61 G 2551 shown below, as a combination set. Pilot sizes 5/16, 3/8, 7/16, 21/64 inch. Full instructions included. Shipping weight, 1 pound 4 ounces.

61 G 2552..... **$1.45**

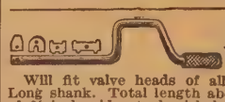
Valve Lifter — 15¢

Of heavy pressed steel with improved tempered steel ratchet. Fit all cars. Length, 10 inches. Shipping weight, 14 ounces.

61 G 2558..... **43¢**

61 G 2556—Low Priced Lifter. Lighter in weight. Shipping weight, 10 ounces..... **15¢**

Speeder Type Valve Grinder



Will fit valve heads of all cars. Quick-acting. Long shank. Total length about 20 inches. Made of 3/8-inch wide steel, nickel-plated. Four fittings included. Loose handle is knurled to give good grip. Shipping weight, 1 pound 4 ounces.

61 G 9324..... **36¢**

One-Piece Warp Proof Valves

Drop Forged and Heat Treated

The power, speed and economy of your automobile depends largely on the condition of the Valves. These valves will maintain a perfect seat, without warping or pitting under continuous pounding and intense heat.

Made of one-piece drop-forging, highest grade, nickel chromium steel. The lower ends are tempered and hardened so they will not flatten out. Every valve is guaranteed to fit perfectly and be equal to valves selling at a much higher price. In.—Intake. Ex.—Exhaust. Shipping weights: 6 to 8 ounces.

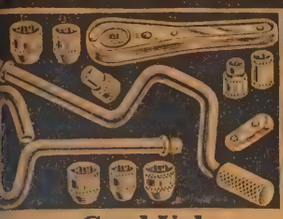
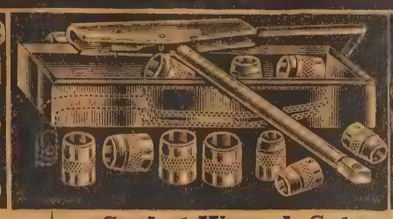
UNEQUALED! Ward's Sturdy Wrenches
Used by the Best Mechanics





Good Value Socket Wrench Set

Fits all ordinary bolts and nuts. Set contains improved, flat ratchet handle; short extension; 20-inch Long speeder handle, T-handle and eight hexagonal sockets. Openings range from ½ to 15/16 inch. All sockets are case-hardened steel, turned from solid bar. Wrenches are of ½-inch cold-rolled steel, bright nickel-plated finish, knurled to permit easy handling. Our price is much lower than that usually asked. Shipping weight, per set, 6 pounds.

61 G 9746—12 PIECES..$2.30

Socket Wrench Set for Ford Cars

Fits practically every bolt on the car. Speeds up your job as you have a complete set handy while working. Combination T and L handle. Nine hexagonal sockets in sizes 7/16, ½, 9/16, ⅝, 11/16, ¾, 25/32, 13/16, and ⅞ inch and one 9/16-inch square for main bearing bolts. Knurled to permit easy handling. All nickel-plated finish and packed in heavy steel box. Shipping weight, per set, 4 pounds 4 ounces.

61 G 9733—11 PIECES...$1.49

Special All-Car Socket Wrench Sets

Specially designed for the man who does his own repair work or for overhauling either cars or tractors. Will save many small repair bills. Heavy cold-rolled steel, nickel finish. Consists of ratchet handle, long and short extension bar, universal joint, 15 hexagonal and one ½-inch square knurled socket. Hexagon openings in sizes 5/16, 11/32, ⅜, 7/16, ½, 9/16, 19/32, ⅝, 11/16, ¾, 25/32, 13/16, ⅞, 15/16, and 1 inch. Strong metal container. Shipping weight, per set, 7 pounds.

61 G 9732—20 PIECES...$2.95

28-Piece High Grade Speeder Wrench Set

Popular With Mechanics and Garagemen

The best and most complete set we have ever sold at this price. Has twenty-two hardened steel sockets which will fit practically any nut and bolt on any car. This is why we sell so many of these outfits to mechanics and garagemen.

You will be able to make repairs quicker and easier. With the extra handles you can get at those out-of-the-way places that cannot be reached with ordinary wrenches.

Set consists of 20-inch speeder with knurled handle; 12-inch T-handle; 9-inch ratchet handle; 10-inch offset handle; short extension; long extension; 19 hexagon sockets ranging in size from 7/16 to 1¼ inch; 3 square sockets, sizes ½, 9/16, and ⅝ inch. All handles are ½-inch cold-rolled steel. Sockets are turned from steel bar and especially hardened, insuring long service. Nickel-plated finish.

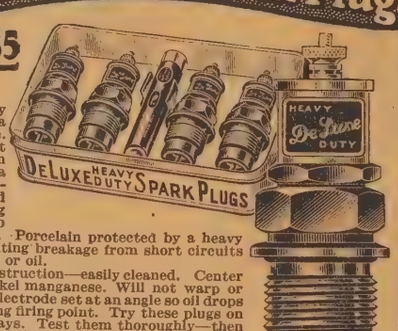
Famous De Luxe Spark Plugs

Set of 4 $1.85



A heavy duty Plug with extra heavy steel base. Sparking point has wide, thin edge, giving a series of sure fire sparks and retaining enough heat to burn off carbon. Porcelain protected by a heavy fiber cap preventing breakage from short circuits caused by water or oil.

Two-piece construction—easily cleaned. Center electrode of nickel manganese. Will not warp or corrode. Outer electrode set at an angle so oil drops off before reaching firing point. Try these plugs on your car for 30 days. Test them thoroughly—then if you are not satisfied—send them back—we will refund your money, including postage. On orders for sets of four or six De Luxe Plugs we give you an Ignition Test Gauge like 61 G 3586 shown below at left, free of charge.

Counter-Balanced Crankshaft

For Dodge Cars

Makes your car run as smoothly as a six-cylinder car. Install one and increase the life of your motor, reduce repair bills and give your car new and longer life with a smoothness you have never before experienced. Solves the vibration problem for Dodge owners. It gives your motor more power, flexibility, reduces wear and eliminates noise. These counter-balanced Crankshafts are made in the largest crankshaft plant in the world. Drop-forged in one piece of the highest quality materials. Carefully machined and tested by the most modern equipment. They give as fine a running balance as is possible to secure. Ship. wt., 56 pounds. Shipped from Factory in Saginaw, Mich.

261 G 6934.....$29.95

Dunn's Counter-Balances

For Chevrolets

Removes vibration, reduces friction in bearings and makes the motor run smoother. Of high-grade steel, scientifically heat-treated and oil-tempered with accurately ground finish. Easily installed without taking down motor. Instructions included. Shipping weight, per set, 17 and 15 pounds.

Ward's Super-Power Carburetor

For All Chevrolets

$6.25

Saves Gasoline

For improving the operation of your motor. Makes starting easy—dash controlled choke supplies more gas for starting. The special mixing chamber measures the gas accurately and gives additional mileage. The saving in gas alone will soon pay for this Carburetor. Automatic gas feed controls the flow for all speeds. Motor may be idled down and will run smoothly without jerking. Picks up quickly with a steady, strong pull. Increases power and speed—gas is entirely vaporized assuring a more powerful explosion. Has a gasoline strainer that prevents dirt from entering mixture. Is easily removed for cleaning. Will fit all Chevrolets. Especially adapted for 1926–27 models originally equipped with Carter carburetors. Shipping weight, 3 pounds 8 ounces.

61 G 5730.....$6.25

Cast Iron Pistons

For Chevrolet and Dodge

Fitted with best quality wrist pins. Have 3/16-inch ring grooves, lower one beveled and drilled for returning excess oil to crankcase. Rings are not included. Especially practical for their long wearing qualities. They conform to manufacturers' specifications.

Piston Ring Sets

For Chevrolet and Dodge

Save oil and gasoline and stop oil pumping and fouling of plugs in any motor. Of the finest cast iron. Have a quick seating finish, are perfectly round and of even thickness. All have same ring tension which guarantees perfect compression. Four rings, one for the bottom of each Piston. The knife edge of the oil groove collects surplus oil on the down stroke and drains it back into the crankcase, through special holes that are drilled in the piston. Eight compression rings for top grooves, sealing compression. Full instructions for installing included. Furnished Standard and .0025, .005, .010, and .015 oversize. State size wanted. Shipping weight, per set, 1 pound 4 ounces.

61 G 5709—For Chevrolet. Set of 12.....$1.67

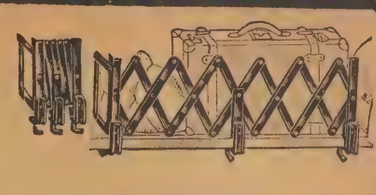
Fold-Down Luggage Carrier

A new design that is becoming more and more popular. A quality carrier at about the price usually asked for those of lighter and less rugged construction. May be folded down out of the way, flush with the running board, when not in use and raised by an easy pull. Locks securely in upright position. Height raised, 9 inches above running board. May be taken off without trouble, as it is fastened by clamps of channel iron that will not spread when carrier is in position. Top and bottom bars of heavy angle iron. No sharp edges or corners to tear baggage.
461 G 6488—Length, 45 inches. Shipping weight, 12 pounds $1.15
461 G 6489—Length, 60 inches. Shipping weight, 15 pounds 1.85



Running Board Folding Carrier 85¢

Does away with carrying inconvenient packages and bundles in the car. Holds all ordinary luggage.

Has three heavy angle iron braces with strong thumbscrews for attaching to running board. Middle brace extends half the height of the carrier, acting as a support. Slats cannot bend out of position and are well riveted, with washers between to make them easily adjustable. The two ends are of square design to hold bundles safely. Fits all running boards. Folds up out of way when not in use.

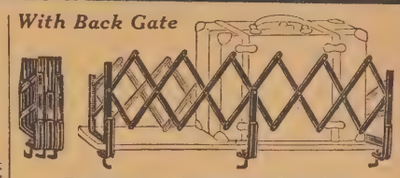
461 G 6486—Standard Model. Adjustable to 60 inches. Ship. weight, 10 pounds .. 85¢
461 G 6487—De Luxe Model. Similar to above but stronger and heavier. Adjustable to 72 inches. Ship. wt., 12 pounds $1.25

$6.45

Running Board Trunk

Clamps to either running board or to trunk rack in rear. May be carried by the leather handle on cover like a suitcase. Removable tray inside. Nearly covered with imitation leather, bound with black enameled steel edging and cover plates. Black enameled hardware. Lock has one key. Sturdy construction. Length, 32 inches; width, 15 inches; height, 14 inches. Shipping weight, 21 lbs. Mailable.
461 G 6571 ..... $6.45

With Back Gate



Protector Luggage Carrier

Similar to our De Luxe Carrier described above at right, but has an additional back gate to prevent the finish of the car from being rubbed or marred by luggage. Back is detachable. Adjustable to the full length of any running board and from 8¼ to 11¼ inches in depth. Also handy for carrying egg cases to market. Shipping weight, 22 pounds.
461 G 6490 ..... $3.15

$3.89

Tourists' Service Kit

Furnishes an emergency supply of gasoline, oil and water. Consists of three steel containers finished in red, green, gray. All in metal frame bolted to running board. Each container holds 1½ gallons. Size over all, 18 inches long, 9½ inches wide, 10 inches deep. Shipping weight, 14 pounds.
461 G 6460—Complete $3.89

Auto Baby Crib

Swings from the top of car by nickeled springs and galvanized chains. Folding crib of durable olive drab drill. Mattress of downy cotton. Size, 32 inches long, 15 inches wide and 10 inches deep. For all model cars except coupes and roadsters. Attached to rear of front seat.

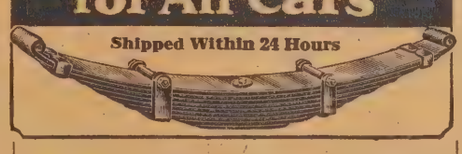
Auto Springs for All Cars



Shipped Within 24 Hours

Perfect Fitting—Finest Quality

We guarantee them to be A-1 quality and to match original Springs for strength and resiliency. It takes the very best Auto Springs to live up to a guarantee such as that of Montgomery Ward & Co. DeLuxe springs are made of extra fine grade steel, properly heat treated and tempered in oil. Careful inspections and tests are made during every important operation.

Lowest Prices—24-Hour Service

Because our prices are so low, do not gather the impression that quality is sacrificed. We sell such a great quantity that we are able to offer you springs of the highest grade at these extremely low prices.

Your new spring will be on the way to you within 24 hours after we have received your order by mail or telegraph.

Made for All Cars

We can furnish Springs for practically all makes of cars. If your car is not listed write us for prices, stating make, model and year, also whether front or rear spring is wanted.

Springs weighing 50 pounds or less are mailable. Over 50 pounds are mailable in zones 1, 2 and 3 only.

How to Order Springs

A spring 36 by 1¾ means that it measures 36 inches between centers of eyes along the edge of the main leaf and that the width is 1¾ inches.

Order by article number only. If the style of car is not stated, the spring fits all touring cars, roadsters, sedans or coupes of the years and models shown. No. Lvs. means number of leaves in the spring. LR means lower rear spring; UR means upper rear spring.

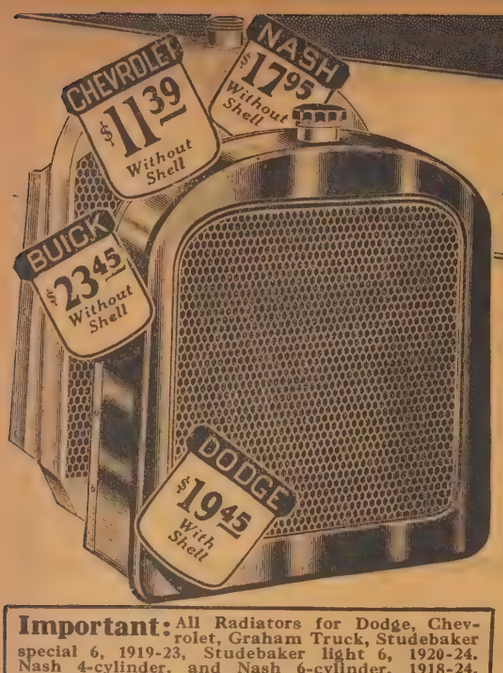
RIVERSIDE GUARANTEED Radiators

TRADE MARK

I proved that RIVERSIDE radiators famous freeze test which only the



Save $10 to $30

Here is one of the biggest savings you can make on a necessity for your car. We recently compared our prices with those asked by others for radiators of equal quality—and found we were saving you $10 to $30 and even more on some of the largest sizes. In addition not one of these other radiators was guaranteed for more than 90 days—yet we guarantee the Riversides for a full 18 months against breakage of the core by freezing. We use this very same Radiator on the big, powerful 90-horse-power Riverside Test Car No. 1 shown on Page 585 and it gives better service than the old radiator which sells for double our price.

Ten Years in Radiator Business

We have been in the radiator business for over 10 years—and know it thoroughly. As our sales have increased we have reduced prices until now our prices are the lowest we have ever offered. It only takes a few minutes to change a radiator—so why pay more for any other make or take chances on a brand that is new and untried. We allow you a full 30 days trial on your car—and will return your money if for any reason you do not want to keep the Riverside radiator.

Don't Waste Money Trying to Repair Your Old Radiators

At our exceptionally low prices, most car owners will find it m more economical and more satisfactory to buy a new radiator t to try to have the old one repaired. Most old radiators w repaired in one place soon spring a leak in another—and they generally so clogged up they overheat easily.

Guaranteed 18 Months Against Breakage of Core by Freezing

Freezing is the most severe test of a radiator's strength. high-grade materials, and the superior mechanical features, m it possible for us to guarantee the cores of these radiators fo months against breakage by freezing.

All the tanks are of heavy brass securely fastened to the co lessening the possibilities of leaks or breakage under hard ser The core is the latest honeycomb design that is used extensi on most of the finest cars on account of its greater cooling surf It is of finest quality brass, securely soldered and very flexi which enables it to withstand jars and jolts.

Important: All Radiators for Dodge, Chevrolet, Graham Truck, Studebaker special 6, 1919-23, Studebaker light 6, 1920-24, Nash 4-cylinder, and Nash 6-cylinder, 1918-24, shipped from Stock in our Store. Radiators for all other cars shipped promptly from Factory in Chicago. Your regular shell will fit these radiators. State make, year, model and serial number of your car when ordering. Shipping weights: Radiator, 40 to 55 pounds; shells only, 10 pounds. Not mailable.

NOW YOU CAN ENJOY COLD WEATHER DRIVING

$3.65 For Chevrolets

$1.78 For Fords

Kingston Manifold Type Heaters

Gives instant heat. Satisfactory for long or short drives in coldest weather—it makes winter driving a pleasure. The register fits into the dash and does not interfere with the removal of floor boards. Made of cold rolled steel and finished in black enamel. May be installed easily and quickly; instructions furnished. No hole to be cut in exhaust pipe. The regular list price of this heater is $5—buy now at our low price and be prepared for winter driving. For all Chevrolets. Shipping weight, 6 pounds.
61 G 5035 ... $3.65

Gives instant heat. Fits snugly over exhaust manifold. No hole to be cut in exhaust pipe. Register placed in footboards. Fresh air is taken from front of motor, heated over exhaust manifold and forced through register to inside of car. When register is closed the heated air passes out beneath the car. Of heavy gauge, sheet iron with baked-on black enamel finish. Shipping weight, 6 pounds.
61 G 2244—For Fords without Holley hot spot ... $1.78
61 G 2294—For Fords with Holley hot spot ... 1.78

$2.98 All Cars

Force Draft Heater—Fits 35 Cars

Now you can drive in comfort on the coldest days. Forces clean air into a 20-gauge cold rolled steel two-piece stove, where it is immediately superheated and conducted through heavy flexible tubing into the car. Stove 13 inches long is easily clamped in a perfect fit around hottest section of exhaust pipe. No cutting of exhaust pipe. Sturdy 9-gauge cold rolled steel register. Easily installed with ordinary tools.

To Fit the Following 1926-27 Cars

Ajax, Auburn, Buick Series 115–128, Case, Chandler, Chrysler 50-60-70, Davis, Diana, Dodge, Elcar, Erskine, Flint, Ford, Gardner 6 and 8, Hudson, Hupmobile 6 and 8, Jewett, Jordan Light 8, Kissel 6 and 8, LaSalle, Marmon Light 8, Moon, Nash, Oakland, Oldsmobile, Paige, Peerless, Pontiac, Rickenbacker, Reo Flying Cloud, Star, Studebaker and Willys-Knight. Radiator Fronts for Easier Winter Startin

$2.98 For Ford Cars

All metal and one of the newest and most improved types for winter driving. Many motorists prefer this Shutter because of its moderate price and efficient operation. The amount of air passing through radiator is controlled from the dash, eliminating the necessity of continuous use of choke in severe weather, which causes dilutation of oil in crankcase and frequently results in burned-out bearings and scored cylinders. Control may be set in four positions; open, closed and two intermediate. Easily installed. Finished in black baked enamel. All fittings and instructions included. Shipping weight, 9 pounds.

Clamp-On Dash Control

Sure Warm Heaters For Fords

55¢

Fresh air is drawn in over exhaust manifold where it is quickly heated and forced through a register in the dash board. Control damper regulates the heat to any desired degree. No noise, no odor and no gas. Made of stamped metal with all necessary attachments and connections. Easy to install. No hole to be cut in exhaust pipe. Simply place over the exhaust manifold, tighten manifold clamps over the two metal strips, place register in dash and heater is ready for use. Shipping weight, 2 pounds.

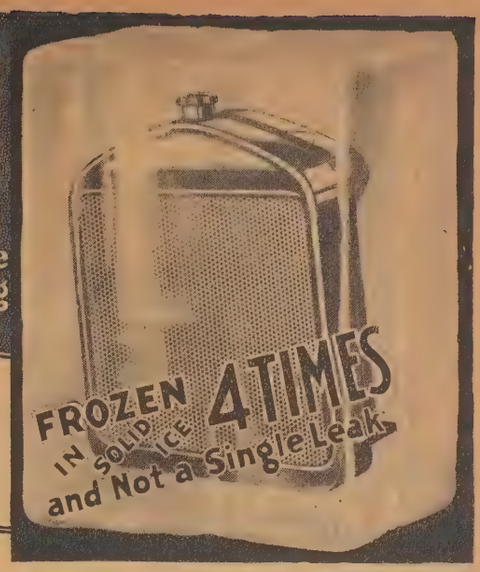
RIVERSIDE RADIATORS
TRADE MARK

for FORDS

Core Guaranteed 18 MONTHS Against Breakage by Freezing

are stronger when I made this strongest radiators could stand

C. W. BENSON, Manager Auto Supply Dept.



We have frozen our Riverside Radiators outdoors on Fords when it was 10 degrees below zero—we have frozen them in refrigerators—but here is the Test of Quality that convinced us there is not a better radiator made at any price. We went to a large ice company and put this regular stock radiator down in a big vat and froze it solid for three days—then tested it and there was not a single leak. This test was repeated four times—then the radiator was put on a Ford and driven over the roughest roads—and not a drop of water leaked out. We know the Quality of Riverside Radiators is RIGHT—that's why we Guarantee these to be the Best Radiator Values in America.

30 Days Trial

Send money with order. When you get this Radiator for your Ford, examine it carefully and compare it with any other radiator made, regardless of price. Send in your order in the regular way, enclosing remittance. Then after you have satisfied yourself that ours is the best radiator value you have ever seen, put it on your car and give it thirty days real service. If at the end of that time you feel, for any reason, that it is not equal in every way to any Radiator on the market, return it and we will refund the purchase price and all transportation charges you have paid.

Similar to Radiators Used as Regular Equipment

Improved Tubular Radiators

We studied and tested every prominent make—and found that the regular round tubes generally used burst too easily when the water was frozen—would not stand up to our requirements—and could not meet our 18 months guarantee. For months we worked with one of the largest radiator manufacturers in the country—and this improved Oval Tube Radiator is the result. The thousands we sell each month is absolute proof of its success.

Why This Radiator Stands Up Under Severest Tests

First. Instead of the round tubes used in ordinary tubular radiators we have only oval tubes built into this improved Radiator. This special oval construction allows for expansion and contraction, preventing bursting of tubes by freezing.

Second. Only what is known as rich low brass Tubes are used. Sealed with the finest radiator solder. The most successful radiator manufacturers know that the long life and tensile strength of brass makes it the ideal metal for radiator tubes.

Large Water Passage. Our plan of construction permits a larger water passage than is found in ordinary tubes.

Maximum Cooling Surface. Water passes through the vertical tubes and is quickly cooled by the carefully designed copper fins which are evenly spaced and sweated to the core by a special process. The arrangement of these fins gives them the greatest possible cooling efficiency.

With such important basic points correctly designed, you can readily understand why these radiators give such satisfaction. But we don't stop there. The quality construction is carried through every detail—from the long Inlet Neck to the Safety Overflow Pipe all are made with the same great care and of the best materials. Ship. wts.: Complete, 40 lbs.; without shell, 35 lbs. Not mailable.

10 Reasons

Why You Should Buy Your Radiator *from* Ward's

1. **Ward's Reliability.** Before you buy a radiator, be sure of the reliability of the firm. Remember Montgomery Ward & Co. has been in business—and giving its customers satisfaction—for 55 years. You can absolutely depend on our word.

2. **Guaranteed "Freeze-Proof."** The cores are specially constructed and guaranteed against breakage by freezing for 18 months. As the core is the most important part of any Radiator, our guarantee gives you protection that assures satisfactory service. These cores are rust-proof. Not affected by alkali water.

3. **Proper Design.** Ward's Radiators are built by experts, in one of the best equipped factories in the country. These men have designed and built radiators for the most expensive automobiles. You get the benefit of all this valuable experience.

4. **One-Piece Seamless Tanks.** Heavy brass—will not come apart or leak like ordinary Tanks. The brackets are shock absorbing. The side brackets are full width and of the correct weight.

5. **Beautiful Appearance.** Ward's Radiators are "beauties" to see. The shells have a bright, glossy black enamel finish, baked on to give long service. The cores are the finest looking we can have built and equal in neatness to those on highest priced radiators.

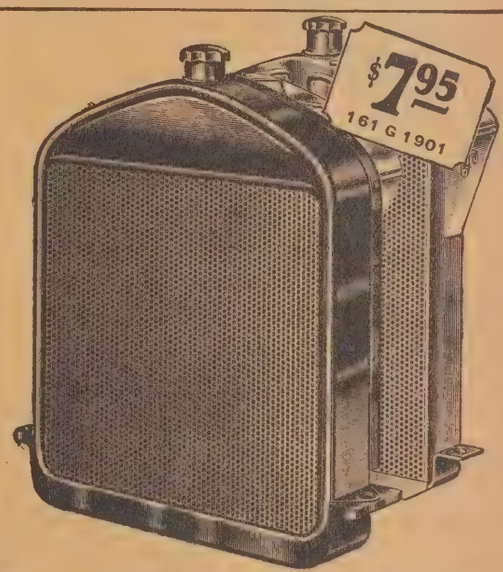
6. **Greater Cooling Capacity.** If you have had trouble with overheating, this Radiator will help eliminate it, as a specially designed air fin between each water channel quickly carries off the heat. Riverside Radiators have the maximum amount of cooling surface.

7. **Built for Long Service.** The great structural strength of our Ford radiators enables them to withstand strains. Built with extra heavy supporting brackets, the cores are reinforced at the sides to withstand hardest service.

8. **The Very Lowest Prices.** Our prices save you $4 to $10 because we sell thousands of Radiators direct each month with only a very small profit added to the manufacturing cost. Such prices would be impossible if we sold only a few each day.

9. **Guaranteed Quality.** We positively guarantee Riverside radiators to be of the very finest quality and can prove beyond a doubt they cost just as much or more to manufacture as many radiators selling elsewhere for several dollars above our prices.

10. **Thirty Days Trial**
There is no question about the service. We let you make your own demonstration to prove every word we say is true. Accept our 30-day Trial Offer before considering buying any other radiator.



Dependable Honeycomb Radiators

Our Standard Type – Successful for 10 Years

We have sold more than 300,000 of these Honeycomb Type Radiators direct to Ford owners. We do not believe there is another Radiator in the world with such a record to back up its Quality. It is real proof of Value. We guarantee Riverside Radiators to be equal in every way to higher priced radiators. Why then take chances on unknown brands of radiators that do not have such a reputation? The guaranteed cores used in Riverside Radiators are the same Honeycomb Type used on the finest cars—and as shown in the "Freeze Test" above. Naturally our enormous sales make possible these lower prices for better Quality. Shipping weights: Complete, 40 pounds; without shell, 35 pounds. Not mailable.

461 G 1952—For 1924-27 ..... 2.25

Heavy Duty Radiator for Ford Trucks

An extra heavy specially built Truck Radiator with a thick core and extra large water capacity, exactly like those used on big, heavy trucks. Most of the radiators we sell for Ford Trucks are used on rough country roads so we built this radiator heavier and stronger in every way to stand hard service. The core is leak-proof construction, much thicker and stronger than generally used in radiators for Ford trucks. It has the cellular all brass core with lead alloy coating—far superior to the regular brass cores. Tanks are exceptionally heavy and can be removed. The special shape of this radiator gives Ford trucks sturdier appearance. Fits any Model TT Ford Truck or converted pleasure car chassis.

30 Days Trial—Core Guaranteed 18 Months

We are so certain that you will appreciate this big value that we offer you 30 days trial and our guarantee for 18 months' service against breakage by freezing. Surely with such convincing proof of quality you should not pay more for any other radiator. Shipping weight, 56 pounds. Not mailable.

161 G 1861—For 1917 to 1923 Ford Trucks $17.95
161 G 1870—For 1924 to 1927 Ford Trucks 17.95

All RIVERSIDE Radiators Have 18 Months Guarantee Against Breakage of Core by Freezing

TRADE MARK

Our customers must have strong Radiators, for most of them travel over rough country roads which shake and twist the frame of the Ford, subjecting the radiator to terrific strain. Ward's radiators are built extra strong and heavily reinforced to stand this hard service.

Proved Quality Radiators

Every part of our radiators has proved its strength and correct construction by actual service on hundreds of thousands of Fords and by the most rigid tests in our laboratory.

As PROOF of the strength of the cores in our radiators we guarantee them for 18 months service against breakage by freezing.

PROTECTION for Ford and Chevrolet Owners

from SNOW WIND RAIN COLD SLEET

SAVE $10 to $20

I have inspected and tested nearly every enclosure of merit manufactured in this country. I do not hesitate to say that Ward's Enclosures are the best values on the market—when you consider high quality of materials, workmanship, style and durability. We have sold more than 30,000 enclosures for Ford and Chevrolet cars—and completely satisfied our customers. Our new models for this season are far ahead of anything we have ever offered, and contain new, exclusive and patented features never before used in this type of enclosure. These enclosures provide you with the comfort, convenience and protection that you enjoy in a closed car—and our low prices save you from $10 to $20 on each outfit.

C. W. BENSON, *Manager Auto Supply Department.*

$11.25 For Ford Touring

$6.45 For Ford Roadster

You can quickly convert your Roadster into a snug little Coupe with this Enclosure, and drive in comfort all winter.

Extra Wide Door Panels Give Easy Access

THE BEST Low Priced Enclosure on the Market

This enclosure has the three essentials you desire—perfect fit, long wear, easy installation. Its beauty, sturdy construction and careful workmanship will surprise you.

The metal frame is so constructed that the panels fit tight and snug under any conditions. No other enclosure on the market can beat this outfit in its snug, no-draft fit. Center panel of leatherette covered metal permits the panels to close with a perfect seal.

We have taken the entire factory output of this enclosure, and can therefore give our customers the benefit of the lowest prices at which Winter Enclosures of such high quality have ever been sold.

Study carefully the following features of this outfit:

Wide Door Windows as shown at the left. Plenty of room to get in and out. Inside door handles easily reached through openings in panels, covered by neat flaps.

Pyralin Windows. Extra heavy, first quality, clear vision. Do not cloud and obstruct view.

Sturdy Steel Frame. Strongly constructed of flat steel bars, tightly riveted. Holds enclosure solidly in place under any kind of strain.

Non-Rust Metal Parts in black or gunmetal finish.

Quickly Installed. No drilling necessary. Carefully written instructions describe each step in installation. Small screw driver only tool needed.

Shipping weights: For roadsters, 14 pounds; touring, 29 pounds.

The New Riverside

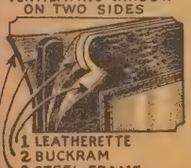
Finest Improved Enclosure Ever Sold at Anywhere Near These Prices

Our new Riverside is the best value we have ever seen in an Enclosure. It contains all the features of our lower priced outfit, combined with other refinements and improvements which are found in no other enclosure.

Sedan Comfort—Full Vision Not Found in Any Other Enclosure

For convenience and comfort you cannot beat this enclosure even though you pay double our prices. This outfit is made with a strong, flat steel, flush-fitting frame, braced throughout. This gives substantial support for the door windows. Fits perfectly without alterations. The fittings for attaching panels are adjusted so that enclosure fits flush against windshield frame and body of car. A flat steel bumper strip bolted to top supports, and covered with fabric material, makes top of panels snug fitting.

VENTILATING WINDOW ON TWO SIDES



1 LEATHERETTE
2 BUCKRAM
3 STEEL FRAME
4 BOW DRILL

T-HANDLES ON OUTSIDE OF ALL DOORS

The following features will convince you that the Riverside is the best enclosure you can buy:

Outside T-handles on all doors. Extension operates inside handles. No drilling necessary.

Rattle-proof door windows. Flat steel metal frame is so staunchly constructed that panels will not rattle, and will keep their position and shape in spite of the hardest wear.

Ventilating windows on both sides, in center panel. These operate in metal grooves, fit tightly, and slide easily.

Four-ply construction of panels, shown at left: 1, outside layer of leatherette; 2, sheet of buckram for stiffening; 3, strong, flat steel frame; 4, inside lining of black bow drill.

Perfect Seal against all weather conditions. Wind, rain and snow cannot get in, and inside of car is always comfortable.

As easy to put on as a new top. No drilling necessary. You only need a screw-driver. Simple instructions furnished.

Shipping weights: Roadsters, 17 pounds; touring, 30 pounds.

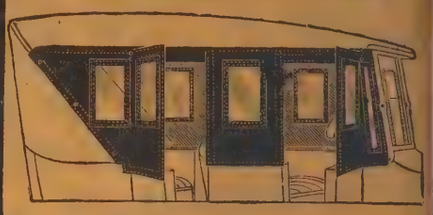
Snug Fitting

Enclosure meets top and windshield frame in a snug fitting weather tight seal.

$7.95 For Ford Roadster

Roadster model has special easily operated ventilating panel on both sides.

Stormy Weather Needs for All Model Ford Cars



Our Best Grade Door-Opening Side Curtains

For All Model Ford Cars

Equip your Ford with these weather-proof Door Opening Side Curtains and have closed car comfort at small expense. They keep warmth in and repel rain, cold and wind. A great improvement over the old style loose flapping curtains. Curtains on right side only open and close with the doors and are firmly held by special door rods. No rods furnished with 1926–27 models. Use rods furnished with your car.

Large Clear Vision Windows

The windows are of heavy clear vision pyralin which lessens the chances of accidents. The curtains are first quality 32-ounce rubberized fabric—all seams strongly reinforced. They fit where the old curtains were taken off. Simple and easy to attach; all necessary fittings are included. 1915–22 models fit regular style rear curtains, but can also be used with gypsy style. All other models are gypsy style.

Brake and Pedal Boots

Keeps Out Cold and Hot Drafts

For All Fords **85¢ A Set**

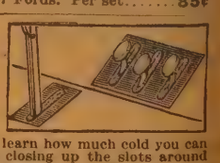
This set will give you more comfort for little money than most anything you could buy for your Ford car. Put them on to keep out the cold drafts in the winter; in the summer they will keep out the heat from the engine, and dust and dirt. The upper part is of strong fabric, attached to a carpet base. Snap fasteners hold them snugly in place. They do not interfere in any way with the action of the pedals or brake lever. Easily and quickly attached. Shipping weight, per set, 1 pound.

61 G 2607—For Fords up to 1925, incl. Per set. 85¢
61 G 2610—For 1926–27 Fords. Per set. 85¢

Rubber Pedal Mats

For Fords

$1.22 A Set



You will be surprised to learn how much cold you can shut out of your Ford by closing up the slots around your brake lever and pedal openings. This inexpensive Set of Pedal Mats will effectively keep out cold drafts in winter as well as heat, dust and dirt in the summer. Of solid rubber, openings lined with genuine sheeps wool. Shipping weight, per set, 2 pounds.

61 G 2611—For 1923–25 Ford cars. Per set. $1.22
61 G 2613—For 1926–27 Ford cars. Per set. 1.22

Perfect Fit Top Re-Covers

For Ford Cars

IF YOUR old car top is worn, shabby or torn, buy this beautiful, easy-to-put-on re-cover—and make it look better than new. The materialin our De Luxe Re-Covers is like that used in tops for high-priced cars and the large, clear-vision glass window is a big improvement.

When you buy our De Luxe Re-Covers you get the best value you can secure anywhere. Increase the re-sale price of your Ford by replacing the wornout top with one of Ward's Perfect-Fit Top Re-Covers. They are made of high-grade, long grain imitation leather, strongly reinforced at all points of strain or wear. The seams are lock stitched with extra heavy thread and do not tear out easily. An advantage in driving is the large, clear 6 by 18-inch glass light in rear curtain, which gives a good view of the rear with an inside mirror. You can use your regular side curtains with Ward's Re-Covers.

Easy to Install

All re-covers are cut to fit right over your present bow padding. Simply pull off the old cover—slip on the new and tack it down.

Complete with tacks, welt, and fasteners of same type as were originally on your car. Ready to install. Easy to follow instructions included.

$6.45 *Gypsy Style* 561 G 2404

Saved $5 on Set of Seat Covers

"May I express my complete satisfaction and pleasure with the Seat Covers for my Ford, which I recently purchased from you? The material and workmanship are excellent. For my own satisfaction I compared quality and price with that of a local firm, and found that my saving amounted to nearly $5."

Rev. M. J. Harder,
Benedict, Neb.

Riverside Water Circulator for Fords

Every Ford Needs a Water Pump

Don't let your Ford radiator boil over and steam. It is sure to cause trouble with bearings and cylinders that will cost you several dollars in repairs. Put on this Water Circulator and you will immediately notice the big improvement in your motor. In making hundreds of tests on Fords with radiators which ordinarily boiled over in five or six miles running, we found that after installing this pump, we could drive all day in the hot sun without overheating. An engine that overheats wastes oil, too—so you make a double saving. It eliminates the danger of your Ford freezing while running. Finest materials and workmanship. Has carefully fitted bronze bearings, lubricated by convenient grease cup, flanged pulley, substantial impeller and extra strong bronze packing nut. We guarantee this circulator to be equal in performance and design to others selling for $4 to $5. Shipping weight, 6 pounds.

$1.98 Complete

61 G 2289—For 1925 and older Fords with belt $1.98

Saves Gas Oil—Repairs

Ward's Power Overhead Valve Outfit

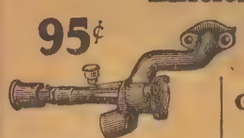
For Fords

We have made such a big reduction in the price of this outfit that every Ford owner should enjoy the great improvement it will make in the Ford motor. There's a real thrill in being able to climb long hills like the big cars, and leave other cars behind on country roads, or on the get-away at stoplights. You will get more pleasure out of your Ford than you ever got before. And the best of it is you save on gasoline, too, for many Fords equipped with this outfit go thirty to thirty-five miles on a gallon. Truck owners will also appreciate the greater power it affords.

Cast in one piece, same length and same bolt holes as regular Ford head. Fits old and new Model T Fords without alterations—average time of installation is under two hours. Water capacity much greater than regular type. Keeps engine cooler. Has the same simple eight valve construction used in outfits selling for $80 to $100. Valves operated by annular balls, close packed in grease, in seamless tubes, equipped with greasing fittings. Does away with rocker arms, rocker arm bearings, rocker arm ball joints, shafts and stands. Absolutely quiet. No cover needed. All working parts fully enclosed. Shipping weight, 78 pounds.

161 G 2846—Complete outfit $59.75

Efficient Pumps for Fords—Lowest Prices!



95¢

Water Circulator

Operates satisfactorily and has many excellent features that will give good service for several years. Simple in construction. Will effectively keep your motor cool in summer and prevents freezing of radiator while running in cold weather. We believe it is the best you can buy at anywhere near this price. Sets close to the motor so regular Ford belt and hose may be used. Fits all Ford cars and trucks including 1927 models. Shipping weight, 5 pounds 6 ounces.

61 G 2155 ..... 95¢

Best Hi-Pressure Water Circulator

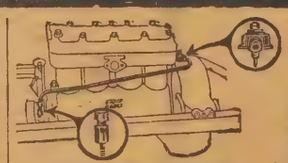
$2.48

Positive Flow Oiler

Whether your motor is idling in traffic or under heavy load on grades as steep as 35 per cent, this oiler furnishes filtered oil to the front of the motor even when there is as little as 1½ pint of oil in the crankcase. Sediment trap catches all dirt and keeps oil clean. Made of sheet steel, black japanned. Copper pipe line. Cork gaskets included. Also instructions. Easy to install, no tapping or drilling. Fits all Fords. Shipping weight, 2 pounds 8 ounces.

61 G 2258 ..... $2.48



Force Feed Oiler

Often the regular oil pipe inside the Ford motor becomes clogged by small particles of worn transmission lining or dirt, causing burned out bearings and other troubles. With this inexpensive outfit, oil is driven to front of motor by the force of the flywheel, through an independent copper pipe. Includes new magneto plug and fittings. Instructions included. Shipping weight, each, 10 ounces.

Complete Anti-Rattling Set

Does Away With Body Noises

Get more pleasure and comfort out of your Ford by stopping annoying rattles and squeaks. As there is no take-up on many of the parts, such as brake clevis, gas and spark rods, it generally means rebushing or buying new parts, which is expensive. This inexpensive set stops noise and rattle, without an expensive repair bill. Just clamp these little springs around the various parts, and the tension holds them close together, stopping the noise. Every Ford needs a set. Shipping weights: Complete set, 1 pound 4 ounces; individual parts, each, 6 ounces. **$1.00**

150% More Power-30% More Speed

For All FORD Cars and Trucks

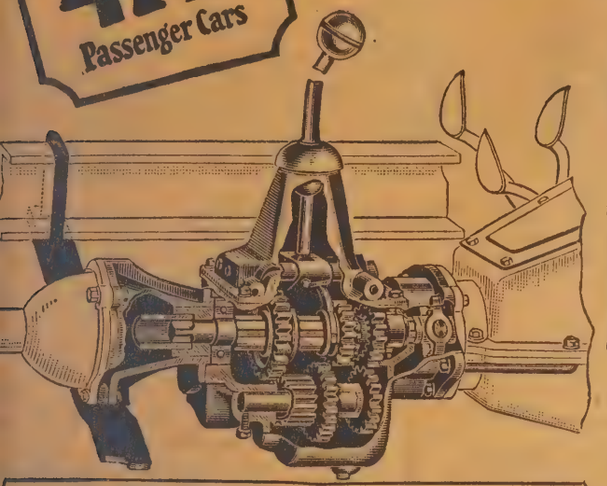
RIVERSIDE Sliding-Gear Transmission

TRADE MARK

Gives Fords 7 Speeds Forward and 5 Reverse

Cash Price $47.95 for Passenger Cars

$10.00 Down and $10.00 A Month



IF you would like to see the capacity of your Ford Truck doubled;
you want bigger profits every week;
you want to reduce your gasoline bills by getting more power from less fuel;
you want to save time and make more hauls each day at lowest cost per ton;
you want a car that will get out of mudholes and ruts under its own power;
you want a car that will keep going where standard equipment would be helpless
—*then buy a Riverside Sliding-Gear Transmission.*

Has No Fear for Mud or Steep Hills

Now you can have that additional power with the Riverside Transmission. It's just like adding another engine to your car.

How often you have wished your Ford had an extra speed—one that would pull the load through tough places easily. When roads are declared impassable because of rain or snow you can get to town and unload your produce when market prices are up.

A Speed for Every Load and Road

The Riverside Transmission has 3 speeds forward and 1 reverse. Working with the regular Ford transmission it gives maximum flexibility, as you will then have seven speeds forward and five speeds in reverse. In emergency low, it actually trebles the pulling power. On good roads with light loads, you can shift into the overdrive and get 30 per cent more speed than with regular Ford high speed, with the same number of motor revolutions.

Pays for Itself Many Times

With our special Easy Payment Plan of only $10 down and $10 a month, you will actually be earning, each month, several times the amount of the small payments required. Our customers tell us the Riverside Sliding-Gear Transmission increases the earnings of their trucks many times over. Thousands are in use on gravel trucks, ice trucks, service trucks, road dump trucks and farm trucks. Once the owner of a fleet of trucks has this Riverside Transmission installed in one Ford he is quick to have all his cars equipped with them.

Get Two-Ton Performance With a One-Ton Truck

You can load two tons on any Ford truck, and it will pull the extra ton with greater ease than it now does one-ton loads. You can do the work of two trucks at the cost of one.

For Ford Passenger Cars Too

If you want more enjoyment and service from your Ford passenger car. More Speed, Power and Economy install the Riverside Transmission.

Built for heaviest duty by one of the oldest and largest manufacturers in this line. Does not replace your present Ford transmission, but works with it, bolting on behind. Eliminates wear and tear on planetary bands, reduces vibration and saves you money on repair bills. Very easy to shift—a push or pull on the lever changes the motor speed. A strong, serviceable universal joint connects with the Ford transmission insuring perfect alignment. A correctly designed transmission hanger relieves the motor of any additional strain. Gears are precision cut from 5 per cent nickel steel.

Easy to Install

We furnish all necessary parts and instructions for complete installation. Any garage man can put it on in about five hours—you can do it yourself with ordinary tools. Thoroughly tested before leaving factory. Replacement parts may quickly be procured.

We can make prompt shipment. Order now and make more money with your truck.

Usually Priced from $84.50 to $112.00

Our low price saves you $30 to $60. The RIVERSIDE Transmissions we now offer you are exactly the same in every way as the ones regularly furnished by this manufacturer, but because we purchase them in huge quantities and sell direct to you—with no middlemen's profits in between—we offer them for lower than the regular price. And far below the usual price of high-grade transmissions which usually sell for $84.50 to $112.

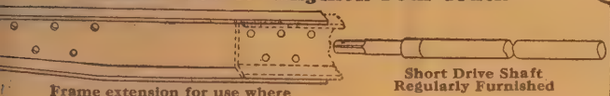
Our Low Price Saves You at Least $30

This identical Transmission is sold elsewhere under a different name and at a much higher price. You save at least $30 to $60 by purchasing it from Ward's. Such Transmissions usually sell for $84.50 to $112.

Our Guarantee Your Protection

We furnish all necessary parts and instructions for installation. For Easy Payments Use Order Blank on Page 725.

Enables You to Lengthen Your Truck



Frame extension for use where a long Body is desired

Short Drive Shaft Regularly Furnished

Frame extension for use where a long Body is desired.

WARD'S Special Sliding-Gear Transmission is regularly furnished with shortened shaft for installing without changing the wheel base, but where a longer body is desired, we recommend the Frame Extension, which is furnished without extra charge. This increases the length of the wheel base 13½ inches. If the frame extension is desired, it is shipped instead of the shortened drive shaft, as the regular Ford drive shaft is then used. Be sure to state which is desired.

Any Auto Mechanic Will Tell You That These Figures Prove Our Remarkable Claims

Seven Forward Speeds	Ford Model T		Ford Ton Truck	
	Mountain Bevel Gears	Standard Bevel Gears	Special Worm Gears	Standard Worm Gears
Ford Reverse with Ward's Reverse	28.00-1	25.95-1	37.00-1	52.00-1
Ford Low with Ward's Low	20.00-1	18.05-1	26.00-1	36.00-1
Ford Low with Ward's Second	11.00-1	10.00-1	14.00-1	20.00-1
Ford Low with Ward's Overspeed	7.67-1	7.25-1	10.00-1	14.00-1
Ford High with Ward's Low	7.00-1	6.55-1	9.00-1	13.00-1
Ford High with Ward's Second	4.00-1	3.63-1	5.16-1	7.25-1
Ford High with Ward's Overspeed	3.00-1	2.75-1	4.00-1	5.25-1

Ward's Second Gear is a regular direct gear. The Overspeed (step-up) gives you 0 per cent more speed without increasing the speed of the motor.

Gives Fords More Power and Speed

"I wish to tell you that I have installed the Riverside Sliding-Gear Transmission and think it great. I would not take $75 for it now. It certainly does give a Ford power and speed. I have gone places other Fords could not go, and can do forty miles an hour in overspeed without the engine vibrating."

John D. Gill,
New Straitsville, Ohio

Keeps Motor Cooler
Makes Starting Easier

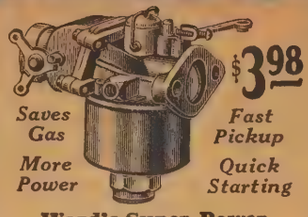
Ward's Super-Power Hot Tube Carbu-Manifold

Will positively cut down your gasoline consumption 20 to 25 per cent. Constructed on scientific principles that have been proved sound and correct. The carburetor is Ward's Super-Power shown at the right. For the best results we recommend that you get both units together.

Simple, Positive Action

Gasoline and air mixture passes upward from carburetor through a set of deflecting blades in a whirling motion. All liquid particles are thrown in contact with heated surface. Mixture then goes up through hot passages that further vaporize it. When it reaches the manifold it is a perfectly dry gas. This means greater power and greater mileage, as every bit of the gasoline is used. Insures even, regular explosions. Eliminates crankcase dilution and spark plug troubles. Adapted for use with any make hand or foot throttle. Easy to put on with ordinary tools. Shipping weight, 15 pounds.

61 G 2252—Combination carburetor and manifold..... $8.69
61 G 2283—Manifold only. Shipping weight, 12 pounds..... 4.95

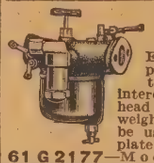


Saves Gas — More Power — Fast Pickup — Quick Starting

$3.98

Ward's Super-Power Carburetor for Fords

An old carburetor, after the parts have become loose and worn, wastes gas and causes motor to miss and perform sluggishly. Replace the old one with a Super-power. Your gas bill will be cut 3 to 10 miles per gallon; power and speed will increase; motor will run smoother; quicker pick-up without jerking; quick starting. You will be pleased with its performance. For all Fords except models with Holley hot plate vaporizer. Shipping weight, 3 pounds.
61 G 2300..... $3.98



Kingston Carburetor

Nationally known. Embodies latest principles of carburetion. Equipped with interchangeable needle head assembly. Shipping weight, 3 pounds. Cannot be used with Holley hot plate vaporizer.

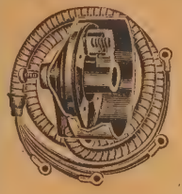
Ward's 20,000-Mile Dynamic Oilless Timer

Guaranteed for One Year

We spent several months making exhaustive tests and examinations of the finest timers on the market. This new, improved Dynamic Oilless Timer proved to be the best. We guarantee it for one year against all trouble. Made in a new design that does away with oiling—has no rollers—no raceway to wear down or cause missing. Has wiping contact action, created by a full floating brush. Not affected, even when there is camshaft play. Insures quick starting in cold weather. The Bakelite shell is waterproof and short-proof. Terminal marked for wiring. Fits all Fords. Shipping weight, 8 ounces.
61 G 2220..... $2.19



Turner Two-In-One Timer

Complete with loom for all Ford cars and trucks. Nationally advertised, regular price, $3.75. Brush type with hardened copper contact points well insulated in high-grade Bakelite shell. Water-proof, short-proof, and very rugged. Cannot warp. No oiling necessary. Quick starting. Shipping weight, 1 pound.

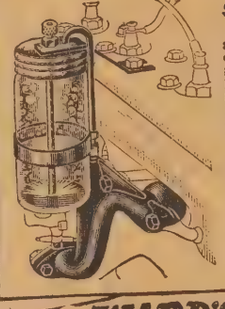
For Fords Hydronizer Super Charger

Saves Gasoline—Stops Carbon Knocks



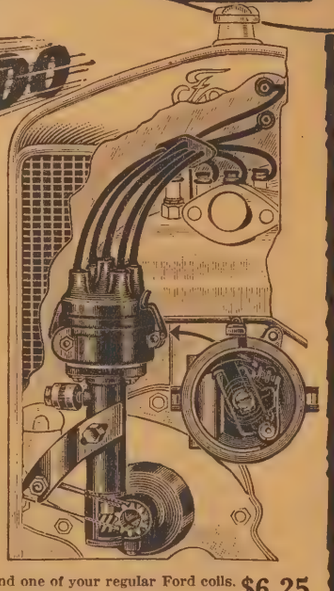
Actual tests have conclusively proved this device to be a great gas saver and carbon remover. It gives just what every Ford owner is looking for—smoother running and less gasoline consumption. Savings varied from 3 to 10 miles per gallon. This increased service, at less cost, is absolutely guaranteed. It will end your spark plug troubles and help prevent carbon knocks! Many expert mechanics are buying this Super Charger because they know it means better engine performance at all times.

We are exclusive distributors for this Super Charger—you cannot buy it elsewhere. Outfit includes a special intake manifold with a hot spot pipe that takes heat off the exhaust pipe. The jar is extra heavy, guaranteed not to break in the coldest weather. If you follow instructions. Simply fill with water every 300 to 400 miles. Automatic air control. Can be put on in 15 minutes without drilling or the use of special tools. Fits all Fords except those with Holley hot plate vaporizer. Ship. wt., 8 lbs.
61 G 2248—Complete outfit..... $3.98

WARD'S TORNADO Ignition System

For Fords

$6.25



Exactly the same type as used on the finest cars. With the Tornado Ignition System installed we have run Fords at two and three miles an hour in high gear without jerking. It makes starting easier—ends all the expense of buying new timers—does away with the trouble-making rollers. You will never again be bothered with short circuits and missing due to the wires rubbing against the fan belt or becoming oil and water soaked. We positively guarantee the Tornado equal to other systems selling for $10 to $18.

Sold Only by Ward's

Easy to Put On—No Timing

The Tornado is patented and made exclusively for Ward's. The timing is done at the factory so you can put it on in 20 to 30 minutes. The body is strong die cast metal finished in green Dueo. The distributor head is short-proof Bakelite and all contact points are genuine Tungsten. Furnished for all Fords including 1927. Complete with instructions.

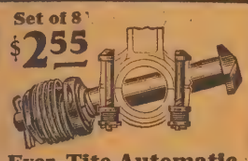
Set of 8 $2.55

Nu-Power Inner Rings for Ford Pistons

Set of 12 86¢

Put more power in your motor with less gas and oil. Expand piston rings outward against cylinder walls giving tighter compression. Do away with piston slap and oil pumping. Of tough imported steel, guaranteed not to lose their springiness. Fit under rings up to ¼-inch oversize. Shipping weight, per set, 4 ounces. Read "How to Order" on Page 602.

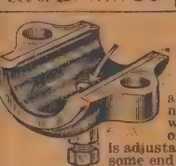
61 G 2043— Set of 12..... 86¢



Ever-Tite Automatic Connecting Rod Bolts

Should be installed on every Ford motor. As wear occurs in the bearing, the self-adjusting springs automatically take up the play so bearings are always snug to the right degree. Easier to install than regular Ford bolts. Ever-Tites now have four new features: special four-lead thread gives a much more rapid take-up; reaction spring allows the take-up to work perfectly on an out of round crankshaft; ratchet end makes installation easier, and undercut so there is no need to ream out holes in lower bearing cap. Put on a set of these connecting rod bolts and do away with bearing troubles. Of best nickel steel. Ship. wt., per set, 1 lb.

61 G 2017—Set of 8..... $2.55



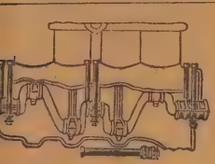
Adjustable Center Crankshaft Bearing

For Fords

When your Ford main bearing wears at the ends, it throws the pistons, connecting rods and crankshaft out of line with the cylinders, causing undue wear on these parts. This patented Bearing is adjustable endwise so it takes up this troublesome end play. Use it in place of center crankshaft bearing. Installed without removing motor. For all model Fords. Shipping weight, 1 pound.

$1.98

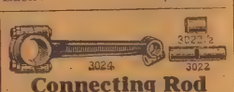
61 G 2120—Each..... $1.98



Automatic Main Bearing Adjuster

Outfit consists of six special long bolts with spring operated nuts that take up the wear automatically. The special rear main bearing cap takes care of any end thrust in the crankshaft. For all Fords. Shipping weight, per set, 4 lbs. 2 oz.

61 G 2051— Set of 6..... $4.75



Connecting Rod Pin Bushings and Shims

Full size, drop-forged connecting rods with the finest grade S. A. E. Standard babbitt bearings. Piston pins ground and polished hardened steel.

61 G 2883—Connecting Rod, replaces Ford No. 3024. Shipping weight, 1 pound 12 ounces. Each..... 93¢

61 G 2884—Pin Bushings, Bronze, replaces No. 3022½. Ship. wt., 4 oz. Per pair.. 15¢

61 G 2891—Set of 15 Assorted Connecting Rod Shims for Fords. Ship. wt., 2 oz.. 8¢

Valves Valve Springs Push Rod for Fords

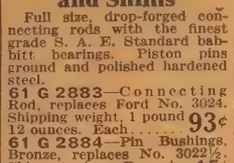
Recommended when overhauling old motors. Valves are of two-piece type. Good quality cast iron heads and steel stems. Shipping weight, each, ounces.

61 G 2893—Valve, standard size. Each.... 10¢

61 G 2894—Valve, ¼ oversize stem. Each.. 10¢

61 G 2895— Spring. Each..... 3¢

61 G 2896—Push Rod, standard size. Each.... 7¢

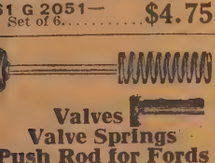


Nickel Chromium Steel Valves for Fords

One-piece drop forging, best nickel chromium steel. Lower ends tempered and hardened; will not flatten out. Every valve guaranteed to fit perfectly. Shipping weight, 6 ounces.

61 G 9279—Regular size stem. Each..... 39¢

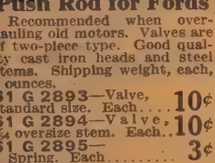
61 G 9280—¼-inch oversize stem. Each.... 39¢



Motor Supports for Fords

Prevents broken crankcase arms. Relieves side arms of strain and greatly reduces vibration. Easily put on. Not necessary to remove motor. Fits all Ford cars and trucks. Shipping weight, 5 pounds.

61 G 2348—Each..... 79¢



Jeanguenat Motor Vibration Braces

$1.29

Your Ford will run smoother with these easily installed Braces. Stop vibration that loosens up your car and causes rattling and lost parts. Prevent breaking of the crankcase arm by taking part of the motor weight off the back hangers. Unlike cheaper braces, these have a heavy, oil treated, high tension coil spring that prevents them from interfering with the three-point suspension of the Ford motor. Will not drop off on rough roads like many other styles. For all Fords. Ship. weight, per set, 2 pounds 4 ounces.

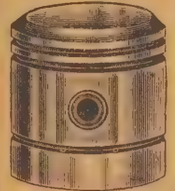
61 G 2843—Per set.... $1.29

Light-Weight Pistons With Wristpins

For Fords

Many Ford owners have changed to these light weight Pistons to secure better running; they are the type now used in many high priced cars and will help greatly in making your Ford run smoother and faster. Of close grain gray iron, each is fitted with bushings and pin, and has oil drain holes drilled at edge of the bottom groove. You can buy these improved pistons at Ward's for less than generally asked for the heavy type. Rings are not included so you may order any style desired. When ordering oversizes be sure to measure carefully the size required. Shipping weight, per set, 10 pounds.

Set of 4 $4.15



61 G 2885—Standard size. Set of 4..... $4.15

Cushion the Motor With Sy-Lent Paws

For Fords

Kills Vibration and Noise—Saves Motor

Of live Para rubber. Absorb and deaden motor vibration and insulate the chassis from motor shocks. Lessen broken motor hanger arms. Only a jack and wrench needed to insert them. Shipping weight, per set, 8 ounces.

61 G 2344— Set of 2..... $1.25

End Thrust Bearing

For All Fords

Stops end play. Pulls crankshaft and magneto into position giving hotter spark and easier starting. Installed in five minutes with screw-driver and wrench. Not necessary to take engine down. Shipping weight, 4 ounces.

61 G 2173—Each.. 45¢

Noiseless Timing Gear

$3.20

Reduces motor noises and makes your Ford run smoother. Gear is marked for timing. Made of Micarta which will far outlast metal gears. Shipping weight, 12 oz.

61 G 2237—Each $3.20

Fans for Fords

65¢

Replaces regular Ford fan, part No. 3961C. Complete with pulley. Shipping weight, 2 lbs.

61 G 2931— For 1921–27 models.... 65¢

$4.39

Cylinder Head for Fords

Replaces Ford Part No. 3001. Fits exactly. Notice the saving in our price. For all models. Ship. wt., 35 lbs.

461 G 1928 Each..... $4.39

Metal Timing Gear

Replaces Ford Parts No. 3047B large and No. 3048B small. Accurately cut of high quality special gear metal. Marked for timing.

61 G 2880—Large. Ship. wt., 1 lb. 12 oz.... 79¢

61 G 2874—Small. Ship. weight, 1 pound.... 65¢

Do Your Own Valve Grinding

Little Sioux Valve Grinding Set

For Fords

Consists of special valve grinder, valve refacing tool, valve seat reamer, spring for holding valve while grinding and valve grinding compound. Instruction book included. Ship. weight, per set, 5 pounds.

61 G 2550— Per set..... $5.45

KD Valve Lifter

Made especially for Ford cars. Will do the work better and faster than any lifter. Non-rusting finish. Length, 6 inches. Shipping weight, 10 ounces.

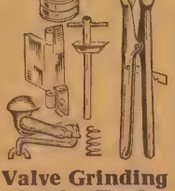
61 G 2559— Each..... 78¢

Valve Refacer

For Fords

A very handy tool. Gives a smooth surface when valves are pitted. Blade of tool steel. To fit standard size valves only. Ship. wt., 8 oz.

61 G 2561— Each..... 30¢



Valve Grinding Set for Fords

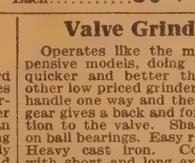
Consists of swing type valve grinder; valve lifter; valve replacer; standard size valve seat reamer; standard size spring, and grinding compound. Shipping weight, per set, 2 pounds 4 ounces.

61 G 2651— Per set..... $1.35

Valve Reseater

Reams out Ford valve seat. Makes a clean even surface much better and quicker than grinding. Cutting surface of carefully machined good quality steel. Standard size. Shipping weight, 12 ounces.

61 G 2560— Each..... 57¢



Valve Grinder for Fords

Operates like the most expensive models, doing the job quicker and better than any other low priced grinder. Turn handle one way and the special gear gives a back and forth motion to the valve. Shaft runs on ball bearings. Easy running. Heavy cast iron. Complete with short and long extension and 3 valve tools. Shipping weight, 2 pounds 8 ounces.

61 G 2653— Complete..... $1.29

Steel Muffler

For All Fords

Superior in muffling gases with less back pressure. Strongly made and two inches longer than regular Ford muffler. Shipping weight, 3 lbs. 4 oz.

61 G 2282. 90¢

For All Fords

Exhaust Deflector

Keeps your spare tire and rear housing clean. Turns the smoke and soot down to the ground. Cast iron. Simply loosen one nut and slip on. Shipping weight, 8 ounces.

61 G 2872. 45¢

Piston Ring Compressor

For Fords

Tough spring steel. A slight pressure will compress new and stiff rings. Length, about 10 inches. For rings 3½ to 4 inches. Shipping weight, 8 ounces.

61 G 9196 15¢

Counter-Balanced Crankshafts for Fords

Thousands of owners have discarded the regular type, and equipped their cars with this Counter-Balance Crankshaft because of the improvement it makes in the Ford motor. Made by one of the largest manufacturers and has proved a great success. The power impulses are smoothed out so the motor may run at high speed with a small amount of vibration. Drop forged in one piece from the highest quality alloy steel. Tempered and heat treated. Can not warp. Each shaft is perfectly balanced and perfect fitting. Fits all Fords. Shipping weight, 27 pounds.

461 G 2093—Each..... $11.45

Dunn's Crankshaft Counter-Balances for Fords

A great aid in preventing strain on crankshaft and in reducing wear on bearings. Make the motor operate more smoothly at all speeds, as counterbalances carry pistons over gap between the explosions, and smooth the power impulses. Can be put on easily. Instructions included. Fit all Fords. Shipping weight, per set, 17 pounds.

61 G 5006—Set of 4. $4.35

Standard Type Crankshaft for Fords

Replaces Ford Part No. 3030. Notice the saving in our price. Equal to many others selling for several dollars more. Drop-forged steel of the very highest quality, accurately machined to the proper size. Shipping weight, 21 pounds.

461 G 2324— Each..... $6.25

Cork Gasket Set Standard Type

Removed Gaskets should be replaced as gasket leaks are dangerous, expensive and dirty. Seat tightly. Fit all model Fords. Shipping weight, per set, 12 ounces.

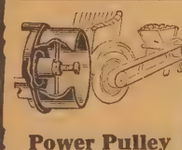
61 G 2965— Per set..... 30¢

Cylinder Head and Manifold Gaskets

Fit all Fords. By replacing all the worn gaskets on your car, you gain much better running. Copper Gaskets lined with asbestos. Set consists of cylinder head; cylinder head water outlet; cylinder head water inlet; carburetor flange; and 6 inlet and exhaust manifold gaskets. Shipping weight, per set, 12 oz.

61 G 2564— Complete set..... 34¢

61 G 2869—Cylinder Head Gasket only. Each..... 22¢



Power Pulley for Ford Cars and Trucks

Easily attached for running the cream separator, washing, pumping or sawing. Equal to 8-horsepower gas engine. Slips over rear hub and is held by a special hub cap. Can be used only on military type (regular wooden) wheels. Belt not included. Mailable.

461 G 2317—For Ford Cars. Pulley, 10 by 5 inches. Shipping wt., 26 lbs. Each..... $4.95

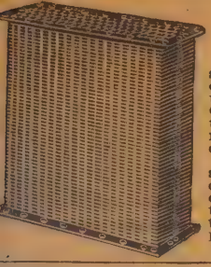
Save on Parts for Fordson Tractors



Radiator Core for Fordson Tractor

We have made a very thorough study of tractor radiators aided by some of the best radiator experts in the country—men who build them for many of the leading tractor manufacturers. These men have made a Tubular Core for us, especially to fit Fordson tanks. It is exactly the same material and construction as those used in the radiators of the most expensive tractors. We believe you cannot buy a better core at any price.

Core is four inches thick and of special bronze that is a great deal stronger and will last longer than brass or copper. The tubes are solidly attached to header plates of heavy-gauge brass that are designed to fit the Fordson tanks perfectly. Will cool thoroughly and withstand the hardest tractor work. Shipping weight, 43 pounds.

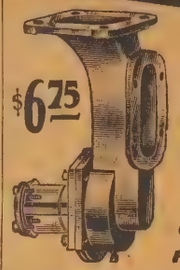
161 G 9921 ..... **$13.95**

Radiator Guards for Fordson and Other Tractors

Tractor radiator cores are expensive. The fins must be kept clean and free from damage to avoid overheating and expensive repairs. Injuries caused by running into corn stalks, sticks and other objects can be prevented by using this strong, all steel Wilson Radiator Guard. Easily attached at the four corners with bolts now in your radiator. Guard sets out 1½ inches from radiator, is self-cleaning and will not interfere with cooling. Shipping weight, 12 pounds. Shipped from Stock in our store. **$2.45**

1 G 9971—For all Fordson radiators..... Guards for all other tractors. Same construction as above, state make and model. Shipped from Factory in Southern Illinois.

61 G 9975—For all tractors except Fordson..... **$3.89**



Sure Cool Water Circulator

Fits All Fordsons

$6.75

Will keep a steady stream of water flowing around cylinders as long as you have a fair supply in radiator. Will not interfere with thermo-syphon system of tractor. The regular Fordson fan belt drives both the Circulator and tractor fan as the Fordson pulley and bearings fit on the pump shaft. Permits adjusting of fan belt. Strong and sturdily built of cast iron. Easily installed. Instructions included. Ship. wt., 19 lbs. Will not fit with Taco governors.

461 G 9988 ..... **$6.75**

Belt Guide

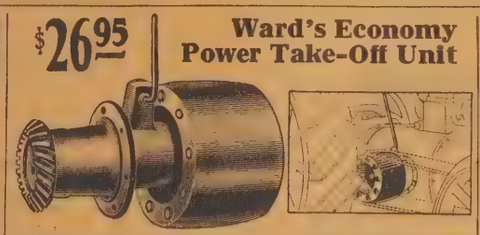
Quickly Attached

$4.98

A great convenience when threshing, grinding and silage cutting. It saves you money in repair bills as it prevents the belt from wearing on the front axle.

Runs smoothly and easily on the roller bearings. A grease cup provides lubrication. Allows full delivery of power from engine without friction. Easily and quickly attached to front side of tractor, with bolts we furnish. Only a wrench is needed for installing. Belt width of roller, 8 inches; entire width, 9 inches. Shipping weight, 17 pounds.

1 G 9927 ..... **$4.98**



Ward's Economy Power Take-Off Unit

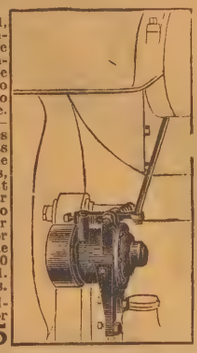
$26.95

Fits all Fordson tractors—easy to attach. Makes it easy to use your Fordson for a wide range of belt jobs. Provides a handy, positive means of switching instantly from drawbar work to belt work. A chrome nickel steel, spiral bevel gear is in constant mesh with the internal gear of tractor. For belt work you simply shift the lever to throw pulley in or out of gear. Mechanism built right into a solid one-piece oil-tight case so that these parts will last as long as your tractor. Pulley, 9 inches in diameter with 6½-inch face. Another important point—the ball bearings, pulley, oil seal and all working parts are interchangeable with regular Fordson parts. Shipping weight, 57 pounds.

461 G 9973—Complete **$26.95**

Ward's Special Flyball Governor

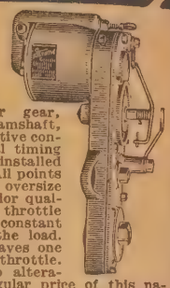
For Fordson Tractors



We guarantee this improved, sure acting, belt driven, centrifugal type governor to be equal in performance to Governors selling for nearly double our price. Easily adjusted to govern motor speed from 800 to 1200 revolutions per minute. It holds the engine steady—no choking or racing. Operates on the same flyball principle as governors on many of the largest tractors, steam engines, turbines, etc. Only highest grade bearings used. Regular hand throttle may be used to decrease or increase governor speed, if desired, for idling or temporarily speeding up the engine. Can be installed in 20 minutes. Instructions included. Shipping weight, 12 pounds.

61 G 9956—Fits all Fordson tractors with motor numbers beyond 216080..... **$13.75**

Strand Governor for Fordson Tractors

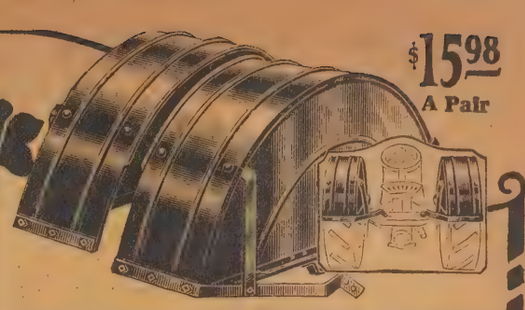


Has straight spur gear, driven direct from camshaft, insuring constant, positive control. Retains original timing of tractor, as it can be installed in but one position. All points of wear protected by oversize ball bearings of superior quality. Operates Fordson throttle automatically giving constant speed regardless of the load. On all belt work it saves one man's attention at the throttle. Simple to install—no alterations necessary. Regular price of this nationally advertised governor is $25. Shipping weight, 15 pounds.

61 G 9943—For all Fordson tractors with Motor Numbers beyond 216080. **$19.95**

261 G 9944—For motors earlier than 216080. Shipped from Factory in Minneapolis, Minn..... **$19.95**

Steel Fenders for Fordson Tractors



$15.98 A Pair

Strong and serviceable, they will protect the driver from injury from rocks or other hard objects thrown up by the wheel flanges. They will prevent serious accidents that might occur by the machine tipping sideways causing driver's arms or clothing to be caught in the driving gear.

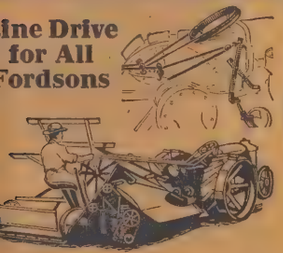
Less Than Usual Retail Prices

Our prices on these fenders are especially low, considering the excellent quality. Made extra strong. The steel is 20-gauge with deep heavy flanges making it stronger than the plain type. Heavy braces make fenders unusually rigid. A board may be placed across lower braces for driver to stand on. Complete with attachments. Fit all Fordsons. Shipping weight, per pair, 100 pounds.

Estimated Total Freight Charges for 150 miles, $1.40; 300 miles, $1.78; 500 miles, $2.76.

161 G 9991—Per pair..... **$15.98**

ine Drive for All Fordsons



Drive your Fordson from the seat of ur reaper, binder or other implements easily as you would a team of horses save the price of an extra man. ry simple to operate. When not us- the drive, the automatic clutch lock d clutch control lever make the ctor operate much easier for all nd use. Used also for belt work. eel flanged wheel quickly attached in ce of old wheel. Shipping weight, ounds.

G 9992 ..... **$6.98**

Extension Cleats for All Fordsons

Increase the traction power of your Fordson. Extend 7 inches from wheel and especially designed to overcome soft and heavy soil conditions. Fit all Fordsons. Easily and quickly attached. No drilling necessary. The Cleats have same depth as those on the tractor wheels and are attached with bolts we furnish. Shipping weight, per set, 116 pounds. Estimated Total Freight Charges for 150 miles, 60¢; 300 miles, 75¢; 500 miles, $1.15.

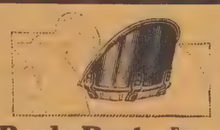
161 G 9926—Set of 14. **$13.95**

$2.45

Muffler for Fordsons

Quickly attached to end of exhaust pipe and gear case—discharges exhaust away from operator. There is no back pressure and it will not hamper power of tractor. Heavy steel construction, with cast iron ends. Length, 7¾ inches. Diameter, 5 inches. Instructions included. Shipping weight, 5 pounds.

61 G 9923 ..... **$2.45**

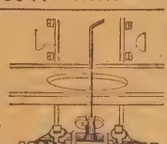


Back-Rest For Fordsons

Curved to fit the back. Made of heavy sheet steel with strong wire reinforcement around rim. Easily and quickly attached to the seat of tractor with bolts which we furnish. Painted gray. Height, 12 inches. Width, 19 inches. Shipping weight, 6 pounds 8 ounces.

461 G 9941 ..... **95¢**

Combination Side Hill and Safety Hitch for All Fordsons



When plow or implement strikes a stump or rock, this device releases instantly, saving breakage. Couples automatically when backed up to attachment. 12-inch shift easily operated from tractor seat under full load. Main bearing provided with roller which eliminates friction and insures accuracy. Adjustable to load equal to four bottom plows. Easily attached. Shipping wt., 25 lbs.

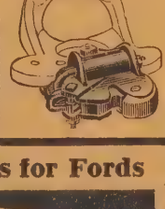
461 G 9945—Complete **$8.50**

Shifting Hitch Only, Without Safety Attachment

A real necessity when plowing on side hills, or where an offset is needed, as plow can be adjusted to cut an even furrow without stopping tractor. Convenient shifting lever may be operated from tractor seat. Will not slip. Made of malleable iron, painted gray. Will last as long as the tractor. Shipping weight, 16 pounds.

461 G 9947 ..... **$6.25**

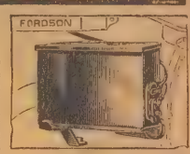
Safety Spring Hitch For All Tractors



Being adjustable, this device may be used on any ke of tractor up to three-plow capacity. Has an omatic coupling feature, locking securely when ked up to implement. Automatically uncouples when rge stone or stump is encountered, thus giving full otection to the implement. May be set to release at y tension desired. Made of best grade electric steel. ipping weight, 11 pounds.

G 9946 ..... **$5.49**

Easy-Start Battery Box for Fordsons



No more spinning of motor to start. Just set switch, prime motor and start your tractor on battery easily and quickly in any weather. Holds regular 6-volt, dry cell battery. Western Field Repeating Shotgun The Genuine Browning Model

$10 DOWN and Five Dolla a Mont

THE WESTERN FIELD is the gun I use myself. I have tried them all, and it remains my favorite. It can be relied on to get the game. We sell more Western Fields than all our other guns combined. A remarkable gun in the past. Today the new model Western Field is an even greater value, for all its important working parts are made of genuine chrome vanadium steel.

The perfect balance, easy action and shooting qualities of the Western Field, and its close uniform patterns at long range, will make it a favorite with any hunter. It is backed by our liberal guarantee—your money will be refunded if it does not satisfy you in every respect. Our low price saves you $5 to $15.

Easiest of All Repeaters to Take Down

The Western Field Repeater can be taken down and put together again in less time and with less effort than guns of any other design. You simply unscrew the magazine and slip the gun apart—a matter of about ten seconds. Nothing complicated—nothing to jam.

Western Field Specifications

Holds six shells—one in the barrel and five in the magazine. Receiver: Matted, drop-forged carefully milled solid steel breech. Barrel: Of high pressure compressed carbon steel bored especially for smokeless powders. Every barrel is proof-tested. Tough, strong, durable and safe. Barrel tapers slightly from breech to muzzle. Chambered for any ordinary shell as well as shells up to 2¾ inches long allowing for good stiff loads for duck shooting when desired. Highly polished and blued. Stock: Genuine black walnut, finely finished and checked. Length, 13¾ inches; drop, 2⅝ inches. Full Pistol grip, nicely modeled and checked. Has a natural grip—shaped to fit your hand. Rubber Butt Plate. Action: Hammerless. Visible locking bolt. Safety firing pin.

Side, ejector type. Has metal bead front sight. Chrome vanadium steel working parts insure long service.

Every Western Field gun is guaranteed to be free from defects in material and workmanship, and we agree to replace or repair any defective parts free of charge.

We can always furnish parts for this gun. It has standard parts and is made by one of the largest gun manufacturers. Actual weight, 7¾ pounds. Shipping weight, 12 pounds. Mailable.

Full Choke Model for long range shooting.
Modified Choke Model for brush and field shooting.

Easiest Action of Any Pump Gun Made

Six shots in ten seconds! Any sportsman who has e had to stop and load a single or double barrel shotgun w a flock of ducks were flying over, will know what it mea to carry a repeater. More hunters every day are usin repeating shotgun because they find they get more game a it is more convenient to use.

30,000 Hunters Endorse It

The Western Field is the most popular repeating shotg we ever sold. Hunters tell us they prefer the Western Fi because it is so perfectly balanced and has such an e action. Many repeating guns selling from $45 to $60 are t the equal of the Western Field. They will not make a be shot pattern, and do not operate as easily.

Genuine John M. Browning Model

John M. Browning is the inventor of the most successful repeat and automatic guns in use today. His designs are in great dem among expert hunters everywhere because of their simplicity freedom from trouble. This Western Field gun is a genuine Brown design and has met the same success that has made every firearm Browning invention the leader of its class.

Simplicity and Safety Combined

We have carefully tested every repeating shotgun on the marke and for simplicity, ease of operation and fine shooting qualities, Western Field heads the list. No other repeating shotgun has few mechanical parts and such an easy action. Double side tractors insure positive ejection.

Important Working Parts of Chrome Vanadium Steel

Solid breech gives a thick wall of steel behind the breech bolt wh is securely locked with a large square lug through block and to frame—the strongest lock of any repeating gun made and capa of withstanding the heaviest loads. In designing this gun John Browning used exactly the same locking device as on his famous a matic shotgun. Safely lock is in easy reach just ahead of the trigge

Western Field Repeater With Raised Matted Rib

$10 DOWN FIVE DOLLARS a MONTH

$34.95 Cash Price

For Easy Payments Use Order Blank on Page 725

You will like the raised matted top rib extending the entire length of the barrel. A great convenience in quick sighting—giving a clean, unobstructed sighting plane. Prevents reflection of sun's rays from interfering with your aim, helps in quick shooting and adds greatly to the appearance of the gun. This feature applied to our Western Field Gun gives you a rare combination at a very low price.

Genuine Browning Automatic Shotguns

For Easy Payments Use Order Blank on Page 725

The first automatic shotgun was a Browning. Special design and careful selection of metal for the various parts make this genuine Browning Shotgun lighter than any other of the same gauge. Perfectly finished and balanced. Skilled gunsmiths have given it refinements of construction and finish found in no other automatic and you may be sure of its certain action under the most trying conditions. Our prices save you at least $5 to $10. Safety in forward end of trigger guard is moved to safe with finger outside the guard. Magazine cut-off found only in the genuine Browning permits the shell in chamber to be ejected without disturbing shells in the magazine. Double extractors, matted receiver. Especially designed for rapid firing.

Barrel. Blue cockerill steel of highest tensile strength. Government tested with excessive loads. Full choke 12 gauge chambered for 2¾ inch shells, 16 gauge for 2⅝ in.

Stock. English walnut. Pistol grip and fore-end finished and checked. Length, 14¼ inches; 2¼-inch drop.

Frame and action. Recoil ejects empty shell and places loaded shell in action ready to fire. Fast and dependable. Hammerless. Solid breech. Takedown model. Shipping weight, 12 pounds.

Well Made, Accurate and Hard Hitting

Matted Rib Automatic Ejector

Four Gauges for Field or Traps
Takedown Model

The man who likes the Single Barrel type, will find in this Shotgun all the refinements usually present only in more expensive models. It is made especially for us by a well-known manufacturer of high-grade guns. Every detail is built for positive accuracy and long, reliable service.

One of its unusual features is the fine matted top rib along the full length of the barrel, which prevents glare, steadies the aim and adds greatly to the beauty of the gun.

Barrel. Drop forged of exceptionally high quality steel. Full choke and bored for all smokeless powders. Barrel and lug forged from one piece for safety. Lock has compensating feature which prevents it from shooting loose. Coil wire springs are used wherever necessary. **Stock.** American walnut, oil finished and hand rubbed. Rubber butt plate. Full pistol grip, checkered and rubber capped. Fancy trap style fore end, shaped to give firm, natural grip; checkered and with metal joint. **Frame.** Case hardened. **Action.** Automatic ejector. Three-piece takedown model.

Power-Pattern-Penetration!

RED HEAD SHELLS are Fast Hard Hitting Loads

"Red Head Shells Give Greater Power"

"I HAVE TESTED four well-known brands of Shells, and I prefer yours to any of them. Red Head Shells are fast, hard hitting loads that give greater power, a better pattern, and penetration superior to any other shell that I have used. All my shells from now on will be bought from Ward's."

Save Even More-Buy a Case!

Three or four hunters will find it profitable to club together and order a case. You not only secure a much lower price on the shells, but you also save on the freight or express charges. Each case contains 500 shells—20 boxes of 25 shells each.

Case prices quoted are for full case of one size of load only. Loads other than those listed not furnished.

High-Grade DuPont Smokeless Powder—Genuine Cork-Tex Wads

TRUE sportsmen know shells. They are quick to recognize real merit in a load. Quality simply cannot be concealed. That is why thousands of sportsmen all over the country have turned to Red Head Shells.

Red Head Shells have won their leadership through high quality and sure results. They give greater confidence to the experienced sportsman. They give better results to the amateur.

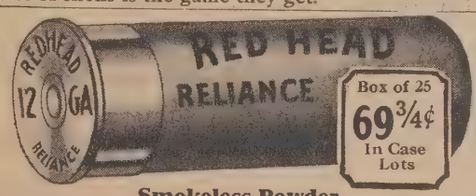
Our money-saving prices give you the profits ordinarily paid to middlemen. You save $4 to $8 if you purchase by the case.

Sportsmen who have been experimenting with shells for years, tell us Red Heads usually get the game when others miss. Test just one box of Red Heads and you, too, will soon be buying them by the case, as many thousands of other satisfied sportsmen are doing every season. After all, the final test of shells is the game they get.

They are loaded with powerful, clean burning DuPont powder of highest quality—the only hard grained bulk powder made. Every load is weighed, measured and packed by automatic machinery which insures minute exactness and a perfect fit as well as remarkable uniformity of range and pattern.

After having made made many tests we have found what we believe to be the best wadding used in any shotgun shell made. The great success of Red Heads in actual service convinces us we are right. First we use a cardboard wad next to the powder; then a wad of Cork-Tex, made of paraffin treated resilient cork; and finally an elastic, genuine hair-felt wad next to the shot, as illustrated in cross section at left. This combination of wads seals the gases behind the load, giving a more uniform pattern and greater killing power at distances where ordinary shells are uncertain.

Order Red Head Shells and get more game—they are fast, hard hitting loads. Shells are not mailable.



Smokeless Powder

Especially made to meet the demand for a good quality low priced Shell. Loaded with new type No. 2 DuPont Smokeless Powder. Our price is lower than is usually asked for black powder loads. Guaranteed to give good penetration and pattern. Not mailable.

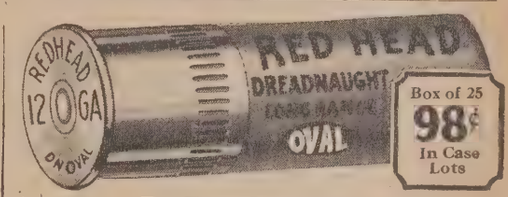
Trap Loads

Have you shot Red Head Shells at the trap? If not, try them and improve your score. In place of the Cork-Tex wad used in our field loads we use two genuine hair felt wads in our trap load.

12-Gauge; trap load-felt wads; chilled shot; 2⅝-inch shell before crimping

660 G 1647	3	1⅛	7½	88¢	$16.80



For Extra Long Range

Especially developed for shooting goose, duck, turkey, grouse, brant, coot, etc., where extra long range, hard hitting, close pattern loads are required. They have no equal. Loaded with DuPont Oval, the progressive burning powder that gives increasing power to the shot as it travels through the barrel. Breech pressure is lower, killing power greater, with less stringing of shot. Increases the range 15 to 20 yards. A 20-gauge loaded with oval will shoot as far as the usual 16-gauge; the 16-gauge as far as the ordinary 12-gauge; and the 12-gauge as far as the standard 10-gauge.

Big shot is preferred by expert hunters to kill fowl at extreme ranges. For that reason we offer the No. 2, 4 and 5 shot. The pattern naturally is slightly more open, when this larger shot is used. Not mailable.

All Red Head Oval Powder Shells are loaded with Chilled Shot.

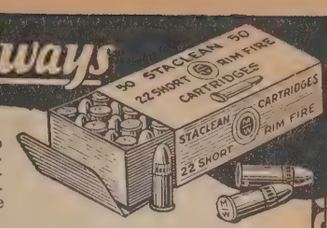
A Clean Barrel Always



Staclean Cartridges

Shoot Ward's Staclean Cartridges and add to the life and accuracy of your rifle! New priming mixture prevents rusting, corroding or pitting of the bore and does away with the bothersome necessity of cleaning the barrel each time you use your rifle.

Clean your rifle thoroughly with boiling water. Once cleaned, the continued use of Staclean cartridges will keep the barrel bright and clean.

Compare them with any other cartridge for price, dependability and performance. We are sure of their superior quality and know that if you use them you will be satisfied that there are none better. Not mailable.

DESIGNED by OLD-TIME HUNTERS

For Comfort in All Weather!

If you were to have your Hunting Coat made to order, with all the handy special features you've always wanted, it would probably be an exact duplicate of one of the coats shown on this page. For these coats were designed by hunters—men who, like yourself, want their coats to be made of the strongest material with careful workmanship—double seams—big, roomy pockets for all needs—big armholes, broad shoulders—generous size everywhere. There are features in these coats to delight the heart of the true sportsman. And the prices—you will find them from one-third to one-half lower than usually asked for coats not having all these advantages.

Our Special Shooting Coat

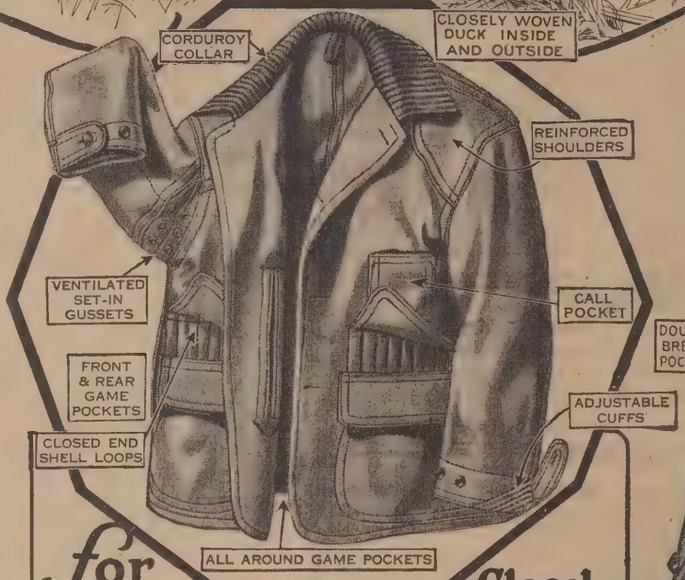
$2.95

Just the Coat for early Fall shooting, during moderate weather. Of sage green, closely woven twill.

Has many desirable features. Two large front, inside game pockets—one on each side—reinforced with leather stays at front entrances to prevent ripping. Two cut-in shell pockets and one breast pocket, all with large flaps. Handy match scratcher. Full cut armholes and doubly reinforced at shoulders. 4-inch corduroy collar and corduroy faced cuffs. Three-button front. Shipping weight, 2 pounds.

EVEN SIZES: 36 to 46-inch chest measure. State size wanted.

60 G 2823 ..... $2.95



Medium Weight Hunting Co

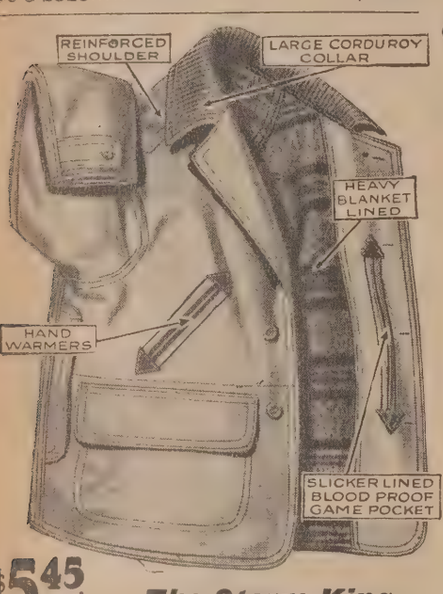
Three-Quarter Lined

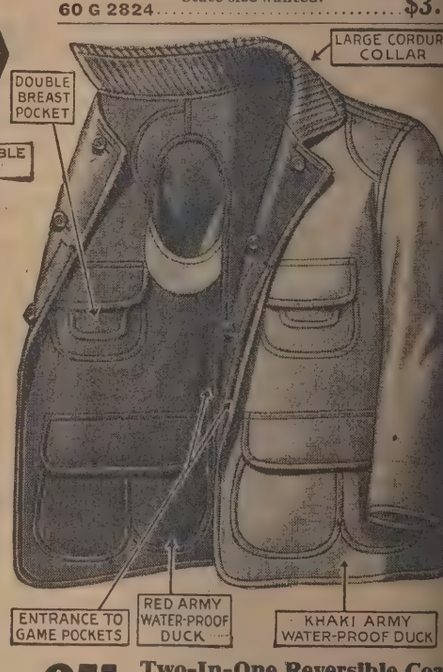
$3.95

For the first snappy days of the hunting son, also ideal for fishing, hiking or as a ge outing Coat. Of medium weight olive closely woven twill, three-quarter lined with s material. The close weave with 3¾-inch collar of co roy affords ample protection against storms. Large around game pockets with front and rear entrances. cut-in shell pockets and call pocket, all with flaps. workmanship throughout—double seams, reinfo shoulders, full size skirt, and adjustable 1½-inch cord faced cuffs. A garment you ought to have in additio your regular cold weather coat. Ship. wt., 2 lbs.

EVEN SIZES: 36 to 46-inch chest measure. State size wanted.

60 G 2824 ..... $3.





for All-Round Shooting $4.75 Closely Woven Duck Full Cut—Big Pockets

You will have every reason to enjoy your day afield, with this sturdy, comfortable Coat to protect you from wind and weather, and its big, all-round game pockets in which to stow away your kill! Of water-proofed heavy weight brown duck, double filled and closely woven—lined throughout with the same material. Double stitched. Cut full for freedom of action. Two large cut-in shell pockets with flaps. Closed end loops hold 24 shells ready for use, with a large flap to keep them dry. All-around game pockets with entrance at front and sides. Both shell and game pockets made so weight hangs from shoulders. Set-in ventilated gussets; large, wide, corduroy collar; adjustable 2-inch corduroy faced cuffs; match scratcher inside. Shipping weight, 3 pounds.

EVEN SIZES: 36 to 46-inch chest measure. State size wanted.

60 G 2826 ..... $4.75

The Storm King

$5.45

Blanket Lined—Blood-Proof Game Pocket

Unexpected snow storms bring no discomfort to the hunter or trapper who enjoys the snug protection of the Storm King, with its heavy plaid blanket lining throughout body, and its big warm corduroy collar.

Of extra heavy brown water-proofed duck closely woven and double filled. Has large shell pockets with flaps. All-around game pocket with front and back entrances lined on both sides with washable yellow slicker cloth, to protect the blanket lining and your inner clothing. Two leatherette-bound hand warming chest pockets. Reinforced shoulders and double seams throughout make the Storm King an especially serviceable garment. Adjustable cuffs have 2-inch corduroy facing inside. Shipping weight, 5 pounds.

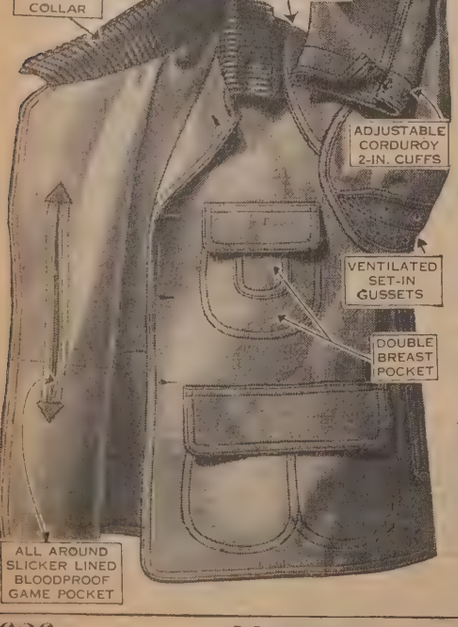
EVEN SIZES: 36 to 46-inch chest measure. State size wanted.

60 G 2833 ..... $5.45

How to Measure

To get a Hunting Coat or Shell Vest of the correct size, simply draw a tape measure around your chest, up under your arms and over your shirt. Order same as chest measurement, provided nothing more than an ordinary shirt is to be worn underneath the coat. If you intend to wear extra clothing, take the chest measurement over that clothing. Be sure to state size wanted.

All our hunting coats are made with extra fullness in armholes, elbows and body. No binding or straining anywhere in Ward's coats. You can depend on getting a comfortable fit.



Water-Proofed Hunting Coats

All Weather Coat Slicker Interlined

$5.85

"The Hunting Coat certainly is a bargain. It would have cost me $10 to $12 around here." So writes H.C. Thomas of Wellsville, Ohio, about this excellent coat.

A full interlining of washable yellow oiled slicker cloth in coat, game pockets and the upper half of sleeves. Inside and outside of special closely woven duck of a dead grass color.

Blood-Proof Game Pockets

No blood can seep through to your clothing from game pocket—the slicker cloth lining prevents it.

Front entrances to game pockets re-inforced with leather stays. Rear entrance at side seams. Arm gussets set in and ventilated. 4-button front.

Shoulders reinforced and all seams double stitched. Two large divided cut-in shell pockets, with double breast pocket for call or whistle. Large corduroy collar and adjustable cuffs with 2-inch corduroy facing. Ship. wt., 5 pounds.

EVEN SIZES: 36 to 46-inch measure. State size wanted.

60 G 2840 ..... $5.85

The Watershed Slicker Interlined

$7.25

If you want the best, this is the Coat. Everything has been included to make it ideal in every respect. Genuine water-proofed U. S. Army duck of brown color is used throughout entire coat. Between outside and lining is a full interlining of yellow oiled slicker cloth throughout the body and in the upper half of sleeves.

Slicker Lined Game Pockets

Washable yellow slicker cloth has been used to line both sides of the all-around game pocket to prevent blood from soaking through. This pocket has leather reinforced front entrance, with access from side seams as well.

Shell loops above big side pockets with large flaps keep ammunition dry. Large double breast pockets with flap. 3¾-inch wide corduroy collar, and 3-inch corduroy facings on adjustable cuffs. Ventilated set-in metal gussets. Reinforced shoulders. Ship. wt., 5 pounds.

EVEN SIZES: 36 to 46-inch chest measure. State size wanted.

60 G 2844 .. $7.25

Two-In-One Reversible Coa

$8.75

Our new combination Coat designed for e deer or all-around hunting. Entire coat of wa proofed Army duck and is reversible—khaki c on one side and red on the other. Sturdy Ball-Bearing Roller Skates

$1.68 A Pair

For Men and Boys

$1.79 A Pair

For Women and Girls

At last! A Roller Skate combining all the important features demanded by rink experts. Only after a careful study of the many roller skates on the market have we chosen this skate. Strengthened at all points of strain. Has eight perfect ¼-inch ball bearings running in a hardened container inside each roller. Will last longer than the ordinary steel rollers, because of extra thickness on wearing surface. Metal dust caps on both sides of roller protect bearings. Heavy rubber cushions between trucks and frame absorb jars. Specially reinforced foot and heel plate. Heavy ¼-inch bolts fasten trucks to frame and hold skate absolutely rigid after it is extended. Specially designed clamp will not injure shoes. On the men's skate detachable strap is fastened by special hook which protects heel and insures an even pull where strain comes.

Ship. wts., per pair: 4 lbs. 12 oz.; 4 lbs. 10 oz., and 4 lbs. 8 oz.

60 G 4984—For men and boys. Extend 8 to 10½ inches. Per pair..... $1.68

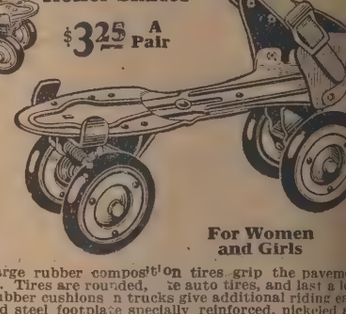
Well Known—Rubber-Tired Easy Riding Ball-Bearing Roller Skates

$3.25 A Pair

For Men and Boys



Skating is a real pleasure with these noiseless smooth-running skates. You can skate faster, as the large rubber composition tires grip the pavement better than steel. Tires are rounded, like auto tires, and last a long time. Durable rubber cushions in trucks give additional riding ease. Strong cold-rolled steel footplate specially reinforced, nickeled and polished. Heavy bolts hold skate rigid, even when fully extended. Ball bearings self-contained in wheels, cannot fall out. Shipping weight, per pair, 4 pounds 8 ounces.

60 G 4975—For women and girls. High leather heel gun patent buckle. Extend 8 to 10 inches. Per pair..... $3.2

60 G 4974—For men and boys. Strong leather strap; pat buckle. Extend 8 to 10 inches. Per pair..... $3.

60 G 4981—For small children. High-grade leather band heel. Extend 6 to 8 inches. Per pair..... $3.

For Women and Girls

Dependable Salt Water Tackle

State shoe size wanted.
60 G 4918—Per pair..... $5.45

Guaranteed for a Lifetime

We guarantee these Skating Outfits for a lifetime, as they are exceptionally strong in construction. Manufactured exclusively for us by the Alfred Johnson Skate Co. (which is not connected with the Nestor Johnson Mfg. Co. or any other firm of the same name). Each outfit bears the manufacturer's name. Skate is of the fine materials. The runner is highly tempered vanadium steel; its carefully ground edge will last many times longer than the ordinary tubular runner; welded by electricity to the tube; carefully buffed and polished. Baked aluminum finish, lacquered.

Fine Shoe

Shoe is of imported English chrome tanned, full grain leather. Will retain its flexibility and softness. Sole leather counter. Inside reinforcement of web tape for ankle support.

Men's Racing Skates

Larger blades for greater speed. Full size, comfortable fitting shoe. Extra long leather counter grips heel tightly. Felt lined tongue. Order one-half to one full size larger than regular shoe. Shipping weight, per pair, 4 pounds 8 ounces.
